**Physician Administered Drugs and Implantable Drug System Devices**

**Drugs and Biologicals**

Drugs and Biologicals are reimbursed at the lesser of the provider's usual and customary charge or a fee from a statewide uniform fee schedule updated July 1 of each year and effective for services provided on or after that date. The statewide uniform fee schedule will be calculated using the April 1 Medicare Part B Drug Fee Schedule of each year.

- 1) If there is no Medicare Part B Drug Fee Schedule a fee will be calculated at one hundred percent (100%) of the current April 1 Medicare Addendum B Outpatient Prospective Payment System (OPPS) Fee Schedule updated July 1 of each year and effective for services provided on or after that date.
- 2) If there is no Medicare Part B Drug Fee Schedule or Medicare Addendum B OPSS Fee Schedule a fee will be calculated using Wholesale Acquisition Cost (WAC) + 0% in effect on April 1 of each year and updated July 1 of each year and effective for services provided on or after that date.
- 3) If there is no (a) Medicare Part B Drug Fee Schedule, Medicare Addendum B OPSS Fee or WAC + 0% or (b) when it is determined, based on documentation, that a drug or biological fee is insufficient for the Mississippi Medicaid population or could result in a potential access issue, the price will be one hundred percent (100%) of the current invoice submitted by the provider including:
  - (1) A matching National Drug Code (NDC) as the product provided, and
  - (2) Medical documentation of the dosage administered.

**Implantable Drug System Devices**

Implantable drug system devices are reimbursed at the lesser of the provider's usual and customary charge or a fee from a statewide uniform fee schedule updated July 1 of each year and effective for services provided on or after that date. The statewide uniform fee schedule will be calculated using the April 1 Medicare Part B Drug Fee Schedule of each year.

- 1) If there is no Medicare Part B Drug Fee Schedule a fee will be calculated at one hundred percent (100%) of the current April 1 Medicare Addendum B OPSS Fee Schedule updated July 1 of each year and effective for services provided on or after that date.
- 2) If there is no Medicare Part B Drug Fee Schedule or Medicare Addendum B OPSS Fee Schedule a fee will be calculated using WAC + 0% in effect on April 1 of each year and updated July 1 of each year and effective for services provided on or after that date.

The statewide uniform fee schedule will be calculated using one hundred percent (100%) of the April Medicare Radiopharmaceutical Fee Schedule.

  - (1) A matching National Drug Code (NDC) as the product provided, and

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of Physician Administered Drugs and Implantable Drug System Devices. All rates are published at [www.medicaid.ms.gov/providers/fee-schedules-and-rates/#](http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/#). The Division of Medicaid will reduce the rate of reimbursement to providers for any service by five percent (5%) of the allowed amount for that service when applicable. The five percent (5%) reduction has been in place since July 1, 2002 and the fee schedule already incorporates the five percent (5%) reduction. The federal match will be paid based on the reduced amount.
