METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES – OTHER TYPES OF CARE

Dialysis Center Services

A. Payment Methodology

Effective January 1, 2014, dialysis centers shall be reimbursed at a bundled end-stage renal disease (ESRD) prospective payment system (PPS) rate. The ESRD PPS rate is equal to the Medicare ESRD bundled PPS rate as of January 1, 2021 published in the Federal Register in the fourth (4th) quarter of the preceding calendar year. The ESRD PPS rate provides a single payment to freestanding and hospital-based dialysis centers covering all resources used in providing dialysis treatment in the centers or at a beneficiary's home, including supplies, equipment, drugs, biologicals, laboratory services, and support services. A complete listing of drugs, biologicals and lab services included in the ESRD PPS rate can be viewed at www.medicaid.ms.gov/FeeScheduleLists.aspx.

B. Rate Setting

New dialysis centers are assigned an ESRD PPS rate equal to the prevailing Medicare bundled ESRD base PPS rate as of January 1, 2021, adjusted by the ESRD PPS Wage Index for the provider's Core-Based Statistical Area (CBSA) labor market area in effect January 1, 2021.

Effective July 1, 2021, the dialysis center's ESRD PPS rate shall be equal to the bundled ESRD base PPS rate established by Medicare as of January 1, 2021 adjusted by the ESRD PPS Wage Index, with no further updates.
