Title 23: Division of Medicaid

Part 100: General Provisions

Part 100 Chapter 1: Introduction

Rule 1.1: History and Legal Base.

- A. Title XIX of the Social Security Act, enacted in 1965, provides authority for states to establish Medicaid programs to provide medical assistance to needy individuals. The program is jointly financed by federal and state governments and administered by states. Within broad federal rules, each state decides eligible groups, types and range of services, payment levels for services, and administrative and operating procedures. Payments for services are made directly by the state to the providers that furnish the services.
- B. Enabling legislation for the Medicaid program in Mississippi was enacted during a special session of the legislature in 1969. Funds were appropriated and the Mississippi Medicaid Commission was designated as the single state agency to administer the program. State statutes governing Medicaid may be found in Sections 43-13-101 et. seq. of the Mississippi Code of 1972.
- C. From 1969 to 1973, the determination of Medicaid eligibility was the responsibility of the State Department of Public Welfare (DPW). During this time period, DPW authorized money payments for the aged, blind and disabled and dependent children.

Rule 1.2: SSI Program.

- A. The passage of Public Law 92-603 amended Title XVI of the Social Security Act and established the Supplemental Security Income (SSI) Program for the aged, blind and disabled. State statutes were amended to specify that DPW would no longer determine eligibility for a monthly payment for the aged, blind and disabled.
- B. PL 92-603 allowed States an option to either grant Medicaid to all persons receiving SSI (known as Section 1634) or to grant Medicaid to persons who met more restrictive criteria set by States (known as 209b). The Mississippi Legislature voted to limit Medicaid eligibility to persons who met more restrictive criteria and to designate the DPW as the certifying agency for Medicaid.
- C. During the 1980 session of the Mississippi Legislature, Senate Bill 2118 changed the Medicaid eligibility criteria to 1634 status whereby Medicaid would be granted to all individuals receiving SSI. In addition, SSI criteria would be used to determine eligibility for all aged,

blind and disabled individuals. During the 1981 Legislative Session, Senate Bill 2478 authorized the Mississippi Medicaid Commission to make its own Medicaid determinations for aged, blind and disabled individuals. Regional Medicaid offices were opened in July, 1981, for the purpose of certifying the eligibility of aged, blind and disabled individuals who did not receive SSI cash assistance.

Rule 1.3: Current Structure.

- A. Senate Bill 3050, entitled the “Mississippi Administrative Reorganization Act of 1984,” transferred the powers and responsibilities of the Mississippi Medicaid Commission to the Division of Medicaid in the Office of the Governor. The Division of Medicaid is the single state agency designed to administer the Medicaid Program.
- B. The Mississippi Department of Human Services (MDHS, formerly known as DPW) continued to determine eligibility for the Medicaid Programs for children and families as authorized under Section 43-13-115 of the Mississippi Code of 1972, Annotated, and later adding determination of eligibility for Children’s Health Insurance Program (CHIP) in 1999 under Section 41-86-15.
- C. However, during the 2004 Session of the Mississippi Legislature, House Bill 1434 made significant changes to Section 43-13-115 of the Mississippi Code of 1972. While retaining all Medicaid coverage groups and CHIP (Section 41-86-1 and so forth), the Division of Medicaid was given the responsibility for determining initial and ongoing eligibility for all children, families, and pregnant women. The transition of the Families, Children and CHIP (FCC) programs from MDHS to Division of Medicaid was effective January 1, 2005.
- D. DHS remains the certifying agency for children under Title IV-E services and other related custody and adoption assistance and those eligible for Medicaid coverage under the Refugee Assistance grant program.
- E. During the 2012 Session of the Mississippi Legislature, House Bill 316 transferred the existing contract for insurance services for the Children’s Health Insurance Program (CHIP) from the State and School Employees Health Insurance Management Board to the Division of Medicaid effective January 1, 2013. The Division of Medicaid has all authority set forth in 43-13-101 et seq. in administering the Children’s Health Insurance Program (CHIP).

Part 100 Chapter 3: Rights of Applicants and Recipients

All complaints of discrimination will be investigated in accordance with state and federal laws and regulations.

Source: 42 CFR § 435.901 (Rev. 1994).

Rule 3.3: Access to Information.

- A. The applicant, recipient or his authorized/designated representative may have access to information in the eligibility case record to either review the file or request copies of information from the file, at no charge, in the following types of situations:
1. In connection with a request for a hearing as otherwise provided in the regulations relating to administrative hearings. Refer to Part 100 Chapter 4, Right to Appeal and Fair Hearing, for more information.
 2. Information regarding amounts of Medicaid received by a recipient when requested by a person filing a federal or state income tax return and when authorized in writing by the recipient. A signed authorization is also required to release information to the Internal Revenue Service (IRS).
 3. Information supplied by the applicant or recipient or obtained by the specialist that the applicant or recipient needs in order to be able to qualify for other benefits which he has requested. This includes medical reports, as the examining physician must release this information to his patient. It includes proof of age, documents relating to real and personal property, and other factual material that will assist an applicant or recipient in obtaining a service or a benefit.
 4. The applicant's or recipient's statement of income and resources and other forms the applicant or recipient has signed which are contained in the case record. Budgets worked to determine eligibility for programs for which the Division of Medicaid is responsible.
 5. Any case information when the applicant or recipient presents a written request which specifies the material desired and the purpose for which the material will be used. Designated Division of Medicaid staff has computer access to other agencies' records. If the client requests another agency's information which is not part of the Division of Medicaid case file, it cannot be provided. The client must obtain the information directly from the source agency.
- B. When the request is made by a person other than the applicant/recipient or their representative, the information will not be made available without the applicant's or recipient's written permission prior to releasing the information. The written release will become a permanent part of the record.

Rule 3.4: Release of Information to Legal Representative/Attorney.

- A. When legal representative/attorney requests information from the agency to assist a client, the client or his authorized/designated representative must first provide a signed statement or letter to the agency permitting information to be released to that specific individual. This statement will be made a permanent part of the case record.
- B. Legal representatives/attorneys generally do not have the degree of knowledge required about a client's circumstances to enable them to act on the client's behalf in the application process. As a result, a legal representative/attorney may not be named as an authorized or designated representative.
- C. Agency notices, including the DOM-307, DOM-309 and eligibility notices may not be mailed directly to a client's legal representative/attorney. However, if the client has provided their legal representative/attorney with copies of the 307, 309 and/or other notices, the information can be discussed with the legal representative/attorney, provided there is a signed consent in the case authorizing release of information to that specific individual.
- D. Information may be released to any person when a valid release of information has been executed by the client for that individual.

Source: Miss. Code Ann. § 43-13-121.1 (Rev. 2005).

Rule 3.5: Confidentiality of Information.

- A. All individuals have the right to a confidential relationship with the Division of Medicaid. All information maintained on recipients, former recipients and denied applicants is confidential and must be safeguarded. The Division of Medicaid will adhere to state laws and federal regulations on the protection of the confidentiality of information about applicants/recipients. Protected information may only be disclosed without the individual's authorization for purposes directly connected with the administration of the program. This includes:
 - 1. Establishing eligibility,
 - 2. Determining amount of medical assistance,

3. Providing services for recipients, and
4. Conducting or assisting an investigation, prosecution and civil or criminal proceeding related to the program.

- B. The Division of Medicaid will also adhere to the Health Insurance Portability and Accountability Act (HIPAA) as it relates to confidentiality of information about applicants/recipients. It is the Division of Medicaid's rule that a valid authorization be obtained for all disclosures that are not for treatment, payment or healthcare operations, to the individual or their representative, to persons involved with the individual's care, to business associates in their legitimate duties or as required by law.
- C. The agency has specified the agencies, persons and circumstances under which applicant or recipient information may be released without a recipient's consent. Any other exceptions are subject to prior approval of the Executive Director or Deputy Administrator of the Division of Medicaid.

Rule 3.6: Protected Information.

- A. Protected information is of two general types: eligibility/financial and medical. It includes the following information:
1. Eligibility information
 - a) Name and address of applicants/recipients;
 - b) Social and economic conditions or circumstances;
 - c) Evaluation of personal information such as financial status, citizenship, residence, age and other demographic characteristics;
 - d) Information received in connection with the identification of legally liable third-party resources;
 - e) Information received for verifying income eligibility and benefit level;, and
 - f) Income information verifying income eligibility and benefit level received from the Social Security Administration, the Internal Revenue Service, the Veteran's

Administration, State Retirement Board or Medicare must be safeguarded according to the requirements of the agency that furnished the data.

2. Medical information

- a) Medical data, including diagnosis and past history of disease or disability;
- b) Medical services provided;
- c) Medical status, psycho behavioral status, and functional ability;

Source: 42 CFR § 435.901 (Rev. 1994). Miss. Code Ann. 43-13-121.1 (Rev. 2005).

Rule 3.7: Release of Information Without Client Consent.

A. The Division of Medicaid has established criteria for release and use of eligibility and financial information about applicants and recipients. Except as provided below, no information regarding applicants or recipients may be released without consent unless prior approval of the Executive Director or the Deputy Administrator of the Division of Medicaid is obtained.

- 1. Disclosure to Other Agencies. Information concerning Medicaid applicants or recipients is subject to disclosure to agencies authorized under Titles IV-A (TANF), IV-B (Child and Family Services), IV-D (Child Support), XX (Social Services) XVI (SSI) of the Social Security Act and other agencies which are Federal or Federally assisted programs and provide assistance, in cash or in-kind, or services, directly to individuals on the basis of need, pursuant to appropriately executed data exchange agreements and other cooperative agreements between the Division of Medicaid and the applicable agency. Access is restricted to those persons or agency representatives who are subject to standards of confidentiality that are comparable to those of the Division of Medicaid. Some agencies which have standards of confidentiality comparable to those of Medicaid and which provide assistance or services to applicants and recipients, and with whom information is exchanged for the purpose of administration of the Medicaid Program are listed below.

- a) Department of Human Services;

- b) Social Security Administration and District Offices;
 - c) Mississippi State Department of Health and County Health Departments, only if they are a provider of Medicaid services for which the information is requested;
 - d) State Department of Mental Health and Regional Mental Health Centers, only if they are a provider of medical services for which the information is requested;
 - e) State Mental Hospitals and general hospitals, the Social Service Department and the reimbursement offices for providers, only as to services each provider rendered to a specific Medicaid recipient;
 - f) Veteran's Administration, only if they are a provider of services and then only for those recipients for whom they provided the service or to confirm benefits.
 - g) Medicaid program staff in other states, when a client moves or when there is a question of dual participation or to verify the status of Medicaid in MS for an applicant in the other state. The release of information is based on a request from the other agency and must relate to the function of the Division of Medicaid's programs and the function of the agency requesting the information. When an agency makes a request for information which that agency normally would be ascertaining for itself and which is not in behalf of the applicant or recipient, the request will be denied. Lists of information on applicants or recipients are not released to other agencies unless the release is specified in an interagency agreement.
2. Disclosure to Division of Medicaid's Fiscal Agent. Information concerning applicants and recipients may also be disclosed to the Division of Medicaid's fiscal agent for purposes of eligibility verification, claims processing and claims payment pursuant to the contract between the Division of Medicaid and the fiscal agent which provides that the fiscal agent shall be bound by the same standards of confidentiality as the Division of Medicaid.
 3. Disclosure Related to Third Party Liability. Information necessary to identify third party liability (TPL) and to pursue reimbursement of Medicaid lien amounts from legally liable third parties may be made available to the recipient upon written request, to the recipient's insurance carrier upon a release of information signed by the recipient or to providers of medical services for the recipient. Any other release for TPL purposes should be cleared through the Legal Unit of the Division of Medicaid.

4. Disclosure to Prosecuting Attorneys. Information shall be provided to county and district attorneys, the US prosecuting attorney, the Office of Inspector General (OIG), Medicaid Fraud Control Unit of the Attorney General's Office or other investigative boards and agencies duly authorized by state and federal law related to abuse, suspected fraud or fraudulent receipt of Medicaid and to obtaining or enforcing medical support. Before releasing any case record information to a county, district or US prosecuting attorney, clearance will be obtained from the Legal Unit of the Division of Medicaid on the release.
5. Disclosure of Subpoenaed Information. Subpoenas for recipient or applicant information may be answered as directed by the Legal Unit of the Division of Medicaid only if the recipient or applicant gives written permission for the information to be released or upon court order. The regional office will notify the Bureau of Enrollment immediately upon receipt of a subpoena and a manager will contact the Legal Unit for clearance on answering the subpoena.
6. Disclosure to Providers. Eligibility and availability of benefits may be verified for Medicaid or CHIP providers.
7. Release of Information in an Emergency Situation. If release of information is deemed necessary by the agency due to an emergency situation and time does not permit obtaining written consent before the release, the agency must notify the family or individual immediately after supplying the information.
8. Requests for Information from Non-Custodial Parents or Relatives. Information must not be released to a child's non-custodial parent or other relative without a court order that has been cleared by state office. When a non-custodial parent/relative is seeking information and presents a court order, the regional office will notify the Bureau of Enrollment. A manager will contact Legal for clearance.

Rule 3.8: Release of Program Information.

- A. No Medicaid data regarding recipients, providers or services may be released without prior approval of the Executive Director, unless an established exception applies. The following program information constitutes the only established exceptions which do not require prior approval of the Executive Director:

1. The annual report of the Division of Medicaid, published pursuant to state law, containing the total number of recipients, the total amount paid for medical assistance and care, the total number of applications, the total number of applications approved and denied, and similar data.
2. Pamphlets, brochures and other documents prepared for distribution to the public.
3. Information exchanged with other state or federal agencies pursuant to a contract or written agreement. If requests for information are received, including requests for large quantities of pamphlets, brochures and other public information, the regional office should forward them to the Bureau of Enrollment for further action. Requests will be considered pursuant to the Access to Public records Act, as applicable.

Rule 3.9: Safeguarding Confidential Information.

- A. The privacy rule protects electronic records, paper records and oral communication. Therefore, employees of the agency are responsible for safeguarding the confidentiality of recipient information in all forms to prevent unauthorized disclosure.
- B. Failure to abide by the policies and procedures regarding confidentiality of recipient and applicant information, either intentionally or unintentionally, can result in disciplinary action. Group offenses are discussed in the Division of Medicaid Employee Manual under Discipline and Grievance Policies. In addition, any violation of privacy and security policies and procedures may be referred to state or federal agencies for prosecution.

Rule 3.10: Safeguard Awareness Training.

- A. Training on the security standards for data provided by the Internal Revenue Service (IRS) and Social Security Administration (SSA) must be conducted annually for eligibility staff in each regional office.
- B. During the training employees are instructed in office security procedures to ensure security of the data and are issued a copy of the federal penalties for unauthorized disclosure of IRS and SSA information.
- C. A confidentiality statement for each type of data is signed by employees.

Part 100 Chapter 4: Right to Appeal and Fair Hearing

Rule 4.1: Appeal Rights.

- A. At the time of any action affecting an applicant or recipient's claim for assistance, the applicant or recipient must be:
1. Informed of his right to a fair hearing;
 2. Notified of the method by which he may obtain a hearing, and
 3. Informed of his right to represent himself at the hearing or to be represented by an authorized person such as an attorney, relative, friend, or other spokesperson.
- B. The agency must grant the opportunity for a fair hearing to any applicant or recipient who requests it because his claim for medical assistance is denied or not acted upon with reasonable promptness or because he believes that the agency has taken an action erroneously. A hearing request made in connection with a rebuttal prior to any adverse action being taken will not be accepted. The agency need not grant a hearing when the sole issue is a federal or state law requiring an automatic change which adversely affects some or all recipients.

Source: 42 CFR § 431.205(a) (Rev. 1993).

Rule 4.2: Notification Regarding Appeal Rights.

- A. If an interview is conducted, the right to appeal must be discussed with the applicant/recipient. In addition, individuals are notified of appeal rights by statements included on the ABD and FCC application forms and on all notices. A hearings pamphlet is included with adverse action notices informing clients of the right to appeal and providing other information about the hearings process. These pamphlets are also available for distribution in regional offices.

Source: 42 CFR § 431.210 (Rev. 1992). Miss. Code Ann. 43-13-121.1 (Rev. 2005).

Part 100 Chapter 5: The Hearing Process

Rule 5.1: Hearings Defined.

- A. A fair hearing is an orderly, but informal meeting in which a client or his representative is afforded an opportunity to address an impartial hearing officer for the purpose of presenting oral testimony and/or evidence of his entitlement to medical assistance and services.
- B. The applicant or recipient has the right of confrontation and cross-examination as described further in this section.
- C. A fair hearing is a *de novo hearing* which means it starts over from the beginning. A new determination of the client's eligibility is made based on all the evidence that can be secured, without regard to whether the evidence was available at the time the regional office took action. Thus, the process is not essentially different from a determination of eligibility.

Source: 42 CFR § 431.201 (Rev. 2002).

Rule 5.2: Types of Hearings.

- A. The client or his representative may request to present an appeal through a local-level hearing, a state-level hearing, or both. In an attempt to resolve issues at the lowest level possible, offices should encourage clients to request a local hearing first. The only exception to requesting a local hearing is when the issue under appeal involves disability, blindness or level of care. Therefore, the actions below which involve medical decisions cannot be addressed in a local hearing. A state hearing must be requested for:
 - 1. A disability or blindness denial, or termination, or
 - 2. A level of care denial or termination for a Disabled Child Living at Home.
- B. Local and/or state level hearings will be held by telephone unless, at the discretion of the hearing officer, it is determined that an in-person hearing is necessary.

Source: Miss. Code Ann. § 43-13-116.3 (Rev. 2000).

Rule 5.3: Handling Local Hearing Requests.

- A. An appeal will ordinarily be filed in the regional office responsible for the adverse decision or delay in action. If the client has moved to another regional office's jurisdiction at the time the appeal is made, it is possible for the regional office serving the client's current county of residence to act for the former regional office. However, the hearing officer may request the participation of staff in the regional office where the action was originally taken if necessary or advisable.

Source: Miss. Code Ann. § 43-13-116.3 (Rev. 2000).

Rule 5.4: Representation.

- A. The request for a state or local hearing must be made in writing by the client or his legal representative.
- B. “*Legal representative*” includes the client’s authorized representative, an attorney retained to represent the client, a paralegal representative with a legal aid service, the parent of a minor child (if the client is a child), a legal guardian or conservator or an individual with power of attorney for the client.
- C. The client may be represented by anyone he designates. If the client elects to be represented by someone other than a legal representative, he must designate the person in writing. If a person, other than a legal representative, states that the client has designated him as the client’s representative and the client has not provided written verification to this effect, the regional office will ask the person to obtain written designation from the client.

Source: 42 CFR § 431.206(b) (Rev. 1993).

Rule 5.5: Oral Hearing Requests.

- A. An oral request for a hearing must be put in written form. When an oral request is made, the specialist will inform the client that the request must be put in a letter or signed statement and mailed to the regional office *or* the specialist will mail the appropriate hearing request form, i.e., DOM 350, Request for Local Hearing, or DOM 352, Request for State Hearing, to the client for signature and return.
- B. A hearing will not be scheduled until a written request is received by either the regional or state office.

Source: Miss. Code Ann. § 43-13-116.3 (Rev. 2000).

Rule 5.6: Written Hearing Requests.

- A. A simple statement requesting a hearing that is signed by the client or his legal representative is sufficient; however, if possible, the client should state the reason for the request.
- B. The written request may be mailed to the regional office or state office. If the letter does not specify the type of hearing desired, the specialist will contact the person making the request to determine whether a local or a state hearing is being requested. If contact cannot be made within three (3) days of receipt of the hearing request, the regional office will assume a local hearing is requested and schedule accordingly.

- C. If the hearing involves a medical decision, which requires that a state hearing be held or if a state hearing is requested, the request will be forward to the Bureau of Appeals.

Source: 42 CFR § 431.201 (Rev. 2002).

Rule 5.7: Hearing Requests Made In Person.

- A. The client may come to the regional office or meet with a specialist in person to request a hearing. The specialist must first determine what level of hearing, local or state, is desired.
- B. If a state level hearing is *required* because the hearing request is based on a medical decision, this will be explained to the client. Otherwise, if the client is unsure of the type hearing desired, the specialist will explain the difference between the two levels of appeal and explain a state hearing may still be available if the local hearing decision is not favorable. The specialist will assist the client in completing the appropriate form, DOM-350 or DOM 352, whichever is applicable. If a state hearing is required or requested, the specialist can assist in mailing the request to state office or the client may choose to mail it himself.

Source: Miss. Code Ann. § 43-13-116.3 (Rev. 2000).

Rule 5.8: Appeal By Both Members Of A Couple.

- A. When both members of an eligible couple wish to dispute the action or inaction of the regional office that affects both applications and cases similarly and arose from the same issue, one or both members may file the request for a hearing. The couple will be assured that both may present evidence at the hearing and that the agency's decision will be applicable to both.
- B. If both file a hearing request, two hearings will be registered, but they will be conducted on the same day and in the same place, either consecutively or jointly, according to the wishes of the couple. If it is their wish for only one of them to attend the hearing, this is permissible.

However, if a client's circumstances have changed or if good cause for filing a request beyond thirty (30) days does not exist, a hearing request will not be accepted. Rule 5.15: Group Hearings.

- A. A group hearing can be held for a number of clients under the following circumstances:
1. The Division of Medicaid may consolidate the cases and conduct a single group hearing when the only issue involved is one of a single law or agency rule.
 2. The clients may request a group hearing when there is one issue of agency rule common to all of them.
- B. In all group hearings, whether initiated by the Division of Medicaid or by the clients, the policies governing fair hearings must be followed.
1. Each individual client in a group hearing must be permitted to present his own case and be represented by his own lawyer or withdraw from the group hearing and have his appeal heard individually.

Rule 5.17: Continuation of Benefits.

- A. If a client or representative requests a hearing within the advance notice period, benefits must be continued or reinstated to the benefit level in effect prior to the planned adverse action.
 1. Timely Request for Continuation of Benefits. To determine if the request for continuation of benefits is timely, the request must be received by the regional office within twelve (12) days from the notice date. This twelve (12) day period includes the ten (10) day adverse action period plus two (2) days mailing time. If a hearing is requested by telephone, the client must be advised to put the request in writing prior to the end of the specified period. Any hearing requested or dated after this period will not be accepted as a timely request for continuation of benefits.
 2. Continuation of Benefits When Local Decision is Adverse. The client may request a state hearing if the local hearing is adverse. If benefits have been continued pending the local hearing, then benefits will continue pending a state hearing decision provided the request for the state hearing is made within fifteen (15) days of the date on the Notice of Local Hearing Decision.
 3. Agency Action Upheld in Final Hearing Decision. When the final hearing decision is adverse to the client, the specialist will terminate or reduce the continued benefits using the original reason for the adverse action. A second (2nd) Notice of Adverse Action is not required.

4. Rule 5.18: Local Hearings.

- A. The regional office is responsible for completing a supervisory review of the action under appeal and for preparing the state hearing record. The office is responsible for all activities involved in the local hearing process and for taking appropriate action on the case at the end of the hearing process. The purpose of a local hearing is to provide an informal proceeding to allow the client or representative to:
 1. Present new or additional information;
 2. Question the action taken on the client's case, and
 3. Hear an explanation of eligibility requirements as they pertain to the client's situation.
- B. When a request for a local hearing is received, the local hearing will be scheduled no later than twenty (20) days after receipt of the request. The client will be allowed time to obtain additional information or request an attorney, relative or friend to attend the hearing and give evidence. A local hearing must not be scheduled without giving five (5) days advance notice to the client unless the client waives advance notice time.
- C. The regional office staff member who conducts the hearing must be one who has not participated in determining eligibility or directed the decision.
- D. After a local hearing is held, the person who conducted the hearing will prepare a summary of the hearing procedure. The summary serves the same purpose as a transcript and is filed in the case record. The summary of the local hearing must be included as part of the state hearing record when the client requests a state hearing after an adverse local hearing decision. The local hearing summary must contain sufficient information to enable the state hearing officer to have a clear understanding of what transpired during the local hearing.
- E. When a decision has been reached, the client must be notified of the decision and advised of the right to request a state hearing.

- F. If the local hearing decision is unfavorable to the clients, the new effective date of closure or reduced benefits must be included on the notification if continuation of benefits applied during the hearing process. The new effective date of closure or reduced benefits must include an effective date at the end of the fifteen (15) day advance notice period. A second (2nd) Notice of Adverse Action is not required;
- G. However, if a state hearing is subsequently requested within the fifteen (15) day advance notice period and continuation of benefits is applicable, the state office will notify the client of the new effective date of closure, reduced benefits or other revised eligibility dates in the state hearing decision letter.
- H. Any corrective action that is required must be taken as a result of a local or state hearing decision rendered in the client's favor or for processing the originally-planned action on the case that was the basis for the appeal and continuation of benefits applied pending the hearing decision.

Rule 5.19: State Hearing After Adverse Local Decision.

- A. The client has the right to appeal a local hearing decision by requesting a state hearing; however, the state hearing request must be made in writing within fifteen (15) days of the mailing date of the local hearing decision. This means the state hearing request must be received by the regional office or state office on or before the fifteenth (15th) day after the local hearing notice is mailed.
- B. If the state hearing request is made orally, then the claimant must be informed that the request must be put into writing and received within the allotted fifteen (15) day time period. If benefits have been continued pending the local hearing decision, then benefits will continue throughout the fifteen (15) day advance notice period when the local hearing decision is adverse.
- C. If a state hearing is requested timely within the fifteen (15) day period, then benefits will continue pending the outcome of the state hearing. State hearings requested after the fifteen (15) day advance notice period for the local hearing will not be accepted unless the thirty (30) day period for filing a hearing request has not expired because the local hearing was held early in the thirty (30) day period and there is time remaining.

Rule 5.20: State Hearings.

- A. A state hearing is assigned to an impartial hearing officer. Impartial means the hearing officer has not been involved in any way with the action or decision under appeal who
1. Reviews the local office's action;
 2. Schedules the hearing;
 3. Holds the hearing and provides the following explanations to those in attendance:
 - a) The hearing will be recorded and a copy of the recording made available to the client upon request.
 - b) The reason for the hearing, i.e., the action taken by the regional office which prompted the appeal.
 - c) The client's rights and the purpose of the hearing.
- B. The actual case record must be available for review by the client or representative before, during or after the state hearing.
- C. The final hearing decision will be rendered by the Executive Director of the Mississippi Division of Medicaid on the basis of the facts discussed at the hearing and the claimant will be notified in writing of this decision.
- D. All persons representing the claimant and those representing the regional office will have the opportunity to state all facts pertinent to the appeal.
- E. If additional information is determined to be needed during the state hearing, the hearing officer may recess or continue the hearing as follows:
1. Recessing the Hearing. If additional information is needed and this information is readily available, the hearing officer will recess the hearing for the time required to obtain the facts.
 2. Continuing the Hearing. If the information needed is not readily available, the hearing officer will continue the hearing to a suitable later date. If the time at which the information will be obtained is known, the hearing officer, before adjourning the original hearing, will set the time and place for the continued hearing at the earliest possible date, notifying the principals that there will be no further notice. The hearing officer will reach an agreement with the client and any persons attending on his behalf about bringing the needed information to the continued hearing. The hearing cannot be extended beyond the time limit for completion of a hearing.

- F. If the regional office becomes aware of a change in the client's circumstances which will result in an adverse action other than the issue currently under appeal, the client must be notified in writing. Adverse action notice requirements, i.e., ten (10) day notice plus two (2) days mailing time, must be met and action taken as follows:
1. Change Discovered Prior to State Hearing. If the state hearing has not yet been held, the client may choose to have the new adverse action issue incorporated into the current appeal; however, the client must first request an appeal in the usual manner. If the new hearing request is filed in time for the issue to be considered in the current hearing process, the regional office will notify the hearing officer of the additional issue under appeal. In this instance, the hearing may have to be rescheduled to allow the client time to prepare for the hearing.
 2. Change Discovered During the State Hearing. If the change in circumstances is discovered during the actual hearing, the hearing officer will recess the hearing and notify the regional office to send the appropriate ten (10) day notice. The hearing will be reconvened after the adverse action notice is mailed and the advance notice period has expired. The client may choose to include the new issue in the hearing when it is reconvened. The hearing will be reconvened following the usual procedure for setting the time and place.
- G. When the issue under appeal is disability or blindness, a review by DDS is required. After the hearing, the hearing officer will forward all medical information to the Disability Determination Service for reconsideration. A review team consisting of medical staff who were not involved in any way with the original decision will review the medical information and hearing transcript and give a decision on the disability or blindness factor. The DDS decision is final and binding on the agency.
- H. After the hearing, the final decision of the hearing officer must be based on oral and written evidence, testimony, exhibits and other supporting documents which were discussed at the hearing. The decision cannot be based on any material, oral or written, not available to and discussed with the claimant. Following the hearing, the hearing officer will make a written recommendation of the decision to be rendered as a result of the hearing. The recommendation, which becomes part of the state hearing record, will cite the appropriate rule which governs the recommendation.
- I. The Executive Director of the Division of Medicaid, upon review of the recommendation, proceedings and the record may sustain the recommendation of the hearing officer, reject the recommendation or remand the matter to the hearing officer for additional testimony and evidence, in which case the hearing officer will submit a new recommendation to the Executive Director after the additional action has been taken.
- J. The decision letter will specify any action to be taken by the agency and any revised eligibility dates. If the decision is adverse and continuation of benefits is applicable, the

claimant will be notified of the new effective date of reduction or termination of benefits or services, which will be fifteen (15) days from the date of the notice of decision.

- K. The decision of the Executive Director of the Division of Medicaid is final and binding. The client is entitled to seek judicial review in a court of appropriate jurisdiction. Should the client file an appeal the second time without a change in circumstances or agency rule, the client will be notified in writing by the appropriate office explaining that the appeal cannot be honored. If the client's circumstances or agency rule have changed, the client will be advised to file a new application.

Rule 5.21: CHIP Agency Errors.

- A. The Division of Medicaid is responsible for ensuring payment for eligible beneficiaries. Providing timely CHIP benefits is a special concern because, unlike Medicaid, the CHIP effective dates are determined relative to monthly processing deadlines which do not allow the regional office to take retroactive or corrective action when an error is discovered for a prior month.
- B. When CHIP agency errors occur, resolution comes through a local or state hearing request.
- C. If a fair hearing is requested on a CHIP termination or denial and agency error was not involved, the procedures described previously in this section will be followed based on the type of hearing requested, i.e., local or state.

No participant shall be required to answer any question.

Such submissions become the property of the Mississippi Division of Medicaid, part of the rulemaking record, and are subject to the Mississippi Division of Medicaid's public records request procedure.
