Title 23: Division of Medicaid

Part 204: Dental Services

Part 204 Chapter 1: General

Rule 1.1: Dental Programs

The Division of Medicaid is authorized to furnish:

A. Dental care that is an adjunct to treatment of an acute medical or surgical condition,

B. Services of oral surgeons and dentists in connection with surgery related to the jaw or any structure contiguous to the jaw or the reduction of any fracture of the jaw or any facial bone, and

C. Emergency dental extractions and treatment related thereto. Medicaid defines a dental emergency as a condition that requires treatment and that causes pain and/or infection of the dental apparatus and/or contiguous structures.

Rule 1.2: Provider Enrollment

A. Dentists must comply with all requirements set forth in Miss. Admin. Code Part 200, Chapter 4, Rule 4.8 for all providers in addition to the provider specific requirements below:

1. National Provider Identifier (NPI), verification from National Plan and Provider Enumeration System (NPPES),

2. Copy of current licensure card or permit, and

3. Verification of social security number using a social security card, driver’s license if it notes the social security number, military ID or a notarized statement signed by the provider noting the social security number. The name noted on the verification must match the name noted on the W-9.

Rule 1.3: Covered Services

A. Covered dental services include:

1. Limited oral evaluation, problem-focused,

2. Radiographs,
3. Gingivectomy and/or gingivoplasty for Dilantin therapy only,
4. Oral surgery,
5. Extractions, and
6. Alveoloplasty.

Rule 1.4: Non-covered Services

A. Non-covered dental services include, but not limited to, the following:
   1. Comprehensive oral evaluation,
   2. Preventive services,
   3. Amalgams, composites, and crowns,
   4. Endodontics,
   5. Dentures, and
   6. Orthodontia.

B. The Division of Medicaid does not cover for scheduling/rescheduling for any dental or oral surgical procedure in any treatment setting.

Rule 1.5: Dental Benefit Limits

A. The Division of Medicaid covers dental expenditures, excluding orthodontia-related services, up to twenty five hundred dollars ($2,500.00) per beneficiary per state fiscal year.

B. All American Dental Association (ADA) dental procedure codes, except orthodontia-related services, are applied to the $2,500 annual limit.

Rule 1.6: Prior Authorization
A. The Division of Medicaid requires prior authorization, except for emergencies, from the Utilization Management/Quality Improvement Organization (UM/QIO) of the following dental services:

1. Surgical access of an unerupted tooth,
2. Radical resection of mandible with tooth bone graft,
3. Arthrotomy,
4. Complicated suture greater than five (5) cm,
5. Osteoplasty – for orthognathic deformities,
6. Osteotomy – mandibular rami,
7. Osteotomy – mandibular rami with bone graft, includes obtaining the graft,
8. Osteotomy – segmented or subapical – per sextant or quadrant,
9. Osteotomy – body of mandible,
10. Lefort I (maxilla – total),
11. Lefort I (maxilla – segmented),
12. Lefort II or Lefort III (osteoplasty of facial bones for midface hypoplasia),
13. Repair of maxillofacial soft and hard tissue defect,
14. Closure of salivary fistula,
15. Coronoidectomy,
16. All procedures billed under unspecified dental procedure codes, and
17. The following types of analgesia and sedation for dental office-based procedures:
   a. Analgesia, anxiolysis, inhalation of nitrous oxide,
   b. Non-Intravenous conscious sedation,
   c. Deep sedation/general anesthesia, and
   d. Intravenous conscious sedation/analgesia.
B. In the case of an emergency, documentation justifying the medical necessity for the emergency procedure must be provided to the UM/QIO to receive a Treatment Authorization Number (TAN) for billing purposes.

C. Denied procedures will be marked and the prior authorization will apply only to those procedures on the treatment plan which were approved.

History: Added Miss. Admin. Code Part 204, Rule 1.6.A.17. eff. 05/01/2014.

Rule 1.7: Laboratory Services, Diagnostic Casts and Photographs

The Division of Medicaid covers lab and pathology services if the provider performs the service in their office and must have a Clinical Laboratory Improvement Amendment (CLIA) certificate number on file with Medicaid.

Rule 1.8: Radiographs

A. The Division of Medicaid covers the following types of dental radiographs:

1. Intraoral - complete series, including bitewings,

2. Intraoral – periapical,

3. Bitewings, and

4. Panoramic film.

B. The Division of Medicaid requires radiographs be of sufficient quality to be readable.

C. The Division of Medicaid covers an intraoral complete series radiograph or panorex only once every two (2) years per beneficiary per provider.

1. The Division of Medicaid requires that two (2) years must have elapsed from the date the previous intraoral complete series radiograph or panorex was given before the same provider can be covered for the next intraoral complete series radiograph or panorex.

2. The Division of Medicaid requires an intraoral complete series radiograph to include fourteen (14) to twenty-two (22) periapical and posterior bitewing images.

3. The Division of Medicaid does not cover for both intraoral complete series radiograph and panorex on the same day.
4. The Division of Medicaid does not cover additional radiographs if an emergency extraction is performed on the day that an intraoral complete series radiograph or panorex is taken.

5. The Division of Medicaid covers the following exceptions to this limit if one (1) of the following conditions is documented:
   
   a) Documented trauma to head or mouth area,
   
   b) Orthodontic evaluation, or
   
   c) Rule out malignancy.

Rule 1.9: Periodontic Procedures

The Division of Medicaid covers gingivectomy or gingivoplasty for beneficiaries only if the beneficiary is on Dilantin therapy. Documentation relating to the beneficiary’s Dilantin therapy must be retained in the dental record.

Rule 1.10: [removed]

History: Removed eff. 05/01/2014.

Rule 1.11: Dental Services Provided in the Hospital or Ambulatory Surgical Center (ASC) Setting

A. The Division of Medicaid covers medically necessary dental treatment in the outpatient hospital or Ambulatory Surgical Center (ASC) setting when all the following are met:

1. Quality, safe, and effective treatment cannot be provided in an office setting,

2. Inpatient hospitalization is not medically necessary, [Refer to Miss. Admin. Code Part 204, Rule 1.11.B.] and

3. Certain dental procedures have been prior authorized by the Division of Medicaid or designee.

B. The Division of Medicaid covers medically necessary dental treatment in the inpatient hospital setting when:

1. The beneficiary’s age, medical or psychological needs, and the extent of treatment necessitate hospitalization, and

5
Rule 1.12: Oral Evaluations

The Division of Medicaid defines a limited oral evaluation as an evaluation or re-evaluation limited to a specific oral health problem.

A. The Division of Medicaid covers limited oral evaluations four (4) times per state fiscal year.

B. This may require interpretation of information acquired through additional diagnostic procedures.

C. The Division of Medicaid covers definitive procedures to be performed on the same date as the evaluation according to this rule.

Rule 1.13: Consultations

The Division of Medicaid covers consultation services for dentists or dental specialists.

A. The Division of Medicaid does not cover the visit or exam on the same day as the initial consultation by the consulting dentist or dental specialist.

B. The Division of Medicaid covers diagnostic and therapeutic procedures on the same or different dates of services as the consultation.

C. The appropriate dental procedure code is required for reimbursement.

Rule 1.14: Anesthesia

A. The Division of Medicaid defines a topical anesthetic as an agent used to temporarily anesthetize or numb the tiny nerve endings located on the surfaces of the oral mucosa. The Division of Medicaid does not cover the cost of the topical anesthetic and the application of the topical anesthetic separately from the procedure performed.

B. The Division of Medicaid defines a local anesthetic as an agent used to temporarily prevent the conduction of sensory impulses such as pain, touch, and thermal change from a body part along nerve pathways to the brain. The Division of Medicaid does not cover local anesthesia separately from the procedure performed.
C. The Division of Medicaid defines conscious sedation as an anesthetic, including oral, intravenous and intramuscular, administered to place the beneficiary in a relaxed state, which helps control fear and anxiety, but the beneficiary can still respond to speech or touch. The Division of Medicaid covers conscious sedation for dental and oral procedures using the appropriate dental procedure code.

D. The Division of Medicaid defines deep sedation/general anesthesia as a controlled state of depressed consciousness induced by an anesthetic and accompanied by a partial or complete loss of protective reflexes, including the inability of the beneficiary to maintain an airway without assistance or support. The Division of Medicaid covers deep sedation/general anesthesia for dental and oral procedures using the appropriate dental code.

E. All forms of sedation and anesthesia administered in a dental office-based setting must comply pursuant to Miss. Code Ann. § 73-9-13 to insure that beneficiaries are provided with the benefits of anxiety and pain control in a safe and efficacious manner.

Rule 1.15: Bone Replacement Graph

A. The Division of Medicaid defines a bone replacement graft as a procedure which involves the use of osseous autografts, osseous allografts, or non-osseous grafts to stimulate bone formation or periodontal regeneration when the disease process has led to a deformity of the bone. This procedure does not include flap entry and closure. The Division of Medicaid defines the following as:

1. Osseous autograft as a graft taken from one part of the body and placed in another site on the same individual.

2. Osseous allograft as a graft between two or more individuals allogenic at one or more loci.

3. Non-osseous as a graft not composed of bone such as tendon or ligament tissue, and the material can be artificial, synthetic or natural.

B. Providers must bill the appropriate dental procedure code when providing this service.

Rule 1.16: Documentation Requirements
Dental providers must maintain auditable records containing documentation that substantiate the services provided in accordance with requirements set forth in Miss. Admin. Code Part 200, Chapter 1, Rule 1.3. including, but not limited to:

A. Date of service,

B. History taken on initial visit,

C. Chief complaint on each visit,

D. Test, radiographs and results must have the beneficiary’s name, the date, must be legible, and must be maintained on file with the beneficiary’s dental records.

E. Diagnosis,

F. Treatment, including prescriptions,

G. Signature or initials of dentist after each visit, and

H. Copies of hospital and/or emergency room records if available.

Source: Miss. Code Ann. § 43-13-121

Rule 1.17: Early and Periodic Screening, Diagnosis, and Treatment (EPSDT)

The Division of Medicaid pays for all medically necessary services for EPSDT-eligible beneficiaries in accordance with Miss. Admin. Code Part 223, without regard to service limitations and with prior authorization.

Rule 1.18: Dental Reimbursement

A. The Division of Medicaid reimburses dental providers based on a statewide uniform fee schedule.

B. Dental providers must bill the procedure code that accurately reflects the services rendered as follows:

1. Dental procedures performed by a Mississippi licensed dentist must be billed with a Code on Dental Procedures and Nomenclature (CDT).

2. Dental procedures performed by a Mississippi licensed dentist who is also a Mississippi licensed physician can bill either a CDT code or a Current Procedural Terminology (CPT) code.
Part 204 Chapter 2: Oral Surgery

Rule 2.1: Simple Extractions

Medicaid covers for simple extractions and the fee includes local anesthesia and routine post-operative care.

A. Medicaid covers for alveoloplasties with the simple extraction of three (3) or more adjacent teeth in the same quadrant.

B. Medicaid requires for an alveoloplasty by quadrant to be covered, a minimum of five (5) teeth in the quadrant must be done.

Rule 2.2: Supernumerary Tooth Extractions

Medicaid requires prior authorization for the extraction of a supernumerary tooth.

Rule 2.3: Surgical Extractions

A. The Division of Medicaid defines an impacted tooth as one where its eruption is partially or wholly obstructed by bone, soft tissue or other teeth.

B. The Division of Medicaid covers surgical extractions and removal of impacted teeth.

C. The Division of Medicaid does not cover for the extraction of an unerupted third molar unless medically necessary including, but not limited to:
   1. Radiographic evidence that a third molar will be severely impacted, or
   2. Evidence of infection.

D. The fee for all surgical extractions and removal of impacted teeth includes:
   1. Local anesthesia,
   2. Smoothing the socket site,
   3. Suturing, and
4. Routine post-operative care.

History: Revised eff. 12/01/15.

Rule 2.4: Alveoloplasty

The Division of Medicaid covers alveoloplasty as a separate procedure from extractions or in conjunction with extractions when there is a need for significant bone re-contouring in the quadrant to prepare the ridge for a prosthetic appliance if there:

A. Are three (3) or more tooth spaces present per quadrant, or three (3) or more teeth extracted per quadrant, or

B. Are less than three (3) tooth spaces present per quadrant, or less than three (3) teeth extracted per quadrant if prior authorized as medically necessary by the Utilization Management/Quality Improvement Organization (UM/QIO), or designee.

History: Revised eff. 02/01/2015.

Rule 2.5: Root Tips

Medicaid does not cover for the surgical removal of residual tooth roots with an extraction separately. The appropriate code for surgical removal of residual tooth roots (cutting procedures) must be used to bill the surgical removal of residual roots when a tooth has been broken off by natural means or when the beneficiary seeks follow-up care from a practitioner other than the dentist or oral surgeon who performed the original extraction.

Rule 2.6: Complicated Sutures

Medicaid covers complicated suturing only in instances of trauma where simple sutures cannot be placed or simple suturing is not possible. Medicaid does not pay separately when done with extractions of unerupted teeth or when the dentist creates the flap or incision. Medicaid requires detailed documentation of the traumatic event in the dental record.

Rule 2.7: Early and Periodic Screening, Diagnosis, and Treatment (EPSDT)
The Division of Medicaid pays for all medically necessary services for EPSDT-eligible beneficiaries in accordance with Part 223 of Title 23, without regard to service limitations and with prior authorization.
