
INSTITUTIONALIZATION

LTC BUDGETING PROCESS

**E. MAO AT-
HOME
ELIGIBLES
ENTERING
LTC**

If a MAO eligible at-home enters a nursing home, a redetermination of eligibility is required, i.e., the MAO at-home case will not close if the eligible remains Medicaid eligible in the institution. This means a level of care decision is required via DOM-260 and a 317 Form from the nursing home is required documenting the date of entry.

If the recipient remains MAO eligible, send a DOM-305 advising of the amount of Medicaid Income payable. If the at-home eligible is ineligible for LTC, issue advance notice to close the case.

**F. MAO
APPLICATION
NO PREVIOUS
ELIGIBILITY**

An application for LTC Medicaid coverage is required for anyone entering LTC who is not already Medicaid eligible as an MAO at-home eligible or SSI eligible.
