

Amendment #1 to RFP #20110902

The Budget Summary has been amended to remove the request for “Cost per PASRR Review” and to request two distinct prices.

DOM is requesting that the Offeror submit two budget summaries to propose prices for two distinct scopes of work. One price should be for the Offeror to review all PAS (Level I) screens to determine the necessity for a PASRR and conduct the Level II Evaluation for PASRR. The second price should be for the Offeror to complete the Level II evaluation of PASRR for individuals identified as requiring a Level II on the PAS.

Procurement regulations require that Offerors acknowledge any and all amendments to the RFP. Please sign the amendment acknowledgement line at the bottom of this page and include a statement in your transmittal letter acknowledging receipt of this amendment.

Revised Appendix A - Budget Summary

Section 6.0 addresses submission of the Budget Summary. Failure to follow the submittal instructions will immediately disqualify the Offeror.
