Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

1. SCOPE of WORK

1.1. Purpose

The State of Mississippi, Office of the Governor, Mississippi Division of Medicaid (DOM) issues this request for proposals (RFP) to solicit offers from experienced vendors to meet the Utilization Management (UM) needs of DOM. The Mississippi Division of Medicaid seeks responsible vendors wishing to provide UM and Quality Improvement Organization (QIO) services to DOM. DOM will contract with a single contractor to administer the following programs:

- Acute and Ancillary Care Utilization Management
- Behavioral Health Utilization Management
- Dental Services Utilization Management

DOM requests proposals from experienced, responsive, responsible, and financially sound entities prepared to carry out the requirements detailed in the following Scope of Work.

1.2. Background

It is DOM's responsibility to be a prudent purchaser of quality health care and to ensure that benefits are provided for medically necessary services. To fulfill this responsibility, DOM has both contracted with a QIO and conducted UM activities with DOM staff. The incumbent UM/QIO contractor is Health Systems of Mississippi (HSM). Currently, HSM performs prior authorization certifications for the following services: inpatient hospital, inpatient psychiatric services, psychiatric residential treatment facility, outpatient hospital mental health services, durable medical equipment, certain community mental health services, Mississippi Youth Programs Around the Clock (MYPAC), physical therapy, speech therapy, occupational therapy, school health related physical therapy, occupational therapy and speech therapy, organ transplantation, hospice, Disabled Child Living at Home (DCLH), home health, private duty nursing, durable medical equipment, supplies, and orthotics, and prosthetics. The current contract with HSM ends December 31, 2013.

DOM also conducts UM internally for various services. These services include prior authorization requests for expanded Early and Periodic Screening, Diagnosis and Treatment (EPSDT) benefits and certain dental, dental surgery, orthodontia, hearing, and vision services. UM for these services is being shifted to a contracted vendor as part of this procurement.

Mississippi Coordinated Access Network Program (MississippiCAN)

In January, 2011, DOM established the Mississippi Coordinated Access Network (MississippiCAN), a coordinated care program for Mississippi Medicaid beneficiaries. DOM has contracted with two Coordinated Care Organizations (CCOs), Magnolia Health Plan and UnitedHealth Care Community Plan.

The 2012 Mississippi Legislative Session implemented changes to the current law governing the MississippiCAN program. The new law allows for an expansion of the program which will impact the

- 027-Breast and Cervical Cancer- (ages 19-65)
- 088-Pregnant Women and Infants (ages 0-1 and 8-65)
- 085-Family/Children-TANF (ages will be specified by DOM)
- 087-Child (ages 0-1)

Beneficiary participation in MississippiCAN is **voluntary** for the following populations:

- SSI (ages 0-1 and 1-19)
- Disabled Child Living at Home (ages 0-1 and 1-19)
- Department of Human Services Foster Care Children (026 and 03)-(ages 0-1 and 1-19)
- Native Americans

Hemophiliacs are **excluded** from participation in the MississippiCAN program.

The CCOs process all prior authorizations for UM services for beneficiaries in the MississippiCAN program with the exception of inpatient hospital services (acute medical and all psychiatric settings). All other UM services identified in this RFP will be the responsibility of the CCOs for Mississippi CAN members.

The CCOs require notification from the Contractor of all inpatient authorizations. The contractor shall have the capability to provide on a daily basis a secure file identifying any inpatient (Acute and Psychiatric) Prior Authorizations that have been approved/or denied, all Concurrent Reviews and notification of any hospital discharges for the CCOs individual members.

M. Acute and Ancillary Services Criteria Development

1. In performing medical necessity determinations, the Contractor shall use nationally recognized standardized clinical criteria in reviewing each prior authorization and prepayment review request. DOM shall have prior approval of the criteria used for automated and manual review. The criteria shall provide a clinically sound basis for professional determinations of the medical necessity for all inpatient medical/surgical services reviewed under the resulting Contract.
 - a. The Contractor shall maintain the capability to update the review criteria for inpatient medical/surgical services reviewed under the resulting Contract. The Contractor shall make recommendations to DOM annually, regarding what, if any, changes should be made to the criteria that will be used for the following calendar year. The recommendations shall be included in the Contractor's annual report required in Section 1.7 of this RFP.
 - b. The Contractor shall provide DOM with access to a complete set of materials associated with the criteria annually.
 - c. Any modifications to the criteria or guidelines must be prior approved by DOM. Based on the best interest of the State and the review outcome, DOM reserves the right to specify the use of different criteria/guideline products during the resulting Contract.
 - d. The Contractor is responsible for any cost associated with the purchase of any review criteria.
2. The Methodology section of the Technical Proposal must provide detailed information on the Offeror's process for determining medical necessity, including: 1) a description of the recommended

Medicaid Utilization Management Programs
RFP# 20130215

Office of the Governor – Division of Medicaid

review criteria for each service; 2) a description of the review instrument(s) for each service; and 3) a description of the Offeror's capability to develop an automated rules-driven certification system.

3. The Contractor shall work with DOM to develop a clinically sound, evidence-based, medical necessity criteria for expanded EPSDT services, including extended physician services and ER visits, prior to implementing the UM program for acute and ancillary services. The Contractor shall have the capability to develop an automated criteria/rules-based certification system that, with DOM approval of criteria to be employed, is expected to perform a significant number of reviews for expanded EPSDT services as automated/rules-driven approvals.
4. The Methodology section of the Technical Proposal must provide a detailed description of the Offeror's approach to designing, developing, and employing medical necessity criteria for expanded EPSDT services through a Web-based prior authorization system to achieve these objectives.
5. DOM implemented a Prospective Payment System (PPS) for hospital services effective October 1, 2012. Under PPS, payment for each hospital inpatient stay is based on an All Patient Refined Diagnostic Related Group (APR-DRG). The APR-DRG assignment determining reimbursement is based on the primary diagnosis leading to the hospital admission. Additional complicating diagnoses or operating room procedures may result in the classification of a hospital stay to a higher-paying APR-DRG.
6. PPS can create incentives to: 1) increase the number of admissions; 2) minimize the quantity of services provided within each admission; 3) allow early discharge ; 4) "upcoding" diagnosis and procedure codes to improve APR-DRG assignment; and 5) increase charges and days to qualify for outlier payments. Given these incentives, the utilization review needs to shift away from determination of unnecessary services provided during an admission to: 1) a review of the medical necessity for each admission; 2) a determination of the appropriateness to discharge or transfer including if at the appropriate time and for medically sound reasons; 3) a verification of the accuracy of the case coding determining the APR-DRG assignment; and 4) a verification medically necessary services were provided.
7. The Contractor shall develop and implement retrospective reviews validating the APR-DRG assignment to counterbalance the incentive to arrange diagnosis codes to cause a claim to be assigned to a higher-paying APR-DRG. This review process shall consist of reviewing representative sample APR-DRGs for potential upcoding, other billing errors, or higher than expected utilization to ensure the APR-DRG billed for payment is consistent and accurate with the APR-DRG payment based on the correct diagnostic and procedural information in the medical record of inpatient admissions.

In addition, Section 1902(a)(30)(A) of the Social Security Act requires that state Medicaid agencies provide methods and procedures to safeguard against unnecessary utilization of care and services and to assure “efficiency, economy and quality of care.”

2.1 Organizations Eligible to Submit Proposals

To be eligible to submit a proposal, an Offeror must provide documentation for each requirement as specified below:

1. The Offeror has not been sanctioned by a state or federal government within the last 10 years.
2. The Offeror must have experience in contractual services providing the type of services described in this RFP.
3. The Offeror must be able to provide all required components detailed in the Scope of Work.

2.2 Procurement Approach

The major steps of the procurement approach are described in detail in Section 3 of this RFP. Proposals must be submitted in two parts: 1) a Technical Proposal; and 2) a Business Proposal. Format and content requirements for each part are specified in Sections 5 and 6, respectively, of this RFP.

2.3 Accuracy of Statistical Data

All statistical information provided by DOM in relation to this RFP represents the best and most accurate information available to DOM from DOM records at the time of the RFP preparation. DOM, however, disclaims any responsibility for the inaccuracy of such data. Should any element of such data later be discovered to be inaccurate, such inaccuracy shall not constitute a basis for contract rejection by any Offeror. Neither shall such inaccuracy constitute a basis for renegotiation of any payment rate after contract award. Statistical information is available on DOM’s Website.

3. PROCUREMENT

3.1 APPROACH

This RFP is designed to provide the Offeror with the information necessary to prepare a competitive proposal. Similarly, the RFP process is intended to also provide DOM with the necessary information to adequately assist DOM in the selection of a Contractor to provide the desired services. It is not intended to be comprehensive, and each Offeror is responsible for determining all factors necessary for submission of a comprehensive and accurate proposal. In addition, DOM reserves the right to disregard the language or requirements of the RFP if it is determined to be in the best interest of the State.

DOM will ensure the fair and equitable treatment of all persons and Offerors in regards to the procurement process. The procurement process provides for the evaluation of proposals and selection of the winning proposal in accordance with federal law and regulations and state law and regulations, specifically, by appropriate provisions of the State Personal Service Contract Review Board Regulations which are available for inspection at 210 East Capitol Street, Suite 800, Jackson, Mississippi or downloadable at www.mspb.ms.gov.

Separate technical and business proposals must be submitted simultaneously but will be opened at different stages of the evaluation process. Technical Proposals will be thoroughly evaluated in order to determine point scores for each evaluation factor. The evaluation and selection process is described in more detail in Section 7 of this RFP.

Submission of a proposal constitutes acceptance of the conditions governing the procurement, including the evaluation factors contained in Section 7 of this RFP, and constitutes acknowledgment of the detailed descriptions of the Mississippi Medicaid Program.

No public disclosure or news release pertaining to this procurement shall be made without prior written approval of DOM. **FAILURE TO COMPLY WITH THIS PROVISION MAY RESULT IN THE OFFEROR BEING DISQUALIFIED.**

3.2 QUALIFICATION OF OFFERORS

Each corporation shall report its corporate charter number in its transmittal letter or, if appropriate, have attached to its transmittal letter a signed statement to the effect that said corporation is exempt from the above described, and set forth the particular reason(s) for exemption. All corporations shall be in full compliance with all Mississippi laws regarding incorporation or formation and doing business in Mississippi and shall be in compliance with the laws of the state in which they are incorporated, formed, or organized.

DOM may make such investigations as necessary to determine the ability and commitment of the Offeror to adhere to the requirements specified within this RFP and its proposal, and the Offeror shall furnish to DOM all such information and data for this purpose as may be requested. DOM reserves the right to inspect Offeror's physical facilities prior to award to satisfy questions regarding the Offeror's capability to fulfill the requirements of the contract. DOM reserves the absolute right to reject any proposal if the evidence submitted by, or investigations of, such Offeror fail to satisfy DOM that such Offeror is properly qualified to carry out the obligations of the contract and to complete the work or furnish the items contemplated.

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

The State reserves the right to reject any and all proposals, to request and evaluate “best and final offers” from some or all of the respondents, to negotiate with the best proposed offeror to address issues other than those described in the proposal, to award a contract to other than the low Offeror, or not to make any award if it is determined to be in the best interest of the State.

Discussions may be conducted with offerors who submit proposals determined to be reasonably susceptible of being selected for award. Proposals may also be accepted without such discussions.

3.3 RULES OF PROCUREMENT

To facilitate the DOM procurement, various rules have been established and are described in the following paragraphs.

3.3.1 Restrictions on Communications with DOM Staff

From the issue date of this RFP until a Contractor is selected and the contract is signed, Offerors and/or their representatives are not allowed to communicate with any DOM staff regarding this procurement except the RFP Issuing Officer, Melanie Wakeland.

For violation of this provision, DOM shall reserve the right to reject any proposal.

3.3.2 Amendments to this Request for Proposals

DOM reserves the right to amend the RFP at any time. All amendments will be posted to the DOM website at <http://www.medicaid.ms.gov>. After March 8, 2013, Offerors submitting proposals will be notified when amendments are released.

Offerors shall acknowledge receipt of any amendment to the solicitation, by signing the form provided with the amendment, and identifying the amendment number and date in the Offeror’s Transmittal Letter. The acknowledgment must be received by DOM by the time and at the place specified for receipt of bids.

3.3.3 Cost of Preparing Proposal

Costs of developing the proposals are solely the responsibility of the Offerors. DOM will provide no reimbursement for such costs. Any costs associated with any oral presentations to DOM will be the responsibility of the Offeror and will in no way be billable to DOM. If site visits are made, DOM’s cost for such visits will be the responsibility of DOM and the Offeror’s cost will be the responsibility of the Offeror and will in no way be billable to DOM.

3.3.4 Certification of Independent Price Determination

The Offeror certifies that the prices submitted in response to the solicitation have been arrived at independently and without, for the purpose of restricting competition, any consultation, communication, or agreement with any other bidder or competitor relating to those prices, the intention to submit a bid, or the methods or factors used to calculate the prices bid.

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

3.3.5 Acceptance of Proposals

After receipt of the proposals, DOM reserves the right to award the contract based on the terms, conditions, and premises of the RFP and the proposal of the selected Contractor without negotiation.

All proposals properly submitted will be accepted by DOM. However, DOM reserves the right to request necessary amendments from all Offerors, reject any or all proposals received, or cancel this RFP, according to the best interest of DOM and the State of Mississippi.

DOM also reserves the right to waive minor irregularities in bids providing such action is in the best interest of DOM and the State of Mississippi. A minor irregularity is defined as a variation of the RFP which does not affect the price of the proposal, or give one party an advantage or benefit not enjoyed by other parties, or adversely impact the interest of DOM.

Where DOM may waive minor irregularities as determined by DOM, such waiver shall in no way modify the RFP requirements or excuse the Offeror from full compliance with the RFP specifications and other contract requirements if the Offeror is awarded the contract.

DOM reserves the right to exclude any and all non-responsive proposals from any consideration for contract award. DOM will award a firm fixed price contract to the Offeror whose offer is responsive to the solicitation and is most advantageous to DOM and the State of Mississippi in price, quality, and other factors considered. DOM reserves the right to make the award to an Offeror other than the Offeror bidding the lowest price when it can be demonstrated to the satisfaction of DOM, the Governor, the State Personal Service Contract Review Board, and to CMS, if necessary, that award to the lowest price Offeror would not be in the best interest of DOM and the State of Mississippi.

3.3.6 Rejection of Proposals

A proposal may be rejected for failure to conform to the rules or the requirements contained in this RFP. Proposals must be responsive to all requirements of the RFP in order to be considered for contract award. DOM reserves the right at any time to cancel the RFP, or after the proposals are received to reject any of the submitted proposals determined to be non-responsive. DOM further reserves the right to reject any and all proposals received by reason of this request. Reasons for rejecting a proposal include, but are not limited to, the following:

1. The proposal contains unauthorized amendments to the requirements of the RFP.
2. The proposal is conditional.
3. The proposal is incomplete or contains irregularities that make the proposal indefinite or ambiguous.
4. The proposal is not signed by an authorized representative of the party.
5. The proposal contains false or misleading statements or references.
6. The Offeror is determined to be non-responsible as specified in Section 3-401 of the Personal Services Contract Review Board Regulations.
7. The proposal ultimately fails to meet the announced requirements of the State in some

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

material aspect.

8. The proposal price is clearly unreasonable.
9. The proposal is not responsive, i.e., does not conform in all material respects to the RFP.
10. The supply or service item offered in the proposal is unacceptable by reason of its failure to meet the requirements of the specifications or permissible alternates or other acceptability criteria set forth in the RFP.
11. The Offeror does not comply with the Procedures for Delivery of Proposal as set forth in the RFP.
12. The Offeror currently owes the State money.

3.3.7 Alternate Proposals

Each Offeror, its subsidiaries, affiliates or related entities shall be limited to one Technical Proposal and one Business Proposal which is responsive to the requirements of this RFP. Failure to submit a responsive proposal will result in the rejection of the Offeror's proposal. Submission of more than one proposal by an Offeror may, at the discretion of DOM, result in the summary rejection of all proposals submitted. An Offeror's proposal shall not include variable or multiple pricing options.

3.3.8 Proposal Amendments and Withdrawal

Prior to the proposal due date, a submitted proposal may be withdrawn by submitting a written request for its withdrawal to DOM, signed by the Offeror.

An Offeror may submit an amended proposal before the due date for receipt of proposals. Such amended proposal must be a complete replacement for a previously submitted proposal and must be clearly identified as such in the Transmittal Letter. DOM will not merge, collate, or assemble proposal materials.

Unless requested by DOM, no other amendments, revisions, or alterations to proposals will be accepted after the proposal due date.

Any submitted proposal shall remain a valid proposal for 180 days from the proposal due date.

3.3.9 Disposition of Proposals

The proposal submitted by the successful Offeror shall be incorporated into and become part of the resulting contract. All proposals received by DOM shall upon receipt become and remain the property of DOM. DOM will have the right to use all concepts contained in any proposal and this right will not affect the solicitation or rejection of the proposal.

3.3.10 Responsible Contractor

DOM shall contract only with a responsible contractor who possesses the ability to perform successfully under the terms and conditions of the proposed procurement and implementation. In letting the contract, consideration shall be given to such matters as Contractor's integrity,

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

performance history, financial and technical resources, and accessibility to other necessary resources.

3.3.11 Best and Final Offers

The Executive Director of DOM may make a written determination that it is in the State's best interest to conduct additional discussions or change the State's requirements and require submission of best and final offers. The Procurement Officer shall establish a date and time for the submission of best and final offers. Otherwise, no discussion of or changes in the bids shall be allowed prior to award. Offerors shall also be informed that if they do not submit a notice of withdrawal or another best and final offer, their immediate previous offer will be construed as their best and final offer.

3.4 ORAL PRESENTATION

The oral presentation is part of the technical proposal evaluation. At the discretion of DOM, all Offerors receiving a minimum of 500 points of the total score on the Technical Phase of the evaluation may be given the opportunity to make an oral presentation. The purpose of the oral presentation is to provide an opportunity for the Offeror to present its proposal and credentials of proposed staff, and to respond to any questions from DOM. The original proposal cannot be supplemented, changed or corrected either in writing or orally.

The presentation will occur at a State office location in Jackson, Mississippi. Offerors will receive a 10 day prior notification requesting their participation in Oral Presentations. The determination of participants, location, order, and schedule for the presentations is at the sole discretion of the DOM and will be provided during the Evaluation process. The presentation may include slides, graphics and other media selected by the bidder to illustrate the Offeror's Proposal.

The presentations are tentatively scheduled for May 6 – 10, 2013. The Offeror's presentation team shall include, at a minimum, the proposed Project Manager, Medical Director, Dental Director and other key management staff necessary to implement the Contract requirements. However, DOM reserves the right to limit the number of participants in the Offeror's presentation and will notify Offeror of any limitations at the time they are notified of the request to participate. DOM reserves the right to limit the time period for the presentation.

3.5 STATE APPROVAL

Approval from the State Personal Services Contract Review Board must be received before contract execution. Every effort will be made by DOM to facilitate rapid approval and a start date consistent with the proposed schedule.

3.6 NOTICE OF INTENT TO AWARD

Award shall be made in writing to the responsible Offeror whose proposal is determined to be the most advantageous to the State taking into consideration price and evaluation factors set forth in the RFP. The notice of intended contract award shall be sent by e-mail with reply confirmation to the winning Offeror. Unsuccessful Offerors will be notified in the same manner after the award has been accepted or declined.

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

Consistent with existing state law, no Offeror shall infer or be construed to have any rights or interest to a contract with DOM until final approval is received from all necessary entities and until both the Offeror and DOM have executed a valid contract.

3.7 PROTEST POLICY AND PROCEDURES

3.7.1 Form of the Protest

Offerors who submit technical and business proposals in response to this RFP may protest the award of the contract resulting from this RFP. Protests must be made in writing and must be received no later than six (6) working days from the notice of non-award. Protests should be addressed to DOM's Executive Director and must contain specific grounds for the protest. Supporting documentation may be included with the protest.

A protest must state all grounds upon which the protesting party asserts that the solicitation or award was improper. Issues not raised by the protesting party in the protest are deemed waived.

Only the following are acceptable grounds for protest:

- Failure to follow any of the following: 1) DOM procedures established in the RFP, 2) DOM rules of procurement, or 3) PSCRB Rules and Regulations;
- Errors in computing scores which contributed to the selection of an Offeror other than the lowest and best bidder; or,
- Bias, discrimination, or conflict of interest on the part of an evaluator.

Disallowed grounds include:

- Evaluators' qualifications to serve on the Evaluation Committee;
- The professional judgment of the Evaluation Committee; and,
- DOM's assessment of its own needs regarding the solicitation.

A protest that is incomplete or not submitted within the prescribed time limits will be summarily dismissed.

3.7.2 Protest Bond

Protests must be accompanied by a \$50,000 bond. The protest bond must be maintained through final resolution, whether at the agency level or through a court of appropriate jurisdiction.

3.7.3 DOM's Responsibilities Regarding Protests

The Notice of Non-Award shall be accompanied by redacted copies of the evaluation score sheets.

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

The Procurement Officer shall provide a copy of the protest documents to the successful Offeror within three (3) days of receipt of the protest. The successful Offeror shall have the right to provide documentation supporting the decision to award.

The Executive Director shall review all documentation concerning the procurement and may request additional documentation. He shall then determine whether or not the award of the contract shall be delayed or cancelled; or, if the protest is clearly without merit or that award of the contract without delay is necessary to protect the interests of the State. The Executive Director will provide written notice of the decision to the protesting Offeror. This written notice will be the final agency decision.

4. TERMS AND CONDITIONS

4.1 GENERAL

The contract between the State of Mississippi and the Contractor shall consist of 1) the contract and any amendments thereto; 2) this request for proposals (RFP) and any amendments thereto; 3) the Contractor’s proposal submitted in response to the RFP by reference and as an integral part of this contract; 4) written questions and answers. In the event of a conflict in language among the four documents referenced above, the provisions and requirements set forth and/or referenced in the contract and its amendments shall govern. After the contract, the order of priority shall be as follows: the RFP Bidder Questions and Answers, the Business Proposal, the Technical Proposal and its attachments, and the RFP. In the event that an issue is addressed in one document that is not addressed in another document, no conflict in language shall be deemed to occur.

However, DOM reserves the right to clarify any contractual relationship in writing, and such written clarification shall govern in case of conflict or ambiguity with the applicable requirements stated in the RFP or the Contractor’s proposal. In all other matters not affected by the written clarification, if any, the RFP and its amendments shall govern.

The contract shall be governed by the applicable provisions of the Personal Service Contract Review Board Regulations, a copy of which is available at 201 East Capitol Street, Suite 800, Jackson, Mississippi, 39201, for inspection or on the web at www.mspb.ms.gov .

No modification or change of any provision in the contract shall be made, or construed to have been made, unless such modification or change is mutually agreed upon in writing by the Contractor and DOM. The agreed upon modification or change will be incorporated as a written contract amendment and processed through DOM for approval prior to the effective date of such modification or change. In some instances, the contract amendment must be approved by CMS before the change becomes effective.

The only representatives authorized to modify this contract on behalf of DOM and the Contractor are shown below:

Contractor: Person(s) designated by the Contractor

Division of Medicaid: Executive Director

4.2 PERFORMANCE STANDARDS, ACTUAL DAMAGES, LIQUIDATED DAMAGES, AND RETAINAGE

DOM reserves the right to assess actual or liquidated damages, upon the Contractor’s failure to provide timely services required pursuant to this contract. Actual or liquidated damages for failure to meet specific performance standards as set forth in the scope of work may be assessed as specifically set forth in each performance standard. The Contractor shall be given fifteen (15) days’ notice to respond before DOM makes the assessment. The assessments will be offset against the subsequent monthly payments to the Contractor. Assessment of any actual or liquidated damages does not waive any other remedies available to DOM pursuant to this contract

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

or state or federal law. If liquidated damages are known to be insufficient then DOM has the right to pursue actual damages.

If the Contractor's failure to perform satisfactorily exposes DOM to the likelihood of contracting with another person or entity to perform services required of the Contractor under this contract, upon notice setting forth the services and retainage, DOM may withhold from the Contractor payments in an amount commensurate with the costs anticipated to be incurred. If costs are incurred, DOM shall account to the Contractor and return any excess to the Contractor. If the retainage is not sufficient, the Contractor shall immediately reimburse DOM the difference or DOM may offset from any payments due the Contractor. The Contractor will cooperate fully with the retained Contractor and provide any assistance it needs to implement the terms of its agreement for services for retainage.

4.3 TERM OF CONTRACT

DOM will award a Contract based on proposals. The Contract period begins September 1, 2013, and shall terminate on August 30, 2016. DOM may have, under the same terms and conditions as the existing contract, an option for two one-year extensions, provided DOM obtains approval from the Personal Services Contract Review Board to allow an extension period.

4.3.1 Stop Work Order

1. Order to Stop Work - DOM Contract Administrator may, by written order to the Contractor at any time and without notice to any surety, require the Contractor to stop all or any part of the work called for by this contract. This order shall be for a specified period not exceeding ninety (90) days after the order is delivered to the Contractor, unless the parties agree to an extension. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, the Contractor shall forthwith comply with its terms and take all reasonable steps to minimize the occurrence of costs allowable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within an extension to which the parties shall have agreed, the Contract Administrator shall either
 - a. Cancel the stop work order; or
 - b. Terminate the work covered by such order as provided in the "Termination for Default Clause" or the "Termination for Convenience Clause" of this contract.
2. Cancellation or Expiration of the Order - If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, the Contractor shall have the right to resume work. An appropriate adjustment shall be made in the delivery schedule or Contractor price, or both, and the contract shall be modified in writing accordingly, only if
 - a. The stop work order or extension results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
 - b. The Contractor asserts a claim for such an adjustment within thirty (30) days after the end of the stop work order or extension.

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

3. Termination of Work - If a stop work order or extension is not canceled and the work covered by such stop work order or extension is terminated for default or convenience, adjustment to the contract price will be negotiated between DOM and the Contractor.

4.3.2 Termination of Contract

The Contract resulting from this RFP may be terminated by DOM as follows:

1. For default by the Contractor
2. For convenience
3. For the Contractor's bankruptcy, insolvency, receivership, liquidation
4. For non-availability of funds

At DOM's option, termination for any reason listed herein may also be considered termination for convenience.

4.3.2.1 Termination for Default by the Contractor

DOM may immediately terminate this contract in whole or in part whenever DOM determines that the Contractor has failed to satisfactorily perform its contractual duties and responsibilities and is unable to resolve such failure within a period of time specified by DOM, after considering the gravity and nature of the default. Such termination shall be referred to herein as "Termination for Default."

Upon determination by DOM of any such failure to satisfactorily perform its contractual duties and responsibilities, DOM may notify the Contractor of the failure and establish a reasonable time period in which to resolve such failure. If the Contractor does not resolve the failure within the specified time period, DOM will notify the Contractor that the contract in full or in part has been terminated for default. Such notices shall be in writing and delivered to the Contractor by certified mail, return receipt requested, or in person.

If, after Notice of Termination for default, it is determined that the Contractor was not in default or that the Contractor's failure to perform or make progress in performance was due to causes beyond the control and without error or negligence on the part of the Contractor or any subcontractor, the Notice of Termination shall be deemed to have been issued as a termination for the convenience of DOM, and the rights and obligations of the parties shall be governed accordingly.

In the event of Termination for Default, in full or in part as provided by this clause, DOM may procure, upon such terms and in such manner as DOM may deem appropriate, supplies or services similar to those terminated, and the Contractor shall be liable to DOM for any excess costs for such similar supplies or services for the remainder of the contract period. In addition, the Contractor shall be liable to DOM for administrative costs incurred by DOM in procuring such similar supplies or services.

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

In the event of a termination for default, the Contractor shall be paid for those deliverables which the Contractor has delivered to DOM. Payments for completed deliverables delivered to and accepted by DOM shall be at the contract price.

The rights and remedies of DOM provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under the contract.

4.3.2.2 Termination for Convenience

DOM may terminate performance of work under the contract in whole or in part whenever for any reason DOM shall determine that such termination is in the best interest of DOM.

In the event that DOM elects to terminate the contract pursuant to this provision, it shall notify the Contractor by certified mail, return receipt requested, or delivered in person. Termination shall be effective as of the close of business on the date specified in the notice, which shall be at least thirty (30) days from the date of receipt of the notice by the Contractor.

Upon receipt of Notice of Termination for convenience, the Contractor shall be paid the following:

- The contract price(s) for completed deliverables delivered to and accepted by DOM;
- A price commensurate with the actual cost of performance for partially completed deliverables.

4.3.2.3 Termination for the Contractor Bankruptcy

In the event that the Contractor shall cease conducting business in the normal course, become insolvent, make a general assignment for the benefit of creditors, suffer or permit the appointment of a receiver for its business or its assets, or shall avail itself of, or become subject to, any proceeding under the Federal Bankruptcy Act or any other statute of any state relating to insolvency or the protection of the rights of creditors, DOM may, at its option, terminate this contract in whole or in part.

In the event DOM elects to terminate the contract under this provision, it shall do so by sending Notice of Termination to the Contractor by certified mail, return receipt requested, or delivered in person. The date of termination shall be the close of business on the date specified in such notice to the Contractor. In the event of the filing of a petition in bankruptcy by or against a principal subcontractor, the Contractor shall immediately so advise DOM.

The Contractor shall ensure and shall satisfactorily demonstrate to DOM that all tasks related to the subcontract are performed in accordance with the terms of this contract

4.3.2.4 Availability of Funds

It is expressly understood and agreed that the obligation of DOM to proceed under this agreement is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of state and/or federal funds. If the funds anticipated for the continuing fulfillment of the agreement are, at any time, not forthcoming or insufficient, either through the failure of the federal government to provide or the State of Mississippi to appropriate funds, or the

Medicaid Utilization Management Programs

RFP# 20130215

discontinuance, or material alteration of the program under which the funds were provided or if funds are not otherwise available to the State, the State shall have the right upon ten (10) working days written notice to the Contractor, to terminate this agreement without damage, penalty, cost, or expense to the State of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.

4.3.3 Procedure on Termination

4.3.3.1 Contractor Responsibilities

Upon delivery by certified mail, return receipt requested, or in person to the Contractor a Notice of Termination specifying the nature of the termination, the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective, the Contractor shall:

Stop work under the contract on the date and to the extent specified in the Notice of Termination;

Place no further orders or subcontracts for materials, services or facilities, except as may be necessary for completion of such portion of the work in progress under the contract until the effective date of termination;

Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination;

Deliver to DOM within the time frame as specified by DOM in the Notice of Termination, copies of all data and documentation in the appropriate media and make available all records required to assure continued delivery of services to beneficiaries and providers at no cost to DOM;

Complete the performance of the work not terminated by the Notice of Termination;

Take such action as may be necessary, or as DOM may direct, for the protection and preservation of the property related to the contract which is in the possession of the Contractor and in which DOM has or may acquire an interest;

Fully train DOM staff or other individuals at the direction of DOM in the operation and maintenance of the process;

Promptly transfer all information necessary for the reimbursement of any outstanding claims; and

Complete each portion of the Turnover Phase after receipt of the Notice of Termination. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any allowable delay in determining or adjusting the amount of any item of reimbursable price under this clause.

The Contractor has an absolute duty to cooperate and help with the orderly transition of the duties to DOM or its designated contractor following termination of the contract for any reason.

Medicaid Utilization Management Programs

RFP# 20130215

Office of the Governor – Division of Medicaid

4.3.3.2 DOM Responsibilities

DOM will make payment to the Contractor on termination and at contract price for completed deliverables delivered to and accepted by DOM. The Contractor shall be reimbursed for partially completed deliverables at a price commensurate with actual cost of performance.

In the event of the failure of the Contractor and DOM to agree in whole or in part as to the amounts to be paid to the Contractor in connection with any termination described in this RFP, DOM shall determine on the basis of information available the amount, if any, due to the Contractor by reason of termination and shall pay to the Contractor the amount so determined.

The Contractor shall have the right of appeal, as stated under Disputes (Paragraph 4.9.6) from any such determination made by DOM.

4.3.4 Assignment of the Contract

The Contractor shall not sell, transfer, assign, or otherwise dispose of the contract or any portion thereof or of any right, title, or interest therein without written consent of DOM. Any such purported assignment or transfer shall be void. If approved, any assignee shall be subject to all terms and conditions of this contract and other supplemental contractual documents. No approval by DOM of any assignment may be deemed to obligate DOM beyond the provisions of this contract. This provision includes reassignment of the contract due to change in ownership of the Contractor. DOM shall at all times be entitled to assign or transfer its rights, duties, and/or obligations under this contract to another governmental agency in the State of Mississippi upon giving prior written notice to the Contractor.

4.3.5 Excusable Delays

The Contractor and DOM shall be excused from performance under this contract for any period that they are prevented from performing any services under this Contract as a result of an act of God, war, civil disturbance, epidemic, court order, government act or omission, or other cause beyond their reasonable control.

4.3.6 Applicable Law

The contract shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflict of law provisions, and any litigation with respect thereto shall be brought in the courts of the State of Mississippi. The Contractor shall comply with applicable federal, state and local laws and regulations.

4.4 NOTICES

Whenever, under this RFP, one party is required to give notice to the other, except for purposes of Notice of Termination under Section 4.3, such notice shall be deemed given upon delivery, if delivered by hand, or upon the date of receipt or refusal, if sent by registered or certified mail, return receipt requested or by other carriers that require signature upon receipt. Copy to Contract Administrator, DOM

4.5 COST OR PRICING DATA

If DOM determines that any price, including profit or fee, negotiated in connection with this RFP was increased because the Contractor furnished incomplete or inaccurate cost or pricing data not current as certified in the Contractor’s certification of current cost or pricing data, then such price or cost shall be reduced accordingly and this RFP shall be modified in writing and acknowledged by the Contractor to reflect such reduction.

4.6 SUBCONTRACTING

The Contractor is solely responsible for fulfillment of the Contract terms with DOM. DOM will make Contract payments only to the Contractor.

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of DOM. The Contractor shall notify DOM not less than thirty (30) days in advance of its desire to subcontract and include a copy of the proposed subcontract with the proposed subcontractor.

Approval of any subcontract shall neither obligate DOM nor the State of Mississippi as a party to that subcontract nor create any right, claim, or interest for the subcontractor against the State of Mississippi or DOM, their agents, their employees, their representatives, or successors.

Any subcontract shall be in writing and shall contain provisions such that it is consistent with the Contractor’s obligations pursuant to this Contract.

The Contractor shall be solely responsible for the performance of any subcontractor under such subcontract approved by DOM.

The Contractor shall give DOM immediate written notice by certified mail, facsimile, or any other carrier that requires signature upon receipt of any action or suit filed and prompt notice of

any claim made against the Contractor or Contractor which in the opinion of the Contractor may result in litigation related in any way to the Contract with DOM.

4.7 PROPRIETARY RIGHTS

4.7.1 Ownership of Documents

Where activities supported by this contract produce original writing, sound recordings, pictorial reproductions, drawings, or other graphic representation and works of any similar nature, DOM shall have the right to use, duplicate, and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to have others do so. If the material is qualified for copyright, the Contractor may copyright such material, with approval of DOM, but DOM shall reserve a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, and use such materials, in whole or in part, and to authorize others to do so.

4.7.2 Ownership of Information and Data

DOM, The Department of Health and Human Services (DHHS), The Centers for Medicare and Medicaid Services (CMS), the State of Mississippi, and/or their agents shall have unlimited rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the Contractor under any contract resulting from this RFP.

The Contractor agrees to grant in its own behalf and on behalf of its agents, employees, representatives, assignees, and contractors to DOM, DHHS, CMS and the State of Mississippi and to their officers, agents, and employees acting in their official capacities a royalty-free, non-exclusive, and irrevocable license throughout the world to publish, reproduce, translate, deliver, and dispose of all such information now covered by copyright of the proposed Contractor.

Excluded from the foregoing provisions in this Section 4.7.2, however, are any pre-existing, proprietary tools owned, developed, or otherwise obtained by Contractor independently of this Contract. Contractor is and shall remain the owner of all rights, title and interest in and to the Proprietary Tools, including all copyright, patent, trademark, trade secret and all other proprietary rights thereto arising under federal and state law, and no license or other right to the Proprietary Tools is granted or otherwise implied. Any right that DOM may have with respect to the Proprietary Tools shall arise only pursuant to a separate written agreement between the parties.

4.7.3 Public Information

Offerors must provide an electronic, single document version of proposals redacting those provisions of the proposal which contain trade secrets or other proprietary data which they believe may remain confidential in accordance with Sections 25-61-9 and 79-23-1, et seq. of the Mississippi Code Annotated of 1972, as amended.

4.7.4 Right of Inspection

DOM, the Mississippi Department of Audit, The Department of Health and Human Services (DHHS), The Centers for Medicare and Medicaid Services (CMS), the Office of Inspector General (OIG), the General Accounting Office (GAO), or any other auditing agency prior-approved by DOM, or their authorized representative shall, at all reasonable times, have the right

to enter onto the Contractor's premises, or such other places where duties under this contract are being performed, to inspect, monitor, or otherwise evaluate (including periodic systems testing) the work being performed. The Contractor must provide access to all facilities and assistance for DOM and Mississippi Audit Department representatives. All inspections and evaluations shall be performed in such a manner as will not unduly delay work. Refusal by the Contractor to allow access to all documents, papers, letters or other materials, shall constitute a breach of contract. All audits performed by persons other than DOM staff will be coordinated through DOM and its staff.

4.7.5 Licenses, Patents and Royalties

DOM does not tolerate the possession or use of unlicensed copies of proprietary software. The Contractor shall be responsible for any penalties or fines imposed as a result of unlicensed or otherwise defectively titled software.

The Contractor, without exception, shall indemnify, save, and hold harmless DOM and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or non-patented invention, process, or article manufactured by the Contractor. The Contractor has no liability when such claim is solely and exclusively due to the combination, operation or use of any article supplied hereunder with equipment or data not supplied by the Contractor or is based solely and exclusively upon DOM's alteration of the article. DOM will provide prompt written notification of a claim of copyright or patent infringement.

Further, if such a claim is made or is pending, the Contractor may, at its option and expense, procure for DOM the right to continue use of, replace or modify the article to render it non-infringing. If none of the alternatives is reasonably available, the Contractor agrees to take back the article and refund the total amount DOM has paid the Contractor under this contract for use of the article.

If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the proposed prices shall include all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

4.7.6 Records Retention Requirements

The Contractor shall maintain detailed records evidencing all expenses incurred pursuant to the Contract, the provision of services under the Contract, and complaints, for the purpose of audit and evaluation by DOM and other federal or State personnel. All records, including training records, pertaining to the Contract must be readily retrievable within three (3) workdays for review at the request of DOM and its authorized representatives. All records shall be maintained and available for review by authorized federal and State personnel during the entire term of the Contract and for a period of five (5) years thereafter, unless an audit is in progress. When an audit is in progress or audit findings are unresolved, records shall be kept for a period of five (5) years or until all issues are finally resolved, whichever is later.

4.8 REPRESENTATION REGARDING CONTINGENT FEES

The Contractor represents by submission of its proposal that it has not retained a person or agency to solicit or secure a State contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee except as disclosed in the contractor's bid or proposal.

4.9 INTERPRETATIONS/CHANGES/DISPUTES

The RFP in its entirety is a part of the Contract. In the event of a dispute or conflict among any of the components of the contract, the Contract shall govern. After the Contract, the order of priority is: Att. D, Bidder Questions and Answers; Att. C or E, the Business Proposal or BAFO; Att. B, the Technical Proposal; and Att. A, the RFP. All the documents shall be read and construed as far as possible to be one harmonious whole; however, in the event of a conflict or dispute, the above list is the list of priority.

DOM reserves the right to clarify any contractual relationship in writing and such clarification will govern in case of conflict with the requirements of the RFP. Any ambiguity in the RFP shall be construed in favor of DOM.

The contract represents the entire agreement between the Contractor and DOM and it supersedes all prior negotiations, representations, or agreements, either written or oral between the parties hereto relating to the subject matter hereof.

4.9.1 Conformance with Federal and State Regulations

The Contractor shall be required to conform to all federal and state laws, regulations, and policies as they exist or as amended.

In the event that the Contractor requests that the Executive Director of DOM or his/her designee issue policy determinations or operating guidelines required for proper performance of the contract, DOM shall do so in a timely manner. The Contractor shall be entitled to rely upon and act in accordance with such policy determinations and operating guidelines unless the Contractor acts negligently, maliciously, fraudulently, or in bad faith.

4.9.2 Waiver

No covenant, condition, duty, obligation, or undertaking contained in or made a part of this contract will be waived except by the written agreement of the parties, and forbearance or indulgence in any other form or manner by either party in any regard whatsoever shall not constitute a waiver of the covenant, condition, duty, obligation, or undertaking to be kept, performed, or discharged by the party to which the same may apply; and until complete performance or satisfaction of all such covenants, conditions, duties, obligations, and undertakings, the other party shall have the right to invoke any remedy available under law or equity, notwithstanding any such forbearance or indulgence.

4.9.3 Contract Variations

If any provision of the contract (including items incorporated by reference) is declared or found to be illegal, unenforceable, or void, then both DOM and the Contractor shall be relieved of all

Medicaid Utilization Management Programs

Office of the Governor – Division of Medicaid

obligations arising under such provision; if the remainder of the contract is capable of performance, it shall not be affected by such declaration or funding and shall be fully performed.

4.9.4 Headings

The headings used throughout the contract are for convenience only and shall not be resorted to for interpretation of the contract.

4.9.5 Change Orders and/or Amendments

The Executive Director of DOM or designated representative may, at any time, by written order delivered to the Contractor at least thirty (30) days prior to the commencement date of such change, make administrative changes within the general scope of the contract. If any such change causes an increase or decrease in the cost of the performance of any part of the work under the contract an adjustment commensurate with the costs of performance under this contract shall be made in the contract price or delivery schedule or both. Any claim by the Contractor for equitable adjustment under this clause must be asserted in writing to DOM within thirty (30) days from the date of receipt by the Contractor of the notification of change. Failure to agree to any adjustment shall be a dispute within the meaning of the Dispute Clause of this Contract. Nothing in this case, however, shall in any manner excuse the Contractor from proceeding diligently with the contract as changed.

If the parties are unable to reach an agreement within thirty (30) days of DOM receipt of the Contractor's cost estimate, the Executive Director of DOM shall make a determination of the revised price, and the Contractor shall proceed with the work according to a schedule approved by DOM subject to the Contractor's right to appeal the Executive Director's determination of the price pursuant to the Disputes Section. Nothing in this clause shall in any manner excuse the Contractor from proceeding diligently with the contract as changed.

The rate of payment for changes or amendments completed per contract year shall be at the rates specified by the Contractor's proposal.

At any time during the term of this contract, DOM may increase the quantity of goods or services purchased under this contract by sending the Contractor a written amendment or modification to that effect which references this contract and is signed by the Executive Director of DOM. The purchase price shall be the lower of the unit cost identified in the Contractor's proposal or the Contractor's then-current, published price. The foregoing shall not apply to services provided to DOM at no charge. The delivery schedule for any items added by exercise of this option shall be set by mutual agreement.

4.9.6 Disputes

Any dispute concerning the contract which is not disposed of by agreement shall be decided by the Executive Director of DOM who shall reduce such decision to writing and mail or otherwise furnish a copy thereof to the Contractor. The decision of the Executive Director shall be final and conclusive unless within thirty (30) days from the date of receipt of such copy, the Contractor mails or otherwise furnishes to the Attorney General a written request to render an interpretation addressed to the Office of the Attorney General, 550 High St., Suite 1200, Jackson, Mississippi 39205. The interpretation of the Attorney General or his duly authorized representative shall be

final and conclusive. The Contractor and DOM shall be afforded an opportunity to be heard and to offer evidence in support of their interpretations. Nothing in this paragraph shall be construed to relieve the Contractor of full and diligent performance of the contract.

4.9.7 Cost of Litigation

In the event that DOM deems it necessary to take legal action to enforce any provision of the contract, the Contractor shall bear the cost of such litigation, as assessed by the court, in which DOM prevails. Neither the State of Mississippi nor DOM shall bear any of the Contractor's cost of litigation for any legal actions initiated by the Contractor against DOM regarding the provisions of the contract. Legal action shall include administrative proceedings.

4.9.8 Attorney Fees

The Contractor agrees to pay reasonable attorney fees incurred by the State and DOM in enforcing this agreement or otherwise reasonably related thereto.

4.10 INDEMNIFICATION

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and contractors from any and all claims and losses accruing or resulting to any and all the Contractor employees, agents, subcontractors, laborers, and any other person, association, partnership, entity, or corporation furnishing or supplying work, services, materials, or supplies in connection with performance of this contract, and from any and all claims and losses accruing or resulting to any such person, association, partnership, entity, or corporation who may be injured, damaged, or suffer any loss by the Contractor in the performance of the contract.

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and contractors against any and all liability, loss, damage, costs or expenses which DOM may sustain, incur or be required to pay: 1.) by reason of any person suffering personal injury, death or property loss or damage of any kind either while participating with or receiving services from the Contractor under this contract, or while on premises owned, leased, or operated by the Contractor or while being transported to or from said premises in any vehicle owned, operated, leased, chartered, or otherwise contracted for or in the control of the Contractor or any officer, agent, or employee thereof; or 2.) by reason of the Contractor or its employee, agent, or person within its scope of authority of this contract causing injury to, or damage to the person or property of a person including but not limited to DOM or the Contractor, their employees or agents, during any time when the Contractor or any officer, agent, employee thereof has undertaken or is furnishing the services called for under this contract.

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and contractors against any and all liability, loss, damages, costs or expenses which DOM or the State may incur, sustain or be required to pay by reason of the Contractor, its employees, agents or assigns: 1.) failing to honor copyright, patent or licensing rights to software, programs or technology of any kind in providing services to DOM, or 2.) breaching in any manner the confidentiality required pursuant to federal and state law and regulations.

Office of the Governor – Division of Medicaid

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and contractors from all claims, demands, liabilities, and suits of any nature whatsoever arising out of the contract because of any breach of the contract by the Contractor, its agents or employees, including but not limited to any occurrence of omission or commission or negligence of the Contractor, its agents or employees.

If in the reasonable judgment of DOM a default by the Contractor is not so substantial as to require termination and reasonable efforts to induce the Contractor to cure the default are unsuccessful and the default is capable of being cured by DOM or by another resource without unduly interfering with the continued performance of the Contractor, DOM may provide or procure such services as are reasonably necessary to correct the default. In such event, the Contractor shall reimburse DOM for the reasonable cost of those services. DOM may deduct the cost of those services from the Contractor's monthly administrative invoices. The Contractor shall cooperate with DOM or those procured resources in allowing access to facilities, equipment, data or any other Contractor resources to which access is required to correct the default. The Contractor shall remain liable for ensuring that all operational performance standards remain satisfied.

4.10.1 No Limitation of Liability

Nothing in this contract shall be interpreted as excluding or limiting any liability of the Contractor for harm caused by the intentional or reckless conduct of the Contractor, or for damages incurred in the negligent performance of duties by the Contractor, or for the delivery by the Contractor of products that are defective, or for breach of contract or any other duty by the Contractor. Nothing in the contract shall be interpreted as waiving the liability of the Contractor for consequential, special, indirect, incidental, punitive or exemplary loss, damage, or expense related to the Contractor's conduct or performance under this contract.

4.11 STATUS OF THE CONTRACTOR

4.11.1 Independent Contractor

It is further expressly agreed that the contract shall not be construed as a partnership or joint venture between the Contractor and DOM.

Should the Contractor default on these or other responsibilities jeopardizing the Contractor's ability to perform services effectively, DOM, in its sole discretion, may terminate this contract.

The Contractor shall not purport to bind DOM, its officers or employees nor the State of Mississippi to any obligation not expressly authorized herein unless DOM has expressly given the Contractor the authority to do so in writing.

A violation of this provision shall constitute grounds for termination of this contract. In addition, such violation will be reported to the State Ethics Commission, Attorney General, and appropriate federal law enforcement officers for review.

The Contractor covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. An Evaluation Committee comprised of DOM staff will be established to evaluate the merits of eligible proposals. The committee will be appointed by the Executive Director of the Division of Medicaid and will include members who have relevant experience in the Medicaid program. The Committee will be responsible for the evaluation of the technical and business proposals.

7.2 EVALUATION OF PROPOSALS

A standard evaluation form will be utilized by the Evaluation Committee to ensure consistency in evaluation criteria. However, DOM retains the right to deviate from the standard form, if necessary to maintain the integrity of the procurement; and to ensure selection of the best qualified Contractor.

A maximum of 1,150 points will be available for each proposal which shall be comprised of a technical and a business proposal. The points awarded per phase by the evaluation committee will be totaled to determine the points awarded per proposal.

Evaluation of eligible proposals will be conducted in five (5) phases. The Procurement Officer will complete Phase One. The Technical Proposal Evaluation Committee will complete Phase Two. The Business Proposal Evaluation Committee will complete Phase Three. In Phase Four, the Procurement Officer will compile the results of the technical and business evaluations and make a recommendation to the Executive Director of DOM based on the results of the evaluation. In Phase Five the award decision will be made by the Executive Director.

At its option, the State may request an interview from Offerors in a competitive range in the evaluation. Offerors must be prepared to meet with DOM staff within five (5) days of notification. All costs associated with the interview will be the responsibility of the Offeror.

7.2.1 Phase 1 - Evaluation of Offerors' Response to RFP

In this phase, the Procurement Officer reviews each proposal to determine if each proposal is responsive. Each proposal will be evaluated to determine if it is complete and whether it complies with the instructions to Offerors in the RFP. Each proposal that is incomplete will be declared non-responsive and may be rejected with no further evaluation.

The Procurement Officer will determine if an incomplete proposal is sufficiently responsive to continue to Phase Two.

7.2.2 Phase 2 - Evaluation of Technical Proposal

Only those proposals which meet the requirements in Phase One will be considered in Phase Two.

Any Technical Proposal that is incomplete or in which there are significant inconsistencies or inaccuracies may be rejected by the Division of Medicaid. The Division of Medicaid reserves the

RFP# 20130215

Office of the Governor – Division of Medicaid

right to waive minor variances or reject any or all proposals. In addition, the Division of Medicaid reserves the right to request clarifications or enter into discussions with all Offerors.

The Evaluation Committee will review each Offeror's Technical Proposal in order to determine if the Offeror sufficiently addresses all of the RFP requirements and that the Offeror has developed a specific approach to meeting each requirement.

Executive Summary/Understanding of Project	15
Corporate Background and Experience	55
Organization and Staffing	200
Methodology	470
Project Management	70

Oral presentations are not evaluated but Technical Proposal evaluations may be adjusted based on information gathered during the oral presentations.

The committee will review the organizational chart(s), time lines, the job descriptions including job qualifications, the resumes of staff and their qualifications for the positions they will hold, and the relationship of their past experience to their proposed responsibilities under this contract. The committee will evaluate the explanation of the Offeror regarding the relationship between the Offeror and the Project Manager to determine if they will have sufficient autonomy to make management decisions to improve the Offeror's delivery of services to DOM.

7.2.2.6 Work Plan and Schedule

The Evaluation Committee will review and evaluate the work plan and schedule to determine if all tasks are included and if, for each task, a timeline and an identification of staff responsible for the task’s accomplishment are indicated. The work plan must provide a logical sequence of tasks and a sufficient amount of time for their accomplishment.

7.2.3 Phase 3 - Evaluation of Business/Cost Proposal

Only those proposals that satisfactorily completed Phase 2 will be considered for Phase 3. DOM reserves the right to waive minor variances or reject any or all proposals.

Any bid price determined by DOM to be unrealistically or unreasonably low may not be considered acceptable, as such a proposal has a high probability of not being accomplished for the cost proposed. The Offeror may be required to produce additional documentation to authenticate the proposal price.

The maximum 300 points will be assigned to the lowest and best acceptable proposal. All other proposals will be assigned points based on the following formula:

$$\frac{X}{Y} * 300 = Z$$

X = lowest bid price

Y = Offeror’s bid price

Z = assigned points

7.3 Phase 4 and 5 - Selection

EXHIBIT 1

DHHS CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS:

GRANTEES OTHER THAN INDIVIDUALS

Instructions for Certification

By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

1) This certification is required by regulations implementing the Drug-Free Act of 1988, 45 CFR Part 76, Subpart F. The regulations, published in the May 25, 1990, Federal Register, require certification by grantees that they will maintain a drug-free workplace. The certification set out below is a material representation of fact upon which reliance will be placed when the Department of Health and Human Services (HHS) determines to award the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HHS, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

2) Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

3) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

4) If the workplace identified to DOM changes during the performance of the grant, the grantee shall inform DOM of the change(s), if it previously identified the workplaces in question (see above).

5) Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Medicaid Utilization Management Programs
RFP# 20130215

Office of the Governor – Division of Medicaid

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including (i) all direct charge employees; (ii) all indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

The grantee certifies that it will or will continue to provide a drug-free workplace by

a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

b) Establishing an ongoing drug-free awareness program to inform employees about

1) The dangers of drug abuse in the workplace; 2) the grantee's policy of maintaining a drug-free workplace; 3) any available drug counseling, rehabilitation, and employee assistance programs; and 4) the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will

1) Abide by the terms of the statement; and 2) notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

e) Notifying DOM in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted:

1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or 2) requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
