### 304.04 EXCEPTIONS TO TREATMENT OF TRUSTS

The rules concerning treatment of trusts do not apply to any of the following types of trusts, i.e., the trusts discussed below are treated differently in determining eligibility for Medicaid. Funds entering and leaving these trusts are generally treated according to SSI rules or more liberal rules under Section 1902(r) (2) of the Act, as appropriate.

As noted in each exception below, one common feature of all of these excepted trusts is a requirement that the trust provide that, upon the death of the individual, any funds remaining in the trust go to the Division of Medicaid, up to the amount paid in Medicaid benefits on the individual's behalf.

#### 304.04.01 SPECIAL NEEDS TRUST (SNT)

A trust containing the assets of an individual under age 65 who is disabled (as defined by the SSI program) and which is established **for the sole benefit of** the disabled individual by a parent, grandparent, legal guardian of the individual, or a court is often referred to as a Special Needs Trust. In addition to the assets of the individual, the trust may also contain the assets of individuals other than the disabled individual.

To qualify for an exception to the rules governing trusts in this section, the Special Needs Trust must contain a provision stating that, upon the death of the individual, or upon termination of the trust for any other reason, the MS Division of Medicaid receives all amounts remaining in the trust, up to an amount equal to the total amount of medical assistance paid on behalf of the individual.

When a Special Needs Trust is established for a disabled individual under age 65, the exception for the trust discussed above continues even after the individual becomes age 65. However, such a trust cannot be added to or otherwise augmented after the individual reaches age 65. Any such addition or augmentation after age 65 involves assets that were not the assets of an individual under 65 and therefore, those assets are not subject to the exemption discussed in this section.

To qualify for this exception to the rules governing trusts, the trust must be established for a disabled individual, as defined under the SSI Program. When the individual in question is receiving either Title II or SSI benefits as a disabled individual, accept the disability determination made for those programs. If the individual is not receiving those benefits, make a determination concerning the individual's disability.

### Special Needs Trust (SNT) (Continued)

Establishment of a trust as described above does not constitute a transfer of assets for less than fair market value if the transfer is made into a trust established solely for the benefit of a disabled individual under age 65. However, if the trust is not solely for the benefit of the disabled person or if the disabled person is over age 65 transfer penalties may apply.

#### **304.04.02 POOLED TRUSTS**

A pooled trust is a trust containing the assets of a disabled individual as defined by the SSI Program in Section 1614(a)(3) of the Act, that meets the following conditions:

- The trust is established and managed by a non-profit entity that has been granted that status by the Internal Revenue Service (IRS);
- A separate account is maintained for each beneficiary of the trust but for purposes of investment and management of funds the trust pools the funds in these accounts;
- Accounts in the trust are established solely for the benefit of disabled individuals by the individual, by the parent, grandparent, legal guardian of the individual, or by a court; and,
- To the extent that any amounts remaining in the beneficiary's account upon the death of the beneficiary are not retained by the trust, the trust pays to the Division of Medicaid the amount remaining in the account up to the amount equal to the total amount of medical assistance paid on behalf of the beneficiary. To meet this requirement, the trust must include a provision specifically providing for such payment.

To qualify as an excepted trust, the trust account must be established for a disabled individual, as defined in Section 1614(a)(3) of the Act. When the individual in question is receiving either Title II or SSI benefits as a disabled individual, accept the disability determination made for those programs. If the individual is not receiving those benefits, make a determination concerning the individual's disability. If disability is not established using SSI criteria, the pooled trust exception cannot apply.

If a pooled trust does not meet the conditions specified above, a transfer of assets may apply.
