# 72-Hour Emergency Supply

MEDICAID FEE FOR SERVICE (FSS)

## CONTACTS

**For PA assistance** call the Medicaid Pharmacy PA unit at 1-877-537-0722.

**PA request may be faxed to** 1-877-537-0720

**For billing assistance** call XEROX at 1-800-844-3222

**Beneficiaries may be referred to** 1-800-421-2408 or 601-359-6050 for assistance.

Federal law requires that a 72-hour emergency supply of a prescribed drug be provided when a medication is needed without delay and prior authorization (PA) is not available. The rule applies to non-preferred drugs listed in the Preferred Drug List and any drug that is affected by clinical or PA edits and would need prescriber prior approval. 72-hour emergency prescriptions count against monthly service limits.

The 72-hour emergency supply should be dispensed any time a PA is not available and the prescribed drug must be filled. If the prescriber cannot be reached or is unable to request the PA, the pharmacy should submit an emergency 72-hour prescription. Pharmacist should use his/her professional judgment regarding whether or not there is an immediate need every time the 72-hour option is used. The 72-hour emergency procedure should not be used for routine and continuous overrides.

A pharmacy can dispense a product that is packaged in a dosage form that is fixed and unbreakable, e.g. an albuterol inhaler, as a 72-hour emergency supply.

### ***Billing Procedures***

A value of "3" in the level of service (Field 418-DI)

A Value of "3" in the Day Supply Field (Field 405-D5)

The quantity submitted in the Quantity Dispensed field (Field 442-E7) should not exceed the quantity necessary for a three-day supply according to the directions for administration given by the prescriber.

For unbreakable packaging, included but not limited to, inhalers, antibiotic suspensions, or otic drops, a pharmacy should follow the same directions for the 72-hour emergency supply including entering the full quantity dispensed and either entering the correct days' supply or a "3" day supply.
