

Background

Due to the Affordable Care Act (ACA), the Internal Revenue Service (IRS) requires proof that you have health insurance coverage for you to report on your tax return.

Each individual enrolled in Medicaid or the Children's Health Insurance Program (CHIP) will receive their own 1095-B form. The 1095-B form has information to prove health insurance coverage from Medicaid or CHIP you had during the 2015 calendar year. The information on the 1095-B form is to be used to report health coverage on your tax return and retained for your records.

The 1095-B form documents the months that Medicaid was your primary source of minimal essential health insurance coverage. If you had coverage from any other source for any month in 2015, that source will send you a 1095-B form. This includes other coverage sources, such as: COBRA, TRICARE, private insurance, etc.

The 1095-B tax forms are being mailed out in January 2016 from the Mississippi Division of Medicaid's fiscal agent. Our current fiscal agent is Xerox. They are a private company that helps keep our agency running smoothly. If you get mail from Xerox, don't assume its junk mail.

The Mississippi Division of Medicaid does not provide tax advice. For more information about the 1095-B form, visit the Internal Revenue Service (IRS) website at <http://irs.gov/aca>.

Frequently Asked Questions

What is a 1095-B form?

The 1095-B form is proof of health insurance coverage. It provides information to verify health insurance coverage from Medicaid or the Children's Health Insurance Program (CHIP). DO NOT throw this form away.

Why did I get a 1095-B tax form?

Due to the Affordable Care Act (ACA), the Internal Revenue Service (IRS) requires proof that you have health insurance coverage for you to report on your tax return. The 1095-B form is proof of health insurance coverage from Medicaid or CHIP you had during the 2015 calendar year. The 1095-B form documents the months that Medicaid was your primary source of minimal essential health insurance coverage.

What do I need to do with the 1095-B form?

Use the information on your 1095-B form to report on your tax return. DO NOT throw this form away.

When will I get a 1095-B form?

1095-B forms are being sent in January 2016. They are being sent by our fiscal agent, Xerox.

Who receives a 1095-B tax form?

You will get a 1095-B form if you were enrolled in Medicaid or CHIP during the 2015 calendar year.

Why did I receive multiple 1095-B tax forms?

The agency provides the 1095-B form to document the months that Medicaid was your primary source of minimal essential health insurance coverage. If you had coverage from any other source for any month in 2015, that will send you a 1095-B form as documentation. This includes other coverage sources, such as: COBRA, TRICARE, private insurance, etc.
