Mission: The Mississippi Division of Medicaid responsibly provides access to quality health coverage for vulnerable Mississippians.

Values: We are committed to accomplishing our mission by conducting operations with...

Accountability * Consistency * Respect
History of Medicaid

- **1965** - Medicaid was created as part of the Social Security Amendments of 1965, to provide health coverage for certain eligible, low income populations.

- **1969** - Medicaid was enacted by the Mississippi State Legislature

All 50 states, the District of Columbia, and five territories participate in the voluntary matching program.

*Note: Medicaid is different from Medicare.*
Medicaid Eligibility Requirements

In Mississippi, the basic eligibility requirements to qualify for any Medicaid health benefits are:

• You must be a United States citizen or qualified alien.
• You must be a resident of Mississippi.
• You must meet requirements for age and/or disability, income, and other eligibility requirements such as resources for certain aged, blind or disabled coverage groups.
• You must complete and submit an application form.
• You must provide requested verification within the allowed time limits.

Those who qualify for Supplemental Security Income (SSI) are automatically eligible for Medicaid.

What does Medicaid Cover?

Federal law requires states to cover certain “mandatory services” for Medicaid beneficiaries. States then have the flexibility to choose other additional services that federal law designates as “optional.”

For individuals who qualify for full Mississippi Medicaid health benefits, the following covered services are included:

- Office Visits
- Family Planning Services
- Inpatient Hospital Care
- Outpatient Hospital Care
- Prescription Drugs
- Eyeglasses
- Long Term Care Services
- Inpatient Psychiatric Care (limits apply)

(This is not a comprehensive list of all Medicaid health benefits.)
Programmatic Accomplishments During the Last Four Years

• Made significant internal changes involving the agency’s brand and logo, employee engagement and recognition to improve morale
• Proactively increased outreach efforts to improve relationships among agency leadership, staff and the provider community
• Implemented the Affordable Care Act (ACA) mandates
Programmatic Accomplishments During the Last Four Years

- Changed reimbursement model for inpatient (per-diem to APR-DRG) and outpatient hospital services (cost-to-charge ratio to APC)
- Updated Long-Term Care payment policy
- Unified the Preferred Drug List
- Increased the footprint of managed care from 8% to 65% of beneficiaries enrolled

Home and Community Based Services

Home and Community Based Services (HCBS) Programs offer in-home and/or community-based services instead of institutional care. These demonstration waiver programs provide more specialized services, above and beyond the State Plan.

Individuals eligible for these programs are the most vulnerable and severely ill, such as:

- Elderly and disabled, SSI recipients
- Disabled children living at home
- Intellectual disabilities/developmental disabilities
- Traumatic brain injury/spinal cord injury
