

State of Mississippi
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE

Federally Qualified Health Centers (FQHCs) and FQHC Look-Alikes

I. Introduction

The purpose of this State Plan is to set forth policies and guidelines to be administered by the Mississippi Division of Medicaid (DOM) for Federally Qualified Health Centers (FQHCs) and FQHC look-alikes operating in the State of Mississippi. All FQHCs and FQHC look-alikes shall be reimbursed in accordance with section 1902 of the Social Security Act as amended by section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement Act of 2000 (BIPA) and the principles and procedures specified in this plan.

II. Payment Methodology

This state plan provides for reimbursement to FQHC and FQHC look-alike providers at a prospective payment rate per encounter and, ~~effective November 1, 2013, for an additional payment fee for certain services during extended hours.~~

A. Prospective Payment System

In accordance with Section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act (BIPA) of 2000, effective January 1, 2001, the state plan shall provide for payment for core services and other ambulatory services provided by ~~federally qualified health centers~~ FQHCs or FQHC look-alikes at a prospective payment rate per encounter. The rate shall be calculated (on a per visit basis) in an amount equal to one hundred percent (100%) of the average of the center's reasonable costs of providing Medicaid covered services provided during fiscal years 1999 and 2000, adjusted to take into account any increase or decrease in the scope of services furnished during fiscal year 2001. The average rate will be computed from FQHC and FQHC look-alike Medicaid cost reports by applying a forty percent (40%) weight to fiscal year 1999 and a sixty percent (60%) weight to fiscal year 2000 and adding those rates together. For centers that qualified for Medicaid participation during fiscal year 2000, their prospective payment rate will only be computed from the fiscal year 2000 Medicaid cost report.

For services furnished during calendar year 2002 and each subsequent calendar year, the payment rate shall be equal to the rate established in the preceding calendar year increased by the Medicare Economic Index (MEI) for primary care services that is published in the Federal Register in the fourth (4th) quarter of the preceding calendar year. Adjustments to the PPS rate for the increase or decrease in scope of services are reflected in the PPS rate for services provided in the calendar year following the calendar year in which the change in scope of services took place.

B. New Centers

For new centers that qualify for the FQHC and FQHC look-alike program after January 1, 2001, the initial prospective payment system (PPS) rate shall be based on the rates established for other centers located in the same or adjacent area with a similar caseload. In the absence of such an FQHC or FQHC look-alike, the rate for the new provider will be based on projected costs. After the FQHC or FQHC look-alike's initial year, a Medicaid cost report must be filed in accordance with this plan. The cost report will be desk reviewed and a rate shall be calculated in an amount equal to one hundred percent (100%) of the FQHC or FQHC look-alike's reasonable costs of providing Medicaid covered services. The FQHC or FQHC look-alike may be subject to a retroactive adjustment based on the difference between projected and actual allowable costs. Claims payments will be adjusted retroactive to the effective date of the original rate.

For each subsequent calendar year, the payment rate shall be equal to the rate established in the preceding calendar year, increased by the percentage increase in the Medicare Economic Index (MEI) for primary care services that is published in the Federal Register in the fourth (4th) quarter of the preceding calendar year.

C. Alternate Payment Methodology

In addition to the PPS rate, FQHCs and FQHC look-alikes will receive an additional fee for the following services:

1. Certain services provided during or after after normal the FQHC or FQHC look-alike established office hours, which are set outside of the Division of Medicaid's definition of office hours operating hours when

State of Mississippi
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE

billing claims with codes 99050 ~~and~~ or 99051 according to Miss. Admin. Code Title 23, Part 211.

2. Telehealth services provided by the FOHC or FOHC look-alike as the originating site provider. The FOHC or FOHC look-alike will receive the originating site facility fee per completed transmission when billing claims with code Q3014. The FOHC or FOHC look-alike may not bill for an encounter visit unless a separately identifiable service is performed.

A listing of these services may be viewed at www.medicaid.ms.gov/FeeScheduleLists.aspx. The services will be paid at the existing fee-for-service rate on the MS Medicaid Physician Fee Schedule.

D. Change in Scope of Services

~~An FOHC or FOHC look-alike must request an adjustment to its notify the Division of Medicaid in writing of any change in the scope of services by the end of the calendar year in which the change occurred, including decreases in scope of services. The Division of Medicaid will adjust an FOHC or FOHC look-alike's PPS rate if the following criteria are met: whenever there is a documented change in the scope of services. The adjustment will be granted only if the change in scope of services results in at least a 5% increase or decrease in the center's cost for the calendar year in which the change in scope of service took place. A change in the scope of services is defined as a change in the type, intensity, duration and/or amount of services as follows:~~

- The FOHC or FOHC look-alike can demonstrate that there is a valid and documented change in the scope of services.
- The change in scope of services results in at least a five percent (5%) increase or decrease in the FOHC or FOHC look-alike's PPS rate for the calendar year in which the change in scope of service took place.
- All previous changes in scope of services were properly reported to the Division of Medicaid by the FOHC or FOHC look-alike.

A change in the scope of services is defined as the occurrence of one or more of the following qualifying events:

1. A change in the type of health care services that the FOHC or FOHC look-alike provides due to:
 - a) 1.—The addition of a new service not previously provided by the FOHC or FOHC look-alike, such as, including, but not limited to, dental, Early and Periodic Screening, Diagnostic, and Treatment (EPSDT), optometry, obstetrics and gynecology (OB/GYN), laboratory, radiology, pharmacy, outreach, case management, or transportation, etc., or
 - b) 2.—The elimination of an existing service provided by the FOHC or FOHC look-alike.
2. A change in the intensity of health care services demonstrated by an increase or decrease in the total quantity of labor and materials consumed by an individual client during an average encounter or a change in the types of patients served.
3. A change in the duration of health care represented by an increase or decrease in the length of an average encounter.
4. A change in the amount of health care services provided by the FOHC or FOHC look-alike in an average encounter.

~~However, a~~ A change in the scope of services does not mean the addition or reduction of staff members to or from an existing service. An increase or decrease in the number of encounters does not constitute a change in the scope of services. Also, a change in the cost of a service is not considered in and of itself a change in the scope of services.

State of Mississippi
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE

FQHCs and FQHC look-alikes must submit a request for an adjustment to its PPS rate no later than one hundred eighty (180) days after the settlement date of FQHC or FQHC look-alike's Medicare final settlement cost report for the FQHC or FQHC look-alike's first full fiscal year of operation with the change in scope of services. The request must include the first final settlement cost report that includes twelve (12) months of costs for the new service. The adjustment will be granted only if the cost related to the change in scope of services results in at least a five percent (5%) increase or decrease in the FQHC or FQHC look-alike's PPS rate for the calendar year in which the change in scope of services took place. The cost related to a change in scope of services will be subject to reasonable cost criteria identified in accordance with 42 CFR Part 405, Subpart X, or applicable federal regulation.

It is the responsibility of the FQHC or FQHC look-alike to notify the Division of Medicaid of any change in the scope of services and provide the proper and valid documentation to support the rate change. Such required documentation must include, at a minimum, a detailed working trial balance demonstrating the increase or decrease in the FQHC or FQHC look-alike's PPS rate as a result of the change in scope of services. The Division of Medicaid will require the

State of Mississippi
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE

FOHC or FOHC look-alike to provide such documentation in a format acceptable to the Division of Medicaid, including providing such documentation upon the Division of Medicaid's pre-approved forms. The Division of Medicaid will also request additional information as it sees fit in order to sufficiently determine whether any change in scope of services has occurred. The instructions and forms for submitting a request due to a change in scope of services can be found at www.medicaid.ms.gov/resources/forms/.

Adjustments to the PPS rate for the increase or decrease in scope of services are reflected in the PPS rate for services provided in the calendar year following the calendar year in which the change in scope of services took place. The revised PPS rate cannot exceed the cost per visit from the most recent audited cost report.

Example:

Anytown Family Health Center experienced one of the qualifying events outlined in II. D. above and submitted the appropriate supporting documentation.

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE

Federally Qualified Health Centers (FQHCs) and FQHC Look-Alikes

I. Introduction

The purpose of this State Plan is to set forth policies and guidelines to be administered by the Mississippi Division of Medicaid (DOM) for Federally Qualified Health Centers (FQHCs) and FQHC look-alikes operating in the State of Mississippi. All FQHCs and FQHC look-alikes shall be reimbursed in accordance with section 1902 of the Social Security Act as amended by section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement Act of 2000 (BIPA) and the principles and procedures specified in this plan.

II. Payment Methodology

This state plan provides for reimbursement to FQHC and FQHC look-alike providers at a prospective payment rate per encounter and an additional fee for certain services.

A. Prospective Payment System

In accordance with Section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act (BIPA) of 2000, effective January 1, 2001, the state plan shall provide for payment for core services and other ambulatory services provided by FQHCs or FQHC look-alikes at a prospective payment rate per encounter. The rate shall be calculated (on a per visit basis) in an amount equal to one hundred percent (100%) of the average of the center's reasonable costs of providing Medicaid covered services provided during fiscal years 1999 and 2000, adjusted to take into account any increase or decrease in the scope of services furnished during fiscal year 2001. The average rate will be computed from FQHC and FQHC look-alike Medicaid cost reports by applying a forty percent (40%) weight to fiscal year 1999 and a sixty percent (60%) weight to fiscal year 2000 and adding those rates together. For centers that qualified for Medicaid participation during fiscal year 2000, their prospective payment rate will only be computed from the fiscal year 2000 Medicaid cost report.

For services furnished during calendar year 2002 and each subsequent calendar year, the payment rate shall be equal to the rate established in the preceding calendar year increased by the Medicare Economic Index (MEI) for primary care services that is published in the Federal Register in the fourth (4th) quarter of the preceding calendar year. Adjustments to the PPS rate for the increase or decrease in scope of services are reflected in the PPS rate for services provided in the calendar year following the calendar year in which the change in scope of services took place.

B. New Centers

For new centers that qualify for the FQHC and FQHC look-alike program after January 1, 2001, the initial prospective payment system (PPS) rate shall be based on the rates established for other centers located in the same or adjacent area with a similar caseload. In the absence of such an FQHC or FQHC look-alike, the rate for the new provider will be based on projected costs. After the FQHC or FQHC look-alike's initial year, a Medicaid cost report must be filed in accordance with this plan. The cost report will be desk reviewed and a rate shall be calculated in an amount equal to one hundred percent (100%) of the FQHC or FQHC look-alike's reasonable costs of providing Medicaid covered services. The FQHC or FQHC look-alike may be subject to a retroactive adjustment based on the difference between projected and actual allowable costs. Claims payments will be adjusted retroactive to the effective date of the original rate.

For each subsequent calendar year, the payment rate shall be equal to the rate established in the preceding calendar year, increased by the percentage increase in the Medicare Economic Index (MEI) for primary care services that is published in the Federal Register in the fourth (4th) quarter of the preceding calendar year.

State of Mississippi
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE

C. Alternate Payment Methodology

In addition to the PPS rate, FQHCs and FQHC look-alikes will receive an additional fee for the following services:

1. Certain services provided during or after the FQHC or FQHC look-alike established office hours, which are set outside of the Division of Medicaid's definition of office hours when billing claims with codes 99050 or 00951 according to Miss. Admin. Code Title 23, Part 211.
2. Telehealth services provided by the FQHC or FQHC look-alike as the originating site provider. The FQHC or FQHC look-alike will receive the originating site facility fee per completed transmission when billing claims with code Q3014. The FQHC or FQHC look-alike may not bill for an encounter visit unless a separately identifiable service is performed.

A listing of these services may be viewed at www.medicaid.ms.gov/FeeScheduleLists.aspx. The services will be paid at the existing fee-for-service rate on the MS Medicaid Physician Fee Schedule.

D. Change in Scope of Services

An FQHC or FQHC look-alike must notify the Division of Medicaid in writing of any change in the scope of services by the end of the calendar year in which the change occurred, including decreases in scope of services. The Division of Medicaid will adjust an FQHC or FQHC look-alike's PPS rate if the following criteria are met:

- The FQHC or FQHC look-alike can demonstrate that there is a valid and documented change in the scope of services.
- The change in scope of services results in at least a five percent (5%) increase or decrease in the FQHC or FQHC look-alike's PPS rate for the calendar year in which the change in scope of service took place.
- All previous changes in scope of services were properly reported to the Division of Medicaid by the FQHC or FQHC look-alike.

A change in the scope of services is defined as the occurrence of one or more of the following qualifying events:

1. A change in the type of health care services that the FQHC or FQHC look-alike provides due to:
 - a) The addition of a new service not previously provided by the FQHC or FQHC look-alike, including, but not limited to, dental, Early and Periodic Screening, Diagnostic, and Treatment (EPSDT), optometry, obstetrics and gynecology (OB/GYN), laboratory, radiology, pharmacy, outreach, case management, or transportation, or
 - b) The elimination of an existing service provided by the FQHC or FQHC look-alike.
2. A change in the intensity of health care services demonstrated by an increase or decrease in the total quantity of labor and materials consumed by an individual client during an average encounter or a change in the types of patients served.
3. A change in the duration of health care represented by an increase or decrease in the length of an average encounter.
4. A change in the amount of health care services provided by the FQHC or FQHC look-alike in an average encounter.

A change in the scope of services does not mean the addition or reduction of staff members to or from an existing service. An increase or decrease in the number of encounters does not constitute a change in the

State of Mississippi
 METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE

scope of services. Also, a change in the cost of a service is not considered in and of itself a change in the scope of services.

FQHCs and FQHC look-alikes must submit a request for an adjustment to its PPS rate no later than one hundred eighty (180) days after the settlement date of the FQHC or FQHC look-alike's Medicare final settlement cost report for the FQHC or FQHC look-alike's first full fiscal year of operation with the change in scope of services. The request must include the first final settlement cost report that includes twelve (12) months of costs for the new service. The adjustment will be granted only if the cost related to the change in scope of services results in at least a five percent (5%) increase or decrease in the FQHC or FQHC look-alike's PPS rate for the calendar year in which the change in scope of services took place. The cost related to a change in scope of services will be subject to reasonable cost criteria identified in accordance with 42 CFR Part 405, Subpart X, or applicable federal regulation.

It is the responsibility of the FQHC or FQHC look-alike to notify the Division of Medicaid of any change in the scope of services and provide proper and valid documentation to support the rate change. Such required documentation must include, at a minimum, a detailed working trial balance demonstrating the increase or decrease in the FQHC or FQHC look-alike's PPS rate as a result of the change in scope of services. The Division of Medicaid will require the FQHC or FQHC look-alike to provide such documentation in a format acceptable to the Division of Medicaid, including providing such documentation upon the Division of Medicaid's pre-approved forms. The Division of Medicaid will also request additional information as it sees fit in order to sufficiently determine whether any change in scope of services has occurred. The instructions and forms for submitting a request due to a change in scope of services can be found at www.medicaid.ms.gov/resources/forms/.

Adjustments to the PPS rate for the increase or decrease in scope of services are reflected in the PPS rate for services provided in the calendar year following the calendar year in which the change in scope of services took place. The revised PPS rate cannot exceed the cost per visit from the most recent audited cost report.

Example: Anytown Family Health Center experienced one of the qualifying events outlined in II. D. above and submitted the appropriate supporting documentation.
