PUBLIC NOTICE

February 28, 2017

Pursuant to 42 C.F.R. Section 441.304(e)-(f), public notice is hereby given to the submission of the Independent Living (IL) Waiver renewal. The Division of Medicaid, in the Office of the Governor, will submit this proposed waiver renewal to the Centers for Medicare and Medicaid Services (CMS) for the IL Waiver effective July 1, 2017.

- 1. The proposed changes to the IL Waiver are to:
 - a. Revise the language to refer to participant or individual as a person and Plan of Care (POC) as the Plan of Services and Supports (PSS) in all sections of the waiver application.
 - b. Utilize the Division of Medicaid's Long Term Service and Supports (LTSS) System to maintain a person's comprehensive individual record to include reporting of Abuse, Neglect and Exploitation.
 - c. Replace the Preadmission Screening Tool (PAS) with the interRAI core standardized assessment tool.
 - d. Revise and strengthen Personal Care Attendant (PCA) training requirements and include annual training requirements.
 - e. Add the Home and Community-Based (HCB) settings final rule assurance for a person receiving services on the IL waiver meets all the settings requirements.
 - f. Update the Performance Measures to meet all current CMS assurances and sub-assurances.
 - g. Remove the stand alone Freedom of Choice form requirement now attested through the PSS process.
 - h. Seek authority under the 1915(b)(4) fee-for-service selective contracting program and request a waiver of Section 1902(a)(23) Freedom of Choice for IL case management services. The provider of case management services will be the operating state agency for the IL Waiver.
 - i. Remove Financial Management Services (FMS) as a waiver service. Participant directed personal care services will continue with persons on the IL waiver recruiting, hiring and terminating employment of their personal care attendant.
- 2. The financial impact for the IL Waiver renewal is anticipated to be budget neutral.
- 3. These proposed improvements will add quality and continuity to the provision of IL waiver services by incorporating the process of person centered planning through a system of Long Term Services and Supports allowing persons on the IL Waiver to

continue to receive case management by professionals experienced in the delivery of person-centered, self-directed waiver services.

- 4. A copy of the proposed waiver changes will be available in each county health department office and in the Department of Human Services office in Issaquena County, for review. A hard copy can be downloaded and printed from www.medicaid.ms.gov or may be requested at Margaret.Wilson@medicaid.ms.gov or 601-359-2081.
- 5. Written comments will be received by the Division of Medicaid, Office of the Governor, Office of Policy, Walter Sillers Building, Suite 1000, 550 High Street, Jackson, Mississippi 39201, or Margaret.Wilson@medicaid.ms.gov for thirty (30) days from the date of this notice. Comments will be available for public review at the above address and on the Division of Medicaid's website at www.medicaid.ms.gov.
- 6. A public hearing on this waiver renewal will not be held.

Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a State to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The State has broad discretion to design its waiver program to address the needs of the waiver's target population. Waiver services complement and/or supplement the services that are available to participants through the Medicaid State plan and other federal, state and local public programs as well as the supports that families and communities provide.

The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the State, service delivery system structure, State goals and objectives, and other factors. A State has the latitude to design a waiver program that is cost-effective and employs a variety of service delivery approaches, including participant direction of services.

Request for a Renewal to a §1915(c) Home and Community-Based Services Waiver

1. Major Changes

Describe any significant changes to the approved waiver that are being made in this renewal application: The Division of Medicaid (DOM) and other State partners have been working on developing a Long Term Services and Support System (LTSS) to include at a minimum, a No Wrong Door System, Conflict Free Case Management, a Core Standardized Assessment Instrument,

Information and Referral System, Electronic Visit Verification and a Quality Assurance Improvement strategy that reaches across all waivers.

Effective October 1, 2013, DOM entered into a contract with a vendor to assist the State in fulfilling the Balancing Incentive Plan (BIP) requirements. As a part of this process, the State developed a comprehensive LTSS assessment tool which will replace the Pre-admission Screening (PAS) with the interRAI-HC tool. The current case management system, Omnitrack, is also being replaced by the eLTSS system designed by FEi to meet all necessary requirements, specifically, 1) gathering, storing and reporting data, 2) improving communications between care providers, DOM and other State partners, 3) detecting and reducing fraud, and 4) ensuring the States LTSS program is efficient and effective at providing the highest quality of care possible. LTSS systems has been implemented by phases across waivers. The projected implementation date for the LTSS system is mid-2017.

FMS as a waiver service was not implemented in the previous approved waiver. Participant directed service model will continue with persons on the IL waiver recruiting, hiring and terminating employment of their personal care attendant.

DOM will seek authority under the 1915(b)(4) fee-for-service selective contracting program and request a waiver of Section 1902(a)(23) Freedom of Choice for case management services. The request is to limit the provider of case management services to the Mississippi Department of Rehabilitative Services (MDRS).

Application for a §1915(c) Home and Community-Based Services Waiver

1. Request Information (1 of 3)

- **A.** The **State** of **Mississippi** requests approval for a Medicaid home and community-based services (HCBS) waiver under the authority of §1915(c) of the Social Security Act (the Act).
- **B.** Program Title (optional this title will be used to locate this waiver in the finder): Independent Living Waiver
- C. Type of Request: renewal

	Requested Approval Period: (For new waivers requesting five year approval periods, the waiver must serve individuals who are dually eligible for Medicaid and Medicare.)
	○ 3 years ● 5 years
E.	Original Base Waiver Number: MS.0255 Draft ID: MS.002.05.00 Type of Waiver (select only one): Regular Waiver Proposed Effective Date: (mm/dd/yy) 07/01/17 equest Information (2 of 3)
r.	Level(s) of Care. This waiver is requested in order to provide home and community-based waiver services to individuals who, but for the provision of such services, would require the following level(s) of care, the costs of which would be reimbursed under the approved Medicaid State plan (check each that applies): Hospital Select applicable level of care
	O Hospital as defined in 42 CFR §440.10 If applicable, specify whether the State additionally limits the waiver to subcategories of the hospital level of care:
	Inpatient psychiatric facility for individuals age 21 and under as provided in 42 CFR §440.160 Nursing Facility Select applicable level of care Nursing Facility as defined in 42 CFR 440.40 and 42 CFR 440.155 If applicable, specify whether the State additionally limits the waiver to subcategories of the nursing facility level of care: The participant must: 1) Exhibit severe orthopedic and/or neurological impairment that renders the participant dependent on others, assistive devices, other types of assistance, or a combination of the three to accomplish the activities of daily living. 2) Be able to express ideas and wants either verbally or nonverbally with caregivers, personal care attendants, counselors/case managers, or others involved in their care. 3) Be medically stable. Medical stability is defined as the absence of any of the following: (a) An active, life threatening condition (sepsis, respiratory, or other conditions requiring systematic therapeutic measures); (b) Intravenous infusions to control or support blood pressure; (c)intracranial pressure or arterial monitoring. Institution for Mental Disease for persons with mental illnesses aged 65 and older as provided in 42
	Institution for Mental Disease for persons with mental illnesses aged 65 and older as provided in 42 CFR §440.140 Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) (as defined in 42 CFR §440.150) If applicable, specify whether the State additionally limits the waiver to subcategories of the ICF/IID level of care:
1. Re	equest Information (3 of 3)
G.	Concurrent Operation with Other Programs. This waiver operates concurrently with another program (or programs) approved under the following authorities Select one: Not applicable

~	Waiver(s) authorized under §1915(b) of the Act. Specify the §1915(b) waiver program and indicate whether a §1915(b) waiver application has been
	submitted or previously approved:
	Specify the §1915(b) authorities under which this program operates (check each that applies): [§1915(b)(1) (mandated enrollment to managed care)
	☐ §1915(b)(2) (central broker)
	§1915(b)(3) (employ cost savings to furnish additional services)
	▼ §1915(b)(4) (selective contracting/limit number of providers)
	A program operated under §1932(a) of the Act.
	Specify the nature of the State Plan benefit and indicate whether the State Plan Amendment has bee submitted or previously approved:
	A program authorized under §1915(i) of the Act.
	A program authorized under §1915(j) of the Act.
	A program authorized under §1115 of the Act.
	Specify the program:

2. Brief Waiver Description

Brief Waiver Description. *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods. The Independent Living waiver provides participants seeking Long Term Care assistance, meaningful choices to allow residency in a the HCB setting. The waiver strives to identify the needs of the person and provide services in the most cost efficient manner possible with the highest quality of care. This is accomplished through the utilization of a comprehensive Long Term Services and Supports assessment process that provides a single point of entry for individuals seeking long term care services and is designed to fill two primary functions: 1) determine eligibility for Medicaid long term care across both institutional and HCBS settings; and 2) facilitate informed choices by persons applying for services.

This waiver is administered by the DOM (otherwise known as the State) and operated statewide by Mississippi Department of Rehabilitative Services MDRS (otherwise known as the Department) through an interagency agreement. The following are services that are provided under the IL Waiver: case management, personal care attendant service,, environmental accessibility adaptation, specialized medical equipment and supplies, and transition assistance.

Upon entry into the waiver, the waiver participant will direct their own services through a Co-participants service model.

3. Components of the Waiver Request

The waiver application consists of the following components. Note: Item 3-E must be completed.

A. Waiver Administration and Operation. Appendix A specifies the administrative and operational structure of this waiver.

- **B.** Participant Access and Eligibility. Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the State expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.
- **C.** Participant Services. Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.
- **D.** Participant-Centered Service Planning and Delivery. Appendix D specifies the procedures and methods that the State uses to develop, implement and monitor the participant-centered service plan (of care).
- E. Participant-Direction of Services. When the State provides for participant direction of services, Appendix E specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. (Select one):
 Yes. This waiver provides participant direction opportunities. Appendix E is required.
 No. This waiver does not provide participant direction opportunities. Appendix E is not required.
- **F. Participant Rights. Appendix F** specifies how the State informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.
- **G.** Participant Safeguards. Appendix G describes the safeguards that the State has established to assure the health and welfare of waiver participants in specified areas.
- H. Quality Improvement Strategy. Appendix H contains the Quality Improvement Strategy for this waiver.
- **I. Financial Accountability. Appendix I** describes the methods by which the State makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.
- J. Cost-Neutrality Demonstration. Appendix J contains the State's demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

* *	aivei (s) Requested
	Comparability. The State requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in Appendix C that are not otherwise available under the approved Medicaid State plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in Appendix B. Income and Resources for the Medically Needy. Indicate whether the State requests a waiver of §1902(a)(10)(C)(i)
υ.	(III) of the Act in order to use institutional income and resource rules for the medically needy (select one):
	O Not Applicable
	● No
	○ Yes
C.	Statewideness. Indicate whether the State requests a waiver of the statewideness requirements in §1902(a)(1) of the Act <i>(select one)</i> :
	O Yes
	If yes, specify the waiver of statewideness that is requested <i>(check each that applies)</i> : Geographic Limitation. A waiver of statewideness is requested in order to furnish services under this
	waiver only to individuals who reside in the following geographic areas or political subdivisions of the State.
	Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:
	Limited Implementation of Participant-Direction. A waiver of statewideness is requested in order to

make participant-direction of services as specified in Appendix E available only to individuals who reside

in the following geographic areas or political subdivisions of the State. Participants who re areas may elect to direct their services as provided by the State or receive comparable service service delivery methods that are in effect elsewhere in the State. Specify the areas of the State affected by this waiver and, as applicable, the phase-in sched by geographic area:	ices through the
	<u> </u>

5. Assurances

In accordance with 42 CFR §441.302, the State provides the following assurances to CMS:

- **A. Health & Welfare:** The State assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:
 - 1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;
 - 2. Assurance that the standards of any State licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The State assures that these requirements are met on the date that the services are furnished; and,
 - Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services
 are provided comply with the applicable State standards for board and care facilities as specified in Appendix
 C.
- **B. Financial Accountability.** The State assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.
- C. Evaluation of Need: The State assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community-based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in Appendix B.
- **D.** Choice of Alternatives: The State assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:
 - 1. Informed of any feasible alternatives under the waiver; and,
 - 2. Given the choice of either institutional or home and community-based waiver services. **Appendix B** specifies the procedures that the State employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.
- **E.** Average Per Capita Expenditures: The State assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid State plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.
- **F.** Actual Total Expenditures: The State assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the State's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.

- **G. Institutionalization Absent Waiver:** The State assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.
- **H. Reporting:** The State assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid State plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.
- **I. Habilitation Services.** The State assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Act (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.
- **J. Services for Individuals with Chronic Mental Illness.** The State assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the State has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the State has not included the optional Medicaid benefit cited in 42 CFR § 440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

- A. Service Plan. In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in Appendix D. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including State plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.
- **B.** Inpatients. In accordance with 42 CFR §441.301(b)(1)(ii), waiver services are not furnished to individuals who are in-patients of a hospital, nursing facility or ICF/IID.
- C. Room and Board. In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the State that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.
- **D.** Access to Services. The State does not limit or restrict participant access to waiver services except as provided in Appendix C.
- **E. Free Choice of Provider**. In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the State has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.
- **F. FFP Limitation**. In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.
- **G.** Fair Hearing: The State provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community-based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s)

of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the State's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.

- **H.** Quality Improvement. The State operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the State assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The State further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem. During the period that the waiver is in effect, the State will implement the Quality Improvement Strategy specified in **Appendix H**.
- **I. Public Input.** Describe how the State secures public input into the development of the waiver:

DOM actively sought public input during the development of this waiver renewal by seeking comments, conducting group meetings, and meeting with providers and stakeholders. Sixty days prior to submission of the waiver renewal application to CMS, the Mississippi Band of Choctaw Indians was notified via certified mail of the renewal process including proposed changes and considerations.

A formal request was made for participation in the renewal process with encouragement to provide comments about the waiver document. Prior to submission of the waiver applications to CMS, draft copies were sent to the Choctaw Tribe for review and comments.

Mississippi also obtains public input through the IL waiver home visits conducted by State staff. During this home visits, direct feedback is received from the waiver participant and /or their family members. Specific feedback is obtained regarding the participants satisfaction with their services, their satisfaction with their case manager/counselor, any additional services that they believe that they could benefit from. This feedback is utilized to improve and/or further develop waiver services.

Public input is also obtained through calls from waiver participants, family members or applicants regarding inquiries, complaints, or appeals.

Stakeholder meetings were initiated prior to submission of the waiver documents to CMS which included providers, waiver participants, advocates and representatives of the operating agency.

- J. Notice to Tribal Governments. The State assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date is provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.
- K. Limited English Proficient Persons. The State assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 August 8, 2003). Appendix B describes how the State assures meaningful access to waiver services by Limited English Proficient persons.

Appendix A: Waiver Administration and Operation

	te Line of Authority for Waiver Operation. Specify the state line of authority for the operation of the waiver lect one):
C	The waiver is operated by the State Medicaid agency.
	Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (select one):
	○ The Medical Assistance Unit.
	Specify the unit name:
	(Do not complete item A-2)
	 Another division/unit within the State Medicaid agency that is separate from the Medical Assistance Unit.
	Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency.
	(Complete item A-2-a).
•	
	Specify the division/unit name: Mississippi Department of Rehabilitative Services (MDRS)
	In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. (Complete item A-2-b).
Append	lix A: Waiver Administration and Operation
2. Ov	ersight of Performance.
	a. Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit within the State Medicaid Agency. When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities: As indicated in section 1 of this appendix, the waiver is not operated by another division/unit within the State Medicaid agency. Thus this section does not need to be completed.
	b. Medicaid Agency Oversight of Operating Agency Performance. When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specific the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance: Through an interagency agreement, Mississippi Department of Rehabilitative Services (MDRS) is

Division of Medicaid (DOM) which ensures that the waiver operates in accordance with federal waiver assurances.

- 1) Waiver enrollment managed against approved waiver limits MDRS notifies DOM monthly of enrollment numbers
- 2) Waiver expenditures managed against approved waiver levels MDRS notifies DOM monthly of expenditures; DOM verifies that expenditure limits are not exceeded.
- 3)Level of care evaluations are conducted by qualified staff and DOM reviews and verifies that level of care has been determined prior to approving each case.
- 4)Development, review and update of participant service plans With the participant's input MDRS develops and updates the participant service plans; DOM reviews and approves all services on the service plan.
- 5) Qualified provider enrollment, MDRS and DOM
- 6)Quality assurance and quality improvement activities and, MDRS and DOM
- 7)Collaboration in the development of rules, policies, procedures, and information development governing the waiver program. MDRS and DOM (with DOM having the final authority)

An interagency agreement between the DOM and MDRS is renewed every two years and updated as needed. DOM monitors this agreement to assure that the provisions specified are met. In the agreement, DOM designates the assessment, evaluation, and reassessment of the person to be conducted by qualified professionals as specified in the current waiver. All such evaluations for certification or re-certification are subject to DOM's review and approval.

DOM performs monitoring of the multi-site offices of MDRS on an annual basis to assess their operating performance and compliance with all rules and regulations. DOM registered nurses perform 100% desk reviews of each waiver participants' certifications, both initial and annual recertification. Home visits are conducted to assess compliance with waiver requirements.

MDRS is responsible for the waiver participant's assessment, evaluation, and reassessment conducted by appropriate professionals as specified in the waiver. In addition, MDRS State office management staff is responsible for initial and ongoing training of the MDRS Regional Directors, individual case managers, registered nurses, and personal care attendants (PCA).

MDRS is also responsible for verifying the registrations and status verification for all PCAs and newly hired employees. MDRS is responsible for obtaining criminal background checks on all personnel who provide direct care to waiver participants.

Appendix A: Waiver Administration and Operation

3.	Use of Contracted Entities. Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (<i>select one</i>):
	Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable). Specify the types of contracted entities and briefly describe the functions that they perform. Complete Items A-and A-6.:
	No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).

Appendix A: Waiver Administration and Operation

- **4. Role of Local/Regional Non-State Entities.** Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select One*):
 - Not applicable
 - Applicable Local/regional non-state agencies perform waiver operational and administrative functions.

	each that applies: ocal/Regional non-state public agencies perform waiver operational and administrative functions at the
th	ocal or regional level. There is an interagency agreement or memorandum of understanding between the State and these agencies that sets forth responsibilities and performance requirements for these agencies that is available through the Medicaid agency.
S_{I}	pecify the nature of these agencies and complete items A-5 and A-6:
	♦
	ocal/Regional non-governmental non-state entities conduct waiver operational and administrative
o so u	unctions at the local or regional level. There is a contract between the Medicaid agency and/or the perating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that ets forth the responsibilities and performance requirements of the local/regional entity. The contract(s) nder which private entities conduct waiver operational functions are available to CMS upon request prough the Medicaid agency or the operating agency (if applicable).
S_{I}	pecify the nature of these entities and complete items A-5 and A-6:
Appendix A:	Waiver Administration and Operation
the state ag	ility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities. Specification or agencies responsible for assessing the performance of contracted and/or local/regional non-state conducting waiver operational and administrative functions:

Appendix A:	Waiver Administration and Operation
and/or local functions in	t Methods and Frequency. Describe the methods that are used to assess the performance of contracted l/regional non-state entities to ensure that they perform assigned waiver operational and administrative accordance with waiver requirements. Also specify how frequently the performance of contracted and/ornal non-state entities is assessed:
Appendix A:	Waiver Administration and Operation
**	

7. Distribution of Waiver Operational and Administrative Functions. In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (check each that applies):

In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.

Appendix A: Waiver Administration and Operation

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance, complete the following. Performance measures for administrative authority should not duplicate measures found in other appendices of the waiver application. As necessary and applicable, performance measures should focus on:

- Uniformity of development/execution of provider agreements throughout all geographic areas covered by the waiver
- Equitable distribution of waiver openings in all geographic areas covered by the waiver
- Compliance with HCB settings requirements and other new regulatory components (for waiver actions submitted on or after March 17, 2014)

Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

4.) Number and percent of waiver participant service plans updated quarterly by MDRS as specified in the waiver application. Numerator: Number of waiver participant service plans updated quarterly by MDRS. Denominator: Total number of waiver participant plans that were supposed to be updated quarterly.

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

For Performance Measure 1, DOM will (a) require MDRS to provide report monthly and (b) DOM and MDRS

will cease enrollment immediately if current census and unduplicated count exceed estimates of the waiver. For PM 2, DOM will (a) require MDRS to provide report monthly and (b) DOM and MDRS will cease enrollment immediately if expenditures exceed estimates of the waiver.

For PM 3, DOM will (a) immediately notify case manager of deficiency via unable to process notice/clarification request; (b)

require MDRS case manager to respond to deficiency within seven business days; (c) immediately indicate deficiency in LTSS System for data collection; (d) require MDRS to conduct a new LOC evaluation by a qualified staff person within seven business days, if indicated; and (e) approve LOC evaluation within seven business days of receipt.

For PM 4, DOM will have MDRS to (a) examine the cause within thirty days; (b) conduct the quarterly

and update the PSS within thirty days; (c) provide staff training within thirty days; and (d) refund the payment within thirty days.

Remediation-related Data Aggregation and Analysis (including trend identification)

For PM 5, DOM will have MDRS to (a) remove individual immediately and (b) review hiring practices and modify if necessary in thirty days.

For PM 6, DOM will (a) require MDRS to submit the missing reports within seven business days; and (b) collaborate with MDRS to examine if any changes need to be implemented systemically as needed.

b. Additional Criteria. The State further specifies its target group(s) as follows:

The person must:

Specify:

- 1) Exhibit severe orthopedic and/or neurological impairment that renders the participant dependent on others, assistive devices, other types of assistance, or a combination of the three (3) to accomplish the activities of daily living.
- 2) Be able to express ideas and wants either verbally or nonverbally with caregivers, personal care attendants, counselors/case managers, or others involved in their care.
- 3) Be medically stable. Medical stability is defined as the absence of any of the following: (a) An active, life threatening condition (sepsis, respiratory, or other conditions requiring systematic therapeutic measures); (b) IV drip to control or support blood pressure; (c)intracranial pressure or arterial monitoring.

There is no maximum age limit for this waiver. The minimum age limit is 16 years.

- **c. Transition of Individuals Affected by Maximum Age Limitation.** When there is a maximum age limit that applies to individuals who may be served in the waiver, describe the transition planning procedures that are undertaken on behalf of participants affected by the age limit (select one):
 - Not applicable. There is no maximum age limit
 The following transition planning procedures are employed for participants who will reach the waiver's maximum age limit.

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (1 of 2)

- **a. Individual Cost Limit.** The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual (*select one*). Please note that a State may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:
 - No Cost Limit. The State does not apply an individual cost limit. Do not complete Item B-2-b or item B-2-c.

0	Cost Limit in Excess of Institutional Costs. The State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the State. <i>Complete Items B-2-b and B-2-c</i> .							
	The limit specified by the State is (select one)							
	○ A level higher than 100% of the institutional average.							
	Specify the percentage:							
	Other							
	Specify:							
•	Institutional Cost Limit. Pursuant to 42 CFR 441.301(a)(3), the State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. <i>Complete Items B-2-b and B-2-c</i> .							
0	Cost Limit Lower Than Institutional Costs. The State refuses entrance to the waiver to any otherwise qualified individual when the State reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the State that is less than the cost of a level of care specified for the waiver.							
	Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.							
	Ĉ							
	The cost limit specified by the State is (select one):							
	O The following dollar amount:							
	Specify dollar amount:							
	The dollar amount (select one)							
	\bigcirc Is adjusted each year that the waiver is in effect by applying the following formula:							
	Specify the formula:							
	May be adjusted during the period the waiver is in effect. The State will submit a waiver amendment to CMS to adjust the dollar amount.							
	The following percentage that is less than 100% of the institutional average:							
	Specify percent:							
	Other:							
	Specify:							

If an increase in services is denied, the person will be informed and given the opportunity to request a fair hearing.

✓ Other safeguard(s)

Specify:

DOM and MDRS work collectively to ensure the person's needs are met. This process includes examining third-party resources, possible transition to another waiver or institutional services. Medicaid waiver funds are to be utilized as a payer of last resort.

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (1 of 4)

a. Unduplicated Number of Participants. The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The State will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

Table: B-3-a

Waiver Year	Unduplicated Number of Participants
Year 1	5500
Year 2	6000
Year 3	6500
Year 4	7000
Year 5	7500

- **b.** Limitation on the Number of Participants Served at Any Point in Time. Consistent with the unduplicated number of participants specified in Item B-3-a, the State may limit to a lesser number the number of participants who will be served at any point in time during a waiver year. Indicate whether the State limits the number of participants in this way: (select one):
 - The State does not limit the number of participants that it serves at any point in time during a waiver year.
 - The State limits the number of participants that it serves at any point in time during a waiver year.

The limit that applies to each year of the waiver period is specified in the following table:

Table: B-3-b

Waiver Year	Maximum Number of Participants Served At Any Point During the Year
Year 1	
Year 2	
Year 3	
Year 4	
Year 5	

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (2 of 4)

- **c. Reserved Waiver Capacity.** The State may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The State (select one):
 - O Not applicable. The state does not reserve capacity.
 - The State reserves capacity for the following purpose(s).

Purpose(s) the State reserves capacity for:

Purposes	
Reservation of capacity for persons transitioning from Nursing Homes and/or other Home and Community Based Services (HCBS) waivers	

Purposes

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (2 of 4)

Purpose (provide a title or short description to use for lookup):

Reservation of capacity for persons transitioning from Nursing Homes and/or other Home and Community Based Services (HCBS) waivers

Purpose (describe):

MDRS agrees to reserve capacity for each waiver year for individuals transitioning from nursing facilities and other home and community-based services (HCBS) waivers.

If the reserve capacity is not utilized within three (3) months of the end of the waiver year, MDRS reserves the right to reassign the reserve capacity for others awaiting services.

Describe how the amount of reserved capacity was determined:

DOM evaluated the number of referrals received for transition from nursing facilities to a community setting for FY15 and FY16. It was determined that reserving capacity for 25 IL waiver participants in addition to capacity reserved in other waivers would be sufficient to meet the needs of individuals wishing to transition out of nursing facilities into a Home and Community setting.

The capacity that the State reserves in each waiver year is specified in the following table:

Waiver Year	Capacity Reserved
Year 1	25
Year 2	25
Year 3	25
Year 4	25
Year 5	25

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (3 of 4)

d.	Scheduled Phase-In or Phase-Out.	. Within a waiver year	the State may	make the numbe	r of participants	who are
	served subject to a phase-in or phase	out schedule (select	one):			

•	The	waiver	is	not subject to	a	phase-in or	a	phase-out schedule.
---	-----	--------	----	----------------	---	-------------	---	---------------------

C	The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to
	Appendix B-3. This schedule constitutes an intra-year limitation on the number of participants who
	are served in the waiver.

e. Allocation of Waiver Capacity.

Select one:

- Waiver capacity is allocated/managed on a statewide basis.
- Waiver capacity is allocated to local/regional non-state entities.

Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities: f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver: MDRS maintains a statewide referral database of individuals who request waiver services through the IL waiver. The statewide database is maintained on date of referral. **Appendix B: Participant Access and Eligibility** B-3: Number of Individuals Served - Attachment #1 (4 of 4) Answers provided in Appendix B-3-d indicate that you do not need to complete this section. **Appendix B: Participant Access and Eligibility B-4: Eligibility Groups Served in the Waiver** a. **1. Specify:
Appendix B: Participant Access and Eligibility
B-5: Post-Eligibility Treatment of Income (1 of 7)
In accordance with 42 CFR §441.303(e), Appendix B-5 must be completed when the State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217, as indicated in Appendix B-4. Post-eligibility applies only to the 42 CFR §435.217 group.
a. Use of Spousal Impoverishment Rules. Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR §435.217:
Note: For the five-year period beginning January 1, 2014, the following instructions are mandatory. The following box should be checked for all waivers that furnish waiver services to the 42 CFR §435.217 group effective at any point during this time period.
Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals
with a community spouse for the special home and community-based waiver group. In the case of a participant with a community spouse, the State uses spousal post-eligibility rules under §1924 of the Act. Complete Items B-5-e (if the selection for B-4-a-i is SSI State or §1634) or B-5-f (if the selection for B-4-a-i is 209b State) and Item B-5-g unless the state indicates that it also uses spousal post-eligibility rules for the time periods before January 1, 2014 or after December 31, 2018. Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018 (select one).
Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group.
In the case of a participant with a community spouse, the State elects to (select one):
Use spousal post-eligibility rules under §1924 of the Act. (Complete Item B-5-b (SSI State) and Item B-5-d)
Use regular post-eligibility rules under 42 CFR §435.726 (SSI State) or under §435.735 (209b State) (Complete Item B-5-b (SSI State). Do not complete Item B-5-d)
Spousal impoverishment rules under §1924 of the Act are not used to determine eligibility of individuals with a community spouse for the special home and community-based waiver group. The State uses regular post-eligibility rules for individuals with a community spouse. (Complete Item B-5-b (SSI State). Do not complete Item B-5-d)
Annondin D. Doutisin and Assess and Elizibility

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (2 of 7)

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018.

b. Regular Post-Eligibility Treatment of Income: SSI State.

The State uses the post-eligibility rules at 42 CFR 435.726. Payment for home and community-based waiver services is reduced by the amount remaining after deducting the following allowances and expenses from the waiver participant's income:

i. Allowance for the needs of the waiver participant (select one):	
The following standard included under the State plan	
Select one:	
○ SSI standard	
Optional State supplement standard	
Medically needy income standard	
The special income level for institutionalized persons	
(select one):	
○ 300% of the SSI Federal Benefit Rate (FBR)	
○ A percentage of the FBR, which is less than 300%	
Specify the percentage:	
○ A dollar amount which is less than 300%.	
Specify dollar amount:	
○ A percentage of the Federal poverty level	
Specify percentage:	
Other standard included under the State Plan	
Specify:	
○ The following dollar amount	
Specify dollar amount: If this amount changes, this item will be revised.	
The following formula is used to determine the needs allowance:	
Specify:	
The maintenance needs allowance is equal to the individual's total income as determined under the post	
eligibility process which includes income that is placed in a Miller Trust.	
Other	
Specify:	
	1
ii. Allowance for the spouse only (select one):	
Not Applicable (see instructions)	
○ SSI standard	
Optional State supplement standard	
○ Medically needy income standard	

	0	The following dollar amount:	
		Specify dollar amount: If this amount changes, this item will be revised.	
	\bigcirc	The amount is determined using the following formula:	
		Specify:	
			_
iii.	Allo	owance for the family (select one):	
	•	Not Applicable (see instructions)	
	\bigcirc	AFDC need standard	
	\bigcirc	Medically needy income standard	
	\bigcirc	The following dollar amount:	
		Specify dollar amount: The amount specified cannot exceed the higher of the need standard	d
		for a family of the same size used to determine eligibility under the State's approved AFDC plan or the	
		medically needy income standard established under 42 CFR §435.811 for a family of the same size. If this amount changes, this item will be revised.	•
		The amount is determined using the following formula:	
		Specify:	
	\bigcirc	Other	Y
		Specify:	
			< >
iv.	Am	ounts for incurred medical or remedial care expenses not subject to payment by a third party,	_
		cified in 42 §CFR 435.726:	
		a. Health insurance premiums, deductibles and co-insurance charges	
		b. Necessary medical or remedial care expenses recognized under State law but not covered under the State's Medicaid plan, subject to reasonable limits that the State may establish on the amounts of the expenses.	
	Sele	ect one:	
	•	Not Applicable (see instructions) Note: If the State protects the maximum amount for the waiver participant, not applicable must be selected.	
	\bigcirc	The State does not establish reasonable limits.	
	\bigcirc	The State establishes the following reasonable limits	
		Specify:	
			^

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (3 of 7)

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018.

c. Regular Post-Eligibility Treatment of Income: 209(B) State.

Answers provided in Appendix B-4 indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (4 of 7)

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018.

d. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules

The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care if it determines the individual's eligibility under §1924 of the Act. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the State Medicaid Plan. The State must also protect amounts for incurred expenses for medical or remedial care (as specified below).

Answers provided in Appendix B-5-a indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (5 of 7)

Note: The following selections apply for the five-year period beginning January 1, 2014.

e. Regular Post-Eligibility Treatment of Income: §1634 State - 2014 through 2018.

Answers provided in Appendix B-5-a indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (6 of 7)

Note: The following selections apply for the five-year period beginning January 1, 2014.

f. Regular Post-Eligibility Treatment of Income: 209(B) State - 2014 through 2018.

Answers provided in Appendix B-5-a indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (7 of 7)

Note: The following selections apply for the five-year period beginning January 1, 2014.

g. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules - 2014 through 2018.

The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care. There is

deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the State Medicaid Plan. The State must also protect amounts for incurred expenses for medical or remedial care (as specified below).

Answers provided in Appendix B-5-a indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-6: Evaluation/Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the State provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

- **a.** Reasonable Indication of Need for Services. In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the State's policies concerning the reasonable indication of the need for services:
 - i. Minimum number of services.

The minimum number of weiger comings (one or more) that an individual most require in	andar ta ba
The minimum number of waiver services (one or more) that an individual must require in determined to need waiver services is: 2	order to be
Frequency of services. The State requires (select one):	
The provision of waiver services at least monthly	
O Monthly monitoring of the individual when services are furnished on a less than	monthly basis
If the State also requires a minimum frequency for the provision of waiver services ot (e.g., quarterly), specify the frequency:	her than monthly
	^
	<u> </u>
med (select one): Directly by the Medicaid agency By the operating agency specified in Appendix A By an entity under contract with the Medicaid agency.	
pecify the entity:	
Other Specify:	
	^

c. Qualifications of Individuals Performing Initial Evaluation: Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

The comprehensive preadmission screening process is conducted by a case manager and registered nurse. The case manager must at a minimum have a Bachelor's Degree in Rehabilitation counseling, or other related field and one year relevant experience; in addition, the registered nurse must be licensed without restrictions in the state of Mississippi and/or maintain a compact license. The case management team conducts the core standardized

assessment at the time of evaluation, and enters the person's pertinent data into the LTSS system. The case manager does not determine level of care.

d. Level of Care Criteria. Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the State's level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

Level of care is determined through the application of a comprehensive long term services & supports (LTSS)

e.	assessment instrument by qualified staff. The assessment encompassing activities of daily living, instrumental activities of daily living, sensory deficits, cognitive deficits, behaviors and medical conditions/services. The LTSS assessment data is then entered into a scoring algorithm to generate a numerical score. The score is compared to a numerical threshold for level of care, with those at or above the threshold deemed clinically eligible. Persons scoring below the threshold may qualify for a secondary review and a tertiary review by a physician before waiver services are denied. If a person is denied waiver services based on failure to meet the level of care, he/she will be notified of the reason for denial along with information and assistance if needed, to request and arrange for a State Fair Hearing. Level of Care Instrument(s). Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (select one): The same instrument is used in determining the level of care for the waiver and for institutional care
	under the State Plan.
	 A different instrument is used to determine the level of care for the waiver than for institutional care under the State plan.
	Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.
f.	Process for Level of Care Evaluation/Reevaluation: Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:
g.	Initially, the core standardized assessment tool is completed by the Case Manager and Registered Nurse to ensure the needs of the participant are fully captured. This process is a collection of clinical eligibility criteria that is used across all HCBS services. A scoring algorithm is used to establish an eligibility threshold per DOM policy. During the recertification process, the Case Manager may perform the core standardized assessment tool for reevaluation without a Registered Nurse. Reevaluation Schedule. Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (select one):
	Every three months
	○ Every six months
	Every twelve months
	Other schedule Specify the other schedule:
h.	Qualifications of Individuals Who Perform Reevaluations. Specify the qualifications of individuals who perform reevaluations (select one):
	• The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.
	The qualifications are different. Specify the qualifications:

i. Procedures to Ensure Timely Reevaluations. Per 42 CFR §441.303(c)(4), specify the procedures that the State employs to ensure timely reevaluations of level of care *(specify)*:

In the newly implemented LTSS system, a recertification packet is initiated and the case manager is sent an alert 90 days prior to the expiration of the current certification period. Also, DOM provides the MDRS with a monthly Eligibility Report, which includes person's name, the end date of the certification period, and the end date for Medicaid financial eligibility. The report ensures that MDRS is aware of any person that is about to lose eligibility or waiver services. By reviewing this monthly eligibility report, DOM and MDRS identify certification end dates and prevent deficiencies in timely submission of certifications. These processes ensure timely recertification.

In addition, MDRS has district offices throughout the state. Each of these district offices has manual and automated monitoring systems to ensure that re-certifications are completed timely. These procedures are inclusive of:

- 1. Tickler file:
- 2. Edits in the computer system; and
- 3. Component part of case management.

The goal of each office is to renew these in a timely manner so that there will not be a lapse in service for the person. A statewide tickler file and computer edits are also maintained in the state office of MDRS to further ensure timely reevaluations.

j. Maintenance of Evaluation/Reevaluation Records. Per 42 CFR §441.303(c)(3), the State assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

The person's original record is housed at MDRS and in the LTSS system. The core standardized assessment along with other required documentation is submitted electronically which produces a copy that is housed in the LTSS System. MDRS is required to keep the entire document for the period of time specified under the current federal guidelines.

Appendix B: Evaluation/Reevaluation of Level of Care

Quality Improvement: Level of Care

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Level of Care Assurance/Sub-assurances

The state demonstrates that it implements the processes and instrument(s) specified in its approved waiver for evaluating/reevaluating an applicant's/waiver participant's level of care consistent with level of care provided in a hospital, NF or ICF/IID.

i. Sub-Assurances:

a. Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Data Source (Select one):

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

For Performance Measure (PM) 1, DOM will have (a) MDRS obtain correct documentation prior to DOM completing determination letter; and (b) MDRS will conduct waiver assessment within fifteen days. For PM 2, DOM will (a) require MDRS to submit waiver assessment within fifteen days; (b) require MDRS to submit Discharge 105 within seven business days; (c) work case as a new case (readmission) within thirty days;

and (d) conduct provider training as needed.

For PM 3, DOM will (a) hold meetings quarterly to review findings; (b) MDRS and DOM will always use a team approach; and (c) DOM and MDRS will determine potential solutions and present to administration, as needed.

Appendix B: Participant Access and Eligibility

B-7: Freedom of Choice

Freedom of Choice. As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

- i. informed of any feasible alternatives under the waiver; and
- ii. given the choice of either institutional or home and community-based services.
- a. Procedures. Specify the State's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).
 - The LTSS assessment process requires the person or their legal representative to sign and attest to their choice of placement on an Informed Choice form. Long term care options are explained by the case manager prior to enrollment and the person indicates their choice of waiver services or institutional services by evidence of their signature and initials placed by service choice.
- b. Maintenance of Forms. Per 45 CFR §92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

The person's original record is housed at MDRS and in the LTSS system. MDRS is required to keep the entire document for the period of time specified under the current federal guidelines.

B-8: Access to Services by Limited English Proficiency Persons

Access to Services by Limited English Proficient Persons. Specify the methods that the State uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003):

The State subscribes to a language line service that provides interpretation services for incoming calls from the person with limited English proficiency(LEP). The subscribed interpretation service provides access in minutes to persons who interpret from English into as many as 140 languages. Each Medicaid Regional office is set up with an automated access code under the State identification code.

An LEP Policy has been established. All essential staff have received training on the use of the Language Line Service. All necessary steps have been taken to ensure that staff understand the established LEP policy and are capable of carrying it out.

The key to the telephone language interpreter service is to provide meaningful access to benefits and services for LEP persons and to ensure that the language assistance provided results in accurate and effective communication between the Division of Medicaid and individuals about the types of services and/or benefits available and about the person's circumstances.

Agency ~

Provider Type:

Rehabilitation Case Mananger/Registered Nurse

Provider Qualifications

License (specify):

The Registered Nurse must have a current and active unencumbered registered nurse license to practice in the state of Mississippi or be working in Mississippi on a privilege with a valid compact RN license, and at least one year of experience with the aged and/or individuals with disabilities. The nurse must not have a history of a criminal offense which precludes him/her from working with the vulnerable population. The nurse must not appear on the Mississippi Nurse Aide Abuse Registry or the Office of Inspector General exclusion list.

Certificate (*specify*):

NA

Other Standard (specify):

The Rehabilitation Case Manager must possess at minimum of a Bachelor's degree in Rehabilitation Counseling or other related field, and one year of experience working with individuals with disabilities. The Rehabilitation Case Manager must be free of a history of a criminal offense which would preclude him/her from working with a vulnerable population. The Rehabilitation Case Manager's name must not appear on the Nurse Aide Abuse Registry or the Office of the Inspector General's (OIG) exclusion list.

Verification of Provider Qualifications

Entity Responsible for Verification:

Mississippi Department of Rehabilitation Services (MDRS) validates qualifications of the RN and rehab counselor. MDRS subscribes with the Mississippi Board of Nursing to receive immediate electronic notification of adverse or disciplinary action taken occurring against nurse employees.

Frequency of Verification:

Ongoing and annually.

omplete this part for a renewal application or a new	wwaiver that replaces an existing waiver. Select one:
O Service is included in approved waiver.	There is no change in service specifications.
Service is included in approved waiver.	The service specifications have been modified.
Service is not included in the approved v	•

Service Definition (Scope):

Personal Care Services are provided to meet daily living needs to ensure adequate support for optimal functioning at home or in the community, but only in non-institutional settings. Personal Care Service may include:

- a) support for activities of daily living such as but not limited to, bathing (sponge, tub), personal grooming and dressing, personal hygiene, toileting, transferring, and assisting with ambulation.
- b) assistance with housekeeping that is directly related to the person's disability and which is necessary for the health and well-being of the person such as, but not limited to, changing bed linens, straightening area used by the person, doing the personal laundry of the person, preparation of meals for the person, cleaning the person's equipment such as wheelchairs or walkers.
- c) food shopping, meal preparation and assistance with eating, but does not include the cost of the meals themselves;
- d) support for community participation by accompanying and assisting the participant as necessary to access community resources; participate in community activities; including appointments, shopping, and community recreation/leisure resources, and socialization opportunities, but does not include the price of the activities themselves not the cost of transportation.

Personal Care Services are non-medical, hands-on care of both a supportive and health related nature. PCAs are instructed to report noted changes in condition and new needs to the counselor as soon as possible. The provision of Personal Care Services is recorded on the PSS, and is not purely diversional in nature. There must be adequate justification for the relative to function as the PCA attendant, e.g., lack of other qualified PCAs attendants in remote areas. PCA services may be furnished by family members provided they are not the parent (or step-parent) of a minor child or their spouse; only qualified family members who are not legally responsible for the waiver participant may be employed as the personal care attendant. Family members must meet provider standards, and they must be certified competent to perform the required tasks by the beneficiary and the counselor/registered nurse.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

The Mississippi State Plan includes personal care services as a 1905(a) service available to EPSDT recipients under the age of 21, if medically necessary, and not addressed elsewhere in the State Plan. However, the state ensures that personal care services are not duplicated by this waiver for waiver participants under the age of 21. The case manager identifies all comparable benefits for persons of all services. If a needed service is available

through the Medicaid State Plan, Medicare, or private insurance, it is provided as a non-waivered service. DOM reviews 100% of all PSS's at initial application, each annual recertification and added service request. MDRS conducts quarterly reviews of all PSSs, Secondary reviews of all PSS by in-house medical staff, and annual programmatic audits by Program Evaluation. DOM conducts annual compliance reviews and on-site visits to ensure appropriate billing. Additionally, service restrictions are imposed with the use of the Lock-in. A review of claims history can be conducted to determine if personal care services are being provided and covered through the State Plan.

Other Standard (specify):

DOM and MDRS have implemented a personal care curriculum which is required for all nonlicensed personal care attendants prior to providing services to person on the waiver. Changes to the PCA training curriculum must be approved by DOM. Documentation of completion of this course work must be maintained at the operating agency and be made available to the DOM upon request. A personal care attendant must have completed training/instruction that covers the purpose, functions, and tasks associated with the personal care attendant program. The training, to be conducted by the person and the case manager/registered nurse, or an agency permitted by law to train nurse aides, shall include the purpose and philosophy of self-directed services by the disabled, disability awareness, employee-employer relationships and the need for respect for the participant's privacy and property. Upon hire and annually thereafter, training must also include the Vulnerable Person's Act, caregiver boundaries and managing challenging situations. Instructions and training will cover the basic elements of body functions, infection control procedures, maintaining a clean and safe environment, appropriate and safe techniques in personal hygiene and grooming to include bed, sponge, tub, or shower bath, hair care, nail and skin care, oral hygiene, dressing, bladder and bowel routine, transfers, and equipment use and maintenance. A section on housekeeping instructions will cover meal preparation and menus that provide a balanced, nutritional diet. The educational program

will be personalized with participation of the person to ensure his/her specific needs are met. The

cost of training/instruction of personal care attendants will not be provided under the waiver. The individual must demonstrate competency to perform each activity of daily living task to the person and the case manager/registered nurse prior to rendering any waivered services. In addition to the technical skills required, the personal care attendant must demonstrate the ability to comprehend and comply with basic written and verbal instructions at a level determined by the person and case manager/registered nurse to be adequate in fulfilling the responsibilities of personal care

An individual that has satisfactorily completed a nurse aide training program for a hospital, nursing facility, or home health agency or was continuously employed for twelve months during the last three (3) years as a nurse aide, orderly, nursing assistant or an equivalent position by one of the above medical facilities shall be deemed to meet the classroom training requirements. Competency certification for these personal care attendants by the participant and counselor/registered nurse is required.

A personal care attendant that has satisfactorily provided personal care attendant services for four (4)weeks prior to coverage under the waiver program, with such service certified by and verified by the participant and the Counselor/Registered Nurse, may begin employment as the person's PCA, rendering personal care services, and shall have 30 days to meet the classroom and other PCA training requirements.

There must be adequate justification for the relative to function as the PCA attendant, e.g., lack of other qualified PCAs attendants in remote areas. PCA services may be furnished by family members provided they are not the parent (or step-parent) of a minor child or their spouse or reside in the home with the person; only qualified family members who are not legally responsible for the person may be employed as the personal care attendant. Family members must meet provider standards, and they must be certified competent to perform the required tasks by the beneficiary and the case manager/registered nurse.

Minimum Requirements:

- -must be at least 18 years of age;
- -must be a high school graduate, have a GED or demonstrates the ability to read and write adequately to complete required forms and reports of visits;
- -must be able to follow verbal and written instructions;
- -must have no physical/mental impairment to prevent lifting, transferring or providing any other assistance to participant;
- -must be certified as meeting the training and competence requirement by the person and the Case Manager/Registered Nurse;
- -must be able to communicate effectively and carry out directions.
- -must not have been convicted of or pleaded guilty to or nolo contendere to a felony or certain misdemeanors which include, but are not limited to, possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, any sex offense, child abuse, arson, grand larceny, burglary, gratification of lust, aggravated assault, or felonious abuse and/or battery of a vulnerable adult, or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea.
- -must recieve training in the areas of the Vulnerable Person's Act, care giver boundaries and dealing with difficult patients upon hire and annually thereafter,

Service is included in appr	Service is included in approved waiver. There is no change in service specifications.		
O Service is included in appr	oved waiver. The service specifications have been modified.		
Service is not included in t	the annroyed waiver		

Service Definition (Scope):

Specialized medical equipment and supplies to include devices, controls, or appliances which enable the person to increase their ability to perform activities of daily living, or to perceive, control, or communicate with the environment in which they live. These items must be specified on the PSS.

This service also includes items necessary for life support, ancillary supplies and equipment necessary to the proper functioning of such items. Also covered are durable and non-durable medical equipment not available under the Medicaid State plan. Items reimbursed with waiver funds shall be those items which are deemed as medically necessary for the individual client. Medicaid waiver funds are to be utilized as a payor of last resort. Request for payment must be made to other payors (i.e. Medicare, State plan, and private insurance) prior to submission of billing request to utilize waiver funds. All items shall meet applicable standards of manufacture, design and installation.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Each request for specialized medical equipment is evaluated by the case manager or DOM staff to determine if the equipment requested could benefit from an Assistive Technology (AT) evaluation and recommendation. The case manager will update the person and monitor the progress of each specialized medical equipment request on a monthly basis. If the case manager determines there is a need to make adjustments to the request, he/she will notify the appropriate personnel (i.e. Assistive Technology) as soon as possible. The case manager will discuss and document the person's choice on the PSS prior to authorizing for services.

If the preadmission screening determines that supplies and case management service are the only services needed by an applicant, the applicant would not meet waiver eligibility.

Service is included in approve	d waiver. There is no change in service specifications.			
<u> </u>	ed waiver. The service specifications have been modified.			
Service is not included in the a	1			

Service Definition (Scope):

Transition Assistance Services are services provided to a Mississippi Medicaid eligible nursing facility resident to assist in transitioning from the nursing facility into the Independent Living Waiver program. Transition assistance is a one-time initial expense required for setting up a household. The expenses must be included in the approved PSS.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Transition assistance services are capped at \$800.00 one-time initial expense per lifetime.

Transition Assistance Services include:

- 1) Security deposits that are required to obtain a lease on an apartment or home
- 2) Essential furnishings and moving expense required to occupy and use a community domicile
- 3) Set up fees or deposits for utility or service access (i.e. telephone, electricity, heating)
- 4) Health and safety assurances, such as pest eradication, allergen control, or one time cleaning prior to occupancy

(Essential items for an individual to establish his/her basic living arrangement includes such items as a bed, table, chairs, window blinds, eating utensils, and food preparation items.) Diversional or recreational items such as televisions, cable TV access or VCR/DVD's are not considered furnishings.

Need for this service: All items and services covered must be essential to:

- 1) Ensure that the participant is able to transition from the current nursing facility
- 2) Remove an identified barrier or risk to the success of the transition to a more independent living situation.

To be eligible:

- 1) The individual must be a current nursing facility (NF) resident whose NF services are being paid by Medicaid.
- 2) Not have another source to fund or attain the items or support
- 3) Transitioning from a living arrangement where these items were provided
- 4) Transitioning to a residence where these items are not normally furnished

The transition service must occur within 90 days of the discharge, but must be completed by the day the participant relocated from the institution.

Persons whose NF stay is temporary or rehabilitative, or whose services are covered by Medicare or other insurance, wholly or partially, are not eligible for this service.

	C-2: General Service Specifications (1 of 3)	
a.	Criminal History and/or Background Investigations. Specify the State's policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services (select one):	
	No. Criminal history and/or background investigations are not required.	
	Yes. Criminal history and/or background investigations are required.	

Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid or the operating agency (if applicable):

Pursuant to Section 37-33-157 of the Mississippi Code of 1972, annotated, as amended, MDRS is authorized to fingerprint and perform criminal background investigations on personal care attendants.

MDRS is authorized to use the results of the investigations for the purpose of employment decisions and/or actions and service provision to consumers of the department's services.

Any person who has been convicted of a felony or certain misdemeanors in this state or any other jurisdiction is not eligible to be employed as a personal care attendant.

Personal care attendants must not have been convicted of or pleaded guilty to or nolo contendere to a felony or

certain misdemeanors including, but not limited to, possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, any sex offense, child abuse, arson, grand larceny, burglary, gratification of lust, aggravated assault, or felonious abuse and/or battery of a vulnerable adult, or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea.

This background check allows the agency to check things such as credit history, criminal records, work history, and driving record.

- **b. Abuse Registry Screening.** Specify whether the State requires the screening of individuals who provide waiver services through a State-maintained abuse registry (select one):
 - O No. The State does not conduct abuse registry screening.
 - Yes. The State maintains an abuse registry and requires the screening of individuals through this registry.

Specify: (a) the entity (entities) responsible for maintaining the abuse registry; (b) the types of positions for which abuse registry screenings must be conducted; and, (c) the process for ensuring that mandatory screenings have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

MDRS is responsible for verifying that any potential personal care attendant providers are not on the Mississippi Nurse Aide Abuse Registry which is housed at the Mississippi State Department of Health within the Division of Licensure and Certification.

Appendix C: Participant Services

C-2: General Service Specifications (2 of 3)

- c. Services in Facilities Subject to §1616(e) of the Social Security Act. Select one:
 - No. Home and community-based services under this waiver are not provided in facilities subject to \$1616(e) of the Act.
 - Yes. Home and community-based services are provided in facilities subject to §1616(e) of the Act. The standards that apply to each type of facility where waiver services are provided are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Appendix C: Participant Services

C-2: General Service Specifications (3 of 3)

- d. Provision of Personal Care or Similar Services by Legally Responsible Individuals. A legally responsible individual is any person who has a duty under State law to care for another person and typically includes: (a) the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child or (b) a spouse of a waiver participant. Except at the option of the State and under extraordinary circumstances specified by the State, payment may not be made to a legally responsible individual for the provision of personal care or similar services that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of a waiver participant. Select one:
 - No. The State does not make payment to legally responsible individuals for furnishing personal care or similar services.
 - Yes. The State makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services.

Specify: (a) the legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) State policies that specify the circumstances when payment may be authorized for the provision of *extraordinary care* by a legally responsible individual and how the State ensures that the provision of services by a legally responsible individual is in the best interest of the participant; and, (c) the controls that are employed

		to ensure that payments are made only for services rendered. Also, specify in Appendix C-1/C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the State policies specified here.
e.	Spec	er State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians. Eify State policies concerning making payment to relatives/legal guardians for the provision of waiver services and above the policies addressed in Item C-2-d. Select one:
	\bigcirc	The State does not make payment to relatives/legal guardians for furnishing waiver services.
	\circ	The State makes payment to relatives/legal guardians under specific circumstances and only when the relative/guardian is qualified to furnish services.
		Specify the specific circumstances under which payment is made, the types of relatives/legal guardians to whom payment may be made, and the services for which payment may be made. Specify the controls that are employed to ensure that payments are made only for services rendered. <i>Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.</i>
		\Diamond
	0	Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3. Specify the controls that are employed to ensure that payments are made only for services rendered.
	•	Other policy.
		Specify:
		There must be adequate justification for the relative to function as the PCA attendant, e.g., lack of other qualified
		PCAs attendants in remote areas. PCA services may be furnished by family members provided they are not the parent (or step-parent) of a minor child, their spouse or reside in the home with the person; only qualified family members who are not legally
		responsible for the person may be employed as the personal care attendant. Family members must meet provider standards, and they must be certified competent to perform the required tasks by the beneficiary and the case manager.
f.		n Enrollment of Providers. Specify the processes that are employed to assure that all willing and qualified iders have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:
		willing and qualified providers of Medicaid services may apply to the state to become a Medicaid provider. licaid providers agree to abide by Medicaid policy, procedure, rules and guidance.
ne	ndi	v C. Particinant Services

Quality Improvement: Qualified Providers

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Qualified Providers

The state demonstrates that it has designed and implemented an adequate system for assuring that all waiver services are provided by qualified providers.

i. Sub-Assurances:

a. Sub-Assurance: The State verifies that providers initially and continually meet required licensure and/or certification standards and adhere to other standards prior to their furnishing waiver services.

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance, complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

1)Number&percent of new RN case manager applications for which the RN obtained licensure in accordance with waiver qualifications prior to service provision. Numerator: Number of new RN case manager applications for which the RN obtained appropriate licensure in accordance with waiver qualifications prior to service provision.Denominator: Total number of new RN case manager applications

Section C-3 'Service Specifications' is incorporated into Section C-1 'Waiver Services.'

Appendix C: Participant Services

C-4: Additional Limits on Amount of Waiver Services

- a. Additional Limits on Amount of Waiver Services. Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (select one).
 - O Not applicable. The State does not impose a limit on the amount of waiver services except as provided in Appendix C-3.

Applicable - The State imposes additional limits on the amount of waiver services. When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; (f) how participants are notified of the amount of the limit. (check each that applies) Limit(s) on Set(s) of Services. There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver. *Furnish the information specified above.* Prospective Individual Budget Amount. There is a limit on the maximum dollar amount of waiver services authorized for each specific participant. Furnish the information specified above. Budget Limits by Level of Support. Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services. Furnish the information specified above.

✓ Other Type of Limit. The State employs another type of limit.

Describe the limit and furnish the information specified above.

The average cost for a person receiving IL waiver services must not be above the average estimated cost for nursing home level of care approved by The Centers of Medicaid and Medicare Services for the current waiver year. DOM and MDRS must assure the waiver remains cost neutral. If the total projected annual cost of all services requested exceeds the most recent annual nursing home bed cost, then the request is denied and returned for reconsideration. Cost neutrality provisions are explained to the person. At that point, some negotiation may occur regarding the amount of services requested under this waiver, whether or not another waiver may have a package of services which can more efficiently meet the needs of the person, or whether nursing home is the most appropriate setting based on the amount and complexity of services required. If the annual cost to serve a person in this waiver exceeds the annual nursing home costs, the cost neutrality requirement is jeopardized.

There is reference in Appendix B of this waiver renewal application to provisions for participant safeguards. Following these safeguard procedures, it is possible for an individual to exceed the cost neutrality limit, but the possibility of such occurrences is mitigated by active case management. These requests are considered on an individual basis considering each on its own merits. Related decisions are appealable and covered as addressed in Appendix F of this waiver renewal application.

If a waiver applicant is denied services, the person is given a notice of action and the opportunity for a fair hearing.

Appendix C: Participant Services

C-5: Home and Community-Based Settings

Explain how residential and non-residential settings in this waiver comply with federal HCB Settings requirements at 42 CFR 441.301(c)(4)-(5) and associated CMS guidance. Include:

- 1. Description of the settings and how they meet federal HCB Settings requirements, at the time of submission and in the future.
- 2. Description of the means by which the state Medicaid agency ascertains that all waiver settings meet federal HCB Setting requirements, at the time of this submission and ongoing.

Note instructions at Module 1, Attachment #2, <u>HCB Settings Waiver Transition Plan</u> for description of settings that do not meet requirements at the time of submission. Do not duplicate that information here.

Based upon the DOMs assessment of the HCBS settings in the IL waiver, the DOM confirms that services in this waiver are rendered in a HCB setting. Waiver participants reside in private home located in the community. The IL waiver does not provide services to participants in either congregate living facilities, institutional settings or on the grounds of institutions. Therefore, no further transition plan is required for this waiver.

Part 208, Chapter 2: HCBS Independent Living (IL) Waiver

Rule 2.1: General

A. Medicaid covers certain Home and Community-Based Services(HCBS) as an alternative to institutionalization in a nursing facility through its Independent Living (IL) Waiver.

The following verbiage is being added to Rule 2.1.A. to comply with 42 CFR § 441.301(c)(4)(i)-(iv) Final Rule with the Admin. Code filing effective January 1, 2017:

- 1. Waiver persons must reside in private homes or a relative's home which is fully integrated with opportunities for full access to the greater community, and meet the requirements of the Home and Community-Based (HCB) settings.
- 2. The Division of Medicaid does not cover IL waiver services to persons in congregate living facilities, institutional settings, on the grounds of or adjacent to institutions or in any other setting that has the effect of isolating persons receiving Medicaid Home and Community-Based Services (HCBS)

Part 208, Chapter 2: HCBS Independent Living (IL) Waiver Rule 2.3: Covered Services

The Division of Medicaid covers the following Independent Living Waiver services:

A. Case Management services are mandatory services provided by a Registered Nurse and a Rehabilitation Counselor and include the following activities:

- 1. Must initiate and oversee the process of assessment and reassessment of the participant's level of care and review the plan of care to ensure services specified on the plan of care are appropriate and reflective of the participant's individual needs, preferences, and goals.
- 2. Must assist waiver applicant/participants in gaining access to needed waiver and other State plan services, as well as needed medical, social, educational, and other services, regardless of the funding source for the services to which access is gained.
- 3. Are responsible for ongoing monitoring of the provision of services included in the participant's plan of care.
- 4. Must conduct quarterly face-to-face reviews to determine the appropriateness and adequacy of the services and to ensure that the services furnished are consistent with the nature and severity of the participant's disability and make monthly phone contact with the participant to ensure that services remain in place without issue and to identify any problems or changes that are required More frequent visits are expected in the event of alleged abuse, neglect or exploitation of waiver participants.
- C. Personal Care Attendant (PCA) services are non-medical, hands-on care of both a supportive and health related nature. Personal care services are provided to meet daily living needs to ensure adequate support for optimal functioning at home or in the community, but only in non-institutional settings.
- D. Specialized Medical Equipment and Supplies include devices, controls, or appliances, specified in the plan of care, which enable individuals to increase their abilities to perform activities of daily living, or to perceive, control, or communicate with the environment in which they live.

- E. Transition Assistance Services are provided to a Mississippi Medicaid eligible nursing facility (NF) resident to assist in transitioning from the nursing facility into the Independent Living Waiver program.
- F. Environmental Accessibility Adaptations are physical adaptations to the home, required by the individual's plan of care, necessary to ensure the health, welfare, and safety of the individual, or enables the individual to function with greater independence in the home.

Current language is in compliance with and supports 42 CFR § 441.301(c)(4)(i)-(iv) of the Final Rule.

Part 208, Chapter 2: HCBS Independent Living (IL) Waiver Rule 2.5: Freedom of Choice

A. Medicaid beneficiaries have the right to freedom of choice of providers for Medicaid covered services as outlined in Part 200, Chapter 3, Rule 3.6.

B. Adherence of Freedom of Choice is required of all qualified providers and is monitored by the operating agency and Division of Medicaid. The case management team must assist the individual and provide them with sufficient information and assistance to make an informed choice regarding services and supports, taking into account risks that may be involved for that individual.

C. Beneficiaries must be:

- 1. Informed of any feasible alternatives under the waiver, and
- 2. Given the choice of either institutional or home and community-based services.

Current language is in compliance with and supports the Final Rule but silent on the following verbiage which is being added to Rule 2.5.C.3 with the Admin. Code filing effective January 1, 2017 to comply with 42 CFR § 441.301(c)(4)(ii):

3. Provided a choice among providers or settings in which to receive HCBS including non-disability specific setting options.

Part 208, Chapter 2: HCBS Independent Living (IL) Waiver Rule 2.7: Participant Direction of Services

A. Participants are encouraged to make choices in regards to participant needs, goals, preferences and desires with all aspects of the services provided.

Current language is in compliance with and supports 42 CFR § 441.301(c)(4)(v) of the Final Rule.

Part 208, Chapter 2: HCBS Independent Living (IL) Waiver Rule 2.8:

Monitoring Safeguards

A. MDRS case managers are required to provide each waiver participant with written information regarding their rights as a waiver participant at the initial assessment.

Current language is in compliance with and supports 42 CFR § 441.301(c)(4)(i)-(iv) of the Final Rule.

Part 208, Chapter 2: HCBS Independent Living (IL) Waiver

Rule 2.9: Additional Dispute Resolution Process

A. The Division of Medicaid and MDRS are responsible for operating the dispute mechanism separate from a fair hearing process. The Division of Medicaid has the final authority over any dispute.

- B. The types of disputes addressed by an informal dispute resolution process include issues concerning service providers, waiver services, and other issues that directly affect their waiver services.
- C. MDRS must inform the participant at the initial assessment, of the specific criteria for the dispute, complaint/grievance and hearing processes.
- D. MDRS must inform the participant of their rights which address disputes, complaints/ grievances and hearings.

Current language is in compliance with and supports 42 CFR § 441.301(c)(4)(iii) of the Final Rule.

App

D-1: Service Plan Development (2 of 8)

- **b.** Service Plan Development Safeguards. Select one:
 - Entities and/or individuals that have responsibility for service plan development may not provide other direct waiver services to the participant.
 - Entities and/or individuals that have responsibility for service plan development may provide other direct waiver services to the participant.

The State has established the following safeguards to ensure that service plan development is conducted in the best interests of the participant. Specify:

All Plans of Services and Supports (PSS), in conjunction with the LTSS assessment and the Emergency Preparedness Plan, are reviewed and approved by Division of Medicaid (DOM) Program Nurses prior to service implementation. This review allows DOM Program Nurses to ensure appropriateness and adequacy of services and to ensure that services furnished are consistent with the nature and severity of a person's disability. The plan of care, known as the PSS, is a person-centered service plan. It is the fundamental tool by which DOM ensures the health and welfare of participants in the IL Waiver. DOM's process for developing a personcentered plan requires the PSS to be based on a comprehensive LTSS assessment process. PSS development is conducted with the person's input to include what is important to the individual with regard to preferences for the delivery of services and supports. The Mississippi Department of Rehabilitation Services (MDRS) case manager engages the person and other interested parties as requested by the person in developing a PSS that meets their needs.

MDRS Case Managers are required, at minimum, to make phone contact monthly and to conduct a face-to-face

visit with the person every three months or more frequently, based on the their needs, level of involvement the person wishes the case manager to have, and in the event of alleged abuse, neglect or exploitation of the person.

Case management services are provided by MDRS case managers through the 1915(b)(4) waiver which gives DOM the authority to limit case management services to one provider and allow those services to be delivered as is structured in the 1915(c) waiver and interagency agreement between DOM and MDRS.

MDRS case managers initiate and complete the process of assessment and reassessment of the person and are responsible for ongoing monitoring of services and supports the person is receiving in their home and community.

The person chooses their personal care attendants, environmental accessibility adaptations, specialized medical supplies and equipment providers. If requested, the person is also offered the choice of an alternate MDRS case manager.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (3 of 8)

c. Supporting the Participant in Service Plan Development. Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process and (b) the participant's authority to determine who is included in the process.

After the applicant understands the criteria for the IL Waiver, has made an Informed Choice, and meets clinical eligibility, as determined by the LTSS assessment process, the development of the PSS is initiated. The MDRS case manager engages the waiver participant, caregivers and other interested parties, as requested by the person, in the development of their the PSS. The PSS development includes discussing options, desires, individual strengths, personal goals, emergency preparedness needs, specific needs of the person, and how those needs can be best met. The meeting is held at a time and location of the person's choosing.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (4 of 8)

d. Service Plan Development Process. In four pages or less, describe the process that is used to develop the participant-centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant's needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

The LTSS assessment and the PSS development process is driven by the person with their informed consent and is conducted by the case management team consisting of the MDRS case manager and a registered nurse. The person may freely choose to allow anyone (friends, family, caregivers, etc.) to be present and/or contribute to the process of developing the their PSS. The initial PSS is developed at the time of the completion of the LTSS core standardized assessment with the MDRS case manager and registered nurse.

Persons found clinically eligible for long-term care are provided information about available services and supports. The participant is given a description and explanation of the services provided by the waiver along with any specific qualifications that apply to each service. The applicant is then allowed to make an informed choice between institutional care and community-based services and among waiver services and providers.

The LTSS assessment includes information about the person's health status, needs, preferences and goals. The development of the PSS utilizes this information and addresses all service options, desires, personal goals, emergency preparedness needs, other specific needs of the person and how those needs can be met. The PSS also reflects and identifies the existing services and supports, along with who provides them.

MDRS is responsible for implementing the PSS. DOM and MDRS are jointly responsible for monitoring the PSS. MDRS is responsible for coordination of waiver services, State Plan services, services provided through other funding sources and service agencies.

The PSS is developed at the time of the completion of the LTSS assessment, reviewed quarterly and updated annually or at the request of the person, without the RN component, if appropriate. The PSS is signed by all of the individuals who participated in its development. Each applicant/participant and/or their designee is given a copy of the PSS along with other people involved in the plan. Also, each person is given the phone number to the Rehabilitation office in their district and a contact name of the MDRS case manager and their supervisor, if they have any questions or concerns regarding their services. The PSS may be updated to meet the needs of the individual at the request of the person or if changes in the individual's circumstances and needs are identified.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (5 of 8)

e. Risk Assessment and Mitigation. Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

The presence and effect of risk factors are determined during the LTSS assessment and PSS process. The assessment is specifically designed to assess and document risks an individual may possess. The PSS includes identified potential risk to the person's health and welfare. These risk factors are identified as concerns that cause significant impact to the person's life, functional capacity and overall health and safety. Risk factors include documented instances of abuse/neglect/exploitation, socially inappropriate behavior, communication deficits, nutrition concerns, environmental security and safety issues, falls, disorientation, emotional/mental functioning deficits, and lack of informal support. The person's involvement and choice are used to develop mitigation strategies for all identified risk. The person along with caregivers/supports are included in developing strategies and are encouraged to comply with strategies to help mitigate risk and ensure health and safety. This is assured by ongoing monitoring by MDRS and DOM. Monthly and quarterly actions are required to review/assess the person's service needs, with a new PSS developed every twelve months. The case management team must also determine whether a condition or situation is present that requires specific intervention to prevent a decline in health and safety.

Back up plans are developed by the MDRS case manager in partnership with the individual and their family/caregiver upon admission. The PSS must include back up providers chosen by the participant who will provide services when the assigned provider is unable to provide care. The participant and caregiver identify family members and/or friends who are able to provide services/support in the event of an emergency. MDRS also maintains a list of qualified local community providers from which the participant can choose in an emergency. During a community disaster or emergency the MDRS case manager notifies the local first response team (i.e. the Mississippi State Department of Health) of persons with special needs who may require special attention. The development of the PSS also includes developing an emergency preparedness plan (EPP) for all persons.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

f. Informed Choice of Providers. Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Each person is provided information about providers in accordance with their identified needs, desires and goals noted on the PSS. The MDRS case manager informs the person of trained, competent and willing providers so the person may request their provider of choice.

Case management services are delivered under the authority of the 1915(b)(4) waiver and an interagency agreement between DOM and MDRS. The person is given a choice of personal care attendants, SMS/DME companies, and contractors for adaptations/modifications. If requested, participants are also offered the choice of an alternate case manager based on geographical availability.

The person selects their personal care attendant. If a person knows a particular individual with whom they are comfortable providing their personal care, and that individual meets the requirements to become a personal care attendant, as set forth in the IL Waiver, that individual is allowed to provide the direct care for that individual.

If a person does not have a specific direct care worker, they can select from a list of available, eligible, qualified direct care workers to provide their personal care assistance. Personal care services may be provided by members of the participant's family provided they are not legally responsible for the participant. The parent or step-parent of a

minor child and the participant's spouse or resides in the home with the person are not allowed to provide personal care services. The executor of the person's estate and/or person with durable/medical power of attorney is not allowed to provide personal care services.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (7 of 8)

g. Process for Making Service Plan Subject to the Approval of the Medicaid Agency. Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR §441.301(b)(1)(i):

After the person understands the criteria for the IL Waiver, has made an informed choice, and meets clinical eligibility, the LTSS assessment along with the PSS are submitted to the DOM electronically which includes all of the service needs, personal goals and preferences of the person. A registered nurse at DOM will review the LTSS assessment and the PSS and notifies MDRS in a timely manner of the approval/disapproval of services requested.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (8 of 8)

11.	the appropriateness and adequacy of the services as participant needs change. Specify t review and update of the service plan:	1
	Every three months or more frequently when necessary	
	Every six months or more frequently when necessary	
	 Every twelve months or more frequently when necessary 	
	Other schedule	
	Specify the other schedule:	
		\$
i.	 Maintenance of Service Plan Forms. Written copies or electronic facsimiles of service minimum period of 3 years as required by 45 CFR §92.42. Service plans are maintained that applies): Medicaid agency 	
	✓ Operating agency	
	✓ Case manager	
	Other Specify:	
		^

Appendix D: Participant-Centered Planning and Service Delivery

D-2: Service Plan Implementation and Monitoring

a. Service Plan Implementation and Monitoring. Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

MDRS is responsible for the implementation of the PSS which includes coordination of waiver services, State Plan services, and services provided through other funding sources and service agencies. DOM and MDRS are jointly responsible for monitoring the PSS and the health and welfare of each person on the waiver. DOM, as the administrative agency of the waiver, has the responsibility of overseeing that MDRS has appropriate processes in place to implement each person's PSS.

MDRS monitors the PSS through monthly contacts and quarterly face-to-face reviews. These contacts and reviews enable the MDRS case manager to determine the utilization and adequacy of the services and to ensure that the services furnished are consistent with the nature and severity of the person's needs, preferences and goals.

The MDRS case manager documents personal contact with the person on a monthly basis to receive feedback and assess the sufficiency and effectiveness of the PSS. Additionally, the MDRS case manager ensures that services remain in place without issue and identifies any problems or changes that are required. If changes in the person's circumstances and needs are identified, the PSS may be updated to meet the person's needs and goals. DOM monitors the implementation of the PSS through annual on-site audits, record reviews, phone calls to persons on the waiver, and face-to-face interviews with individuals and their caregivers. DOM reviews records for required documentation and confirms services are delivered during face-to-face interviews within the representative sample.

- b. Monitoring Safeguards. Select one:
 - Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may not provide other direct waiver services to the participant.
 - Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may provide other direct waiver services to the participant.

The State has established the following safeguards to ensure that monitoring is conducted in the best interests of the participant. *Specify:*

As part of DOM's on-going quality assurance monitoring, DOM reviews the PSS and individual LTSS assessment to ensure that all services are provided in accordance with the approved PSS including the emergency preparedness plan, that the person is directing the PSS process, and activities provided meet service definitions of the approved waiver. DOM verifies that the MDRS case manager makes contact with the person at least monthly by phone through record review. DOM also monitors the delivery of the PSS by reviewing the person's clinical record during on-site provider compliance reviews conducted at least annually, and during technical assistance provider site visits. Face-to-face interviews allow DOM to monitor that the individual is provided with information regarding the Mississippi Vulnerable Persons Act and waiver participant rights.

Appendix D: Participant-Centered Planning and Service Delivery

Quality Improvement: Service Plan

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Service Plan Assurance/Sub-assurances

The state demonstrates it has designed and implemented an effective system for reviewing the adequacy of service plans for waiver participants.

- i. Sub-Assurances:
 - a. Sub-assurance: Service plans address all participants' assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

1)Number and percent of persons whose PSS address their needs, including health and safety risk factors, based on the waiver assessment or recertification. Numerator: Number of persons who have a PSS that address their needs including health and safety risk factors. Denominator: Total number of PSS reviewed.

ii.	If applicable, in the textbox below provide any necessary additional information on the strategies employed by
	the State to discover/identify problems/issues within the waiver program, including frequency and parties
	responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

For Performance Measure (PM) 1, Division of Medicaid (DOM) will (a) immediately notify case manager of deficiency via unable to process notice/clarification request; (b) require MDRS case manager to respond to deficiency within seven business days; c) immediately indicate deficiency in LTSS System for data collection; and (d) approve plan of care within seven business days of receipt of notification of case manager's correction/clarification.

For PM 2, DOM will (a) immediately notify case manager of deficiency via unable to process notice/clarification request; (b) require MDRS case manager to respond to deficiency within seven business days; (c) immediately indicate deficiency in LTSS System for data collection; and (d) approve PSS within seven business days of receipt of notification of case manager's correction/clarification.

For PM 3, DOM (a) immediately notify case manager of deficiency via unable to process notice/clarification request; (b) require MDRS case manager to respond to deficiency within seven business days; (c) immediately indicate deficiency in LTSS System for data collection; and (d) approve PSS within seven business days of receipt of notification of case manager's correction/clarification.

For PM 4, DOM will (a) require MDRS to complete quarterly update; (b) require MDRS to submit a corrective action plan within thirty days; (c) require MDRS to refund payment within thirty days; and (d)

provide case manager training annually.

For PM 5, DOM will (a) immediately notify case manager of deficiency via unable to process notice/clarification request; (b) require MDRS case manager to respond to deficiency and include reason for the lapse of the PSS within seven business days; (c) immediately indicate deficiency in LTSS System for data collection; and (d) approve PSS within seven business days of receipt of notification of case manager's correction/clarification.

For PM 6, DOM will (a) notify MDRS of identified PSS with unaddressed needs within seven business days of a review; (b) require MDRS to submit a copy of the updated PSS within seven business days (c) require MDRS to submit a corrective action plan within thirty days, if warranted; and (d) provide case manager training annually

For PM 7, DOM will (a) notify MDRS of identified PSS where services were provided outside of the type, scope, amount, duration, and frequency (b) require MDRS to identify the cause of deficiency and intervene within seven business days to assure participants receive services according to the type, scope, amount, duration, and frequency of the (c) require MDRS to submit a revised PSS within seven business days; (d) require MDRS to submit a corrective action plan and/or an adjust/void within thirty days, if warranted; and (e) provide case manager training annually, if deemed necessary.

For PM 8, DOM will (a) immediately notify case manager of deficiency via unable to process notice/clarification request; (b) require MDRS case manager to respond to deficiency within seven business days; (c) immediately indicate deficiency in LTSS System for data collection; (d) approve PSS within seven business days of receipt of notification of case manager's correction/clarification

For PM 9, DOM will (a) require the case manager to document freedom of choice within seven business days; and (b) provide case manager training annually.

Please provide a detailed strategy for assuring Service Plans, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix E: Participant Direction of Services

Applicability (from Application Section 3, Components of the Waiver Request):

- **b. Participant Direction Opportunities.** Specify the participant direction opportunities that are available in the waiver. *Select one*:
 - Participant: Employer Authority. As specified in *Appendix E-2, Item a*, the participant (or the participant's representative) has decision-making authority over workers who provide waiver services. The participant may function as the common law employer or the co-employer of workers. Supports and protections are available for participants who exercise this authority.
 - Participant: Budget Authority. As specified in *Appendix E-2, Item b*, the participant (or the participant's representative) has decision-making authority over a budget for waiver services. Supports and protections are available for participants who have authority over a budget.
 - Both Authorities. The waiver provides for both participant direction opportunities as specified in *Appendix E-2*. Supports and protections are available for participants who exercise these authorities.
- c. Availability of Participant Direction by Type of Living Arrangement. Check each that applies:

the IL Waiver, that individual is allowed to provide the direct care for the person on the waiver.

If a person does not have a specific PCA, they can select from a list of available, eligible, PCAs to provide their care. It is explained to the person by their case manager that PCA services will not begin prior to the PCA being certified as competent according to the IL waiver.

In the event that the case manager determines that the PCA poses potential safety concerns or threats of harm to the person or other service providers, the case manager may immediately terminate the PCA. The person may then

choose a replacement PCA, provided they meet all of the minimum requirements and are certified to be competent. All reports of abuse, neglect, exploitation or fraud are to be reported by phone and written report immediately by the appropriate case manager to their supervisor at MDRS.

In the event that the case manager determines that the PCA poses potential fraudulent activities, the case manager may immediately terminate the PCA. The person may then choose a replacement PCA provided they meet all of the minimum requirements and are certified to be competent

If the person has not located or chosen a PCA within six months after admission to the waiver, or after being without a PCA for six consecutive months, the person will be reevaluated for the need for waiver services and to determine if the IL waiver can best meet their needs.

Each person also chooses State approved vendors of their choice when receiving environmental accessibility adaptations, specialized medical equipment, and transition services.

Personal Care Attendant (PCA)

Ap

h.	Financial Management Services. Except in certain circumstances, financial management services are mandatory and ntegral to participant direction. A governmental entity and/or another third-party entity must perform necessary inancial transactions on behalf of the waiver participant. Select one:		
	○ Yes. Financial Management Services are furnished through a third party entity. (Complete item E-1-i).		
	Specify whether governmental and/or private entities furnish these services. Check each that applies:		
	☐ Governmental entities		
	Private entities		

No. Financial Management Services are not furnished. Standard Medicaid payment mechanisms are used. Do not complete Item E-1-i.

Appendix E: Participant Direction of Services

E-1: Overview (8 of 13)

i. Provision of Financial Management Services. Financial management services (FMS) may be furnished as a waiver service or as an administrative activity. *Select one*:

Answers provided in Appendix E-1-h indicate that you do not need to complete this section.

Appendix E: Participant Direction of Services

E-1: Overview (9 of 13)

- **j. Information and Assistance in Support of Participant Direction.** In addition to financial management services, participant direction is facilitated when information and assistance are available to support participants in managing their services. These supports may be furnished by one or more entities, provided that there is no duplication. Specify the payment authority (or authorities) under which these supports are furnished and, where required, provide the additional information requested *(check each that applies)*:
 - ✓ Case Management Activity. Information and assistance in support of participant direction are furnished as an element of Medicaid case management services.

Specify in detail the information and assistance that are furnished through case management for each participant direction opportunity under the waiver:

Once a waiver applicant has been determined eligible for IL waiver services, the case manager provides information to each applicant on the participant directed service delivery method.

The person recruits, hires, and may terminate employment of their PCAs with assistance from the case manager/counselor. All PCA providers must meet provider standards and be certified competent to perform the required tasks by the participant and the case management team.

The case manager confers with the person to determine who they would desire to provide their personal care services. After the person has determined who they would desire, the case manager goes through the specified steps to determine if the requested PCA meets the minimum requirements.

Once it has been determined that the person meets the minimal requirements and completes training, the PCA begins working for the person. Ongoing evaluation of the care provided and the satisfaction of the person is done and alterations, if needed, are made to the PSS.

Waiver Service Coverage. Information and assistance in support of participant direction are provided through the following waiver service coverage(s) specified in Appendix C-1/C-3 (check each that applies):

	Participant-Directed Waiver Service Info	rmation and Assistance Provided through this Waiver Service Coverage
Spe	cialized medical equipment and supplies	
Tra	nsition assistance services	
Per	sonal Care Attendant (PCA)	
Cas	e Management	✓
Env	ironmental Accessibility Adaptations	

Administrative Activity. Information and assistance in support of participant direction are furnished as an administrative activity.

Specify (a) the types of entities that furnish these supports; (b) how the supports are procured and compensated; (c) describe in detail the supports that are furnished for each participant direction opportunity under the waiver; (d) the methods and frequency of assessing the performance of the entities that furnish these supports; and, (e) the entity or entities responsible for assessing performance:

Application for 1915(c) HCBS Waiver: Draft MS.002.05.00 - Jul 01, 2017 Page 91 of 138
Appendix E: Participant Direction of Services
E-1: Overview (10 of 13)
k. Independent Advocacy (select one).
No. Arrangements have not been made for independent advocacy.
○ Yes. Independent advocacy is available to participants who direct their services.
Describe the nature of this independent advocacy and how participants may access this advocacy:
Appendix E: Participant Direction of Services
E-1: Overview (11 of 13)
I. Voluntary Termination of Participant Direction. Describe how the State accommodates a participant who voluntarily terminates participant direction in order to receive services through an alternate service delivery method, including how the State assures continuity of services and participant health and welfare during the transition from participant direction: If a person decides that the H. Weiver is not the weiver that they can be notify the most from et a certain time, they
If a person decides that the IL Waiver is not the waiver that they can benefit the most from at a certain time, they may choose to transfer to another Home and Community based waiver that they qualify. There is coordination with program areas in DOM, MDRS and other waiver providers to which the person will be transitioning.
Appendix E: Participant Direction of Services
E-1: Overview (12 of 13)
m. Involuntary Termination of Participant Direction. Specify the circumstances when the State will involuntarily terminate the use of participant direction and require the participant to receive provider-managed services instead, including how continuity of services and participant health and welfare is assured during the transition.
Immediate termination of the Participant-Directed personal care service option can occur if the following circumstances arise including, but not limited to:
*The participant's and/or service provider's health, safety, or welfare is immediately jeopardized or it is recognized that there is potential for threat of harm. *Fraudulent Activity *Non-compliance related to the PSS
The case manager will work to provide continuity of services and ensure the person's health and welfare while coordinating transition to an alternate program.

Appendix E: Participant Direction of Services

E-1: Overview (13 of 13)

n. Goals for Participant Direction. In the following table, provide the State's goals for each year that the waiver is in effect for the unduplicated number of waiver participants who are expected to elect each applicable participant direction opportunity. Annually, the State will report to CMS the number of participants who elect to direct their waiver services.

Table E-1-n

	Employer Authority Only	Budget Authority Only or Budget Authority in Combination with Employer Authority Number of Participants

b. Participant - Budget Authority
Answers provided in Appendix E-1-b indicate that you do not need to complete this section.
v. Expenditure Safeguards. Describe the safeguards that have been established for the timely prevention of the premature depletion of the participant-directed budget or to address potential service delivery problems that may be associated with budget underutilization and the entity (or entities) responsible for implementing these safeguards:

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The State provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The State provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice (s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

State Fair Hearing procedures are based on the Mississippi Division of Medicaid Administrative Code, Title 23, Part 100 Chapters 4-5, and Part 300, Chapter 1. The Hearing Process

A Case Manager sends a Notice of Action (NOA) to the person by certified mail (Signature return requested).

Contents of Notice of Action include:

- a. Description of the action the provider has taken or intends to take
- b. Explanation for the action
- c. Notification that the consumer has the right to file an appeal
- d. Procedures for filing an appeal
- e. Notification of consumer's right to request a State Fair Hearing, and
- f. Notice that the consumer has the right to have benefits continued pending the resolution of the appeal
- g. The specific regulations that support, or the change in Federal or State law that requires, the action

The person or his representative may request to present an appeal through a local-level hearing, a state-level State Fair Hearing, or both. In an attempt to resolve issues at the lowest level possible, offices should encourage persons to request a local hearing first. The request for a State Fair Hearing or local hearing must be made in writing by the person or his legal representative.

The person may be represented by anyone he designates. If the person elects to be represented by someone other than a legal representative, he must designate the person in writing. If a person, other than a legal representative, states that the participant has designated him as the participant's representative and the participant has not provided written verification to this effect, written designation from the participant regarding the designation must be obtained.

The person has 30 days from the date the appropriate notice is received to request either a local or State Fair Hearing. This 30-day filing period may be extended if the person can show good cause for not filing within 30 days.

A State Fair Hearing will not be scheduled until a written request is received by either the MDRS or the State DOM office. If the written request is not received within the 30 days of the NOA, services will be discontinuted. If the request is not received in writing within 30 days, a State Fair Hearing will not be scheduled unless good cause exists as specificed in the Mississippi Medicaid Administrative Code.

At the local hearing level, MDRS hold a local hearing and issues a determination within 30 days of the date of the initial request for a hearing. The local hearing will be held at the person's home or at the local MDRS office of the case manager, unless the determination for a telephone hearing is made. A telephone hearing will be conducted if there is potential for safety concerns or threats of harm of the person or service providers. Although the waiver allows 30 days, the agency will make every effort to hold hearings promptly and render decisions in a shorter timeframe.

The person has the right to appeal a local hearing decision by requesting a State Fair hearing; However, the State Fair Hearing request must be made within 15 days of receiving the local hearing decision. Upon receipt of the request for a State Fair hearing, the Division of Medicaid, Office of Appeals will assign a hearing officer.

At the State Fair Hearing level, DOM will issue a determination within 90 days of the date of the initial request for a hearing. Although regulations allow 90 days, the agency will make every effort to hold hearings promptly and render decisions in a shorter timeframe. The Division of Medicaid has the final authority over the State Fair Hearing decision and will inform the person and MDRS in writing of the final decision. Once the Division of Medicaid has issued their

authoritative decision, the decision is final, and the person cannot appeal the same matter to MDRS or the Division of Medicaid.

The person or his representative has the following rights in connection with a local or State Fair Hearing:

- 1. The right to examine at a reasonable time before the date of the hearing and during the hearing the contents of the applicant or recipient's case record. The right to have legal representation at the hearing and to bring witnesses.
- 2. The right to produce documentary evidence and establish all pertinent facts and circumstances concerning eligibility.
- 3. The right to present an argument without undue interference and to question or refute testimony or evidence, including an opportunity to confront and cross-examine adverse witnesses.

Services must remain in place during any appeal process unless the determination is made that there are safety concerns, threats of harm to the participant or service providers, or suspected illegal activities by the participant. In those instances, services will be terminated immediately.

Appendix F: Participant-Rights

Appendix F-2: Additional Dispute Resolution Process

- **a. Availability of Additional Dispute Resolution Process.** Indicate whether the State operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*
 - O No. This Appendix does not apply
 - Yes. The State operates an additional dispute resolution process
- **b. Description of Additional Dispute Resolution Process.** Describe the additional dispute resolution process, including: (a) the State agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

The types of disputes that can be addressed by an informal dispute resolution process are issues concerning service providers, waiver services, and other issues that directly affect their waiver services. Persons are encouraged to report disputes to their case manager. If a resolution is not reached by the case manager, the issue is reported to the case manager's supervisor. If a resolution is not reached at this level, the issue is reported to the Division of Medicaid. The Division of Medicaid along with the MDRS will collaborate to achieve a resolution. However, dispute resolution can start at any level in the process.

In the event the dispute is with the case manager, MDRS will analyze each case on an individual basis to determine the appropriate plan of action. If a new case manager is assigned, the case manager's supervisor evaluates the person's satisfaction with the new case manager and notifies the DOM of the final resolution. DOM and MDRS are responsible for operating the dispute mechanism. DOM has the final authority over any dispute. The person is informed by MDRS at the time they are enrolled in the waiver the specific criteria of a dispute, complaint/grievances and hearing. The person is given their bill of rights which addresses disputes, complaints/grievances and State Fair Hearings.

The right to a State Fair Hearing is preserved by allowing the person to request a formal hearing at any time during the informal dispute resolution process unless a formal notice of action has been presented to the person. Once the notice of action is given to a person, the person must follow DOM's State Fair Hearing policy.

Appendix F: Participant-Rights

Appendix F-3: State Grievance/Complaint System

a. Operation of Grievance/Complaint System. Select one:

ppli	ication for 1915(c) HCBS Waiver: Draft MS.002.05.00 - Jul 01, 2017	Page 97 of 138
	 No. This Appendix does not apply Yes. The State operates a grievance/complaint system that affords participants the o grievances or complaints concerning the provision of services under this waiver 	pportunity to register

	Appendix G-1: Response to Critical Events or Incidents	
a.	Critical Event or Incident Reporting and Management Process. Indicate whether the State or Incident Reporting and Management Process that enables the State to collect information on occurring in the waiver program. <i>Select one:</i>	
	Yes. The State operates a Critical Event or Incident Reporting and Management Prothrough e)	ocess (complete Items b
	No. This Appendix does not apply (do not complete Items b through e) If the State does not operate a Critical Event or Incident Reporting and Management Proc process that the State uses to elicit information on the health and welfare of individuals se program.	
		<u>^</u>
_		
b.	State Critical Event or Incident Reporting Requirements. Specify the types of critical even (including alleged abuse, neglect and exploitation) that the State requires to be reported for revaction by an appropriate authority, the individuals and/or entities that are required to report such and the timelines for reporting. State laws, regulations, and policies that are referenced are ava	iew and follow-up th events and incident

request through the Medicaid agency or the operating agency (if applicable).

Critical incidents are identified as follows:

Abuse (A) -- willful or non-accidental infliction of a single or more incidents of physical pain, injury, mental anguish, unreasonable confinement, willful deprivation of services necessary to maintain mental and physical health, and sexual abuse.

Neglect (N) -- can include but is not limited to a single incident of the inability of a vulnerable person living alone to provide for himself, failure of a caretaker to provide what a reasonably prudent person would do.

Exploitation (E) -- Illegal or improper use of a vulnerable person or his resources for another's profit or advantage with or without the consent of the vulnerable person. This can include acts committed pursuant to a power of attorney and can include but is not limited to a single incident.

The Department of Human Services (DHS), Division of Aging and Adult Services is the agency responsible for investigating allegations of A, N, and E. There is a Memorandum of Understanding (MOU) established between DOM and DHS which allows for a free flow of information between the two agencies to ensure the health and welfare of waiver participants.

If the person is at risk for harm or injury related to an unsafe environment, the case manager will call 911 to request immediate assistance. All reports of abuse, neglect or exploitation are to be reported by phone and written report immediately by the appropriate rehab case manager/counselor to their supervisor at the Department of Rehabilitation Services. The potential A, N, or E is also reported to the Department of Human Services and Division of Medicaid/Long Term care. DOM and MDRS case managers will follow up with DHS to ensure that reports are investigated and action is taken. The Mississippi Attorney General's Office is also contacted to report allegations of Vulnerable Adult Abuse.

c. Participant Training and Education. Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

When a person is initially assessed for the Independent Living (IL) Waiver, they are provided the case manager's name and the phone number. They are educated on the definitions of A, N and E and how and when to report such allegations. The person is also provided the telephone number to the DHS 24 hour hotline. Case managers are trained on identifying and reporting any allegations of A, N or E. The case manager conducts monthly phone contact with each person and quarterly home visits are conducted to ensure the health and welfare of the person.

DOM must always be notified of any suspected A, N, or E cases.

d. Responsibility for Review of and Response to Critical Events or Incidents. Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

Division of Medicaid/Office of Long Term Care and the Department of Human Services.

Each case will be analyzed on an individual basis to determine the appropriate plan of action.

By virtue of Mississippi Code Annotated §43-1-1, et seq. (1972, as amended)' the DHS is authorized to administer the Adult Protective Services Program pursuant to the Mississippi Vulnerable Persons Act § 43-47-1 et seq. of the 1972 Mississippi Code Annotated, as amended. DOM work with DHS through the provision of a memorandum of understanding to assure effective incident management of all home and community based waiver participants under 42 CRFR § 441.302.

Mississippi Vulnerable Persons Act, Section 43-47-9 (1). "Upon receipt of a report pursuant to Section 43-47-7 that a vulnerable person is in need of protective services, the department (The Department of Human Services) shall initiate an investigation and/or evaluation within forty-eight (48) hours if immediate attention is needed, or within seventy-two (72) hours if the vulnerable person is not in immediate danger, to determine whether the vulnerable person is in need of protective services and what services are needed."

Communication continues between MDRS, Division of Medicaid, Department of Human Services, and Attorney General's office if necessary, etc., until resolution occurs. Additionally, DHS provides information on critical

incidences involving alleged A, N and E of waiver participants on a monthly basis. This information is compiled and reviewed by DOM and used to develop strategies to reduce the risk and likelihood of the occurrence of the future incidents.

e. Responsibility for Oversight of Critical Incidents and Events. Identify the State agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

As these events occur, immediate action takes place and investigation begins and all of the above entities listed keep written records of suspected events of abuse, neglect, and exploitation.

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (1 of 3)

- **a.** Use of Restraints. (Select one): (For waiver actions submitted before March 2014, responses in Appendix G-2-a will display information for both restraints and seclusion. For most waiver actions submitted after March 2014, responses regarding seclusion appear in Appendix G-2-c.)
 - The State does not permit or prohibits the use of restraints

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restraints and how this oversight is conducted and its frequency:

Case Managers make scheduled visits to the person's home quarterly to allow the case manager to observe actual activities in the person's home and to ensure there are no unauthorized use of restraints. In addition, unscheduled visits are made randomly as needed. PCAs are provided information on the unauthorized use of restraints. PCA's are instructed to notify the MDRS case manager of any suspected use of restraints. If a concern were present, the case manager makes an unscheduled visit with follow up as needed. DOM staff also make home visits for quality assurance purposes and to monitor for restraints and restrictive interventions.

\bigcirc	The use of restraints is permitted during the course of the delivery of waiver services. Complete Items G-2-
	a-i and G-2-a-ii.

i.	Safeguards Concerning the Use of Restraints. Specify the safeguards that the State has established
	concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical
	restraints). State laws, regulations, and policies that are referenced are available to CMS upon request
	through the Medicaid agency or the operating agency (if applicable).

b. Sub-assurance: The state demonstrates that an incident management system is in place that effectively resolves those incidents and prevents further similar incidents to the extent possible.

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

c. Sub-assurance: The state policies and procedures for the use or prohibition of restrictive interventions (including restraints and seclusion) are followed.

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

d. Sub-assurance: The state establishes overall health care standards and monitors those standards based on the responsibility of the service provider as stated in the approved waiver.

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

	the State to discover/identify problems/issues within the waiver program, including frequency and parties	
	responsible.	
		\wedge
		\vee

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.
For Performance Measure PM 1, DOM will (a) require MDRS to provide the monthly activity report no later than the eighth business day of the month; and b) require MDRS to address instances of abuse, neglect, exploitation, and unexplained/suspicious deaths within the required timeframe as specified in the approved waiver.

For PM 2, DOM will (a) require MDRS to remove the Personal Care Attendant from providing care to person immediately; (b) ask MDRS to apply applicable measures to ensure the provider is trained prior to resuming care; (c) expect MDRS to remove the PCA if warranted in accordance with their policies and procedures.

For PM 3, DOM will (a) immediately notify case manager of deficiency via unable to process notice/clarification request; (b) require MDRS case manager to respond to deficiency within seven business days; (c) immediately indicate deficiency in LTSS System for data collection; and (d) approve case within seven business days of receipt of complete Emergency Preparedness Plan (EPP).

For PM 4, DOM will (a) require case manager to provide participant with information as part of the corrective action plan within seven business days; and (b) provide training annually.

For PM 5, DOM will (a) require unresolved complaints to be resolved within seven business days; and (b) address MDRS administrative staff within seven business days.

For PM 6, DOM will a) require MDRS to report critical incidents via email notification within 24 hours of the incident; b) require MDRS to submit a Monthly Activity Report that will include all critical incidents; and c) will require MDRS Counselors to make unscheduled monthly home visits to monitor for the unauthorized use of restrictive interventions with substantiated cases of critical incidents.

For PM 7, DOM will a) require MDRS to report unauthorized use of restrictive interventions (critical incidents) via email notification within 24 hours of knowledge of the incident; b) require MDRS to submit a Monthly Activity Report that will include all critical incidents; c) will require MDRS case mangers to make unscheduled monthly home visits to monitor for the unauthorized use of restrictive interventions with substantiated cases of critical incidents.

For PM 8, DOM will (a) immediately notify case manager of deficiency via unable to process notice/clarification request; (b) require MDRS case manager to respond to deficiency within seven business days; (c) immediately indicate deficiency in LTSS System for data collection; and (d) approve case within seven business days of receipt of medical stability form.

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Health and Welfare that are currently non-operational.

ЬCI	ational.	
•	No	
\bigcirc	Yes	
	Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing	
	identified strategies, and the parties responsible for its operation.	

Appendix H: Quality Improvement Strategy (1 of 2)

Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the State has made satisfactory assurances concerning the protection of participant health and welfare,

financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the State specifies how it has designed the waiver's critical processes, structures and operational features in order to meet these assurances.

Quality Improvement is a critical operational feature that an organization employs to continually determine whether it
operates in accordance with the approved design of its program, meets statutory and regulatory assurances and
requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state's waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver's relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the State is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

Quality Improvement Strategy: Minimum Components

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QIS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I), a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances;
- The remediation activities followed to correct individual problems identified in the implementation of each of the assurances:

In Appendix H of the application, a State describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously *assess the effectiveness of the OIS* and revise it as necessary and appropriate.

If the State's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the State plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid State plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QIS spans more than one waiver, the State must be able to stratify information that is related to each approved waiver program. Unless the State has requested and received approval from CMS for the consolidation of multiple waivers for the purpose of reporting, then the State must stratify information that is related to each approved waiver program, i.e., employ a representative sample for each waiver.

Appendix H: Quality Improvement Strategy (2 of 2)

H-1: Systems Improvement

a. System Improvements

i. Describe the process(es) for trending, prioritizing, and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

The Division of Medicaid has staff designated to assist in system design. Meetings are held routinely, as needed to develop Customer Service Requests (CSRs), review progress, and test system changes. The

meetings involve participation from DOMs Bureau of Systems Management, LTC staff and others as may be deemed appropriate depending on the issue for discussion. Meetings with LTC staff, including QA nurses and MDRS staff are held routinely for the purpose of addressing needs and resolving issues that may involve systems changes.

When the state identifies a system issue, it is reported to the fiscal agent for review and research. System issues that affect services to beneficiaries or affect accurate payment to providers are considered a priority. The State holds monthly meetings with the program staff to address issues that require system changes. Additionally the State has monthly internal Advisory meetings to identify, correct, and implement system changes to improve the States ability to adhere to state and federal regulations, policies and procedures. System changes have been implemented to allow for electronically capturing data and identifying trends related to the performance measures. Findings are discussed during collaborative Quality Improvement Strategy meetings with MDRS and DOM. Reporting information from LTSS is also utilized in DOMs Quality Improvement Strategies and as a source of reporting data for multiple quality measures.

ii. System Improvement Activities

Responsible Party(check each that applies):	Frequency of Monitoring and Analysis(check each that applies):
▼ State Medicaid Agency	☐ Weekly
✓ Operating Agency	✓ Monthly
☐ Sub-State Entity	☑ Quarterly
Quality Improvement Committee	✓ Annually
Other Specify:	Other Specify: ongoing; as needed

b. System Design Changes

i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the State's targeted standards for systems improvement.

Division of Medicaid (DOM) and Mississippi Rehabilitation Services (MDRS) monitor the Quality Improvement Strategy on a monthly basis. Annual reviews are also conducted and consist of analyzing aggregated reports and progress toward meeting one hundred (100) percent of the sub assurances, resolution of individual and systemic issues found during discovery, and notating desired outcomes. When change in the Quality Improvement Strategy is necessary, a collaborative effort between DOM and MDRS is made to meet waiver reporting requirements.

ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

Evaluation of the quality improvement strategy is a continuous and ongoing endeavor. It is reviewed annually to determine if the participants are receiving the highest quality of care possible in the most effective and efficient means possible. The operating agency and DOM will meet quarterly to review the overall waiver operation including the QIS strategy for waiver improvement.

Appendix I: Financial Accountability

I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for

conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

MDRS case managers, along with the waiver participant, are responsible for reviewing time sheets submitted by each personal care attendant. After review and approval, these are submitted to the MDRS state office staff for further review and verification of accuracy.

DOM staff also monitor other waiver services for fiscal accountability through post payment audits of paid claims. Audits are conducted as part of the overall monitoring of the waiver during the compliance review. In instances where claims have been paid erroneously, the provider is notified of any necessary recoupment. The LTC staff also closely review the CMS 372 report for accuracy prior to submittal.

Changes in billing rates, or updates, are discussed in staff meetings and at state-wide in-services. MDRS holds regular training sessions at their facilities to teach staff correct procedures. DOM conducts ongoing training and technical assistance for waiver providers to assure understanding of and adherence with DOM Administrative Codes and reimbursement methodology specified in the waiver.

Appendix I: Financial Accountability

Quality Improvement: Financial Accountability

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

- a. Methods for Discovery: Financial Accountability Assurance:
 - The State must demonstrate that it has designed and implemented an adequate system for ensuring financial accountability of the waiver program. (For waiver actions submitted before June 1, 2014, this assurance read "State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.")
 - i. Sub-Assurances:
 - a. Sub-assurance: The State provides evidence that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver and only for services rendered. (Performance measures in this sub-assurance include all Appendix I performance measures for waiver actions submitted before June 1, 2014.)

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

1)PM: Number and percent of claims paid in accordance with the reimbursement methodology specified in the approved waiver. Numerator: number of claims coded and paid correctly in accordance with the reimbursement methodology specified in the approved waiver Denominator: total number of claims paid

Please provide a detailed strategy for assuring Financial Accountability, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (1 of 3)

a. Rate Determination Methods. In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

Rate Determination Methods: DOM contracted with an actuary firm, Milliman, to thoroughly evaluate the service rates.

To set the context for developing service rates, careful consideration was given for service descriptions and provider handbook information for each waiver service. Educational requirements, expectations, and billable productivity levels were also considered.

Current waiver rates were compared to the same non-waiver Medicaid service rates or a ground up analysis was conducted.

For the Personal Care and Case Management services, initial rates were updated using the following rating variables:

- > Direct service provider salaries and benefits
- > Direct service-related expense and overhead costs
- > Annual number of hours practitioners are at work
- > Percentage of time an at work practitioner is able to convert to billable units (productivity)

The rating variable assumptions were developed using multiple data sources including the Bureau of Labor Statistics (BLS), a proprietary Milliman medical provider compensation survey, and Division of Medicaid and Milliman experience.

Once service rates were calculated, a comparison was made of them to the current service rates along with consideration for other aspects of the service provision environment. Projected rates for waiver years following the initial year were based on an expected two (3) percent increase in accordance with the Bureau of Labor Statistics and the Consumer Price Index. Once Milliman completed their rate analysis, DOM solicited public comments on the rates through stakeholder meetings and notification to the tribal government.

Based on the analysis by Milliman along with other consideration, the Division of Medicaid set the first year personal care attendant rate at \$4.00/15 minute increment (\$16.00 per hour). The rate determination for participant directed personal care service did not differ from the methodology that was utilized when the service is provider managed.

Transitional Assistance rate of \$800.00 per lifetime usage was based upon past utilization practices across all waivers. The specialized medical supplies/equipment and Environmental Accessibility Adaptations rates were determined based on previous utilization patterns and current costs.

Information about payment rates is made available to waiver participants verbally by the case manager and/or the fiscal management service.

b. Flow of Billings. Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the State's claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

Billings for waiver services flow directly from providers to the State's claims payment system (MMIS).

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (2 of 3)

С.	Certifying	Public	Expenditures	(se	lect	one):	
----	------------	--------	--------------	-----	------	-------	--

No. State or local government agencies do not certify expenditures for waiver services.
Yes. State or local government agencies directly expend funds for part or all of the cost of waiver services and certify their State government expenditures (CPE) in lieu of billing that amount to Medicaid.
Select at least one:
☐ Certified Public Expenditures (CPE) of State Public Agencies.

Specify: (a) the State government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b).(Indicate source of revenue for CPEs in Item I-4-a.)

☐ Certified Public Expenditures (CPE) of Local Government Agencies.

Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). (Indicate source of revenue for CPEs in Item I-4-b.)

	I-2: Rates, Billing and Claims (3 of 3)
fir in	lling Validation Process. Describe the process for validating provider billings to produce the claim for federal nancial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the dividual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the rticipant's approved service plan; and, (c) the services were provided:
fu sy da eli fu	he MMIS houses claims data and information that can be produced upon request. The MMIS system has audit anctions to deny payment for services when an applicant is not Medicaid eligible on the date of service. The MMIS stem also has an audit function to deny any participant who is not eligible for Medicaid waiver payment on the te of service. That function is the "lock-in", whereby the MMIS system requires a participant to be an approved, gible Medicaid waiver participant, documented in the MMIS system, in order for the claim to pay. The lock-in action is housed in the MMIS system under the participant file and is performed by Medicaid HCBS staff or the edicaid Fiscal Agent.
Tł	estrate conducts post utilization reviews to ensure the services provided were on the participant's approved services in (plan of care).
(ir	lling and Claims Record Maintenance Requirement. Records documenting the audit trail of adjudicated claims acluding supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), d providers of waiver services for a minimum period of 3 years as required in 45 CFR §92.42.

Appendix I: Financial Accountability
I-3: Payment (2 of 7)
b. Direct payment. In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements (<i>select at least one</i>):
The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.
✓ The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.
The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent.
Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:
Providers are paid by a managed care entity or entities for services that are included in the State's
contract with the entity.
Specify how providers are paid for the services (if any) not included in the State's contract with managed care entities.
Appendix I: Financial Accountability
I-3: Payment (3 of 7)
c. Supplemental or Enhanced Payments. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan/waiver. Specify whether supplemental or enhanced payments are made. <i>Select one:</i>
No. The State does not make supplemental or enhanced payments for waiver services.
○ Yes. The State makes supplemental or enhanced payments for waiver services.
Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the State to CMS. Upon request, the State will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.
Appendix I: Financial Accountability

I-3: Payment (4 of 7)

d.	Payments to State or Local Government Providers. Specify whether State or local government providers in	receive
	payment for the provision of waiver services.	

No. State or local government providers do not receive payment for waiver services. Do not complete Item

• Yes. State or local government providers receive payment for waiver services. Complete Item I-3-e.

Specify the types of State or local government providers that receive payment for waiver services and the services that the State or local government providers furnish:

The Mississippi Department of Rehabilitation Services (MDRS) is a State agency. MDRS is the provider of case management. Participants chosen providers of specialized medical equipment and supplies, environmental accessibility adaptations, personal care attendant services are paid by the operating agency, MDRS who then bills and is reimbursed by the State.

Appendix I: Financial Accountability

I-3: Payment (5 of 7)

e. Amount of Payment to State or Local Government Providers.

Specify whether any State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services and, if so, whether and how the State recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report. *Select one:*

•	The amount paid to State or local government providers is the same as the amount paid to private
	providers of the same service.

The amount paid to State or local government providers differs from the amount paid to private
providers of the same service. No public provider receives payments that in the aggregate exceed its
reasonable costs of providing waiver services.

The amount paid to State or local government providers differs from the amount paid to private
providers of the same service. When a State or local government provider receives payments
(including regular and any supplemental payments) that in the aggregate exceed the cost of waiver
services, the State recoups the excess and returns the federal share of the excess to CMS on the
quarterly expenditure report.

Describe the recoupment process:

Appendix I: Financial Accountability

I-3: Payment (6 of 7)

- **f. Provider Retention of Payments.** Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by states for services under the approved waiver. *Select one:*
 - Providers receive and retain 100 percent of the amount claimed to CMS for waiver services.
 - O Providers are paid by a managed care entity (or entities) that is paid a monthly capitated payment.

Specify whether the monthly capitated payment to managed care entities is reduced or returned in part to the State.

Appendix I: Financial Accountability
I-3: Payment (7 of 7)
g. Additional Payment Arrangements
i. Voluntary Reassignment of Payments to a Governmental Agency. Select one:
No. The State does not provide that providers may voluntarily reassign their right to direct payments to a governmental agency.
 Yes. Providers may voluntarily reassign their right to direct payments to a governmental agency as provided in 42 CFR §447.10(e).
Specify the governmental agency (or agencies) to which reassignment may be made.
ii. Organized Health Care Delivery System. Select one:
No. The State does not employ Organized Health Care Delivery System (OHCDS) arrangements under the provisions of 42 CFR §447.10.
 Yes. The waiver provides for the use of Organized Health Care Delivery System arrangements under the provisions of 42 CFR §447.10.
Specify the following: (a) the entities that are designated as an OHCDS and how these entities qualify for designation as an OHCDS; (b) the procedures for direct provider enrollment when a provider does not voluntarily agree to contract with a designated OHCDS; (c) the method(s) for assuring that participants have free choice of qualified providers when an OHCDS arrangement is employed, including the selection of providers not affiliated with the OHCDS; (d) the method(s) for assuring that providers that furnish services under contract with an OHCDS meet applicable provider qualifications under the waive (e) how it is assured that OHCDS contracts with providers meet applicable requirements; and, (f) how financial accountability is assured when an OHCDS arrangement is used:
iii. Contracts with MCOs, PIHPs or PAHPs. Select one:
• The State does not contract with MCOs, PIHPs or PAHPs for the provision of waiver services.
The State contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient healt plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) the Act for the delivery of waiver and other services. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these healt plans are on file at the State Medicaid agency.
Describe: (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1); (b the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

Application for 1915(c) HCBS Waiver: Draft MS.002.05.00 - Jul 01, 2017

Page 127 of 138

This waiver is a part of a concurrent §1915(b)/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1915(b) waiver specifies the types of health plans that are used and how payments to these plans are made.
This waiver is a part of a concurrent 1115/ 1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The 1115 waiver specifies the types of health plans that are used and how payments to these plans are made.
Appendix I: Financial Accountability
I-4: Non-Federal Matching Funds (1 of 3)
a. State Level Source(s) of the Non-Federal Share of Computable Waiver Costs. Specify the State source or sources of the non-federal share of computable waiver costs. Select at least one:
Appropriation of State Tax Revenues to the State Medicaid agency
✓ Appropriation of State Tax Revenues to a State Agency other than the Medicaid Agency.
If the source of the non-federal share is appropriations to another state agency (or agencies), specify: (a) the State entity or agency receiving appropriated funds and (b) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if the funds are directly expended by State agencies as CPEs, as indicated in Item I-2-c:
 a) The Mississippi Department of Rehabilitation Services (MDRS); b) MDRS pays the state match in advance to Division of Medicaid (DOM) via an IGT based on the prior quarter's claims payments. Other State Level Source(s) of Funds.
Specify: (a) the source and nature of funds; (b) the entity or agency that receives the funds; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by State agencies as CPEs, as indicated in Item I-2-c:

J-2: Derivation of Estimates (1 of 9)

a. Number Of Unduplicated Participants Served. Enter the total number of unduplicated participants from Item B-3-a who will be served each year that the waiver is in operation. When the waiver serves individuals under more than one level of care, specify the number of unduplicated participants for each level of care:

Table: J-2-a: Unduplicated Participants

Waiver Year	Total Unduplicated Number of Participants (from Item B-3-a)	Distribution of Unduplicated Participants by Level of Care (if applicable) Level of Care: Nursing Facility
Year 1	5500	5500
Year 2	6000	6000
Year 3	6500	6500
Year 4	7000	7000
Year 5	7500	7500

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (2 of 9)

b. Average Length of Stay. Describe the basis of the estimate of the average length of stay on the waiver by participants in item J-2-a.

Based on the CMS 372 Report data for the most recent two (2) years the average length of stay for this waiver is 322 days. Based on this information, it is estimated that average length of stay for waiver participants during the course of the waiver renewal period is approximately 10 months.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (3 of 9)

- **c. Derivation of Estimates for Each Factor.** Provide a narrative description for the derivation of the estimates of the following factors.
 - **i. Factor D Derivation.** The estimates of Factor D for each waiver year are located in Item J-2-d. The basis for these estimates is as follows:

The estimates for Factor D are based on CMS 372 reports and utilization data from prior years of the Independent Living (IL) waiver.

ii. Factor D' Derivation. The estimates of Factor D' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The estimates for Factor D' are based on averages from previous years with the waiver population with a 2% increase added each year for inflation adjustments. This estimate includes the addition of all services furnished to waiver participants while the participant is in the waiver.

iii. Factor G Derivation. The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The estimates for Factor G are based actual nursing home costs for individuals residing in nursing facilities incluiding those residents with severe orthopedic and neurological disorders.

iv. Factor G' Derivation. The estimates of Factor G' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The estimates for Factor G" are based on averages of previous years with this waiver population with a 4% increase added each year after the first year for inflation adjustments.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (4 of 9)

Component management for waiver services. If the service(s) below includes two or more discrete services that are reimbursed separately, or is a bundled service, each component of the service must be listed. Select "*manage components*" to add these components.
