Income and Eligibility Verification System Procedures

Matching Agency	General Description and Frequency
Social Security Administration (SSA)	Non-MAGI applicants are submitted through daily file transmissions and on-demand requests for standard SVES responses to verify an applicant's SSN, U.S. citizenship (if not previously verified) and title II and title XVI data. Upcoming non-MAGI renewals are submitted once per month to verify title II and title XVI data. Renewal files are processed in the month prior to the scheduled review due date. MAGI applicants are submitted through the Federal Data Services Hub to verify SSN, title II and U.S. citizenship (if not previously verified). The FDSH also verifies wages through TALX and alien status through the Department of Homeland Security as part of the same submission and not as a separate match by the agency.
MS Department of Employment Security (MDES)	Applicants are submitted weekly to verify wage and unemployment benefits. Renewals are submitted once per month for the same data. Renewal files are processed in the month prior to the scheduled review due date.
Public Employees Retirement System (PERS)	Age appropriate applicants are sent monthly to verify state retirement benefits. All known State retirees are submitted annually to verify current State retirement benefits.
Internal Revenue Service (IRS)	Temporarily discontinued. Discussions are being held with IRS to develop an acceptable secure matching process.
Public Assistance Reporting Information System (PARIS)	Quarterly file transmissions of Medicaid recipients active in the previous quarter are submitted for matching purposes with applicable federal databases to identify benefit information on matching Federal civilian employees and military members, both active and retired, and to identify duplicate participation across state lines.
