IV. Old Business – Presentations

1. Dr. Dorthy Young – Division of Medicaid
 - State Plan and Waiver updates
 - Home Health SPA is updated on rules in compliance with CMS final rule
 - Tribal notification policy includes administrative paperwork related to the notification of the MS Band of Choctaw Indians
 - General medical equipment and medical supply reimbursement addresses concerns of beneficiaries and providers related to recent CMS reductions in the medical equipment reimbursements that negatively impact the state – asking CMS for flexibility so that DOM can address the issues it has caused
 - LTC updates are under review in the Governor’s Office related to submit administrative final rule requirements
 - Physician UPL is under Governor review to be updated every 3 years (last updated 2014)
 - Medicaid Administration SPA has been renamed (formerly organizational chart) and has to be updated on a regular basis with CMS
 - CHIP SPA is related to adding vision coverage for the CHIP benefit
 - Healthier MS Waiver is up for 3 year renewal period
 - Family Planning Waiver was just approved by CMS for 10 year period; first 10 year extension granted by CMS

- Comparison of physician fee schedules with surrounding states within the southeast regions – based on 90% of Medicare fee schedule and updated July 1st each year
- Low-birth rate infants
 - Cost of 17P for 20 weeks - \$12,800
 - Reimbursement for single injection - \$640
 - Cost of general medical care for pre-term mothers - \$6,157
 - Cost of preterm birth complications for 1 year – average \$115,886.48
 - Average cost with 17P = \$10,200
- 2. Dr. Becky Waterer – Magnolia Health Plan
 - Prior Authorization Program has not been submitted to the Division of Medicaid but expected implementation October 2018 or sooner if approved.
 - Gold Card Program
 - Removal of all prior-authorization requirements
 - All services must be Medicaid provided services
 - Provider must agree to remain in audit for medical necessities retroactively and if the services do not meet medical necessities criteria, funds will be recouped
 - Silver Card Program
 - Removal of selected prior-authorization requirements
 - All services must be Medicaid provided services
 - Provider must agree to remain in audit for medical necessities retroactively and if the services do not meet medical necessities criteria funds will be recouped
 - Provider participation requirements:
 - Must be participating providers in the network
 - Agree to the program terms of enrollment
 - Be involved
 - Monitor utilization (10% or more increase – requests retro review)
 - Must have exhibited 95% or higher approval rate for services in the past year
- 3. Dr. Phillips – UnitedHealthcare
 - Prior Authorization Program
 - Does not have a program for gold pass
 - Establishing a fast check system to approve/disapprove the same day
 - Retro review of prior-authorizations and success rates

V. New Business – Presentations

1. Jason McNeil – Singing River Health Systems
 - Non-Emergency Transportation (NET) – examples given of system failures
 - Conducted surveys and found an overall displeasure with NET providers
 - Suggesting DOM get with stakeholders concerning NET
 - Requesting DOM to consider fee-for-service contracts
 - DOM should make sure there are enough subcontractors
 - DOM should look at ways to assess damages other than liquidated damages
 -
2. Ryan Kasper – MTM
 - Non-Emergency Transportation (NET)
 - Overview of NET program and its functions
 - Gas mileage reimbursements
 - Customer service center in Jackson, MS
 - Addressed Singing River Hospital issues
 - Subcontractor quality measures
 - Compliance process by credentialing and documentation

- Field oversight – to ensure timeliness and appropriate dress
 - Vehicle inspections every 6 months
 - ADA standards
 - DOM standards
 - Monthly transportation advisory council meeting for feedback or concerns
 - Reservation requests
 - Scheduled return time – specifies a pickup time when the patient will be ready
 - Will-call pickup – when the beneficiary or facility representative contacts MTM directly and request a return route (in some cases the transportation provider is contacted directly causing a delay in pickup)
 - Request calls are recorded to validate pickup timeframes
- Tobacco Use Prevention
- Health benefits for infants, toddlers, and children – outlining statistical associated costs
 - Committee recommended an increase in the tobacco tax would improve the health of Medicaid recipient and decrease the cost to the program. The tax could contribute to the Medicaid program to help recover expenses from tobacco related health issues

VI. Next Meeting – Friday, April 20, 2018

VII. Approval of Travel and expenses for January 11, 2018 Meeting
