1. PROCUREMENT OVERVIEW

1.1 Purpose

Mississippi Division of Medicaid (DOM) is seeking to establish a contract for a Non-Emergency Transportation (NET) Brokerage program in Mississippi. It is understood that any contract resulting from this Invitation for Bid (IFB) #20180511 requires approval by the Public Procurement Review Board or PPRB. If any contract resulting from IFB #20180511 is not approved by the PPRB, it is void and no payment shall be made.

1.2 Specifications

DOM is requesting competitive written bid responses from qualified contractors to develop and operate a NET Brokerage Program, including but not limited to the authorization, coordination, scheduling, management, and reimbursement of NET Services. DOM seeks bids from qualified organizations to enter into contracts with DOM for the NET Brokerage Program in accordance with 42 C.F.R. § 440.170(a) (4).

The mission of the NET Brokerage program is to improve access to Medicaid covered services for persons eligible for the Mississippi Medicaid program. The objectives of the NET Brokerage program are to ensure that transportation services made available through the program are:

1. Similar in scope and duration throughout the state;
2. Consistent with the best interest of the state's Medicaid beneficiaries; and
3. Prompt, cost-effective and efficient.

NET services are available to individuals eligible for Medicaid when these persons have demonstrated that they have no other means of available transportation to utilize in accessing services covered by the Division of Medicaid and rendered by an enrolled Mississippi Medicaid provider.

The Division of Medicaid NET Brokerage Program operates under the authority of 42 C.F.R. § 440.170. This is a State Plan Brokerage option and regulations regarding Prepaid Ambulatory Health Plans (PAHPs) as defined in C.F.R. Part 438 are not applicable to this program. All Bidders must acknowledge and agree this IFB is not for a PAHP.

The Mississippi Medicaid State Plan will be updated to reflect the payment methodology and requirements of this IFB.

Mississippi Coordinated Access Network Program: January 1, 2011, DOM implemented a managed care program called Mississippi Coordinated Access Network (MississippiCAN). MississippiCAN is a coordinated care program for Mississippi Medicaid beneficiaries. Beneficiaries enroll with a Coordinated Care Organization (CCO), through which they access covered MississippiCAN Program services.

All provisions and requirements of the Contractor outlined in the IFB are mandatory. The Bidder is disallowed from taking exceptions to these mandatory requirements. Any exceptions and/or deviations are cause for rejection.

1.3 Bid Acceptance Period

The original and three copies of the bid form, four copies total, shall be signed and submitted in a sealed envelope or package to 10th floor 550 High Street, Jackson, MS 39201 no later than 5:00 pm CST June 15, 2018. Timely submission of the bid form is the responsibility of the Bidder. Bids received after the specified time shall be rejected and returned to the Bidder unopened. As a precondition to bid acceptance, DOM may request the Bidder to withdraw or modify those portions of the bid deemed non-responsive that do not affect quality, quantity, price, or delivery of the service.

Examples of possible excessive distance requests include a request for NET Services to a Provider that is not in the area where the beneficiary resides, or a request for NET Services to a Provider that is not in the same county, bordering county or metropolitan area in a bordering state for beneficiaries living in rural areas. Upon approval by DOM, the Contractor may deny the request if the Covered Medical service is available closer to the beneficiary's residence and a medical certification from a medical provider to certify that the beneficiary is unable to be treated at a closer facility is not obtained.

In determining if the transport is within reasonable proximity of a beneficiary, the Contractor shall permit transports to contiguous counties, any bordering counties or parishes in adjoining states (Alabama, Arkansas, Louisiana, and Tennessee) which are considered to be in the area where residents of that beneficiary's county of residence would conduct shopping and business activities. The report shall include, but is not limited to the beneficiaries Mississippi Medicaid ID, originating address, date of transport and destination.

The Contractor shall monitor the frequency of authorizations of NET Services involving Excessive Distance per beneficiary and shall report this data via a monthly deliverable report.

2. On-Time Arrival

The NET Provider/Driver shall make his/her presence known to the beneficiary upon arrival and wait until at least five (5) minutes after the scheduled pick-up time before contacting the NET Provider's dispatcher and Contractor to reschedule the trip. If the beneficiary is not present for pick up, the Driver shall notify the NET Provider's dispatcher before departing from the pick-up location. NET Providers and Drivers cannot change the assigned pickup time without permission from the Contractor.

If the NET Provider cannot arrive on time to the pick-up location, the Contractor shall contact the beneficiary or the beneficiary's representative and the Provider. No more than two (2%) of the overall scheduled trips shall be late or missed per day, due to the fault of the Contractor, NET Provider or Driver. This section shall not apply where the Board or a court requests, expects, or otherwise expresses interest in the decision of the Agency Head or Public Procurement Review Board.

At a minimum, debriefing should occur before expiration of the protest period, within three (3) business days after the vendor request and prior to submission of the contract packet to the PPRB. A vendor, successful or unsuccessful, may request a post-award vendor debriefing, in writing, by U.S. mail or electronic submission, to be received by the agency within three (3) business days of notification of the contract award. At a minimum, the debriefing information shall include the following:

1. The agency's evaluation of significant weaknesses or deficiencies in the vendor's bid, bid, or qualifications, if applicable;

4. A summary of the rationale for award; and,
5. Reasonable responses to relevant questions about selection procedures contained in the solicitation, applicable regulations, and other applicable authorities that were followed.

3.8.4 Information Not To Be Provided

The debriefing shall not include point-by-point comparisons of the debriefed vendor's bid, bid, or qualification with those of other offering vendors. Any written request by a vendor for nondisclosure of trade secrets and other proprietary data is subject to the provisions of Mississippi Code Annotated §§ 25-61-9 and 79-23-1 and §§ 75-26-1 through 75-26-19.

DOM may have, under the same terms and conditions as the existing contract, an option for two (2) one-year extension periods, provided DOM obtains approval from the PPRB to allow an extension period.

4.3.1 Stop Work Order

1. Order to Stop Work: The Chief Procurement Officer, may, by written order to Contractor at any time, and without notice to any surety, require Contractor to stop all or any part of the work called for by this contract. This order shall be for a specified period not exceeding 90 days after the order is delivered to Contractor, unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, Contractor shall forthwith comply with its terms and take all reasonable steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the Chief Procurement Officer shall either:

- a. Cancel the stop work order; or,
- b. Terminate the work covered by such order as provided in the Termination for Default clause or the Termination for Convenience clause of this contract.

2. Cancellation or Expiration of the Order: If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, Contractor shall have the right to resume work. An appropriate adjustment shall be made in the delivery schedule or Contractor price, or both, and the contract shall be modified in writing accordingly, if:

- c. The stop work order results in an increase in the time required for, or in Contractor's cost properly allocable to, the performance of any part of this contract; and,
- d. Contractor asserts a claim for such an adjustment within 30 days after the end of the period of work stoppage; provided that, if the Chief Procurement Officer decides that the facts justify such action, any such claim asserted may be received and acted upon at any time prior to final payment under this contract.

3. Termination of Stopped Work: If a stop work order is not canceled and the work covered by such order is terminated for default or convenience, the reasonable costs resulting from the stop work order shall be allowed by adjustment or otherwise.

4.3.2 Termination of Contract

The contract resulting from this IFB may be terminated by DOM as follows:

1. For default by the Contractor;
2. For convenience;
3. For the Contractor's bankruptcy, insolvency, receivership, liquidation; and,
4. For non-availability of funds.

At DOM's option, termination for any reason listed herein may also be considered termination for convenience.

4.3.2.1 Termination for Default by the Contractor

(1) *Default.* If Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract or any extension thereof, or otherwise

fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the Agency Head or designee may notify Contractor in writing of the delay or nonperformance and if not cured in ten (10) days or any longer time specified in writing by the Agency Head or designee, such officer may terminate Contractor's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the Agency Head or designee may procure similar supplies or services in a manner and upon terms deemed appropriate by the Agency Head or designee. Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.

(2) *Contractor's Duties.* Notwithstanding termination of the contract and subject to any directions from the DOM Contract Administrator, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the State has an interest.

(3) *Compensation.* Payment for completed services delivered and accepted by the State shall be at the contract price. The State may withhold from amounts due Contractor such sums as the Agency Head or designee deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.

(4) *Excuse for Nonperformance or Delayed Performance.* Except with respect to defaults of subcontractors, Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified the Agency Head or designee within fifteen (15) days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Contractor to meet the contract requirements. Upon request of Contractor, the Agency Head or designee shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, Contractor's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled (in fixed-price contracts, "Termination for Convenience," in cost-reimbursement contracts, "Termination"). (As used in this Paragraph of this clause, the term "subcontractor" means subcontractor at any tier).

(5) *Erroneous Termination for Default.* If, after notice of termination of Contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.

(6) *Additional Rights and Remedies.* The rights and remedies of DOM provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

4.3.2.2 Termination for Convenience

(1) *Termination.* The Agency Head or designee may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The Agency Head or designee shall give written notice of the termination to Contractor specifying the part of the contract terminated and when termination becomes effective. Termination shall be effective as of the close of business on the date specified in the notice, which shall be at least thirty (30) days from the date of receipt of the notice by the Contractor.

(2) *Contractor's Obligations.* Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination Contractor will stop work to the extent specified. Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Agency Head or designee may direct Contractor to assign Contractor's right, title, and interest under terminated orders or subcontracts to the State. Contractor must still complete the work not terminated

4.3.2.3 Termination for the Contractor Bankruptcy

This contract may be terminated in whole or in part by DOM upon written notice to Contractor, if Contractor should become insolvent, become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, upon the execution by Contractor of an assignment for the benefit of its creditors, avail itself of, or become subject to, any proceeding under the Bankruptcy Reform Act of 1978 or any other applicable Federal or State statute relating to insolvency or the protection of the rights of creditors.

In the event DOM elects to terminate the contract under this provision, it shall do so by sending Notice of Termination to the Contractor by certified mail, return receipt requested, or delivered in person. The date of termination shall be the close of business on the date specified in such notice to the Contractor. In the event of the filing of a petition in bankruptcy by or against a principal subcontractor, the Contractor shall immediately so advise DOM. The Contractor shall ensure and shall satisfactorily demonstrate to DOM that all tasks related to the subcontract are performed in accordance with the terms of this contract.

In the event of such termination, Contractor shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.

4.3.2.4 Availability of Funds

It is expressly understood and agreed that the obligation of DOM to proceed under this contract is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of State and/or Federal funds. If the funds anticipated for the continuing fulfillment of the contract are, at any time, not forthcoming or insufficient, either through the failure of the Federal government to provide funds or of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program

under which the funds were provided or if funds are not otherwise available to DOM, DOM shall have the right upon ten (10) working days written notice to the Contractor, to terminate this contract without damage, penalty, cost, or expenses to DOM of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.

4.3.3 Procedure on Termination

4.3.3.1 Contractor Responsibilities

- Promptly transfer all information necessary for the reimbursement of any outstanding claims; and
- Complete each portion of the Turnover Phase after receipt of the Notice of Termination. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any allowable delay in determining or adjusting the amount of any item of reimbursable price under this clause.

The Contractor has an absolute duty to cooperate and help with the orderly transition of the duties to DOM or its designated Contractor following termination of the contract for any reason.

4.3.3.2 DOM Responsibilities

Except for Termination for Contractor Default, DOM will make payment to the Contractor on termination and at contract price for completed deliverables delivered to and accepted by DOM. The Contractor shall be

reimbursed for partially completed deliverables, accepted by DOM, at a price commensurate with actual cost of performance.

In the event of the failure of the Contractor and DOM to agree in whole or in part as to the amounts to be paid to the Contractor in connection with any termination described in this IFB, DOM shall determine on the basis of information available the amount, if any, due to the Contractor by reason of termination and shall pay to the Contractor the amount so determined.

The Contractor shall have the right of appeal, as stated under Disputes (Paragraph 4.9.5) from any such determination made by DOM.

4.3.4 Assignment of the Contract

The Contractor shall not sell, transfer, assign, or otherwise dispose of the contract or any portion thereof or of any right, title, or interest therein without the prior written consent of DOM. Any such purported assignment or transfer shall be void. If approved, any assignee shall be subject to all terms and conditions of this contract and other supplemental contractual documents. No approval by DOM of any assignment may be deemed to obligate DOM beyond the provisions of this contract. This provision includes reassignment of the contract due to change in ownership of the Contractor. DOM shall at all times be entitled to assign or transfer its rights, duties, and/or obligations under this contract to another governmental agency in the State of Mississippi upon giving prior written notice to the Contractor.

4.3.5 Excusable Delays/Force Majeure

The Contractor and DOM shall be excused from performance under this contract for any period that they are prevented from performing any services under this contract as a result of an act of God, war, civil disturbance, epidemic, court order, government act or omission, or other cause beyond their reasonable control. When such a cause arises, the Contractor shall notify DOM immediately in writing of the cause of its inability to perform, how it affects its performance, and the anticipated duration of the inability to perform. Delays in delivery or in meeting completion dates due to force majeure events shall automatically extend such dates for a period equal to the duration of the delay caused by such events, unless DOM determines it to be in its best interest to terminate the Contract.

4.3.6 Applicable Law

The contract shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflict of laws, provisions, and any litigation with respect thereto shall be brought in the courts of the State of Mississippi. The Contractor shall comply with applicable Federal, State, and local laws and regulations including, but not limited to, Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972 (regarding education programs and activities); the Age Discrimination Act of 1975; the Rehabilitation Act of 1973; the Americans with Disabilities Act of 1990 as amended; section 1557 of the Patient Protection and Affordable Care Act; and all other state and federal laws and regulations referenced in this IFB.

4.4 Notices

Whenever, under this IFB, one party is required to give notice to the other, except for purposes of Notice of Termination under Section 4.3, such notice shall be deemed given upon delivery, if delivered by hand, or upon the date of receipt or refusal, if sent by registered or certified mail, return receipt requested or by other carriers that require signature upon receipt. Notice may be delivered by facsimile transmission, with original to follow by certified mail, return receipt requested, or by other carriers that require signature upon receipt, and shall be deemed given upon transmission and facsimile confirmation that it has been received. Notices shall be addressed as follows:

In case of notice to the Contractor:

Project Manager
Street Address
City, State Zip Code

In case of notice to DOM:

Executive Director
Division of Medicaid
550 High St., Suite 1000
Jackson, Mississippi 39201

Copy to Contract Administrator, DOM

4.5 Cost or Pricing Data

If DOM determines that any price, including profit or fee, negotiated in connection with this IFB was increased because the Contractor furnished incomplete or inaccurate cost or pricing data not current as certified in the Contractor's certification of current cost or pricing data, then such price or cost shall be reduced accordingly and this IFB shall be modified in writing and acknowledged by the Contractor to reflect such reduction.

4.6 Subcontracting

The Contractor is solely responsible for fulfillment of the contract terms with DOM. DOM will make contract payments only to the Contractor.

The Contractor shall not subcontract any portion of the services to be performed under this contract without the prior written approval of DOM. The Contractor shall notify DOM not less than thirty (30) days in advance of its desire to subcontract and include a copy of the proposed subcontract with the proposed subcontractor.

Approval of any subcontract shall neither obligate DOM nor the State of Mississippi as a party to that subcontract nor create any right, claim, or interest for the subcontractor against the State of Mississippi or DOM, their agents, their employees, their representatives, or successors.

Any subcontract shall be in writing and shall contain provisions such that it is consistent with the Contractor's obligations pursuant to this Contract.

The Contractor shall be solely responsible for the performance of any subcontractor under such subcontract approved by DOM.

The Contractor shall give DOM immediate written notice by certified mail, facsimile, or any other carrier that requires signature upon receipt of any action or suit filed and prompt notice of any claim made against the Contractor or subcontractor which in the opinion of the Contractor may result in litigation related in any way to the contract with DOM.

4.7 Proprietary Rights

4.7.1 Ownership of Documents

Where activities supported by this contract produce original writing, sound recordings, pictorial reproductions, drawings, or other graphic representation and works of any similar nature, DOM shall have the right to use, duplicate, and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to have others do so. If the material is qualified for copyright, the Contractor may copyright such material, with approval of DOM, but DOM shall reserve a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, and use such materials, in whole or in part, and to authorize others to do so.

4.7.2 Ownership of Information and Data

DOM, DHHS, CMS, the State of Mississippi, and/or their agents shall have unlimited rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the Contractor under any contract resulting from this IFB.

The Contractor agrees to grant in its own behalf and on behalf of its agents, employees, representatives, assignees, and subcontractors to DOM, DHHS, CMS and the State of Mississippi and to their officers, agents, and employees acting in their official capacities a royalty-free, non-exclusive, and irrevocable license throughout the world to publish, reproduce, translate, deliver, and dispose of all such information now covered by copyright of the proposed Contractor.

Excluded from the foregoing provisions in this Section 4.7.2, however, are any pre-existing, proprietary tools owned, developed, or otherwise obtained by Contractor independent of this Contract. Contractor is and shall remain the owner of all rights, title and interest in and to the Proprietary Tools, including all copyright, patent, trademark, trade secret and all other proprietary rights thereto arising under Federal and State law, and no license or other right to the Proprietary Tools is granted or otherwise implied. Any right that DOM may have with respect to the Proprietary Tools shall arise only pursuant to a separate written agreement between the parties.

4.7.3 Public Information

Bidders shall provide an electronic, single document version of bids redacting those provisions of the bid which contain trade secrets or other proprietary data. However, Bidders should be aware that their un-redacted bids are considered public record and are subject to release by DOM pursuant to and in accordance with Miss. Code Ann. § 25-61-1 (1972, as amended) absent a court-issued protective order or agreement by the requesting party to receive a redacted version.

4.7.4 Right of Inspection

DOM, the Mississippi Department of Audit, DHHS, CMS, OIG, the General Accounting Office (GAO), or any other auditing agency prior-approved by DOM, or their authorized representative shall, at all reasonable times, have the right to enter onto the Contractor's premises, or such other places where duties under this contract are being performed, to inspect, monitor, or otherwise evaluate (including periodic systems testing) the work being performed. The Contractor shall provide access to all facilities and assistance for DOM and Mississippi Audit Department representatives. All inspections and evaluations shall be performed in such a manner as will not unduly delay work. Refusal by the Contractor to allow access to all documents, papers, letters or other materials, shall constitute a breach of contract. All audits performed by persons other than DOM staff will be coordinated through DOM and its staff.

4.7.5 Licenses, Patents and Royalties

DOM does not tolerate the possession or use of unlicensed copies of proprietary software. The Contractor shall be responsible for any penalties or fines imposed as a result of unlicensed or otherwise defectively titled software.

The Contractor, without exception, shall indemnify, save, and hold harmless DOM and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or non-patented invention, process, or article manufactured by the Contractor. DOM will provide prompt written notification of a claim of copyright or patent infringement.

Further, if such a claim is made or is pending, the Contractor may, at its option and expense, procure for DOM the right to continue use of, replace or modify the article to render it non-infringing. If none of the alternatives are reasonably available, the Contractor agrees to take back the article and refund the total amount DOM has paid the Contractor under this contract for use of the article.

If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the proposed prices shall include all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

4.7.6 Records Retention Requirements

The Contractor shall maintain detailed records evidencing all expenses incurred pursuant to the Contract, the provision of services under the Contract, and complaints, for the purpose of audit and evaluation by DOM and other Federal or State personnel. All records, including training records, pertaining to the contract must be readily retrievable within three (3) business days for review at the request of DOM and its authorized

representatives. All records shall be maintained and available for review by authorized federal and State personnel during the entire term of the Contract and for a period of ten (10) years thereafter, unless an audit is in progress or there is pending litigation. The right to audit shall exist for ten (10) years from the final date of the contract period or from the date of completion of any audit, whichever is later.

4.8 Representation Regarding Contingent Fees

The Bidder represents that it has not retained a person to solicit or secure a State contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except as disclosed in the Bidder's bid or bid.

4.9 Interpretations/Changes/Disputes

The IFB in its entirety is a part of the Contract. In the event of a dispute or conflict among any of the components of the contract, the contract shall govern. After the Contract, and exhibits thereto (if any), the order of priority is: the Business Bid or BAFO; Bidder Questions and DOM Responses; the Technical Bid, the IFB and any amendments.

All the documents shall be read and construed as far as possible to be one harmonious whole; however, in the event of a conflict or dispute, the above list is the list of priority.

DOM reserves the right to clarify any contractual relationship in writing and such clarification will govern in case of conflict with the requirements of the IFB. Any ambiguity in the IFB shall be construed in favor of DOM.

The contract represents the entire agreement between the Contractor and DOM and it supersedes all prior negotiations, representations, or agreements, either written or oral between the parties hereto relating to the subject matter hereof.

4.9.1 Conformance with Federal and State Regulations

The Contractor shall be required to conform to all Federal and State laws, regulations, and policies as they exist or as amended.

In the event that the Contractor requests that the Executive Director of DOM or his/her designee issue policy determinations or operating guidelines required for proper performance of the contract, DOM shall do so in a timely manner. The Contractor shall be entitled to rely upon and act in accordance with such policy determinations and operating guidelines unless the Contractor acts negligently, maliciously, fraudulently, or in bad faith.

The Contractor expressly agrees to all of the provisions and requirements as set forth in the State Plan for Medical Assistance approved by the State of Mississippi and by the Secretary of the United States Department of Health and Human Services, pursuant to Title XIX of the Social Security Act, and understands those provisions and requirements are also incumbent on the Contractor.

4.9.2 Waiver

No assent, expressed or implied, by the parties hereto to the breach of the provisions or conditions of this contract shall be deemed or taken to be a waiver of any succeeding breach of the same or any other provision or condition and shall not be construed to be a modification of the terms of this Contract.

Moreover, no delay or omission by either party to this contract in exercising any right, power, or remedy hereunder or otherwise afforded by contract, at law, or in equity shall constitute an acquiescence therein, impair any other right, power or remedy hereunder or otherwise afforded by any means, or operate as a waiver of such right, power, or remedy. No waiver by either party to this contract shall be valid unless set forth in writing by the party making said waiver. No waiver of or modification to any term or condition of this contract will void, waive, or change any other term or condition. No waiver by one party to this contract of a default by the other party will imply, be construed as or require waiver of future or other defaults.

4.9.3 Severability

If any part, term or provision of the contract (including items incorporated by reference) is held by the courts or other judicial body to be illegal or in conflict with any law of the State of Mississippi or any Federal law, the validity of the remaining portions or provisions shall not be affected and the obligations of the parties shall be construed in full force as if the contract did not contain that particular part, term or provision held to be invalid.

4.9.4 Change Orders and/or Amendments

The Executive Director of DOM or designated representative may, at any time, by written order delivered to the Contractor at least thirty (30) days prior to the commencement date of such change, make administrative changes within the general scope of the contract. If any such change causes an increase or decrease in the cost of the performance of any part of the work under the contract an adjustment commensurate with the costs of performance under this contract shall be made in the contract price or delivery schedule or both. Any claim by the Contractor for equitable adjustment under this clause must be asserted in writing to DOM within thirty (30) days from the date of receipt by the Contractor of the notification of change. Failure to agree to any adjustment shall be a dispute within the meaning of the Disputes Clause of this Contract. Nothing in this clause, however, shall in any manner excuse the Contractor from proceeding diligently with the contract as changed.

If the parties are unable to reach an agreement within thirty (30) days of DOM receipt of the Contractor's cost estimate, the Executive Director of DOM shall make a determination of the revised price, and the Contractor shall proceed with the work according to a schedule approved by DOM subject to the Contractor's right to appeal the Executive Director's determination of the price pursuant to the Disputes clause.

The rate of payment for changes or amendments completed per contract year shall be at the rates specified by the Contractor's bid.

At any time during the term of this contract, DOM may increase the quantity of goods or services purchased under this contract by sending the Contractor a written amendment or modification to that effect which references this contract and is signed by the Executive Director of DOM. The purchase price shall be the lower of the unit cost identified in the Contractor's bid or the Contractor's then-current, published price. The foregoing shall not apply to services provided to DOM at no charge. The delivery schedule for any items added by exercise of this option shall be set by mutual agreement.

4.9.5 Disputes

Any dispute concerning the contract which is not disposed of by agreement shall be decided by the Executive Director of DOM who shall reduce such decision to writing and mail or otherwise furnish a copy thereof to the Contractor. The decision of the Executive Director shall be final and conclusive. Nothing in this paragraph shall be construed to relieve the Contractor of full and diligent performance of the contract.

4.9.6 Cost of Litigation

In the event that DOM deems it necessary to take legal action to enforce any provision of the contract, the Contractor shall bear the cost of such litigation, as assessed by the court, in which DOM prevails. Neither the State of Mississippi nor DOM shall bear any of the Contractor's cost of litigation for any legal actions initiated by the Contractor against DOM regarding the provisions of the contract. Legal action shall include administrative proceedings.

4.9.7 Attorney Fees

The Contractor agrees to pay reasonable attorney fees incurred by the State and DOM in enforcing this contract or otherwise reasonably related thereto.

4.10 Indemnification

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and Contractors from any and all claims and losses accruing or resulting to any and all the Contractor employees, agents, subcontractors, laborers, and any other person, association, partnership, entity, or corporation furnishing or supplying work, services, materials, or supplies in connection with performance of this contract, and from any and all claims and losses accruing or resulting to any such person, association, partnership, entity, or corporation who may be injured, damaged, or suffer any loss by the Contractor in the performance of the contract.

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and Contractors against any and all liability, loss, damage, costs or expenses which DOM may sustain, incur or be required to pay: 1.) by reason of any person suffering personal injury, death or property loss or damage of any kind either while participating with or receiving services from the Contractor under this contract, or while on premises owned, leased, or operated by the Contractor or while being transported to or from said premises in any vehicle owned, operated, leased, chartered, or otherwise contracted for or in the control of the Contractor or any officer, agent, or employee thereof; or 2.) by reason of the Contractor or its employee, agent, or person within its scope of authority of this contract causing injury to, or damage to the person or property of a person including but not limited to

DOM or the Contractor, their employees or agents, during any time when the Contractor or any officer, agent, employee thereof has undertaken or is furnishing the services called for under this contract.

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and Contractors against any and all liability, loss, damages, costs or expenses which DOM or the State may incur, sustain or be required to pay by reason of the Contractor, its employees, agents or assigns: 1.) failing to honor copyright, patent or licensing rights to software, programs or technology of any kind in providing services to DOM, or 2.) breaching in any manner the confidentiality required pursuant to Federal and State law and regulations.

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and Contractors from all claims, demands, liabilities, and suits of any nature whatsoever arising out of the contract because of any breach of the contract by the Contractor, its agents or employees, including but not limited to any occurrence of omission or commission or negligence of the Contractor, its agents or employees.

If in the reasonable judgment of DOM a default by the Contractor is not so substantial as to require termination and reasonable efforts to induce the Contractor to cure the default are unsuccessful and the default is capable of being cured by DOM or by another resource without unduly interfering with the continued performance of the Contractor, DOM may provide or procure such services as are reasonably necessary to correct the default. In such event, the Contractor shall reimburse DOM for the entire cost of those services. DOM may deduct the cost of those services from the Contractor's monthly administrative invoices. The Contractor shall cooperate with DOM or those procured resources in allowing access to facilities, equipment, data or any other Contractor resources to which access is required to correct the default. The Contractor shall remain liable for ensuring that all operational performance standards remain satisfied.

4.10.1 No Limitation of Liability

Nothing in this contract shall be interpreted as excluding or limiting any liability of the Contractor for harm caused by the intentional or reckless conduct of the Contractor, or for damages incurred in the negligent performance of duties by the Contractor, or for the delivery by the Contractor of products that are defective, or for breach of contract or any other duty by the Contractor. Nothing in the contract shall be interpreted as waiving the liability of the Contractor for consequential, special, indirect, incidental, punitive or exemplary loss, damage, or expense related to the Contractor's conduct or performance under this contract.

4.10.2 Third Party Action Notification

Contractor shall give DOM prompt notice in writing of any action or suit filed, and prompt notice of any claim made against Contractor by any entity that may result in litigation related in any way to this Contract.

4.11 Status of the Contractor

4.11.1 Independent Contractor

It is expressly agreed that the Contractor is an Independent Contractor performing professional services for DOM and is not an officer or employee of the State of Mississippi or DOM. It is further expressly agreed that the contract shall not be construed as a partnership or joint venture between the Contractor and DOM.

The Contractor shall be solely responsible for all applicable taxes, insurance, licensing and other costs of doing business. Should the Contractor default on these or other responsibilities jeopardizing the Contractor's ability to perform services effectively, DOM, in its sole discretion, may terminate this contract.

The Contractor shall not purport to bind DOM, its officers or employees nor the State of Mississippi to any obligation not expressly authorized herein unless DOM has expressly given the Contractor the authority to do so in writing.

The Contractor shall give DOM immediate notice in writing of any action or suit filed, or of any claim made by any party which might reasonably be expected to result in litigation related in any manner to this contract or which may impact the Contractor's ability to perform.

No other agreements of any kind may be made by the Contractor with any other party for furnishing any information or data accumulated by the Contractor under this contract or used in the operation of this program without the written approval of DOM. Specifically, DOM reserves the right to review any data released from reports, histories, or data files created pursuant to this Contract.

In no way shall the Contractor represent itself directly or by inference as a representative of the State of Mississippi or DOM except within the confines of its role as an Independent Contractor for DOM. DOM's approval must be received in all instances in which the Contractor distributes publications, presents seminars or workshops, or performs any other outreach.

The Contractor shall not use DOM's name or refer to the contract and the services provided therein directly or indirectly in any advertisement, news release, professional trade or business presentation without prior written approval from DOM.

4.11.2 Employment of DOM Employees

The Contractor shall not knowingly engage on a full-time, part-time, or other basis during the period of the contract, any professional or technical personnel who are or have been at any time during the period of the contract in the employ of DOM, without the written consent of DOM. Further, the Contractor shall not knowingly engage in this project, on a full-time, part-time, or other basis during the period of the contract, any former employee of DOM who has not been separated from DOM for at least one year, without the written consent of DOM.

The Contractor shall give priority consideration to hiring interested and qualified adversely affected State employees at such times as requested by DOM to the extent permitted by this contract or State law.

4.11.3 Conflict of Interest

No official or employee of DOM and no other public official of the State of Mississippi or the Federal Government who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of the project shall, prior to the completion of the project, voluntarily acquire any personal interest, direct or indirect, in the contract or proposed contract. A violation of this provision shall constitute grounds for termination of this contract. In addition, such violation will be reported to the State Ethics Commission, Attorney General, and appropriate Federal law enforcement officers for review.

The Contractor covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. The Contractor further covenants that in the performance of the contract no person having any such known interests shall be employed including subsidiaries or entities that could be misconstrued as having a joint relationship, and no immediate family members of Medicaid providers shall be employed by the Contractor.

4.11.4 Personnel Practices

All employees of the Contractor involved in the Medicaid function will be paid as any other employee of the Contractor who works in another area of their organization in a similar position. The Contractor shall develop any and all methods to encourage longevity in Contractor's staff assigned to this contract.

Employees of the Contractor shall receive all benefits afforded to other similarly situated employees of the Contractor.

The Contractor shall sign the Drug Free Workplace Certificate (Exhibit 1).

4.11.5 No Property Rights

No property rights inure to the Contractor except for compensation for work that has already been performed.

4.12 Employment Practices and Compliance with Laws

The Contractor understands that DOM is an equal opportunity employer and therefore, maintains a policy which prohibits unlawful discrimination based on race, color, creed, religion, sex, age, national origin, physical handicap, disability, genetic information, political affiliation, ancestry, limited English proficiency, or any other consideration made unlawful by Federal, State, or local laws. All such discrimination is unlawful and the Contractor agrees during the term of the contract that the Contractor shall strictly adhere to this policy in its employment practices and provision of services, including, but not limited to, hiring, termination/discharge, promotion/demotion, or other terms and conditions of employment. The Contractor shall comply with, and all activities under this contract shall be subject to, all applicable Federal, State of Mississippi, and local laws and regulations related to unlawful discrimination, as now existing and as may be amended or modified.

The Contractor agrees to post in conspicuous places, available to employees and applicants for employment notices setting forth the provisions of this clause.

The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, creed, religion, sex, age, national origin, physical handicap, disability, genetic information, political affiliation, ancestry, limited English proficiency, or any other consideration made unlawful by Federal, State, or local laws, except where it relates to a bona fide occupational qualification or requirement.

The Contractor shall comply with the non-discrimination clause contained in Federal Executive Order 11246, as amended by Federal Executive Order 11375, relative to Equal Employment Opportunity for all persons without regard to race, color, religion, sex, or national origin, and the implementing rules and regulations prescribed by the Secretary of Labor and with Title 41, Code of Federal Regulations, Chapter 60. The Contractor shall comply with related State laws and regulations, if any.

The Contractor shall comply with the Civil Rights Act of 1964, and any amendments thereto, and the rules and regulations thereunder, and Section 504 of Title V of the Rehabilitation Act of 1973, as amended, and related State laws and regulations, if any.

If DOM finds that the Contractor is not in compliance with any of these requirements at any time during the term of this contract, DOM reserves the right to terminate this contract or take such other steps as it deems appropriate, in its sole discretion, considering the interests and welfare of the State.

4.13 Ownership and Financial Information

4.13.1 Information to Be Disclosed

In accordance with 42 C.F.R. § 455.104(b), the Contractor shall disclose the following:

3. Other tax identification number (in the case of a corporation) with an ownership or control interest in the disclosing entity (or DOM's Fiscal Agent or managed care entity) or in any subcontractor in which the disclosing entity (or DOM's Fiscal Agent or managed care entity) has a five percent (5%) or more interest;
4. Whether the individual or corporation with an ownership or control interest in the disclosing entity (or DOM's Fiscal Agent or managed care entity) is related to another person with ownership or control interest in the disclosing entity as a spouse, parent, child, or sibling; or whether the individual or corporation with an ownership or control interest in any subcontractor in which the disclosing entity (or DOM's Fiscal Agent or managed care entity) has a five percent (5%) or more interest is related to another person with ownership or control interest in the disclosing entity as a spouse, parent, child, or sibling;

1. Upon the Contractor submitting a bid in accordance with the State's procurement process;

3. Within thirty-five (35) days after any change in ownership of the Contractor.

4.13.3 To Whom Information Will Be Disclosed

In accordance with 42 C.F.R. § 455.104(d), all disclosures shall be provided to DOM, the State's designated Medicaid agency.

4.13.4 Federal Financial Participation

In accordance with 42 C.F.R. § 455.104(e), Federal financial participation (FFP) is not available in payments made to a disclosing entity that fails to disclose ownership or control information as required by said section.

4.13.7 Disclosure to the Inspector General

In accordance with 42 C.F.R. § 455.106(b), DOM must notify the Inspector General of the Department of any disclosures under § 455.106(a) within twenty (20) working days from the date it receives the information. DOM must also promptly notify the Inspector General of the Department of any action it takes on the Contractor's agreement and participation in the program.

4.13.8 DOM's Right of Refusal

In accordance with 42 C.F.R. § 455.106(c), DOM may refuse to enter into or renew an agreement with a Contractor if any person who has an ownership or control interest in the Contractor, or who is an agent or managing employee of the Contractor, has been convicted of a criminal offense related to that person's involvement in any program established under Medicare, Medicaid, or the Title XX Services Program. Further, DOM may refuse to enter into or may terminate a Contractor agreement if it determines that the Contractor did not fully and accurately make any disclosure required under 42 C.F.R. § 455.106(a).

4.13.9 Additional Requirements of DOM and Contractors

In accordance with 42 C.F.R. § 455.436, the State Medicaid agency and all Medicaid Contractors shall do the following:

1. Confirm the identity and determine the exclusion status of Contractors/subcontractors and any person with an ownership or control interest or who is an agent or managing employee of the Contractor/subcontractor through routine checks of Federal databases; and,
2. Consult appropriate databases to confirm identity of the above-mentioned persons and entities by searching the List of Excluded Individuals/Entities (LEIE) and the System for Award Management (SAM) upon enrollment, re-enrollment, credentialing, or re-credentialing, and no less frequently than monthly thereafter, to ensure that the State does not pay Federal funds to excluded persons or entities.

The Contractor must notify DOM, Office of Program Integrity within two (2) business days of discovery of any Contractor or Subcontractor owners or managing employees, network provider, or driver identified as a result of federal database checks and the action taken by the Contractor. Failure to disclose the required information accurately, timely, and in accordance with Federal, State and Contract standards will result in termination of this contract and/or liquidated damages.

4.14 Risk Management

The Contractor may insure any portion of the risk under the provision of the contract based upon the Contractor's ability (size and financial reserves included) to survive a series of adverse experiences, including withholding of payment by DOM, or imposition of penalties by DOM.

4.14.1 Workers' Compensation

DHHS CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS:

GRANTEES OTHER THAN INDIVIDUALS

Instructions for Certification

By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

1) This certification is required by regulations implementing the Drug-Free Act of 1988, 45 C.F.R. Part 76, Subpart F. The regulations, published in the May 25, 1990, Federal Register, require certification by grantees that they will maintain a drug-free workplace. The certification set out below is a material representation of fact upon which reliance will be placed when the Department of Health and Human Services (HHS) determines to award the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HHS, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

2) Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

3) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

4) If the workplace identified to DOM changes during the performance of the grant, the grantee shall inform DOM of the change(s), if it previously identified the workplaces in question (see above).

5) Definitions of terms in the Non-procurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 C.F.R. § 1308.11 through § 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including (i) all direct charge employees; (ii) all indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of sub recipients or subcontractors in covered workplaces).

The grantee certifies that it will or will continue to provide a drug-free workplace by

a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

b) Establishing an ongoing drug-free awareness program to inform employees about

1) The dangers of drug abuse in the workplace; 2) the grantee's policy of maintaining a drug-free workplace; 3) any available drug counseling, rehabilitation, and employee assistance programs; and 4) the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will

1) Abide by the terms of the statement; and 2) notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

e) Notifying DOM in writing, within ten calendar days after receiving notice under paragraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

Non-Emergency Transportation Services
IFB #20180511
Office of the Governor – Division of Medicaid

f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted:

1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or 2) requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant (use attachments if needed):

Place of Performance (street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

---->NOTE: Sections 76.630(c) and (d) (2) and 76.635(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For HHS, the central receipt point is Division of Grants Management and Oversight, Office of Management and Acquisition, HHS, Room 517-D, 200 Independence Ave, S.W., Washington, D.C. 20201
