

STATE: MISSISSIPPI

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES - OTHER TYPES OF CARE

---

Orthotics and Prosthetics for children under age 21, if medically necessary, are reimbursed as follows:

- A. The reimbursement for purchase of Orthotics and Prosthetics is made from a Mississippi Medicaid statewide uniform fee schedule based on eighty percent (80%) of the Medicare rate. Effective July 1, 2021, the fees will remain the same as those effective for State Fiscal Year (SFY) 2021.
- B. The reimbursement for repair of Orthotics and Prosthetics is the actual cost, not to exceed fifty percent (50%) of the purchase amount.

STATE: MISSISSIPPI

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES - OTHER TYPES OF CARE

---

Orthotics and Prosthetics for children under age 21, if medically necessary, are reimbursed as follows:

- A. The ~~payment reimbursement~~ for purchase of Orthotics and Prosthetics is made from a Mississippi Medicaid statewide uniform fee schedule not to exceed based on eighty 80 percent (80%) of the Medicare rate, established annually under Medicare (Title XVIII of the Social Security Act), as amended. Effective July 1, 2021, the fees will remain the same as those effective for State Fiscal Year (SFY) 2021.
- B. The ~~payment reimbursement~~ for repair of Orthotics and Prosthetics is the actual cost, not to exceed fifty 50-percent (50%) of the purchase amount.
- C. ~~The payment for other individual consideration items must receive prior approval from the Division and shall be limited to the amount authorized in that approval.~~

~~All terms of the Division's Orthotics and Prosthetics Reimbursement and Coverage Criteria are applicable.~~

~~Notwithstanding any other provision of this section, the Division of Medicaid, as required by state law, shall reduce the rate of reimbursement to providers for any service by five percent (5%) of the allowed amount for that service.~~
