83 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

84           **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
85 amended as follows:

86           43-13-117. (A) Medicaid as authorized by this article shall  
87 include payment of part or all of the costs, at the discretion of  
88 the division, with approval of the Governor and the Centers for  
89 Medicare and Medicaid Services, of the following types of care and  
90 services rendered to eligible applicants who have been determined  
91 to be eligible for that care and services, within the limits of  
92 state appropriations and federal matching funds:

93                   (1) Inpatient hospital services.

94           \* \* \*

95                   ( \* \* \* a) The division is authorized to implement  
96 an All Patient Refined Diagnosis Related Groups (APR-DRG)  
97 reimbursement methodology for inpatient hospital services.

98                   ( \* \* \* b) No service benefits or reimbursement  
99 limitations in this subsection (A)(1) shall apply to payments  
100 under an APR-DRG or Ambulatory Payment Classification (APC) model  
101 or a managed care program or similar model described in subsection  
102 (H) of this section unless specifically authorized by the  
103 division.

104                   (2) Outpatient hospital services.

105                           (a) Emergency services.

106                           (b) Other outpatient hospital services. The  
107 division shall allow benefits for other medically necessary  
108 outpatient hospital services (such as chemotherapy, radiation,

109 surgery and therapy), including outpatient services in a clinic or  
110 other facility that is not located inside the hospital, but that  
111 has been designated as an outpatient facility by the hospital, and  
112 that was in operation or under construction on July 1, 2009,  
113 provided that the costs and charges associated with the operation  
114 of the hospital clinic are included in the hospital's cost report.  
115 In addition, the Medicare thirty-five-mile rule will apply to  
116 those hospital clinics not located inside the hospital that are  
117 constructed after July 1, 2009. Where the same services are  
118 reimbursed as clinic services, the division may revise the rate or  
119 methodology of outpatient reimbursement to maintain consistency,  
120 efficiency, economy and quality of care.

121 (c) The division is authorized to implement an  
122 Ambulatory Payment Classification (APC) methodology for outpatient  
123 hospital services. The division \* \* \* shall give rural hospitals  
124 that have fifty (50) or fewer licensed beds the option to not be  
125 reimbursed for outpatient hospital services using the APC  
126 methodology, but reimbursement for outpatient hospital services  
127 provided by those hospitals shall be based on one hundred one  
128 percent (101%) of the rate established under Medicare for  
129 outpatient hospital services. Those hospitals choosing to not be  
130 reimbursed under the APC methodology shall remain under cost-based  
131 reimbursement for a two-year period.

132 (d) No service benefits or reimbursement  
133 limitations in this subsection (A)(2) shall apply to payments

134 under an APR-DRG or APC model or a managed care program or similar  
135 model described in subsection (H) of this section unless  
136 specifically authorized by the division.

137 (3) Laboratory and x-ray services.

138 (4) Nursing facility services.

139 (a) The division shall make full payment to  
140 nursing facilities for each day, not exceeding forty-two (42) days  
141 per year, that a patient is absent from the facility on home  
142 leave. Payment may be made for the following home leave days in  
143 addition to the forty-two-day limitation: Christmas, the day  
144 before Christmas, the day after Christmas, Thanksgiving, the day  
145 before Thanksgiving and the day after Thanksgiving.

146 (b) From and after July 1, 1997, the division  
147 shall implement the integrated case-mix payment and quality  
148 monitoring system, which includes the fair rental system for  
149 property costs and in which recapture of depreciation is  
150 eliminated. The division may reduce the payment for hospital  
151 leave and therapeutic home leave days to the lower of the case-mix  
152 category as computed for the resident on leave using the  
153 assessment being utilized for payment at that point in time, or a  
154 case-mix score of 1.000 for nursing facilities, and shall compute  
155 case-mix scores of residents so that only services provided at the  
156 nursing facility are considered in calculating a facility's per  
157 diem.

158 (c) From and after July 1, 1997, all state-owned  
159 nursing facilities shall be reimbursed on a full reasonable cost  
160 basis.

161 (d) On or after January 1, 2015, the division  
162 shall update the case-mix payment system resource utilization  
163 grouper and classifications and fair rental reimbursement system.  
164 The division shall develop and implement a payment add-on to  
165 reimburse nursing facilities for ventilator-dependent resident  
166 services.

167 (e) The division shall develop and implement, not  
168 later than January 1, 2001, a case-mix payment add-on determined  
169 by time studies and other valid statistical data that will  
170 reimburse a nursing facility for the additional cost of caring for  
171 a resident who has a diagnosis of Alzheimer's or other related  
172 dementia and exhibits symptoms that require special care. Any  
173 such case-mix add-on payment shall be supported by a determination  
174 of additional cost. The division shall also develop and implement  
175 as part of the fair rental reimbursement system for nursing  
176 facility beds, an Alzheimer's resident bed depreciation enhanced  
177 reimbursement system that will provide an incentive to encourage  
178 nursing facilities to convert or construct beds for residents with  
179 Alzheimer's or other related dementia.

180 (f) The division shall develop and implement an  
181 assessment process for long-term care services. The division may

182 provide the assessment and related functions directly or through  
183 contract with the area agencies on aging.

184         The division shall apply for necessary federal waivers to  
185 assure that additional services providing alternatives to nursing  
186 facility care are made available to applicants for nursing  
187 facility care.

188             (5) Periodic screening and diagnostic services for  
189 individuals under age twenty-one (21) years as are needed to  
190 identify physical and mental defects and to provide health care  
191 treatment and other measures designed to correct or ameliorate  
192 defects and physical and mental illness and conditions discovered  
193 by the screening services, regardless of whether these services  
194 are included in the state plan. The division may include in its  
195 periodic screening and diagnostic program those discretionary  
196 services authorized under the federal regulations adopted to  
197 implement Title XIX of the federal Social Security Act, as  
198 amended. The division, in obtaining physical therapy services,  
199 occupational therapy services, and services for individuals with  
200 speech, hearing and language disorders, may enter into a  
201 cooperative agreement with the State Department of Education for  
202 the provision of those services to handicapped students by public  
203 school districts using state funds that are provided from the  
204 appropriation to the Department of Education to obtain federal  
205 matching funds through the division. The division, in obtaining  
206 medical and mental health assessments, treatment, care and

207 services for children who are in, or at risk of being put in, the  
208 custody of the Mississippi Department of Human Services may enter  
209 into a cooperative agreement with the Mississippi Department of  
210 Human Services for the provision of those services using state  
211 funds that are provided from the appropriation to the Department  
212 of Human Services to obtain federal matching funds through the  
213 division.

214 (6) Physician \* \* \* services. \* \* \* Fees for  
215 physician's services that are covered only by Medicaid shall  
216 be \* \* \* reimbursed at ninety percent (90%) of the rate  
217 established on January 1, 2018, and as may be adjusted each July  
218 thereafter, under Medicare. The division may provide for a  
219 reimbursement rate for physician's services of up to one hundred  
220 percent (100%) of the rate established under Medicare for  
221 physician's services that are provided after the normal working  
222 hours of the physician, as determined in accordance with  
223 regulations of the division. The division may reimburse eligible  
224 providers, as determined by the \* \* \* division, for certain  
225 primary care services \* \* \* at one hundred percent (100%) of the  
226 rate established under Medicare. \* \* \* The division shall  
227 reimburse obstetricians and gynecologists for certain primary care  
228 services as defined by the division at one hundred percent (100%)  
229 of the rate established under Medicare.

230 (7) (a) Home health services for eligible persons, not  
231 to exceed in cost the prevailing cost of nursing facility

232 services. All home health visits must be precertified as required  
233 by the division. In addition to physicians, certified registered  
234 nurse practitioners, physician assistants and clinical nurse  
235 specialists are authorized to prescribe or order home health  
236 services and plans of care, sign home health plans of care,  
237 certify and recertify eligibility for home health services and  
238 conduct the required initial face-to-face visit with the recipient  
239 of the services.

240 (b) [Repealed]

241 (8) Emergency medical transportation services as  
242 determined by the division.

243 (9) Prescription drugs and other covered drugs and  
244 services as \* \* \* determined by the division.

245 The division shall establish a mandatory preferred drug list.  
246 Drugs not on the mandatory preferred drug list shall be made  
247 available by utilizing prior authorization procedures established  
248 by the division.

249 The division may seek to establish relationships with other  
250 states in order to lower acquisition costs of prescription drugs  
251 to include single-source and innovator multiple-source drugs or  
252 generic drugs. In addition, if allowed by federal law or  
253 regulation, the division may seek to establish relationships with  
254 and negotiate with other countries to facilitate the acquisition  
255 of prescription drugs to include single-source and innovator

256 multiple-source drugs or generic drugs, if that will lower the  
257 acquisition costs of those prescription drugs.

258         The division may allow for a combination of prescriptions for  
259 single-source and innovator multiple-source drugs and generic  
260 drugs to meet the needs of the beneficiaries.

261         The executive director may approve specific maintenance drugs  
262 for beneficiaries with certain medical conditions, which may be  
263 prescribed and dispensed in three-month supply increments.

264         Drugs prescribed for a resident of a psychiatric residential  
265 treatment facility must be provided in true unit doses when  
266 available. The division may require that drugs not covered by  
267 Medicare Part D for a resident of a long-term care facility be  
268 provided in true unit doses when available. Those drugs that were  
269 originally billed to the division but are not used by a resident  
270 in any of those facilities shall be returned to the billing  
271 pharmacy for credit to the division, in accordance with the  
272 guidelines of the State Board of Pharmacy and any requirements of  
273 federal law and regulation. Drugs shall be dispensed to a  
274 recipient and only one (1) dispensing fee per month may be  
275 charged. The division shall develop a methodology for reimbursing  
276 for restocked drugs, which shall include a restock fee as  
277 determined by the division not exceeding Seven Dollars and  
278 Eighty-two Cents (\$7.82).

279         Except for those specific maintenance drugs approved by the  
280 executive director, the division shall not reimburse for any

281 portion of a prescription that exceeds a thirty-one-day supply of  
282 the drug based on the daily dosage.

283 The division is authorized to develop and implement a program  
284 of payment for additional pharmacist services as \* \* \* determined  
285 by the division.

286 All claims for drugs for dually eligible Medicare/Medicaid  
287 beneficiaries that are paid for by Medicare must be submitted to  
288 Medicare for payment before they may be processed by the  
289 division's online payment system.

290 The division shall develop a pharmacy policy in which drugs  
291 in tamper-resistant packaging that are prescribed for a resident  
292 of a nursing facility but are not dispensed to the resident shall  
293 be returned to the pharmacy and not billed to Medicaid, in  
294 accordance with guidelines of the State Board of Pharmacy.

295 The division shall develop and implement a method or methods  
296 by which the division will provide on a regular basis to Medicaid  
297 providers who are authorized to prescribe drugs, information about  
298 the costs to the Medicaid program of single-source drugs and  
299 innovator multiple-source drugs, and information about other drugs  
300 that may be prescribed as alternatives to those single-source  
301 drugs and innovator multiple-source drugs and the costs to the  
302 Medicaid program of those alternative drugs.

303 Notwithstanding any law or regulation, information obtained  
304 or maintained by the division regarding the prescription drug  
305 program, including trade secrets and manufacturer or labeler

306 pricing, is confidential and not subject to disclosure except to  
307 other state agencies.

308 The dispensing fee for each new or refill prescription,  
309 including nonlegend or over-the-counter drugs covered by the  
310 division, shall be not less than Three Dollars and Ninety-one  
311 Cents (\$3.91), as determined by the division.

312 The division shall not reimburse for single-source or  
313 innovator multiple-source drugs if there are equally effective  
314 generic equivalents available and if the generic equivalents are  
315 the least expensive.

316 It is the intent of the Legislature that the pharmacists  
317 providers be reimbursed for the reasonable costs of filling and  
318 dispensing prescriptions for Medicaid beneficiaries.

319 The division \* \* \* shall allow certain drugs, including  
320 physician-administered drugs, and implantable drug system devices,  
321 and medical supplies, with limited distribution or limited access  
322 for beneficiaries and administered in an appropriate clinical  
323 setting, to be reimbursed as either a medical claim or pharmacy  
324 claim, as determined by the division.

325 \* \* \*

326 It is the intent of the Legislature that the division and any  
327 managed care entity described in subsection (H) of this section  
328 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to  
329 prevent recurrent preterm birth.

330 (10) Dental and orthodontic services to be determined  
331 by the division.

332 The division shall increase the amount of the reimbursement  
333 rate for diagnostic and preventative dental services for each of  
334 the fiscal years 2022, 2023 and 2024 by five percent (5%) above  
335 the amount of the reimbursement rate for the previous fiscal year.  
336 It is the intent of the Legislature that the reimbursement rate  
337 revision for preventative dental services will be an incentive to  
338 increase the number of dentists who actively provide Medicaid  
339 services. This dental services \* \* \* reimbursement rate revision  
340 shall be known as the "James Russell Dumas Medicaid Dental  
341 Services Incentive Program."

342 The Medical Care Advisory Committee, assisted by the Division  
343 of Medicaid, shall annually determine the effect of this incentive  
344 by evaluating the number of dentists who are Medicaid providers,  
345 the number who and the degree to which they are actively billing  
346 Medicaid, the geographic trends of where dentists are offering  
347 what types of Medicaid services and other statistics pertinent to  
348 the goals of this legislative intent. This data shall annually be  
349 presented to the Chair of the Senate Medicaid Committee and the  
350 Chair of the House Medicaid Committee.

351 The division shall include dental services as a necessary  
352 component of overall health services provided to children who are  
353 eligible for services.

354           (11) Eyeglasses for all Medicaid beneficiaries who have  
355       (a) had surgery on the eyeball or ocular muscle that results in a  
356       vision change for which eyeglasses or a change in eyeglasses is  
357       medically indicated within six (6) months of the surgery and is in  
358       accordance with policies established by the division, or (b) one  
359       (1) pair every five (5) years and in accordance with policies  
360       established by the division. In either instance, the eyeglasses  
361       must be prescribed by a physician skilled in diseases of the eye  
362       or an optometrist, whichever the beneficiary may select.

363           (12) Intermediate care facility services.

364           (a) The division shall make full payment to all  
365       intermediate care facilities for individuals with intellectual  
366       disabilities for each day, not exceeding sixty-three (63) days per  
367       year, that a patient is absent from the facility on home leave.  
368       Payment may be made for the following home leave days in addition  
369       to the sixty-three-day limitation: Christmas, the day before  
370       Christmas, the day after Christmas, Thanksgiving, the day before  
371       Thanksgiving and the day after Thanksgiving.

372           (b) All state-owned intermediate care facilities  
373       for individuals with intellectual disabilities shall be reimbursed  
374       on a full reasonable cost basis.

375           (c) Effective January 1, 2015, the division shall  
376       update the fair rental reimbursement system for intermediate care  
377       facilities for individuals with intellectual disabilities.

378 (13) Family planning services, including drugs,  
379 supplies and devices, when those services are under the  
380 supervision of a physician or nurse practitioner.

381 (14) Clinic services. \* \* \* Preventive, diagnostic,  
382 therapeutic, rehabilitative or palliative services that are  
383 furnished by a facility that is not part of a hospital but is  
384 organized and operated to provide medical care to outpatients.  
385 Clinic services include, but are not limited to:

386 (a) Services provided by ambulatory surgical  
387 centers (ACSS) as defined in Section 41-75-1(a); and

388 (b) Dialysis center services.

389 (15) Home- and community-based services for the elderly  
390 and disabled, as provided under Title XIX of the federal Social  
391 Security Act, as amended, under waivers, subject to the  
392 availability of funds specifically appropriated for that purpose  
393 by the Legislature.

394 \* \* \*

395 (16) Mental health services. Certain services provided  
396 by a psychiatrist shall be reimbursed at up to one hundred percent  
397 (100%) of the Medicare rate. Approved therapeutic and case  
398 management services (a) provided by an approved regional mental  
399 health/intellectual disability center established under Sections  
400 41-19-31 through 41-19-39, or by another community mental health  
401 service provider meeting the requirements of the Department of  
402 Mental Health to be an approved mental health/intellectual

403 disability center if determined necessary by the Department of  
404 Mental Health, using state funds that are provided in the  
405 appropriation to the division to match federal funds, or (b)  
406 provided by a facility that is certified by the State Department  
407 of Mental Health to provide therapeutic and case management  
408 services, to be reimbursed on a fee for service basis, or (c)  
409 provided in the community by a facility or program operated by the  
410 Department of Mental Health. Any such services provided by a  
411 facility described in subparagraph (b) must have the prior  
412 approval of the division to be reimbursable under this section.

413 (17) Durable medical equipment services and medical  
414 supplies. Precertification of durable medical equipment and  
415 medical supplies must be obtained as required by the division.  
416 The Division of Medicaid may require durable medical equipment  
417 providers to obtain a surety bond in the amount and to the  
418 specifications as established by the Balanced Budget Act of 1997.

419 (18) (a) Notwithstanding any other provision of this  
420 section to the contrary, as provided in the Medicaid state plan  
421 amendment or amendments as defined in Section 43-13-145(10), the  
422 division shall make additional reimbursement to hospitals that  
423 serve a disproportionate share of low-income patients and that  
424 meet the federal requirements for those payments as provided in  
425 Section 1923 of the federal Social Security Act and any applicable  
426 regulations. It is the intent of the Legislature that the  
427 division shall draw down all available federal funds allotted to

428 the state for disproportionate share hospitals. However, from and  
429 after January 1, 1999, public hospitals participating in the  
430 Medicaid disproportionate share program may be required to  
431 participate in an intergovernmental transfer program as provided  
432 in Section 1903 of the federal Social Security Act and any  
433 applicable regulations.

434 (b) (i) The division may establish a Medicare  
435 Upper Payment Limits Program, as defined in Section 1902(a)(30) of  
436 the federal Social Security Act and any applicable federal  
437 regulations, or an allowable delivery system or provider payment  
438 initiative authorized under 42 CFR 438.6(c), for hospitals, \* \* \*  
439 nursing facilities, \* \* \* physicians employed or contracted  
440 by \* \* \* hospitals, and emergency ambulance transportation  
441 providers. \* \* \*

442 (ii) The division shall assess each  
443 hospital \* \* \*, \* \* \* nursing facility, and emergency ambulance  
444 transportation provider for the sole purpose of financing the  
445 state portion of the Medicare Upper Payment Limits Program or  
446 other program(s) authorized under this subsection (A)(18)(b). The  
447 hospital assessment shall be as provided in Section  
448 43-13-145(4)(a), and the nursing facility \* \* \* and the emergency  
449 ambulance transportation assessments, if established, shall be  
450 based on Medicaid utilization or other appropriate method, as  
451 determined by the division, consistent with federal regulations.  
452 The assessments will remain in effect as long as the state

453 participates in the Medicare Upper Payment Limits Program or other  
454 program(s) authorized under this subsection (A) (18) (b). \* \* \* In  
455 addition to the hospital assessment provided in Section  
456 43-13-145(4) (a), hospitals with physicians participating in the  
457 Medicare Upper Payment Limits Program or other program(s)  
458 authorized under this subsection (A) (18) (b) shall be required to  
459 participate in an intergovernmental transfer \* \* \* or assessment,  
460 as determined by the division, for the purpose of financing the  
461 state portion of the physician UPL payments or other payment(s)  
462 authorized under this subsection (A) (18) (b).

463 \* \* \* (iii) Subject to approval by the  
464 Centers for Medicare and Medicaid Services (CMS) and the  
465 provisions of this subsection (A) (18) (b), the division shall make  
466 additional reimbursement to hospitals \* \* \*, \* \* \* nursing  
467 facilities, and emergency ambulance transportation providers for  
468 the Medicare Upper Payment Limits Program or other program(s)  
469 authorized under this subsection (A) (18) (b), and, if the program  
470 is established for physicians, shall make additional reimbursement  
471 for physicians, as defined in Section 1902(a) (30) of the federal  
472 Social Security Act and any applicable federal regulations,  
473 provided the assessment in this subsection (A) (18) (b) is in  
474 effect.

475 (iv) Notwithstanding any other provision of  
476 this article to the contrary, effective upon implementation of the  
477 Mississippi Hospital Access Program (MHAP) provided in

478 subparagraph (c) (i) below, the hospital portion of the inpatient  
479 Upper Payment Limits Program shall transition into and be replaced  
480 by the MHAP program. However, the division is authorized to  
481 develop and implement an alternative fee-for-service Upper Payment  
482 Limits model in accordance with federal laws and regulations if  
483 necessary to preserve supplemental funding. Further, the  
484 division, in consultation with the \* \* \* hospital industry shall  
485 develop alternative models for distribution of medical claims and  
486 supplemental payments for inpatient and outpatient hospital  
487 services, and such models may include, but shall not be limited to  
488 the following: increasing rates for inpatient and outpatient  
489 services; creating a low-income utilization pool of funds to  
490 reimburse hospitals for the costs of uncompensated care, charity  
491 care and bad debts as permitted and approved pursuant to federal  
492 regulations and the Centers for Medicare and Medicaid Services;  
493 supplemental payments based upon Medicaid utilization, quality,  
494 service lines and/or costs of providing such services to Medicaid  
495 beneficiaries and to uninsured patients. The goals of such  
496 payment models shall be to ensure access to inpatient and  
497 outpatient care and to maximize any federal funds that are  
498 available to reimburse hospitals for services provided. Any such  
499 documents required to achieve the goals described in this  
500 paragraph shall be submitted to the Centers for Medicare and  
501 Medicaid Services, with a proposed effective date of July 1, 2019,  
502 to the extent possible, but in no event shall the effective date

503 of such payment models be later than July 1, 2020. The Chairmen  
504 of the Senate and House Medicaid Committees shall be provided a  
505 copy of the proposed payment model(s) prior to submission.  
506 Effective July 1, 2018, and until such time as any payment  
507 model(s) as described above become effective, the division, in  
508 consultation with the \* \* \* hospital industry, is authorized to  
509 implement a transitional program for inpatient and outpatient  
510 payments and/or supplemental payments (including, but not limited  
511 to, MHAP and directed payments), to redistribute available  
512 supplemental funds among hospital providers, provided that when  
513 compared to a hospital's prior year supplemental payments,  
514 supplemental payments made pursuant to any such transitional  
515 program shall not result in a decrease of more than five percent  
516 (5%) and shall not increase by more than the amount needed to  
517 maximize the distribution of the available funds.

518 (c) (i) Not later than December 1, 2015, the  
519 division shall, subject to approval by the Centers for Medicare  
520 and Medicaid Services (CMS), establish, implement and operate a  
521 Mississippi Hospital Access Program (MHAP) for the purpose of  
522 protecting patient access to hospital care through hospital  
523 inpatient reimbursement programs provided in this section designed  
524 to maintain total hospital reimbursement for inpatient services  
525 rendered by in-state hospitals and the out-of-state hospital that  
526 is authorized by federal law to submit intergovernmental transfers  
527 (IGTs) to the State of Mississippi and is classified as Level I

528 trauma center located in a county contiguous to the state line at  
529 the maximum levels permissible under applicable federal statutes  
530 and regulations, at which time the current inpatient Medicare  
531 Upper Payment Limits (UPL) Program for hospital inpatient services  
532 shall transition to the MHAP.

533 (ii) Subject \* \* \* to approval by the Centers  
534 for Medicare and Medicaid Services (CMS) \* \* \*, the MHAP shall  
535 provide increased inpatient capitation (PMPM) payments to managed  
536 care entities contracting with the division pursuant to subsection  
537 (H) of this section to support availability of hospital services  
538 or such other payments permissible under federal law necessary to  
539 accomplish the intent of this subsection.

540 (iii) The intent of this subparagraph (c) is  
541 that effective for all inpatient hospital Medicaid services during  
542 state fiscal year 2016, and so long as this provision shall remain  
543 in effect hereafter, the division shall to the fullest extent  
544 feasible replace the additional reimbursement for hospital  
545 inpatient services under the inpatient Medicare Upper Payment  
546 Limits (UPL) Program with additional reimbursement under the MHAP  
547 and other payment programs for inpatient and/or outpatient  
548 payments which may be developed under the authority of this  
549 paragraph.

550 (iv) The division shall assess each hospital  
551 as provided in Section 43-13-145(4) (a) for the purpose of  
552 financing the state portion of the MHAP, supplemental payments and

553 such other purposes as specified in Section 43-13-145. The  
554 assessment will remain in effect as long as the MHAP and  
555 supplemental payments are in effect.

568 reasonable cost basis for services provided under this  
569 subparagraph (a).

570 (b) Early intervention system services. The  
571 division shall cooperate with the State Department of Health,  
572 acting as lead agency, in the development and implementation of a

574 Part C of the Individuals with Disabilities Education Act (IDEA).

576 to the executive director of the division the dollar amount of  
577 state early intervention funds available that will be utilized as

849 less than or up to six (6) months, but in no event shall the  
850 certification period exceed the period of treatment indicated on  
851 the plan of care. The appeal process for any reduction in therapy  
852 services shall be consistent with the appeal process in federal  
853 regulations.

854 (56) Prescribed pediatric extended care centers  
855 services for medically dependent or technologically dependent  
856 children with complex medical conditions that require continual  
857 care as prescribed by the child's attending physician, as  
858 determined by the division.

859 (57) No Medicaid benefit shall restrict coverage for  
860 medically appropriate treatment prescribed by a physician and  
861 agreed to by a fully informed individual, or if the individual  
862 lacks legal capacity to consent by a person who has legal  
863 authority to consent on his or her behalf, based on an  
864 individual's diagnosis with a terminal condition. As used in this  
865 paragraph (57), "terminal condition" means any aggressive  
866 malignancy, chronic end-stage cardiovascular or cerebral vascular  
867 disease, or any other disease, illness or condition which a  
868 physician diagnoses as terminal.

869 (58) Treatment services for persons with opioid  
870 dependency or other highly addictive substance use disorders. The  
871 division is authorized to reimburse eligible providers for  
872 treatment of opioid dependency and other highly addictive

873 substance use disorders, as determined by the division. Treatment  
874 related to these conditions shall not count against any physician  
875 visit limit imposed under this section.

876 (59) The division shall allow beneficiaries between the  
877 ages of ten (10) and eighteen (18) years to receive vaccines  
878 through a pharmacy venue. The division and the State Department  
879 of Health shall coordinate and notify OB-GYN providers that the  
880 Vaccines for Children program is available to providers free of  
881 charge.

882 (B) \* \* \* [Deleted]

883 (C) The division may pay to those providers who participate  
884 in and accept patient referrals from the division's emergency room  
885 redirection program a percentage, as determined by the division,  
886 of savings achieved according to the performance measures and  
887 reduction of costs required of that program. Federally qualified  
888 health centers may participate in the emergency room redirection  
889 program, and the division may pay those centers a percentage of  
890 any savings to the Medicaid program achieved by the centers'  
891 accepting patient referrals through the program, as provided in  
892 this subsection (C).

893 (D) \* \* \* (1) Notwithstanding any provision of this  
894 article, except as authorized in subsection (E) of this section  
895 and in Section 43-13-139, (a) the limitations on the quantity or  
896 frequency of use of, or the fees or charges for, any of the care  
897 or services available to recipients under this section; and (b)

898 the payments or rates of reimbursement to providers rendering care  
899 or services authorized under this section to recipients shall not  
900 be increased, decreased or otherwise changed from the levels in  
901 effect on July 1, 2021, unless they are authorized by an amendment  
902 to this section by the Legislature.

903 (2) When any of the changes described in paragraph (1)  
904 of this subsection are authorized by an amendment to this section  
905 by the Legislature that is effective after July 1, 2021, the  
906 changes made in the later amendment shall not be further changed  
907 from the levels in effect on the effective date of the later  
908 amendment unless those changes are authorized by another amendment  
909 to this section by the Legislature.

910 (E) Notwithstanding any provision of this article, no new  
911 groups or categories of recipients and new types of care and  
912 services may be added without enabling legislation from the  
913 Mississippi Legislature, except that the division may authorize  
914 those changes without enabling legislation when the addition of  
915 recipients or services is ordered by a court of proper authority.

916 (F) The executive director shall keep the Governor advised  
917 on a timely basis of the funds available for expenditure and the  
918 projected expenditures. Notwithstanding any other provisions of  
919 this article, if current or projected expenditures of the division  
920 are reasonably anticipated to exceed the amount of funds  
921 appropriated to the division for any fiscal year, the Governor,  
922 after consultation with the executive director, shall take all

923 appropriate measures to reduce costs, which may include, but are  
924 not limited to:

925 (1) Reducing or discontinuing any or all services that  
926 are deemed to be optional under Title XIX of the Social Security  
927 Act;

928 (2) Reducing reimbursement rates for any or all service  
929 types;

930 (3) Imposing additional assessments on health care  
931 providers; or

932 (4) Any additional cost-containment measures deemed  
933 appropriate by the Governor.

934 To the extent allowed under federal law, any reduction to  
935 services or reimbursement rates under this subsection (F) shall be  
936 accompanied by a reduction, to the fullest allowable amount, to  
937 the profit margin and administrative fee portions of capitated  
938 payments to organizations described in paragraph (1) of this  
939 subsection (F).

940 Beginning in fiscal year 2010 and in fiscal years thereafter,  
941 when Medicaid expenditures are projected to exceed funds available  
942 for the fiscal year, the division shall submit the expected  
943 shortfall information to the PEER Committee not later than  
944 December 1 of the year in which the shortfall is projected to  
945 occur. PEER shall review the computations of the division and  
946 report its findings to the Legislative Budget Office not later  
947 than January 7 in any year.

948 (G) Notwithstanding any other provision of this article, it  
949 shall be the duty of each provider participating in the Medicaid  
950 program to keep and maintain books, documents and other records as  
951 prescribed by the Division of Medicaid in \* \* \* accordance with  
952 federal laws and regulations.

953 (H) (1) Notwithstanding any other provision of this  
954 article, the division is authorized to implement (a) a managed  
955 care program, (b) a coordinated care program, (c) a coordinated  
956 care organization program, (d) a health maintenance organization  
957 program, (e) a patient-centered medical home program, (f) an  
958 accountable care organization program, (g) provider-sponsored  
959 health plan, or (h) any combination of the above programs. \* \* \*  
960 As a condition for the approval of any program under this  
961 subsection (H) (1), the division shall require that no managed care  
962 program, coordinated care program, coordinated care organization  
963 program, health maintenance organization program, or  
964 provider-sponsored health plan may:

965 (a) Pay providers at a rate that is less than the  
966 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)  
967 reimbursement rate;

968 (b) Override the medical decisions of hospital  
969 physicians or staff regarding patients admitted to a hospital for  
970 an emergency medical condition as defined by 42 US Code Section  
971 1395dd. This restriction (b) does not prohibit the retrospective  
972 review of the appropriateness of the determination that an

973 emergency medical condition exists by chart review or coding  
974 algorithm, nor does it prohibit prior authorization for  
975 nonemergency hospital admissions;

976 (c) Pay providers at a rate that is less than the  
977 normal Medicaid reimbursement rate. It is the intent of the  
978 Legislature that all managed care entities described in this  
979 subsection (H), in collaboration with the division, develop and  
980 implement innovative payment models that incentivize improvements  
981 in health care quality, outcomes, or value, as determined by the  
982 division. Participation in the provider network of any managed  
983 care, coordinated care, provider-sponsored health plan, or similar  
984 contractor shall not be conditioned on the provider's agreement to  
985 accept such alternative payment models;

986 (d) Implement a prior authorization and  
987 utilization review program for medical services, transportation  
988 services and prescription drugs that is more stringent than the  
989 prior authorization processes used by the division in its  
990 administration of the Medicaid program. Not later than December  
991 2, 2021, the contractors that are receiving capitated payments  
992 under a managed care delivery system established under this  
993 subsection (H) shall submit a report to the Chairmen of the House  
994 and Senate Medicaid Committees on the status of the prior  
995 authorization and utilization review program for medical services,  
996 transportation services and prescription drugs that is required to  
997 be implemented under this subparagraph (d);

998 (e) [Deleted]  
999 (f) Implement a preferred drug list that is more  
1000 stringent than the mandatory preferred drug list established by  
1001 the division under subsection (A) (9) of this section;

1002 (g) Implement a policy which denies beneficiaries  
1003 with hemophilia access to the federally funded hemophilia  
1004 treatment centers as part of the Medicaid Managed Care network of  
1005 providers. \* \* \*

1006 Each health maintenance organization, coordinated care  
1007 organization, provider-sponsored health plan, or other  
1008 organization paid for services on a capitated basis by the  
1009 division under any managed care program or coordinated care  
1010 program implemented by the division under this section shall use a  
1011 clear set of level of care guidelines in the determination of  
1012 medical necessity and in all utilization management practices,  
1013 including the prior authorization process, concurrent reviews,  
1014 retrospective reviews and payments, that are consistent with  
1015 widely accepted professional standards of care. Organizations  
1016 participating in a managed care program or coordinated care  
1017 program implemented by the division may not use any additional  
1018 criteria that would result in denial of care that would be  
1019 determined appropriate and, therefore, medically necessary under  
1020 those levels of care guidelines.

1021 (2) Notwithstanding any provision of this section, the  
1022 recipients eligible for enrollment into a Medicaid Managed Care

1023 Program authorized under this subsection (H) may include only  
1024 those categories of recipients eligible for participation in the  
1025 Medicaid Managed Care Program as of January 1, 2021, the  
1026 Children's Health Insurance Program (CHIP), and the CMS-approved  
1027 Section 1115 demonstration waivers in operation as of January 1,  
1028 2021. No expansion of Medicaid Managed Care Program contracts may  
1029 be implemented by the division without enabling legislation from  
1030 the Mississippi Legislature. \* \* \*

1031 \* \* \*

1032 (3) (a) Any contractors \* \* \* receiving capitated  
1033 payments under a managed care \* \* \* delivery system established in  
1034 this section shall provide to the Legislature and the division  
1035 statistical data to be shared with provider groups in order to  
1036 improve patient access, appropriate utilization, cost savings and  
1037 health outcomes not later than October 1 of each year.

1038 Additionally, each contractor shall disclose to the Chairmen of  
1039 the Senate and House Medicaid Committees the administrative  
1040 expenses costs for the prior calendar year, and the number of  
1041 full-equivalent employees located in the State of Mississippi  
1042 dedicated to the Medicaid and CHIP lines of business as of June 30  
1043 of the current year.

1044 (b) The division and the contractors participating  
1045 in the managed care program, a coordinated care program or a  
1046 provider-sponsored health plan shall be subject to annual program  
1047 reviews or audits performed by the Office of the State Auditor,

1048 the PEER Committee, the Department of Insurance and/or \* \* \*  
1049 independent third \* \* \* parties.

1050 (c) Those \* \* \* reviews shall \* \* \* include, but  
1051 not be limited to, at least two (2) of the following items \* \* \*:

1052 (i) The financial benefit to the State of  
1053 Mississippi of the managed care program,

1054 (ii) The difference between the premiums paid  
1055 to the managed care contractors and the payments made by those  
1056 contractors to health care providers, \* \* \*

1057 (iii) Compliance with performance measures  
1058 required under the contracts,

1059 (iv) Administrative expense allocation  
1060 methodologies,

1061 (v) Whether nonprovider payments assigned as  
1062 medical expenses are appropriate,

1063 (vi) Capitated arrangements with related  
1064 party subcontractors,

1065 (vii) Reasonableness of corporate  
1066 allocations,

1067 (viii) Value-added benefits and the extent to  
1068 which they are used,

1069 (ix) The effectiveness of subcontractor  
1070 oversight, including subcontractor review,

1071 (x) Whether \* \* \* health care outcomes \* \* \*  
1072 have been improved, and

1073                    (xi) The most common claim denial codes to  
1074 determine the reasons for the denials.

1075                    \* \* \* The audit reports shall be considered \* \* \* public  
1076 documents and shall be posted in \* \* \* their entirety on the  
1077 division's website.

1078                    (4) All health maintenance organizations, coordinated  
1079 care organizations, provider-sponsored health plans, or other  
1080 organizations paid for services on a capitated basis by the  
1081 division under any managed care program or coordinated care  
1082 program implemented by the division under this section shall  
1083 reimburse all providers in those organizations at rates no lower  
1084 than those provided under this section for beneficiaries who are  
1085 not participating in those programs.

1086                    (5) No health maintenance organization, coordinated  
1087 care organization, provider-sponsored health plan, or other  
1088 organization paid for services on a capitated basis by the  
1089 division under any managed care program or coordinated care  
1090 program implemented by the division under this section shall  
1091 require its providers or beneficiaries to use any pharmacy that  
1092 ships, mails or delivers prescription drugs or legend drugs or  
1093 devices.

1094                    (6) \* \* \* (a) Not later than December 1, 2021, the  
1095 contractors who are receiving capitated payments under a managed  
1096 care delivery system established under this subsection (H) shall  
1097 develop and implement a uniform credentialing process for

1098 providers. Under that uniform credentialing process, a provider  
1099 who meets the criteria for credentialing will be credentialed with  
1100 all of those contractors and no such provider will have to be  
1101 separately credentialed by any individual contractor in order to  
1102 receive reimbursement from the contractor. Not later than  
1103 December 2, 2021, those contractors shall submit a report to the  
1104 Chairmen of the House and Senate Medicaid Committees on the status  
1105 of the uniform credentialing process for providers that is  
1106 required under this subparagraph (a).

1107 (b) If those contractors have not implemented a  
1108 uniform credentialing process as described in subparagraph (a) by  
1109 December 1, 2021, the division shall develop and implement, not  
1110 later than July 1, 2022, a single, consolidated credentialing  
1111 process by which all providers will be credentialed. Under the  
1112 division's single, consolidated credentialing process, no such  
1113 contractor shall require its providers to be separately  
1114 credentialed by the \* \* \* contractor in order to receive  
1115 reimbursement from the \* \* \* contractor, but those \* \* \*  
1116 contractors shall recognize the credentialing of the providers by  
1117 the division's credentialing process.

1118 (c) The division shall require a uniform provider  
1119 credentialing application that shall be used in the credentialing  
1120 process that is established under subparagraph (a) or (b). If the  
1121 contractor or division, as applicable, has not approved or denied  
1122 the provider credentialing application within sixty (60) days of

1123 receipt of the completed application that includes all required  
1124 information necessary for credentialing, then the contractor or  
1125 division, upon receipt of a written request from the applicant and  
1126 within five (5) business days of its receipt, shall issue a  
1127 temporary provider credential/enrollment to the applicant if the  
1128 applicant has a valid Mississippi professional or occupational  
1129 license to provide the health care services to which the  
1130 credential/enrollment would apply. The contractor or the division  
1131 shall not issue a temporary credential/enrollment if the applicant  
1132 has reported on the application a history of medical or other  
1133 professional or occupational malpractice claims, a history of  
1134 substance abuse or mental health issues, a criminal record, or a  
1135 history of medical or other licensing board, state or federal  
1136 disciplinary action, including any suspension from participation  
1137 in a federal or state program. The temporary  
1138 credential/enrollment shall be effective upon issuance and shall  
1139 remain in effect until the provider's credentialing/enrollment  
1140 application is approved or denied by the contractor or division.  
1141 The contractor or division shall render a final decision regarding  
1142 credentialing/enrollment of the provider within sixty (60) days  
1143 from the date that the temporary provider credential/enrollment is  
1144 issued to the applicant.

1145 (d) If the contractor or division does not render  
1146 a final decision regarding credentialing/enrollment of the  
1147 provider within the time required in subparagraph (c), the

1148 provider shall be deemed to be credentialed by and enrolled with  
1149 all of the contractors and eligible to receive reimbursement from  
1150 the contractors.

1151 (7) (a) Each contractor that is receiving capitated  
1152 payments under a managed care delivery system established under  
1153 this subsection (H) shall provide to each provider for whom the  
1154 contractor has denied the coverage of a procedure that was ordered  
1155 or requested by the provider for or on behalf of a patient, a  
1156 letter that provides a detailed explanation of the reasons for the  
1157 denial of coverage of the procedure and the name and the  
1158 credentials of the person who denied the coverage. The letter  
1159 shall be sent to the provider in electronic format.

1160 (b) After a contractor that is receiving capitated  
1161 payments under a managed care delivery system established under  
1162 this subsection (H) has denied coverage for a claim submitted by a  
1163 provider, the contractor shall issue to the provider within sixty  
1164 (60) days a final ruling of denial of the claim that allows the  
1165 provider to have a state fair hearing and/or agency appeal with  
1166 the division. If a contractor does not issue a final ruling of  
1167 denial within sixty (60) days as required by this subparagraph  
1168 (b), the provider's claim shall be deemed to be automatically  
1169 approved and the contractor shall pay the amount of the claim to  
1170 the provider.

1171 (c) After a contractor has issued a final ruling  
1172 of denial of a claim submitted by a provider, the division shall

1173 conduct a state fair hearing and/or agency appeal on the matter of  
1174 the disputed claim between the contractor and the provider within  
1175 sixty (60) days, and shall render a decision on the matter within  
1176 thirty (30) days after the date of the hearing and/or appeal.

1177 (8) It is the intention of the Legislature that the  
1178 division evaluate the feasibility of using a single vendor to  
1179 administer pharmacy benefits provided under a managed care  
1180 delivery system established under this subsection (H). Providers  
1181 of pharmacy benefits shall cooperate with the division in any  
1182 transition to a carve-out of pharmacy benefits under managed care.

1183 (9) It is the intention of the Legislature that the  
1184 division evaluate the feasibility of using a single vendor to  
1185 administer dental benefits provided under a managed care delivery  
1186 system established in this subsection (H). Providers of dental  
1187 benefits shall cooperate with the division in any transition to a  
1188 carve-out of dental benefits under managed care.

1189 (10) It is the intent of the Legislature that any  
1190 contractor receiving capitated payments under a managed care  
1191 delivery system established in this section shall implement  
1192 innovative programs to improve the health and well-being of  
1193 members diagnosed with prediabetes and diabetes.

1194 (11) It is the intent of the Legislature that any  
1195 contractors receiving capitated payments under a managed care  
1196 delivery system established under this subsection (H) shall work  
1197 with providers of Medicaid services to improve the utilization of

1198 long-acting reversible contraceptives (LARCs). Not later than  
1199 December 1, 2021, any contractors receiving capitated payments  
1200 under a managed care delivery system established under this  
1201 subsection (H) shall provide to the chairmen of the House and  
1202 Senate Medicaid Committees and House and Senate Public Health  
1203 Committees a report of LARC utilization for State Fiscal Years  
1204 2018 through 2020 as well as any programs, initiatives, or efforts  
1205 made by the contractors and providers to increase LARC  
1206 utilization. This report shall be updated annually to include  
1207 information for subsequent state fiscal years.

1208 (12) The division is authorized to make not more than  
1209 one (1) emergency extension of the contracts that are in effect on  
1210 the effective date of this act with contractors who are receiving  
1211 capitated payments under a managed care delivery system  
1212 established under this subsection (H), as provided in this  
1213 paragraph (12). The maximum period of any such extension shall be  
1214 one (1) year, and under any such extensions, the contractors shall  
1215 be subject to all of the provisions of this subsection (H). The  
1216 extended contracts shall be revised to incorporate any provisions  
1217 of this subsection (H).

1218 (I) [Deleted]

1219 (J) There shall be no cuts in inpatient and outpatient  
1220 hospital payments, or allowable days or volumes, as long as the  
1221 hospital assessment provided in Section 43-13-145 is in effect.  
1222 This subsection (J) shall not apply to decreases in payments that

1223 are a result of: reduced hospital admissions, audits or payments  
1224 under the APR-DRG or APC models, or a managed care program or  
1225 similar model described in subsection (H) of this section.

1226 (K) In the negotiation and execution of such contracts  
1227 involving services performed by actuarial firms, the Executive  
1228 Director of the Division of Medicaid may negotiate a limitation on  
1229 liability to the state of prospective contractors.

1230 ( \* \* \* L) This section shall stand repealed on July 1, \* \* \*  
1231 2024.

1232 **SECTION 2.** Section 43-13-145, Mississippi Code of 1972, is

1235 the State of Mississippi, there is levied an assessment in an

1237 federal law or regulation, for each licensed and occupied bed of  
1238 the facility.

1239 (b) A nursing facility is exempt from the assessment  
1240 levied under this subsection if the facility is operated under the  
1241 direction and control of:

1250 regulation, for each licensed and occupied bed of the facility.

1251 (b) An intermediate care facility for individuals with  
1252 intellectual disabilities is exempt from the assessment levied

1256 other agency or department of the United States government;

1257 (ii) The State Veterans Affairs Board; or

1258 (iii) The University of Mississippi Medical  
1259 Center.

1260 (3) (a) Upon each psychiatric residential treatment

1273 either provides its own state match through intergovernmental  
1274 transfer or certification of funds to the division.

1275 (4) Hospital assessment.

1276 (a) (i) Subject to and upon fulfillment of the  
1277 requirements and conditions of paragraph (f) below, and  
1278 notwithstanding any other provisions of this section, \* \* \* an  
1279 annual assessment on each hospital licensed in the state is  
1280 imposed on each non-Medicare hospital inpatient day as defined  
1281 below at a rate that is determined by dividing the sum prescribed  
1282 in this subparagraph (i), plus the nonfederal share necessary to  
1283 maximize the Disproportionate Share Hospital (DSH) and Medicare  
1284 Upper Payment Limits (UPL) Program payments and hospital access  
1285 payments and such other supplemental payments as may be developed  
1286 pursuant to Section 43-13-117(A)(18), by the total number of  
1287 non-Medicare hospital inpatient days as defined below for all  
1288 licensed Mississippi hospitals, except as provided in paragraph  
1289 (d) below. If the state\_matching funds percentage for the  
1290 Mississippi Medicaid program is sixteen percent (16%) or less, the  
1291 sum used in the formula under this subparagraph (i) shall be  
1292 Seventy-four Million Dollars (\$74,000,000.00). If the  
1293 state\_matching funds percentage for the Mississippi Medicaid  
1294 program is twenty-four percent (24%) or higher, the sum used in  
1295 the formula under this subparagraph (i) shall be One Hundred Four  
1296 Million Dollars (\$104,000,000.00). If the state\_matching funds

1297 percentage for the Mississippi Medicaid program is between sixteen  
1298 percent (16%) and twenty-four percent (24%), the sum used in the  
1299 formula under this subparagraph (i) shall be a pro rata amount  
1300 determined as follows: the current state-matching funds  
1301 percentage rate minus sixteen percent (16%) divided by eight  
1302 percent (8%) multiplied by Thirty Million Dollars (\$30,000,000.00)  
1303 and add that amount to Seventy-four Million Dollars  
1304 (\$74,000,000.00). However, no assessment in a quarter under this  
1305 subparagraph (i) may exceed the assessment in the previous quarter  
1306 by more than Three Million Seven Hundred Fifty Thousand Dollars  
1307 (\$3,750,000.00) (which would be Fifteen Million Dollars  
1308 (\$15,000,000.00) on an annualized basis). The division shall  
1309 publish the state-matching funds percentage rate applicable to the  
1310 Mississippi Medicaid program on the tenth day of the first month  
1311 of each quarter and the assessment determined under the formula  
1312 prescribed above shall be applicable in the quarter following any  
1313 adjustment in that state-matching funds percentage rate. The  
1314 division shall notify each hospital licensed in the state as to  
1315 any projected increases or decreases in the assessment determined  
1316 under this subparagraph (i). However, if the Centers for Medicare  
1317 and Medicaid Services (CMS) does not approve the provision in  
1318 Section 43-13-117(39) requiring the division to reimburse  
1319 crossover claims for inpatient hospital services and crossover  
1320 claims covered under Medicare Part B for dually eligible  
1321 beneficiaries in the same manner that was in effect on January 1,

1322 2008, the sum that otherwise would have been used in the formula  
1323 under this subparagraph (i) shall be reduced by Seven Million  
1324 Dollars (\$7,000,000.00).

1325           (ii) In addition to the assessment provided under  
1326 subparagraph (i), \* \* \* an additional annual assessment on each  
1327 hospital licensed in the state is imposed on each non-Medicare  
1328 hospital inpatient day as defined below at a rate that is  
1329 determined by dividing twenty-five percent (25%) of any provider  
1330 reductions in the Medicaid program as authorized in Section  
1331 43-13-117(F) for that fiscal year up to the following maximum  
1332 amount, plus the nonfederal share necessary to maximize the  
1333 Disproportionate Share Hospital (DSH) and inpatient Medicare Upper  
1334 Payment Limits (UPL) Program payments and inpatient hospital  
1335 access payments, by the total number of non-Medicare hospital  
1336 inpatient days as defined below for all licensed Mississippi  
1337 hospitals: in fiscal year 2010, the maximum amount shall be  
1338 Twenty-four Million Dollars (\$24,000,000.00); in fiscal year 2011,  
1339 the maximum amount shall be Thirty-two Million Dollars  
1340 (\$32,000,000.00); and in fiscal year 2012 and thereafter, the  
1341 maximum amount shall be Forty Million Dollars (\$40,000,000.00).  
1342 Any such deficit in the Medicaid program shall be reviewed by the  
1343 PEER Committee as provided in Section 43-13-117(F).

1344           (iii) In addition to the assessments provided in  
1345 subparagraphs (i) and (ii), \* \* \* an additional annual assessment  
1346 on each hospital licensed in the state is imposed pursuant to the

1347 provisions of Section 43-13-117(F) if the cost<sub>u</sub>ntainment  
1348 measures described therein have been implemented and there are  
1349 insufficient funds in the Health Care Trust Fund to reconcile any  
1350 remaining deficit in any fiscal year. If the Governor institutes  
1351 any other additional cost<sub>u</sub>ntainment measures on any program or  
1352 programs authorized under the Medicaid program pursuant to Section  
1353 43-13-117(F), hospitals shall be responsible for twenty-five  
1354 percent (25%) of any such additional imposed provider cuts, which  
1355 shall be in the form of an additional assessment not to exceed the  
1356 twenty-five percent (25%) of provider expenditure reductions.  
1357 Such additional assessment shall be imposed on each non-Medicare  
1358 hospital inpatient day in the same manner as assessments are  
1359 imposed under subparagraphs (i) and (ii).

1360 (b) \* \* \* Definitions.

1361 (i) \* \* \* [Deleted]

1362 (ii) \* \* \* For purposes of this subsection (4):

1363 1. "Non-Medicare hospital inpatient day"  
1364 means total hospital inpatient days including subcomponent days  
1365 less Medicare inpatient days including subcomponent days from the  
1366 hospital's most recent Medicare cost report for the second  
1367 calendar year preceding the beginning of the state fiscal year, on  
1368 file with CMS per the CMS HCRIS database, or cost report submitted  
1369 to the Division if the HCRIS database is not available to the  
1370 division, as of June 1 of each year.

1371 a. Total hospital inpatient days shall  
1372 be the sum of Worksheet S-3, Part 1, column 8 row 14, column 8 row  
1373 16, and column 8 row 17, excluding column 8 rows 5 and 6.

1374 b. Hospital Medicare inpatient days  
1375 shall be the sum of Worksheet S-3, Part 1, column 6 row 14, column  
1376 6 row 16.00, and column 6 row 17, excluding column 6 rows 5 and 6.

1377 c. Inpatient days shall not include  
1378 residential treatment or long-term care days.

1379 2. "Subcomponent inpatient day" means the  
1380 number of days of care charged to a beneficiary for inpatient  
1381 hospital rehabilitation and psychiatric care services in units of  
1382 full days. A day begins at midnight and ends twenty-four (24)  
1383 hours later. A part of a day, including the day of admission and  
1384 day on which a patient returns from leave of absence, counts as a  
1385 full day. However, the day of discharge, death, or a day on which  
1386 a patient begins a leave of absence is not counted as a day unless  
1387 discharge or death occur on the day of admission. If admission  
1388 and discharge or death occur on the same day, the day is  
1389 considered a day of admission and counts as one (1) subcomponent  
1390 inpatient day.

1391 (c) The assessment provided in this subsection is  
1392 intended to satisfy and not be in addition to the assessment and  
1393 intergovernmental transfers provided in Section 43-13-117(A)(18).  
1394 Nothing in this section shall be construed to authorize any state  
1395 agency, division or department, or county, municipality or other

1396 local governmental unit to license for revenue, levy or impose any  
1397 other tax, fee or assessment upon hospitals in this state not  
1398 authorized by a specific statute.

1399 (d) Hospitals operated by the United States Department  
1400 of Veterans Affairs and state-operated facilities that provide  
1401 only inpatient and outpatient psychiatric services shall not be  
1402 subject to the hospital assessment provided in this subsection.

1403 (e) Multihospital systems, closure, merger, change of  
1404 ownership and new hospitals.

1405 (i) If a hospital conducts, operates or maintains  
1406 more than one (1) hospital licensed by the State Department of  
1407 Health, the provider shall pay the hospital assessment for each  
1408 hospital separately.

1409 (ii) Notwithstanding any other provision in this  
1410 section, if a hospital subject to this assessment operates or  
1411 conducts business only for a portion of a fiscal year, the  
1412 assessment for the state fiscal year shall be adjusted by  
1413 multiplying the assessment by a fraction, the numerator of which  
1414 is the number of days in the year during which the hospital  
1415 operates, and the denominator of which is three hundred sixty-five  
1416 (365). Immediately upon ceasing to operate, the hospital shall  
1417 pay the assessment for the year as so adjusted (to the extent not  
1418 previously paid).

1419 (iii) The division shall determine the tax for new  
1420 hospitals and hospitals that undergo a change of ownership in

1421 accordance with this section, using the best available  
1422 information, as determined by the division.

1423 (f) Applicability.

1424 The hospital assessment imposed by this subsection shall not  
1425 take effect and/or shall cease to be imposed if:

1426 (i) The assessment is determined to be an  
1427 impermissible tax under Title XIX of the Social Security Act; or

1428 (ii) CMS revokes its approval of the division's  
1429 2009 Medicaid State Plan Amendment for the methodology for DSH  
1430 payments to hospitals under Section 43-13-117(A) (18).

1431 \* \* \*

1432 (5) Each health care facility that is subject to the  
1433 provisions of this section shall keep and preserve such suitable  
1434 books and records as may be necessary to determine the amount of  
1435 assessment for which it is liable under this section. The books  
1436 and records shall be kept and preserved for a period of not less  
1437 than five (5) years, during which time those books and records  
1438 shall be open for examination during business hours by the  
1439 division, the Department of Revenue, the Office of the Attorney  
1440 General and the State Department of Health.

1441 (6) \* \* \* [Deleted]

1442 (7) All assessments collected under this section shall be  
1443 deposited in the Medical Care Fund created by Section 43-13-143.

1444 (8) The assessment levied under this section shall be in  
1445 addition to any other assessments, taxes or fees levied by law,

1446 and the assessment shall constitute a debt due the State of  
1447 Mississippi from the time the assessment is due until it is paid.

1448 (9) (a) If a health care facility that is liable for  
1449 payment of an assessment levied by the division does not pay the  
1450 assessment when it is due, the division shall give written notice  
1451 to the health care facility \* \* \* demanding payment of the  
1452 assessment within ten (10) days from the date of delivery of the  
1453 notice. If the health care facility fails or refuses to pay the  
1454 assessment after receiving the notice and demand from the  
1455 division, the division shall withhold from any Medicaid  
1456 reimbursement payments that are due to the health care facility  
1457 the amount of the unpaid assessment and a penalty of ten percent  
1458 (10%) of the amount of the assessment, plus the legal rate of  
1459 interest until the assessment is paid in full. If the health care  
1460 facility does not participate in the Medicaid program, the  
1461 division shall turn over to the Office of the Attorney General the  
1462 collection of the unpaid assessment by civil action. In any such  
1463 civil action, the Office of the Attorney General shall collect the  
1464 amount of the unpaid assessment and a penalty of ten percent (10%)  
1465 of the amount of the assessment, plus the legal rate of interest  
1466 until the assessment is paid in full.

1467 (b) As an additional or alternative method for  
1468 collecting unpaid assessments levied by the division, if a health  
1469 care facility fails or refuses to pay the assessment after  
1470 receiving notice and demand from the division, the division may

1471 file a notice of a tax lien with the chancery clerk of the county  
1472 in which the health care facility is located, for the amount of  
1473 the unpaid assessment and a penalty of ten percent (10%) of the  
1474 amount of the assessment, plus the legal rate of interest until  
1475 the assessment is paid in full. Immediately upon receipt of  
1476 notice of the tax lien for the assessment, the chancery clerk  
1477 shall forward the notice to the circuit clerk who shall enter the  
1478 notice of the tax lien as a judgment upon the judgment roll and  
1479 show in the appropriate columns the name of the health care  
1480 facility as judgment debtor, the name of the division as judgment  
1481 creditor, the amount of the unpaid assessment, and the date and  
1482 time of enrollment. The judgment shall be valid as against  
1483 mortgagees, pledgees, entrusters, purchasers, judgment creditors  
1484 and other persons from the time of filing with the clerk. The  
1485 amount of the judgment shall be a debt due the State of  
1486 Mississippi and remain a lien upon the tangible property of the  
1487 health care facility until the judgment is satisfied. The  
1488 judgment shall be the equivalent of any enrolled judgment of a  
1489 court of record and shall serve as authority for the issuance of  
1490 writs of execution, writs of attachment or other remedial writs.

1491 (10) (a) To further the provisions of Section  
1492 43-13-117(A)(18), the Division of Medicaid shall submit to the  
1493 Centers for Medicare and Medicaid Services (CMS) any documents  
1494 regarding the hospital assessment established under subsection (4)  
1495 of this section. In addition to defining the assessment

1496 established in subsection (4) of this section if necessary, the  
1497 documents shall describe any supplement payment programs and/or  
1498 payment methodologies as authorized in Section 43-13-117(A) (18) if  
1499 necessary.

1500 (b) All hospitals satisfying the minimum federal DSH  
1501 eligibility requirements (Section 1923(d) of the Social Security  
1502 Act) may, subject to OBRA 1993 payment limitations, receive a DSH  
1503 payment. This DSH payment shall expend the balance of the federal  
1504 DSH allotment and associated state share not utilized in DSH  
1505 payments to state-owned institutions for treatment of mental  
1506 diseases. The payment to each hospital shall be calculated by  
1507 applying a uniform percentage to the uninsured costs of each  
1508 eligible hospital, excluding state-owned institutions for  
1509 treatment of mental diseases; however, that percentage for a  
1510 state-owned teaching hospital located in Hinds County shall be  
1511 multiplied by a factor of two (2).

1512 (11) The division shall implement DSH and supplemental  
1513 payment calculation methodologies that result in the maximization  
1514 of available federal funds.

1515 (12) The DSH payments shall be paid on or before December  
1516 31, March 31, and June 30 of each fiscal year, in increments of  
1517 one-third (1/3) of the total calculated DSH amounts. Supplemental  
1518 payments developed pursuant to Section 43-13-117(A) (18) shall be  
1519 paid monthly.

1520 (13) \* \* \* Payment.

1521           (a) The hospital assessment as described in subsection  
1522 (4) for the nonfederal share necessary to maximize the Medicare  
1523 Upper Payments Limits (UPL) Program payments and hospital access  
1524 payments and such other supplemental payments as may be developed  
1525 pursuant to Section 43-3-117(A) (18) shall be assessed and  
1526 collected monthly no later than the fifteenth calendar day of each  
1527 month.

1528           (b) The hospital assessment as described in subsection  
1529 (4) for the nonfederal share necessary to maximize the  
1530 Disproportionate Share Hospital (DSH) payments shall be assessed  
1531 and collected on December 15, March 15 and June 15.

1532           (c) The annual hospital assessment and any additional  
1533 hospital assessment as described in subsection (4) shall be  
1534 assessed and collected on September 15 and on the 15th of each  
1535 month from December through June.

1536           (14) If for any reason any part of the plan for annual DSH  
1537 and supplemental payment programs to hospitals provided under  
1538 subsection (10) of this section and/or developed pursuant to  
1539 Section 43-13-117(A) (18) is not approved by CMS, the remainder of  
1540 the plan shall remain in full force and effect.

1541           (15) Nothing in this section shall prevent the Division of  
1542 Medicaid from facilitating participation in Medicaid supplemental  
1543 hospital payment programs by a hospital located in a county  
1544 contiguous to the State of Mississippi that is also authorized by  
1545 federal law to submit intergovernmental transfers (IGTs) to the

1546 State of Mississippi to fund the state share of the hospital's  
1547 supplemental and/or MHAP payments.

1548 (16) \* \* \* This section shall stand repealed on July 1,  
1549 2024.

1550 **SECTION 3.** Section 41-75-5, Mississippi Code of 1972, is  
1551 amended as follows:

1552 41-75-5. No person as defined in Section 41-7-173, acting  
1553 severally or jointly with any other person, shall establish,  
1554 conduct, operate or maintain an ambulatory surgical facility or an  
1555 abortion facility or a freestanding emergency room or a post-acute  
1556 residential brain injury rehabilitation facility in this state  
1557 without a license under this chapter.

1558 \* \* \*

1559 **SECTION 4.** This act shall take effect and be in force from  
1560 and after July 1, 2021.
