## File Exchanges allow Trading Partner

The screenshot shows the 'Files Exchange' page in the Medicaid portal. At the top left is the 'MISSISSIPPI DIVISION OF MEDICAID' logo. To the right is a search bar labeled 'Search Medicaid:' with a magnifying glass icon. Below the logo is a navigation menu with 'Home', 'Files Exchange', 'Resources', and 'Contact Us'. Underneath the menu are links for 'Download Files' and 'Upload Files'. The main content area has a header 'Files Exchange' and a timestamp 'Thursday 09/29/2022 05:41 PM CST'. A table below shows 'Provider Name' as 'Web Portal Trading Partner Testing' and 'Role IDs' as 'TP700680'. A 'Files Exchange' button is present, followed by 'File Download' and 'File Upload' links. At the bottom, there is a 'Privacy' link and 'Model R-113'.

## Select FILE EXCHANGE ->

This screenshot is identical to the one above but includes annotations. A red circle highlights the 'Files Exchange' link in the navigation menu. A red arrow points from the bottom of the circle to the 'Files Exchange' button in the main content area. The rest of the page content, including the search bar, provider information, and footer, remains the same.

### File Upload

\* Indicates a required field.

Transaction files uploaded here must be in a HIPAA format -- Health Insurance Portability and Accountability Act. HIPAA is the United States Health Insurance Portability and Accountability Act of 1996. There are two sections to the Act. HIPAA Title I deals with protecting health insurance coverage for people who lose or change jobs. HIPAA Title II includes an administrative simplification section which deals with the standardization of healthcare-related information systems. In the information technology industries, this section is what most people mean when they refer to HIPAA.

HIPAA establishes mandatory regulations that require extensive changes to the way that health providers conduct business. HIPAA seeks to establish standardized mechanisms for electronic data interchange (EDI), security, and confidentiality of all healthcare-related data. The Act mandates: standardized formats for all patient health, administrative, and financial data; unique identifiers (ID numbers) for each healthcare entity, including individuals, employers, health plans and healthcare providers; and security mechanisms to ensure confidentiality and data integrity for any information that identifies an individual.

Note that the file will be renamed when uploaded in the format **[TradingPartnerId]\_[YYYYMMDD]\_[hhmmss]\_[fileName].[ext]**.

The screenshot displays the Mississippi Division of Medicaid portal interface. At the top, there is a search bar labeled "Search Medicaid:" and a "Logout" link. The main navigation menu includes "Home", "Files Exchange", "Resources", and "Contact Us". The current page is titled "Home" and shows the date and time as "Thursday 09/29/2022 05:50 PM CST".

The user is logged in as a "Trading Partner" with the name "Web Portal Trading Partner Testing" and "Role IDs" of "TP700680". The left sidebar contains sections for "User Details" (Welcome TP700680), "My Profile", "Manage Accounts", "Upcoming Actions" (Revalidation Start Date, Revalidation Due Date), and "Trading Partner" information (Name: Web Portal Trading Partner Testing, ID: TP700680). The right sidebar includes "Sign Up to Receive News", "Secure Correspondence", and "Latest News" (Late Breaking News, Provider Bulletins, UM/QIO, Report Fraud).

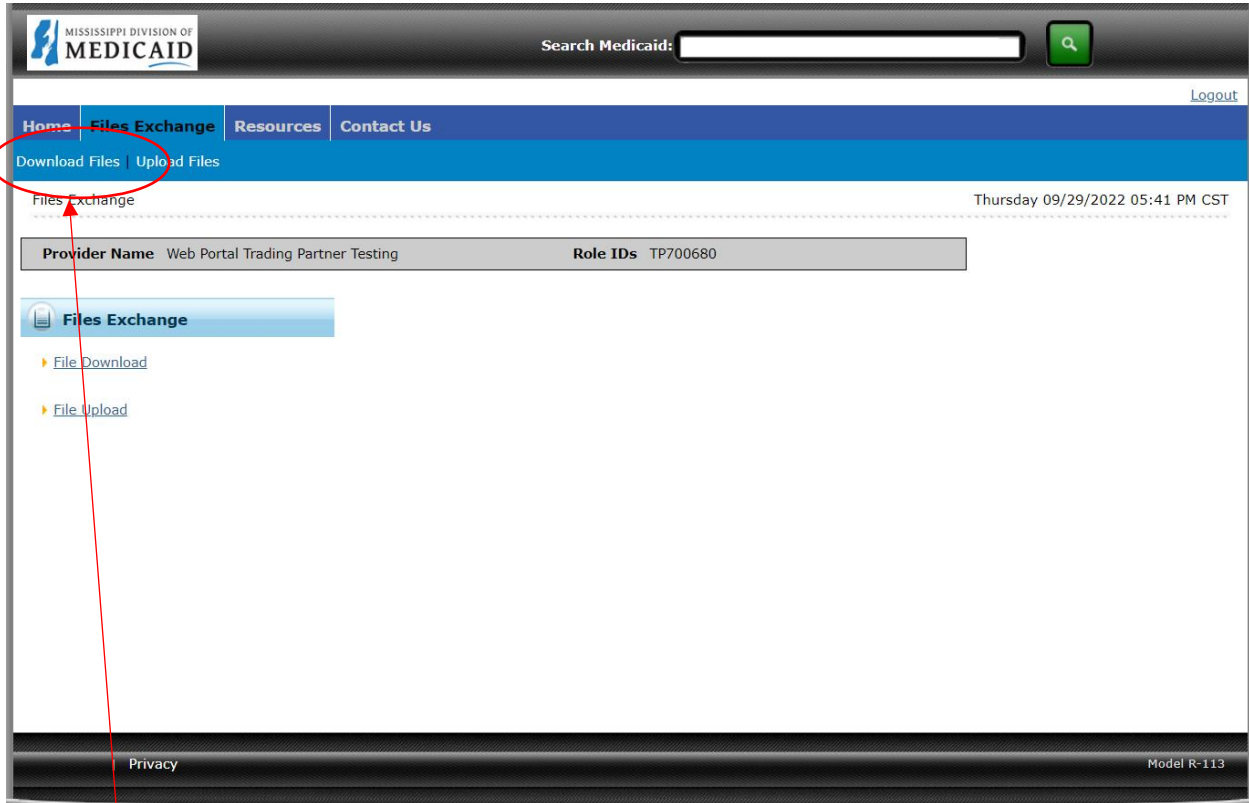

A central "Upload File Confirmation" dialog box is overlaid on the page, displaying the message: "The file was successfully uploaded." with an "OK" button.

A confirmation dialog will be displayed.

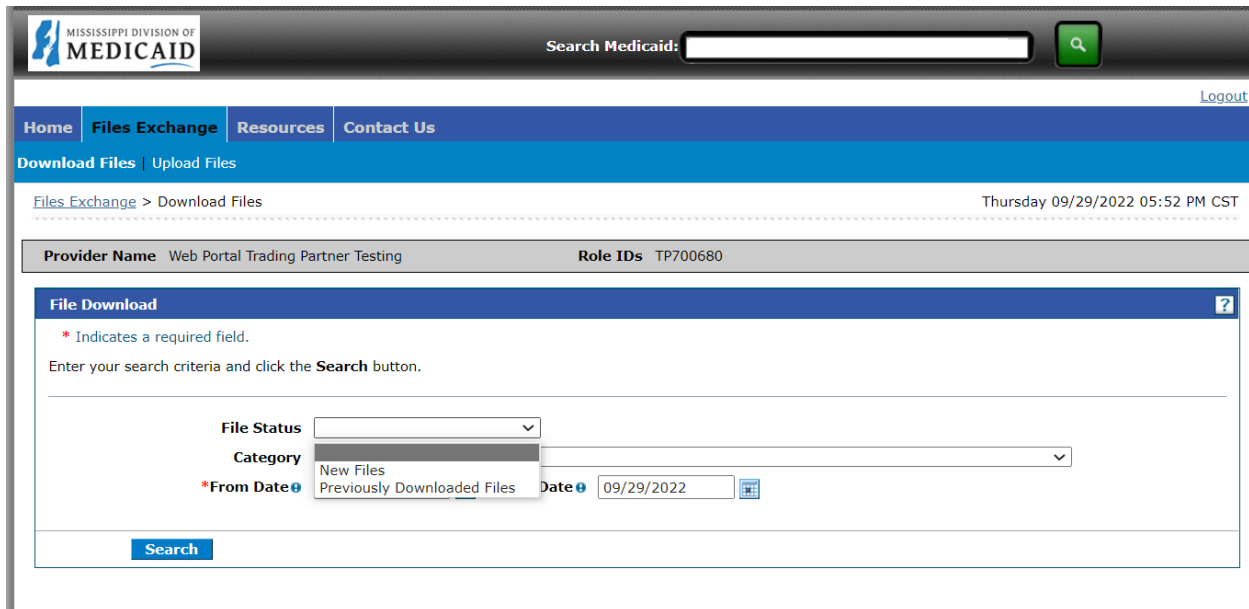

This ends the PORTAL File Upload demonstration.
