

Clinician Administered Drugs and Implantable Drug System Devices (CADD)

During the Mississippi Legislature Regular Session of 2018, Senate Bill 2836 directed the Division of Medicaid (DOM) to allow physician-administered drugs to be billed and reimbursed as either a medical claim or pharmacy point-of-sale (POS) claim to allow greater access to care.

To comply with this mandate, DOM has created a new classification of drugs and drugs system devices which may be allowed to be billed as either a medical or pharmacy claim. This new category will be known as Clinician Administered Drug and Implantable Drug System Devices (CADD). Billing Directions*

Chemical Dependency Treatment Agents		
Drug Name	NDC	Effective Date
Probuphine 74.2 mg Implant	52440010014	2/2/2019
Probuphine 74.2 mg Implant	58284010014	7/1/2018
Sublocade 100mg/0.5ml	12496010001	7/1/2018
Sublocade 300mg/1.5ml	12496030001	7/1/2018

*** Billing Directions:**

- CADD drugs will not count toward monthly prescription drug limits applicable to covered outpatient drugs.
- Prescribers should identify drugs to be billed to a beneficiary's pharmacy benefit (via POS claim) by notating on the prescription that the drug will be administered in an outpatient setting, such as a physician's office.
- The pharmacy provider should enter a value of '11' (Office) in NCPDP Field 307-C7 (Place of Service) to identify that the CADD drug will be administered in a clinician setting and as the mechanism whereby the pharmacy claims processing system will not count the claim toward the prescription monthly limit. The pharmacy provider should ensure that the CADD drug is routed directly to the prescriber's office.
- The prescriber should not seek duplicative reimbursement for the drug or drug delivery system on a medical claim. If appropriate, administration or related procedure codes may be submitted on the claim of the provider rendering the applicable service involving the drug or drug delivery system.
