STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT MEDICAL ASSISTANCE PROGRAM

State of Mississippi

4.5 Medicaid Recovery Audit Contractor Program

Citation	_Effective April 1, 2017, the State has established a program under which it will
	contract with one or more recovery audit contractors (RACs) for the purpose of
Section 1902(a)(42)(B)(i)	identifying underpayments and overpayments of Medicaid Claims under the
of the Social Security Act	State plan and under any waiver of the State Plan.
	\underline{X} The State is seeking an exception to establishing such program for the following reasons:
Section 1902 (a)(42)(B)(ii)(I) of the Act	Pursuant to 42 CFR § 455.516, the Division of Medicaid is seeking an exception to 42 CFR § 455.502(b), which requires contracting with a RAC. The Division of Medicaid's RAC contract expired on March 31, 2021. The Division of Medicaid submitted an amendment to Mississippi Department of Finance and Administration requesting an extension for another year; however, prior to approval, a merger was completed creating a new entity. As such, the new entity cannot execute a new contract for RAC services for another year. The Division of Medicaid attempted to competitively procure another vendor. However, of the two offers submitted, neither met the minimum costs or federal/state requirements to be a RAC vendor and the procurement was cancelled. The Division of Medicaid seeks to extend its current waiver from seeking a RAC vendor approved in State Plan Amendment (SPA) 22-0024 for one (1) additional year in order to attempt to procure a new, competitively bid RAC contract that complies with current state and federal laws and regulations. The current waiver expires June 30, 2023.
Section	_The State/Medicaid agency has contracts of the type(s) listed in section 1902(a) (42) (B)(ii)(I) of the Act. All contracts meet the requirements of the statute. RACs are consistent with the statute.
1902(a)(42)(B)(ii)(II)(aa) of the Act	Place a check mark to provide assurance of the following:
	The State will make payments to RAC(s) only from amounts recovered.
	The State will make payments to the RAC(s) on a contingent basis for collecting over payments.
	The following payment methodology shall be used to determine State Payments to Medicaid RACs for identification and recovery of overpayments (e.g., the percentage of the contingency fee):
	_The State attests that the contingency fee rate paid to the Medicaid RAC will not exceed the highest rate paid to Medicare RACs, as published in the

Federal Register.
The State attests that the contingency fee rate paid to the Medicaid RAC will exceed the highest rate paid to Medicare RACs as published in the Federal Register. The State will only submit for FFP up to the amount equivalent to that published rate.
_The contingency fee rate paid to the Medicaid RAC that will exceed the highest rate paid to Medicare RACs, as published in the Federal Register. The state will submit a justification for that rate and will submit for FFP for the full amount of the contingency fee.

Section	_The following payment methodology shall be used to determine State

of the Act	administration of the State Plan or waiver of the plan.
Section 1902(a)(42)(B)(ii)(IV)(bb) of the Act Section 1902(a)(42)(B)(ii)(N)(cc) of the Act	The state assures that the recovered amounts will be subject to a State's quarterly expenditure estimates and funding of the State's share. Efforts of the Medicaid RAC(s) will be coordinated with other contractors or entities performing audits of entities receiving payments under the State plan or waiver in the State, and/or State and Federal law enforcement entities and the CMS Medicaid Integrity Program.

(a) <u>Liens</u>

The State imposes liens against an individual's real property on account of medical assistance paid or to be paid.

The State complies with the requirements of section 1917(a) of the Act and regulations at 42 CFR 433.36(c)-(g) with respect to any lien imposed against the property of any individual prior to his or her death on account of medical assistance paid or to be paid on his or her behalf.

____ The State imposes liens on real property on account of benefits incorrectly paid.

The State imposes TEFRA liens 1917(a)(1)(B) on real property of an individual who is an inpatient of a nursing facility, ICF/MR, or other medical institution, where the individual is required to contribute toward the cost of institutional care all but a minimal amount of income required for personal needs.

The procedures by the State for determining that an institutionalized individual cannot reasonably be expected to be discharged are specified in Attachment 4.17-A. (NOTE: If the State indicates in its State plan that it is imposing TEFRA liens, then the State is required to determine whether an institutionalized individual is permanently institutionalized and afford these individuals notice, hearing procedures, and due process requirements.)

Limitations on Estate Recovery - Medicare Cost Sharing:

(i) Medical assistance for Medicare cost sharing is protected from estate recovery for the following categories of dual eligibles: QMB, SLMB, QI, QDWI, QMB+, SLMB+. This protection extends to medical assistance for four Medicare cost sharing benefits: (Part A and B premiums, deductibles, coinsurance, co-payments) with dates of service on or after January 1,2010. The date of service for deductibles, coinsurance, and copayments is the date the request for payment is received by the State Medicaid Agency. The date of service for premiums is the date the State Medicaid Agency paid the premium.

(ii) In addition to being a qualified dual eligible the individual must also be age 55 or over. The above protection from estate recovery for Medicare cost sharing benefits (premiums, deductibles, coinsurance, co-payments) applies to approved mandatory (i.e., nursing facility, home and community-based services, and related prescription drugs and hospital services) as well as optional Medicaid services identified in the State plan, which are applicable to the categories of duals referenced above.

- (2) With respect to liens on the home of any individual who the State determines is permanently institutionalized and who must as a condition of receiving services in the institution apply their income to the cost of care, the State will not seek adjustment or recovery of medical assistance correctly paid on behalf of the individual until such time as none of the following individuals are residing in the individual's home:
 - (a) a sibling of the individual (who was residing in the individual's home for at least one year immediately before the date that the individual was institutionalized), or

4.42 Employee Education About False Claims Recoveries.

<u>Citation</u> 1902(a)(68) of the Act, P.L. 109-171 (section 6032)

(a) The Medicaid agency meets the requirements regarding establishment of policies and procedures for the education of employees of entities covered by section 1902(a)(68) of the Social Security Act (the Act) regarding false claims recoveries and methodologies for oversight of entities' compliance with these requirements.

(1) Definitions.

(A) An "entity" includes a governmental agency, organization, unit, corporation, partnership, or other business arrangement (including any Medicaid managed care organization, irrespective of the form of business structure or arrangement by which it exists), whether for-profit or not-for-profit, which receives or makes payments, under a State Plan approved under title XIX or under any waiver of such plan, totaling at least \$5,000,000 annually.

If an entity furnishes items or services at more than a single location or under more than one contractual or other payment arrangement, the provisions of section 1902(a)(68) apply if the aggregate payments to that entity meet the \$5,000,000 annual threshold. This applies whether the entity submits claims for payments using one or more provider identification or tax identification numbers.

A governmental component providing Medicaid health care items or services for which Medicaid payments are made would qualify as an "entity" (e.g., a state mental
