Payment Adjustment for Other Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6), and 1903 with respect to non-payment for other provider preventable conditions.

Other Provider Preventable Conditions

The State identifies the following Other Provider Preventable Conditions for non-payment under Section 4.19(B) of this plan.

- ☒ Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.

Effective June 1, 2012, Medicaid will make zero payments to providers for Other Provider Preventable Conditions which includes Never Events (NE) as defined by the National Coverage Determinations (NCD). The Never Events (NE) as defined in the NCD include Ambulatory Surgical Centers (ASC) and practitioners, and these providers will be required to report NEs. Practitioners are defined in Attachment 4.19 B-Pages 2b, 3, 5, 6b, 6d, 9, and 17 and 4.19E-Page 9.

Reimbursement for conditions described above is defined in Attachment 4.19-B, Page 1a.1, of this State Plan.

Methods and Standards For Establishing Payment Rates-Other Types of Care

### Payment for Other Provider Preventable Conditions to include the three Never Events:

Effective June 1, 2012, and in accordance with Title XIX of the Social Security Act-Sections 1902(a)(4), 1902(a)(6), and 1903 and 42 CFR's 434.6, 438.6, 447.26, Medicaid will make no payments to providers for services related to Other Provider Preventable Conditions (OPPC's) that at a minimum must include the Never Events (NE).

Never Events will be identified with the appropriate ICD-10 diagnosis codes for:

- Performance of wrong operation (procedure) on correct patient
- Performance of operation (procedure) on patient not scheduled for surgery
- Performance of correct operation (procedure) on the wrong side/body part

No reduction in payment for the Other Provider Preventable Condition that include at a minimum the Never Events will be imposed on a provider when the surgery or procedure defined as a Never Event for a particular patient existed prior to the initiation of treatment for the patient by that provider.

Reductions in provider payment may be limited to the extent that the following apply:

1. The State can reasonably isolate for non-payment the portion of the payment directly related to treatment for, and related to, the Other Provider Preventable Condition that include at a minimum the Never Events.

Non-payment of Other Provider Preventable Conditions that include at a minimum the Never Events shall not prevent access to services for Medicaid beneficiaries.

The following method will be used to determine the payment adjustment for Other Provider Preventable Conditions that at a minimum include the Never Events as defined by the National Coverage Determination for dates of services beginning on or after June 1, 2012:

Once quarterly, paid claims identified in the Mississippi Medicaid Information System (MMIS) with a diagnosis code for any of the three Never Events will be reviewed to ensure the State can reasonably isolate for non-payment the portion of the payment directly related to the treatment for, and related to, the Other Provider Preventable Condition that include at a minimum the Never Events.

Payment Adjustment for Provider Preventable Conditions

The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart A, and sections 1902(a)(4), 1902(a)(6), and 1903 of the Social Security Act, with respect to non-payment for provider-preventable conditions.

Other Provider-Preventable Conditions

The State identifies the following Other Provider-Preventable Conditions for non-payment under Section 4.19-B:

X Wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient.

Additional Other Provider-Preventable Conditions identified below: Not applicable.

Section 2702 of the Patient Protection and Affordable Care Act of 2010 prohibits Federal payments to States under section 1903 of the Social Security Act for any amounts expended for providing medical assistance for certain provider-preventable conditions (PPC) and health care-acquired conditions (HCAC) for dates of service effective October 1, 2011. This policy applies to all for individuals for which Medicaid is primary and those dually eligible for both the Medicare and Medicaid programs, and Mississippi Medicaid enrolled hospitals except for Indian Health Services. Reduced payment to providers is limited to the amounts directly identifiable as related to the PPC and the resulting treatment.

The following method will be used to determine the related reduction in payments for Other Provider-Preventable Conditions which includes Never Events as defined by the National Coverage Determination:

A. Dates of service beginning on or after October 1, 2011, through June 30, 2014:

1. The claims identified with a Present on Admission (POA) indicator of "Y" or "U" and provider-preventable conditions through the claims payment system will be reviewed.
2. When the review of claims indicates an increase of payment to the provider for an identified provider-preventable condition, the amount for the provider-preventable condition will be excluded from the providers' payment.

B. For dates of services beginning on or after July 1, 2014, claims identified in Medicaid Management Information System (MMIS) with a diagnosis code for any of the three Never Events will be denied, reviewed and adjusted to ensure no payment is made for treatment directly related to Other Provider Preventable Conditions that include, at a minimum, the three Never Events.

C. No reduction in payment for a provider preventable condition will be imposed on a provider when the condition defined as a PPC for a particular patient existed prior to the initiation of treatment for that patient by that provider.

D. Reductions in provider payment may be limited to the extent that the following apply:

1. The identified provider-preventable conditions would otherwise result in an increase in payment.
2. The State can reasonably isolate for nonpayment the portion of the payment directly related to treatment for, and related to, the provider-preventable conditions.

E. Non-payment of provider-preventable conditions shall not prevent access to services for Medicaid beneficiaries.

**Hospital Outpatient Services**

- A. Outpatient hospital services for all hospitals except Indian Health Services and Rural hospitals that have fifty (50) or fewer licensed beds who opt to not be reimbursed using the prospective payment methodology will be reimbursed using the Medicaid Outpatient Prospective Payment System (OPPS), Ambulatory Payment Classification (APC) Groups effective as of July 1 of each year:
1. Outpatient hospital services will be reimbursed on a predetermined fee-for-service basis. The parameters published annually in the Code of Federal Regulations (CFR) (national APC weights, APC group assignments and Medicare fees) and MS Medicaid OPPS status indicators, will be used by the Division of Medicaid (DOM) in calculating these predetermined rates and will be effective July 1 of each year.
    - a. The Medicaid OPPS fees, including Clinical Diagnostic Laboratory OPPS fees, are calculated using 100% of the applicable APC relative weight or the payment rate for codes listed in the Medicare outpatient Addendum B effective as of January 1 of each year, as published by the Centers for Medicare and Medicaid Services (CMS). Codes with no applicable APC relative weight or Medicare payment rate established in Addendum B are reimbursed using the applicable MS Medicaid fee effective July 1 of each year, multiplied by the units (when applicable). No retroactive adjustments will be made. The MS Medicaid OPPS fee schedule is set as of July 1 of each year and is effective for services provided on or after that date. All fees are published on the agency's website at <https://medicaid.ms.gov/providers/fee-schedules-and-rates/#>. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of outpatient hospital services.
    - b. Effective July 1, 2023, the Medicaid conversion factor used by DOM is the SFY18 Jackson, MS Medicare conversion factor with a five percent (5%) increase. This conversion factor is used for all APC groups and for all hospitals. Each APC rate equals the Medicare Addendum B specific relative weight at 100% multiplied by the Medicaid conversion factor, with the exception of observation fee which is reimbursed using a MS Medicaid fee. Except as otherwise noted in the plan, MS

Medicaid OPPS fee schedule rates are the same for both governmental and private providers of hospital outpatient services. The MS Medicaid OPPS fee schedule is set and as of July 1 of each year and is effective for services provided on or after that date.

- c. Subject to documentation of medical necessity, in addition to any Medicaid covered service received during observation in an outpatient hospital setting, DOM will pay an hourly fee for each hour of observation exceeding seven (7) hours, up to a maximum of twenty-three (23) hours (i.e., the maximum payment will be sixteen (16) hours times the hourly fee).

The hourly fee for observation is calculated based on the relative weight for the Medicare APC which corresponds with comprehensive observation services multiplied by the Medicaid conversion factor divided by the twenty-three (23) maximum payable hours. The MS Medicaid OPPS fee schedule is set as of July 1 of each year and is effective for services provided on or after that date. All fees are published on the agency's website at <https://medicaid.ms.gov/providers/fee-schedules-and-rates/#>. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of outpatient hospital services.

- d. The total claim allowed amount will be the lower of the provider's allowed billed charges or the calculated Medicaid OPPS allowed amount.
- e. A MS Medicaid OPPS status indicator is assigned to each procedure code determining reimbursement under Medicaid OPPS. A complete list of MS Medicaid OPPS status indicators and definitions is located within the OPPS Fee Schedule that is published on the agency's website at <https://medicaid.ms.gov/providers/fee-schedules-and-rates/#>. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of outpatient hospital services.
- f. Claims with more than one (1) significant procedure, assigned a MS Medicaid OPPS status indicator "T" or "MT", are discounted. The line item with the highest allowed amount on the claim for certain significant procedures identified on the MS OPPS fee schedule

assigned a MS Medicaid OPPS status indicator “T” or “MT” is priced at one hundred percent (100%) of the allowed amount or published fee. All other lines with significant procedures identified on the MS OPPS fee schedule assigned a MS Medicaid OPPS status indicator of “T” or “MT” is priced at fifty percent (50%) of the allowed amount or published fee.

Effective July 1, 2019, claims with more than one (1) significant dental procedure code, assigned a MS Medicaid OPPS status indicator “T” or “MT” are discounted. The dental procedure code line item with the highest allowed amount on the claim assigned a MS Medicaid OPPS status indicator “T” or “MT” is priced at one hundred percent (100%) of the allowed amount or published fee. All other lines with significant dental procedures identified on the MS OPPS fee schedule assigned a MS Medicaid OPPS status indicator of “T” or “MT” are priced at twenty-five percent (25%) of the allowed amount or published fee.

- g. Medicare has set guidelines for procedures it has determined should be performed in an inpatient setting only. The DOM follows Medicare guidelines for procedures defined as “inpatient only”.

2. Outpatient Payment Methodology Paid Under Medicaid OPPS

Except in cases where the service is non-covered by DOM, outpatient services will be priced as follows:

- a. For each outpatient service or procedure, the fee is no more than 100% of the Ambulatory Payment Classification (APC) rate multiplied by the units (when applicable).
- b. Where no APC rate has been assigned, the outpatient services fee will be no more than 100% of any applicable Medicare payment rate in the Medicare outpatient Addendum B as of January 1 of each year as published by the CMS multiplied by the units (when applicable).
- c. If there is no APC rate or Medicare payment rate established in the Medicare outpatient Addendum B as of January 1 of each year as published by the CMS, payment will be made using the applicable MS Medicaid fee multiplied by the units (when applicable).
- d. If there is (1) no APC rate, Medicare payment rate, or MS Medicaid fee for a procedure or service, or a device, drug, biological or imaging agent, or (2) when it is determined, based on documentation, that a procedure or service, or device, drug, biological or imaging agent reimbursement is insufficient for the Mississippi Medicaid

population or results in an access issue, a manual review of the claim will be made to determine an appropriate payment based on the resources used, cost of related equipment and supplies, complexity of the service and physician and staff time. The rate of reimbursement will be limited to (1) a MS Medicaid fee calculated as 90% of the Medicare rate of a comparable procedure or service or (2) the provider submitted invoice for a device, drug, biological or imaging agent.

- e. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of outpatient hospital services.
- 3. Indian Health Services are reimbursed 100% of the annually published Federal Register Outpatient Hospital rate.
- 4. Rural Hospitals that have fifty (50) or fewer licensed beds who opt to not be reimbursed using the OPPS payment methodology will be reimbursed based on 101% of the rate established under Medicare effective as of July 1 of each year for a two (2) year period.

**B. Miscellaneous**

The topics listed below from Attachment 4.19-A will apply to hospital outpatient services:

- 2. Availability of Hospital Records
- 3. Records of Related Organizations
- 4. Appeals and Sanctions.

**2b. RURAL HEALTH CLINICS (RHC)**

**I. Introduction**

The purpose of this State Plan is to set forth policies and guidelines to be administered by the Mississippi Division of Medicaid (DOM) for Rural Health Clinics (RHCs) operating in the State of Mississippi. All RHCs shall be reimbursed in accordance with section 1902 of the Social Security Act as amended by section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement Act of 2000 (BIPA) and the principles and procedures specified in this plan.

**II. Payment Methodology**

This state plan provides for reimbursement to RHC providers at a prospective payment rate per encounter. Reimbursement is limited to a single encounter, also referred to as a “visit”, per day except as described in Attachment 3.1-A exhibit 2b.

**A. Prospective Payment System**

In accordance with Section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act (BIPA) of 2000, effective January 1, 2001, the state plan shall provide for payment for core services and other ambulatory services provided by RHCs at a prospective payment rate per encounter. The rate shall be calculated (on a per visit basis) in an amount equal to one hundred percent (100%) of the average of the RHCs reasonable costs of providing Medicaid covered services provided during fiscal years 1999 and 2000, adjusted to take into account any increase or decrease in the scope of services furnished during fiscal year 2001. For RHCs that qualified for Medicaid participation during fiscal year 2000, their prospective payment rate for fiscal year 2001 shall be calculated (on a per visit basis) in an amount equal to one hundred percent (100%) of the average of the RHCs reasonable costs of Medicaid covered services provided during fiscal year 2000.

For services furnished during calendar year 2002 and each subsequent calendar year, the payment rate shall be equal to the rate established in the preceding calendar year increased by the Medicare Economic Index (MEI) for primary care services that is published in the Federal Register in the fourth (4<sup>th</sup>) quarter of the preceding calendar year. Adjustments to the PPS rate for the increase or decrease in scope of services are reflected in the PPS rate for services provided in the calendar year following the calendar year in which the change in scope of services took place.

**State of Mississippi**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE**

---

**B. New Clinics**

For new clinics that qualify for the RHC program after January 1, 2001, the initial prospective payment system (PPS) rate shall be based on the rates established for other RHCs located in the same or adjacent area with a similar caseload. In the absence of such RHCs, the rate for the new provider will be based on projected costs.

The RHC's Medicare final settlement cost report for the initial cost report period year will be used to calculate a PPS base rate that is equal to one hundred percent (100%) of the RHC's reasonable costs of providing Medicaid covered services. If the initial cost report period represents a full year of RHC services, this final settlement rate will be considered the base rate. If the initial RHC cost report period does not represent a full year, then the rate from the first full year cost report will be used as the clinic's base rate.

For each subsequent calendar year, the payment rate shall be equal to the rate established in the preceding calendar year, increased by the percentage increase in the Medicare Economic Index (MEI) for primary care services that is published in the Federal Register in the fourth (4<sup>th</sup>) quarter of the preceding calendar year.

**C. Alternative Payment Methodology**

1. The Division of Medicaid reimburses an RHC a fee in addition to the encounter rate when billing with codes 99050 or 99051 when the encounter occurs: (1) during the RHC's established office hours but before or after the Division of Medicaid's office hours, or (2) outside of the Division of Medicaid's office hours or the RHC established office hours only for a condition which is not life-threatening but warrants immediate attention and cannot wait to be treated until the next scheduled appointment during office hours or the RHC established office hours. The Division of Medicaid's office hours are defined as the hours between 8:00 a.m. and 5 p.m., Monday through Friday, excluding Saturday, Sunday, and federal and state holidays. These codes will be paid at the existing fee-for-service rate on the MS Medicaid Physician Fee Schedule at [www.medicaid.ms.gov/providers/fee-schedules-and-rates/#](http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/#).
2. The Division of Medicaid reimburses an RHC an additional fee for telehealth services provided by the RHC as the originating site provider. The RHC will receive the originating site facility fee per completed transmission when billing claims with code Q3014. The RHC may not bill for an encounter visit unless a separately identifiable service is performed. This service will be paid at the existing fee-for-service rate on the MS Medicaid Physician Fee Schedule at <https://medicaid.ms.gov/providers/fee-schedules-and-rates/#>.
3. If an RHC's base year cost report is amended, the clinic's PPS base rate will be adjusted based

**State of Mississippi**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE**

---

on the Medicare final settlement amended cost report. The RHC's original PPS base rate and the rates for each subsequent fiscal year will be recalculated per the payment methodology outlined above. Claims payments will be adjusted retroactive to the effective date of the original rate. The amended PPS base rate will be no less than the original base rate.

**D. Fee-For-Service**

1. RHCs acting in the role of a telehealth originating site provider with no other separately identifiable service being provided will only be paid the telehealth originating site fee per completed transmission and will not receive reimbursement for an encounter. This service will be paid at the existing fee-for-service rate on the MS Medicaid Physician Fee Schedule at [www.medicaid.ms.gov/providers/fee-schedules-and-rates/#](http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/#).
2. The Division of Medicaid reimburses an RHC the encounter rate for the administration of certain categories of physician administered drugs (PADs), referred to as Clinician Administered Drug and Implantable Drug System Devices (CADDs), reimbursed under the pharmacy benefit to the extent the CADDs were not included in the calculation of the RHC's encounter rate.

**E. Change of Ownership**

When an RHC undergoes a change of ownership, the PPS rate of the new owner will be equal to the PPS rate of the old owner. There will be no change to the RHC's PPS rate as a result of a change of ownership.

**F. Change in Scope of Services**

A change in the scope of services is defined as a change in the type, intensity, duration and/or amount of services. A change in the scope of services occurs if: (1) the clinic RHC has added or has dropped any services that meets the definition of an RHC service as provided in section 1905(a)(2)(B) and (C), and (2) the service is included as a covered Medicaid service under the Mississippi Medicaid state plan. A change in intensity could be a change in the amount of health care services provided by the RHC in an average encounter.

A change in the scope of services does not mean the addition or reduction of staff members to or from an existing service. An increase or decrease in the number of encounters does not generally constitute a change in the scope of services. A change in the cost of a service is not considered in and of itself a change in the scope of services.

**State of Mississippi**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE**

---

An RHC must notify the Division of Medicaid in writing of any change in the scope of services by the end of the calendar year in which the change occurred, including decreases in scope of services. The Division of Medicaid will adjust an RHC's PPS rate if the following criteria are met: (1) The RHC can demonstrate that there is a valid and documented change in the scope of services, and (2) The change in scope of services results in at least a five percent (5%) increase or decrease in the RHC's PPS rate for the calendar year in which the change in scope of service took place.

An RHC must submit a request for an adjustment to its PPS rate no later than one hundred eighty (180) days after the settlement date of the RHC's Medicare final settlement cost report for the RHC's first full fiscal year of operation with the change in scope of services. The request must include the first final settlement cost report that includes twelve (12) months of costs for the new service. The adjustment will be granted only if the cost related to the change in scope of services results in at least a five percent (5%) increase or decrease in the RHC's PPS rate for the calendar year in which the change in scope of services took place. The cost related to a change in scope of services will be subject to reasonable cost criteria identified in accordance with 45 C.F.R. Part 75 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards and 42 C.F.R. Part 413 Principles of Reasonable Cost Reimbursement.

It is the responsibility of the RHC to notify the Division of Medicaid of any change in the scope of services and provide proper and valid documentation to support the rate change. Such required documentation must include, at a minimum, a detailed working trial balance demonstrating the increase or decrease in the RHC's PPS rate as a result of the change in scope of services. The Division of Medicaid will require the RHC to provide such documentation in a format acceptable to the Division of Medicaid, including providing such documentation upon the Division of Medicaid's pre-approved forms. The Division of Medicaid will also request additional information as it sees fit in order to sufficiently determine whether any change in scope of services has occurred. The instructions and forms for submitting a request due to a change in scope of services can be found at <http://www.medicaid.ms.gov/resources/forms/>.

Adjustments to the PPS rate for the increase or decrease in scope of services are reflected in the PPS rate for services provided in the calendar year following the calendar year in which the change in scope of services took place. The revised PPS rate generally cannot exceed the cost per visit from the most recent audited cost report.

**G. Change in Ownership Status**

The RHC's PPS rate will not be adjusted solely for a change in ownership status between freestanding and provider-based.

**State of Mississippi**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE**

---

**H. Allowable Costs**

Allowable costs are those costs that result from providing covered services. They are reasonable in amount and are necessary for the efficient delivery of those services. Allowable costs include the direct cost center component (i.e., salaries and supplies) of providing the covered services and an allocated portion of overhead (i.e., administration and facility).

**I. Out of State Providers**

The Division of Medicaid does not enroll out-of-state providers to provide RHC services, except in those circumstances specified at 42 CFR 431.52.

**Federally Qualified Health Centers (FQHCs)**

**I. Introduction**

The purpose of this State Plan is to set forth policies and guidelines to be administered by the Mississippi Division of Medicaid (DOM) for Federally Qualified Health Centers (FQHCs) operating in the State of Mississippi. All FQHCs shall be reimbursed in accordance with section 1902 of the Social Security Act as amended by section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement Act of 2000 (BIPA) and the principles and procedures specified in this plan.

**II. Payment Methodology**

This state plan provides for reimbursement to FQHC providers at a prospective payment rate per encounter. Reimbursement is limited to a single encounter, also referred to as a “visit”, per day except as described in Attachment 3.1-A exhibit 2c.

**A. Prospective Payment System**

In accordance with Section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act (BIPA) of 2000, effective January 1, 2001, the state plan shall provide for payment for core services and other ambulatory services provided by FQHCs at a prospective payment rate per encounter. The rate shall be calculated (on a per visit basis) in an amount equal to one hundred percent (100%) of the average of the FQHC’s reasonable costs of providing Medicaid covered services provided during fiscal years 1999 and 2000, adjusted to take into account any increase or decrease in the scope of services furnished during fiscal year 2001. The average rate will be computed from FQHC Medicaid cost reports by applying a forty percent (40%) weight to fiscal year 1999 and a sixty percent (60%) weight to fiscal year 2000 and adding those rates together. For FQHC’s that qualified for Medicaid participation during fiscal year 2000, their prospective payment rate will only be computed from the fiscal year 2000 Medicaid cost report.

For services furnished during calendar year 2002 and each subsequent calendar year, the payment rate shall be equal to the rate established in the preceding calendar year increased by the Medicare Economic Index (MEI) for primary care services that is published in the Federal Register in the fourth (4<sup>th</sup>) quarter of the preceding calendar year. Adjustments to the PPS rate for the increase or decrease in scope of services are reflected in the PPS rate for services provided in the calendar year following the calendar year in which the change in scope of services took place.

**B. New Centers**

For new centers that qualify for the FQHC program after January 1, 2001, the initial prospective payment system (PPS) rate shall be based on the rates established for other centers located in the same or adjacent area with a similar caseload. In the absence of such an FQHC, the rate for the new provider will be based on projected costs. After the FQHC initial year, a Medicaid cost report

---

must be filed in accordance with this plan. The cost report will be desk reviewed and a rate shall be calculated in an amount equal to one hundred percent (100%) of the FQHC reasonable costs of providing Medicaid covered services. The FQHC may be subject to a retroactive adjustment based on the difference between projected and actual allowable costs. Claims payments will be adjusted retroactive to the effective date of the original rate.

For each subsequent calendar year, the payment rate shall be equal to the rate established in the preceding calendar year, increased by the percentage increase in the Medicare Economic Index (MEI) for primary care services that is published in the Federal Register in the fourth (4<sup>th</sup>) quarter of the preceding calendar year.

**C. Alternative Payment Methodology**

1. The Division of Medicaid reimburses an FQHC a fee in addition to the encounter rate when billing with codes 99050 or 99051 when the encounter occurs: (1) during the FQHC's established office hours but before or after the Division of Medicaid's office hours, or (2) outside of the Division of Medicaid's office hours or the FQHC established office hours only for a condition which is not life-threatening but warrants immediate attention and cannot wait to be treated until the next scheduled appointment during office hours or FQHC established office hours. The Division of Medicaid's office hours are defined as the hours between 8:00 a.m. and 5 p.m., Monday through Friday, excluding Saturday, Sunday, and federal and state holidays. These codes will be paid at the existing fee-for-service rate on the MS Medicaid Physician Fee Schedule at [www.medicaid.ms.gov/providers/fee-schedules-and-rates/#](http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/#).
2. The Division of Medicaid reimburses an FQHC an additional fee for telehealth services provided by the FQHC as the originating site provider. The FQHC will receive the originating site facility fee per completed transmission when billing claims with code Q3014. The FQHC may not bill for an encounter visit unless a separately identifiable service is performed. This service will be paid at the existing fee-for-service rate on the MS Medicaid Physician Fee Schedule at <https://medicaid.ms.gov/providers/fee-schedules-and-rates/#>.

**D. Fee-For-Service**

1. FQHCs acting in the role of an originating site provider with no other separately identifiable service being provided will only be paid the telehealth originating site fee per completed transmission and will not receive reimbursement for an encounter. This service will be paid at the existing fee-for-service rate on the MS Medicaid Physician Fee Schedule at <https://medicaid.ms.gov/providers/fee-schedules-and-rates/#>.

2. The Division of Medicaid reimburses an FQHC the encounter rate for the administration of certain categories of physician administered drugs (PADs), referred to as Clinician Administered Drug and Implantable Drug System Devices (CADDs), reimbursed under the pharmacy benefit to the extent the CADDs were not included in the calculation of the FQHC's encounter rate.

**E. Change in Scope of Services**

A change in the scope of services is defined as a change in the type, intensity, duration and/or amount of services. A change in the scope of services shall occur if: (1) the FQHC has added or has dropped any services that meets the definition of an FQHC service as provided in section 1905(a)(2)(B) and (C) of the SSA; and, (2) the service is included as a covered Medicaid service under the Mississippi Medicaid state plan. A change in intensity could be a change in the amount of health care services provided by the FQHC in an average encounter.

A change in the scope of services does not mean the addition or reduction of staff members to or from an existing service. An increase or decrease in the number of encounters does not generally constitute a change in the scope of services. A change in the cost of a service is not considered in and of itself a change in the scope of services.

An FQHC must notify the Division of Medicaid in writing of any change in the scope of services by the end of the calendar year in which the change occurred, including decreases in scope of services. The Division of Medicaid will adjust an FQHC PPS rate if the following criteria are met: (1) the FQHC can demonstrate that there is a valid and documented change in the scope of services, and (2) the change in scope of services results in at least a five percent (5%) increase or decrease in the FQHC PPS rate for the calendar year in which the change in scope of service took place.

An FQHC must submit a request for an adjustment to its PPS rate no later than one hundred eighty (180) days after the settlement date of FQHC Medicare final settlement cost report for the FQHC's first full fiscal year of operation with the change in scope of services. The request must include the first final settlement cost report that includes twelve (12) months of costs for the new service. The adjustment will be granted only if the cost related to the change in scope of services results in

---

at least a five percent (5%) increase or decrease in the FQHC PPS rate for the calendar year in which the change in scope of services took place. The cost related to a change in scope of services will be subject to reasonable cost criteria identified in accordance with 45 C.F.R. Part 75 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards and 42 C.F.R. Part 413 Principles of Reasonable Cost Reimbursement.

It is the responsibility of the FQHC to notify the Division of Medicaid of any change in the scope of services and provide proper and valid documentation to support the rate change. Such required documentation must include, at a minimum, a detailed working trial balance demonstrating the increase or decrease in the FQHC PPS rate as a result of the change in scope of services. The Division of Medicaid will require the FQHC to provide such documentation in a format acceptable to the Division of Medicaid, including providing such documentation upon the Division of Medicaid's pre-approved forms. The Division of Medicaid will also request additional information as it sees fit in order to sufficiently determine whether any change in scope of services has occurred. The instructions and forms for submitting a request due to a change in scope of services can be found at [www.medicaid.ms.gov/resources/forms/](http://www.medicaid.ms.gov/resources/forms/).

Adjustments to the PPS rate for the increase or decrease in scope of services are reflected in the PPS rate for services provided in the calendar year following the calendar year in which the change in scope of services took place. The revised PPS rate generally cannot exceed the cost per visit from the most recent audited cost report.

**F. Allowable Costs**

Allowable costs are those costs that result from providing covered services. They are reasonable in amount and are necessary for the efficient delivery of those services. Allowable costs include the direct cost center component (i.e., salaries and supplies) of providing the covered services and an allocated portion of overhead (i.e., administration and facility).

**G. Out-Of-State Providers**

The Division of Medicaid does not enroll out-of-state providers to provide FQHC services, except in those circumstances specified at 42 CFR 431.52.

**Supplemental Payments for Physician and Professional Services Practitioners  
at Qualifying Hospitals**

Effective for dates of payment on or after January 1, 2021, the Division of Medicaid will make supplemental payments for physicians and other professional services practitioners who are employed by or contracted with a qualifying hospital for services rendered to Medicaid beneficiaries. These supplemental payments will be equal to the difference between the average commercial payment rate and the amount otherwise paid pursuant to the fee schedule for physicians' services under Attachment 4.19-B.

**1. Qualifying Criteria**

Physicians and other eligible professional service practitioners as specified in 2. below who are employed by a qualifying hospital or who assigned Mississippi Medicaid payments to a qualifying hospital. The term "qualifying hospital" means a Mississippi state-owned academic health science center with a Level 1 trauma center, Level 4 neonatal intensive care nursery, an organ transplant program, and more than a four hundred (400) physician multispecialty practice group. To qualify for the supplemental payment, the physician or professional service practitioner must be:

- a. Licensed by the State of Mississippi, and
- b. Enrolled as a Mississippi Medicaid provider.

**2. Qualifying Provider Types**

For purposes of qualifying for supplemental payments under this section, services provided by the following professional practitioners will be included:

- a. Physicians,
- b. Physician Assistants,
- c. Nurse Practitioners,
- d. Certified Registered Nurse Anesthetists,
- e. Certified Nurse Midwives,
- f. Clinical Social Workers,
- g. Clinical Psychologists,
- h. Dentists, and
- i. Optometrists.

**State of Mississippi**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER

---

**3. Payment Methodology**

The supplemental payment will be determined in a manner to bring payments for these services up to the average commercial rate level. The average commercial rate level is defined as the rates paid by commercial payers for the same service. Under this methodology the terms physician and physician services include services provided by all qualifying provider types as set forth in 2. above.

The specific methodology to be used in establishing the supplemental payment for physician services is as follows:

- a. For services provided by physicians at a qualifying hospital, the Division of Medicaid will collect from the hospital its current commercial physician fees by the current procedural terminology (CPT) code for the hospital's top five (5) commercial payers by volume.
- b. The Division of Medicaid will calculate the average commercial fee for each CPT code for each physician practice plan or physician that provides services at the qualifying hospital.
- c. The Division of Medicaid will extract from its paid claims history file for the preceding fiscal year all paid claims for those physicians who will qualify for a supplemental payment. The Division of Medicaid will align the average commercial fee for each CPT code as determined in 3.b. above to each Medicaid claim for that physician or physician practice plan and calculate the average commercial payments for the claims.
- d. The Division of Medicaid will also align the same paid Medicaid claims with the Medicare fees for each CPT code for the physician or physician practice plan and calculate the Medicare payment amounts for those claims. The Medicare fees will be the most currently available national non-facility fees.
- e. The Division of Medicaid will then calculate an overall Medicare to commercial conversion factor by dividing the total amount of the average commercial payments for the claims by the total Medicare payments for the claims. The commercial to Medicare ratio will be re-determined every three (3) years.

**State of Mississippi**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER  
TYPES OF CARE**

---

- f. For each quarter the Division of Medicaid will extract paid Medicaid claims for each qualifying provider types for that quarter.
- g. The Division of Medicaid will then calculate the amount Medicare would have paid for those claims by aligning the claims with the Medicare fee schedule by CPT code. The Medicare fees will be the national non-facility fees that were effective at the time the Medicaid claims were paid.
- h. The total amount that Medicare would have paid for those claims is then multiplied by the Medicare to commercial conversion factor and the amount Medicaid actually paid for those claims is subtracted to establish the supplemental payment amount for the qualifying provider types for that quarter.

The supplemental payments will be made on a quarterly basis and the Medicare equivalent of the average commercial rate of 158.63% factor will be rebased/updated every three (3) years by the Division of Medicaid. Supplemental payments will be directly remitted to the qualifying hospital or the physician practice plan to which participating physicians have assigned the Mississippi Medicaid payment.

#### Clinic Services

Reimbursement is for services rendered by the Mississippi State Department of Health (MSDH) clinics. Reimbursement is based on cost reports submitted by the provider. In order to be reimbursed at cost, the provider must demonstrate its cost finding methodology and use a cost report approved by CMS. The provider is required to submit a cost report for each clinic type using the Medicare Cost Report Form 222. The encounter rate will be determined by dividing total reasonable cost by total encounters but will not exceed the upper limits specified in 42 CFR §§ 447.321 through 447.325. The rate for an encounter is limited to one (1) visit per day per beneficiary. An encounter is defined as services provided by physicians, physician assistants, nurse practitioners, clinical psychologists, dentists, optometrists, ophthalmologists and clinical social workers. A clinic's encounter rate covers the beneficiary's visit to the clinic, including all services and supplies, such as drugs and biologicals that are not usually self-administered by the patient, furnished as an incident to a professional service. The established rate setting period is July 1 to June 30. The Division of Medicaid requires the MSDH to submit the cost report by November 30 of each year, five (5) calendar months after the close of the cost reporting period. If a materially complete cost report is not filed by the end of the following fiscal year, claims payments to the provider will be held until the cost report is submitted to Medicaid. The cost report must be uploaded electronically to the cost report database as designated by the Division of Medicaid. An interim rate is paid until the end of the reporting period when there is a retrospective cost settlement. The interim rate is the established rate for the prior fiscal year. Actual reasonable costs reported on the cost report are divided by actual encounters by clinic type to determine the actual cost per encounter. Overpayments will be recouped from the provider, and underpayments will be paid to the provider.

The encounter rates are updated annually on July 1, and are effective for services provided on or after July 1. Rates for the MSDH clinics are published on the Division of Medicaid's website at [www.medicaid.ms.gov/FeeScheduleLists.aspx](http://www.medicaid.ms.gov/FeeScheduleLists.aspx).

13. Other Diagnostic, Screening, Preventive, and Rehabilitative Services: Mental Health Services described in Attachment 3.1-A, Exhibit 13.d are reimbursed as follows:

Covered services billed using Current Procedural Terminology (CPT) codes for psychiatric therapeutic procedures are reimbursed based on ninety percent (90%) of the most recent final Medicare fee schedule published by the Centers for Medicare and Medicaid Services (CMS) as of January 1, 2022, effective July 1 and as may be adjusted each July thereafter.

Covered services billed using Healthcare Common Procedure Coding System (HCPCS) are reimbursed according to a statewide uniform fixed fee schedule. In establishing the fee schedule, the Division of Medicaid (DOM) engaged an actuarial firm to establish fees. DOM provided service descriptions and other information for the existing mental health services offered and the proposed new services. The relationships between comparable services for Medicaid programs in other states were examined to develop factors to apply to existing Mississippi fees to calculate the new service group fees with the fees for the existing mental health services. Consideration was given to the service descriptions, required provider credentials and current costs associated with services. Preliminary fees were modified to better reflect the expected provider cost relative to other mental health services. The agency's state developed fee schedule rate is set as of July 1, 2012, and is effective for services provided on or after that date. Effective September 1, 2020, Intensive Community Outreach and Recovery Team (I-CORT) services will be paid the rate established July 1, 2012, for Intensive Outpatient Programs (IOP) and Mental Health Assessments by a Non-Physician will be paid ninety percent (90%) of the Medicaid physician rate for a Psychiatric Diagnostic Evaluation. Effective April 1, 2021, I-CORT will be paid at ninety percent (90%) of the Programs of Assertive Community Treatment (PACT) rate.

Reimbursement rates for services billed using HCPCS will be increased by 15.8% with half of the increase implemented in State Fiscal Year (SFY) 2024 and the second half of the increase implemented in SFY 2025. Rates are effective for services provided on or after July 1 for each year.

Mississippi Medicaid's hospice fee schedule is updated annually with an effective date of October 1 for services provided on or after that date. All rates may be viewed at <http://www.medicaid.ms.gov/HospiceFees.aspx>.

The fee schedule reimburses for the hospice benefit, including routine home care, continuous home care, inpatient respite care and general inpatient care. The fees are calculated at one hundred percent (100%) of the Medicare ambulance urban fee schedule in effect as of January 1, 2020. If a Medicare fee is not established, then the fee is set at one hundred percent (100%) of the Medicare fee for a comparable service. Effective February 1, 2023, the first twenty-five (25) miles are reimbursed \$.01 per mile. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers. All rates are published at [www.medicaid.ms.gov/providers/fee-schedules-and-rates/#](http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/#).

**Emergency Air Ambulance**

Effective for emergency transportation services, required by 42 CFR § 431.53, for dates of service on or after July 1, 2022, qualifying emergency ground ambulance services within the State of Mississippi shall be eligible to receive emergency ambulance service access payments. No payment under this section is dependent on any agreement or arrangement for providers or related entities to donate money or services to a governmental entity.

The Division of Medicaid will provide supplemental payments for government and non-government ambulance providers. The annual payment period is each state fiscal year, from July 1 through June 30. Provider eligibility will be determined annually for each state fiscal year as of July 1. Eligible emergency ambulance service providers must be enrolled as a Mississippi Medicaid provider and licensed in Mississippi as a ground ambulance provider as of July 1. Ambulance providers must also be an eligible ground ambulance provider enrolled with the Mississippi Division of Medicaid at the time of payment.

An average commercial rate (ACR) is the calculated average of at least three, and no more than five, commercial payer rates for specific Healthcare Common Procedure Coding System (HCPCS) emergency transport service codes. The list of CPT codes being utilized for the ACR includes A0427, A0429, A0433, A0434, A0380, A0390, and A0425. The submitted survey data will be used to determine the ACRs for each provider. A statewide average ACR will be used when any provider-specific ACR is not available. Average commercial rate data used for payments will be from a period no more than two years prior to the beginning of the payment year.

The access payments will be calculated on an annual basis and will equal one hundred percent (100%) of the difference between Medicaid payments otherwise made to each emergency ambulance provider for the applicable HCPCS transport codes and the average amount the emergency ambulance provider would have received from commercial insurers for those services. Annual access payments shall be made on a quarterly basis in the last month of each quarter of the state fiscal year in September, December, March and June.

CY2021 claims will be used as the basis for the SFY2023 payment. Beginning July 1, 2023, the total payments for each annual payment period will be calculated using actual Medicaid claims volume and payments from the state fiscal year two years prior to the payment period. As an example, SFY2022 claims will be used as the basis for the SFY2024 payment.

Eligible Participating providers who will receive payment and receive payments under the program include the emergency ambulance service providers which:

- Are enrolled as a Mississippi Medicaid provider as of July 1 of the payment year,
- Have not been terminated from Medicaid enrollment at the time of the payment, and
- Are licensed by the MS Department of Health as a ground ambulance provider as of July 1 of the payment year which is also the state fiscal year.

**Telehealth Services**

Payment for telehealth services is made as follows:

The originating or spoke site provider is paid a Mississippi Medicaid telehealth originating site facility fee per completed transmission except for when the originating site is an inpatient hospital or the beneficiary's home. The inpatient hospital originating site fee is included in the All Patient Refined Diagnosis Related Group (APR-DRG) payment. There is no originating site fee paid when the originating site is the beneficiary's home. The originating site provider may not bill for an encounter or Evaluation and Management (E&M) visit unless a separately identifiable service is performed.

The distant or hub site provider is paid the current applicable Mississippi Medicaid fee for the telehealth service provided.

Providers delivering simultaneous distant and originating site services to a beneficiary are reimbursed

1. The current applicable Mississippi Medicaid fee-for-service rate for the medical service(s) provided, and
2. Either the originating or distant site facility fees, not both, except for RHC, FQHC and CMHC when such services are appropriately provided by the same organization.

The Mississippi Medicaid telehealth originating site facility fee was calculated by an actuarial firm using the May 2013 Bureau of Labor Statistics (BLS) mean wage for Nurse Practitioners in MS adjusted by 35% for benefits and 2% for wage growth at half of the rate for 30 minute increments. The Mississippi Medicaid telehealth originating site facility fee is effective July 1, 2020 based on the annual percentage change in the Medicare physician fee schedule for Level III Established Patient E&M code effective on January 1, 2020.

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of telehealth services. All rates are published on the Division of Medicaid's website at <http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/>.

MISSISSIPPI TITLE XIX HOME HEALTH AGENCIES REIMBURSEMENT PLAN

**I. Cost Finding and Cost Reporting**

- A. Each home health agency participating in the Mississippi Medicaid Program will submit a uniform cost report using the appropriate Medicare/Medicaid forms, CMS-1728-94 or CMS-2552-10, postmarked no later than five (5) calendar months after the close of its cost reporting year. Extensions will be granted only if the provider submits documentation of an extension granted by CMS or a waiver granted by the Executive Director of the Division of Medicaid (DOM). The year-end adopted for the purpose of this plan shall be the same as for Title XVIII, if applicable. One (1) completed copy of the cost report, with original signature, must be submitted to the Division of Medicaid.
- B. Cost reports must be submitted by the specified due date, unless a waiver is granted by the Executive Director of the Division of Medicaid, in order to avoid a penalty in the amount of fifty dollars (\$50.00) per day for each day the cost report is delinquent. Cost reports with a due date that falls on a weekend, a State of Mississippi holiday or a federal holiday will be due the following business day.

A home health agency which does not file a cost report within five (5) calendar months after the close of its cost reporting year may be subject to cancellation of its provider agreement at the discretion of the Division of Medicaid.

In order for cost reports to be considered complete, the following information must be submitted:

1. Cost report with original signature (1 copy),
2. Working trial balance including assets and liabilities (1 copy),
3. Depreciation schedule (1 copy),
4. Home office cost report and other related party support, i.e., a detailed statement of total costs with adjustments for non-allowable costs and a description of the basis used to allocate the costs, along with a narrative description or a copy of contracts of management services provided by the related party or home office (1 copy),
5. Medicaid cost reporting schedules, i.e., Medicaid costs and visits by discipline and a schedule to reflect the lower of reasonable costs or customary charges as applicable to Medicaid (1 copy),
6. Medicare provider questionnaire and related exhibits (1 copy),
7. Supporting work papers for the Medicare cost report worksheets for reclassifications, adjustments, and related party expenses (1 copy),
8. A narrative description of purchased management services or a copy of contracts for managed services (1 copy), and
9. Verification of the Medicare and Medicaid surety bond premiums included in the cost report (1 copy).

---

If all required information is not submitted with the original cost report by the due date, the provider will be notified via fax or email to the provider's designee on file with the Division of Medicaid. The notification will contain the specific items missing. The provider will have ten (10) business days from the date of the notification to submit the requested information. If the information has not been received by the tenth (10<sup>th</sup>) business day, a second request will be faxed or emailed to the provider's designee on file with the Division of Medicaid. The provider will have five (5) business days from the date of the second notification to submit the requested information. Failure to submit the requested information by the fifth (5<sup>th</sup>) business day after the second notification will result in the related costs being disallowed. The provider will not be allowed to submit the information at a later date, amend the cost report in order to submit the requested information, or appeal the desk review and/or audit as a result of the omission of the requested information.

- C. All home health agencies are required to maintain financial and statistical records. For purposes of this plan, statistical records shall include beneficiaries' medical records. All records must be available upon demand to representatives, employees or contractors of the Division of Medicaid, Mississippi Office of the State Auditor, General Accounting Office (GAO) or the United States Department of Health & Human Services (HHS).
- D. Records of related organizations as defined by 42 C.F.R. § 413.17 must be available upon demand to representatives, employees or contractors of the Division of Medicaid, Mississippi Office of the State Auditor, GAO, or HHS.
- E. The Division of Medicaid shall retain all uniform cost reports submitted for a period of at least five (5) years following the date of submission of such reports and will maintain those reports pursuant to the record keeping requirements of 45 C.F.R. § 205.60 and Mississippi state law. Access to submitted cost reports will be in conformity with the Mississippi Public Records Act.

**II. Audits**

**A Background**

Medicaid (Title XIX) requires that home health agencies be reimbursed on a reasonable cost related basis. Medicare (Title XVIII) is reimbursed based on a prospective payment system. To assure that payment of reasonable cost is being achieved, a comprehensive audit program has been established.

The common audit program has been established to reduce the cost of auditing submitted cost reports under the above programs and to avoid duplicate auditing efforts. The purpose then is to have one audit which will serve the needs of participating programs reimbursing home health agencies for services rendered.

**B. Common Audit Program**

The Division of Medicaid has entered into agreements with Medicare intermediaries for participation in a common audit program of Titles XVIII and XIX. Under this agreement, the intermediaries shall provide the Division of Medicaid the results of desk reviews and field audits of those agencies located in Mississippi.

**C. Other Audits**

For those home health agencies not covered by the common audits agreement with Medicare intermediaries, the Office of Compliance and Financial Review of the Division of Medicaid shall be responsible for performance of field reviews and field audits. The Office of Reimbursement of the Division of Medicaid will be responsible for performance of desk reviews.

D. Retention

All audit reports received from Medicare intermediaries or issued by the Division of Medicaid will be retained for a period of at least five (5) years.

E. Overpayment

Overpayments as determined by desk review or audit will be reimbursable to the Division of Medicaid. All overpayments shall be reported to HHS as required.

F. Appeal Procedures – Desk Reviews

A provider who disagrees with the results of their original desk review may request a reconsideration. The request for reconsideration must be made in writing to the Division of Medicaid and must include the reason for the request and any supporting documentation, and must be made within thirty (30) calendar days after receipt of the notification of the desk review results. Notices and responses shall be delivered by certified mail, return receipt requested, overnight delivery by a private carrier, or by hand delivery, and shall be deemed to have been received, if by certified mail or overnight mail, on the day the delivery receipt is signed, or if by hand delivery, on the date delivered. The written request for reconsideration should include the provider's name, provider number, cost reporting period, and a detailed description of the adjustment(s) or issues to be reconsidered. If the provider does not request a reconsideration, the Division of Medicaid will consider the provider's nonresponse as acceptance of the final desk review results. Therefore, no administrative hearing request will be considered.

If the reconsideration is submitted on a timely basis and includes all required information, the Division of Medicaid will review the reconsideration request and respond to the provider within thirty (30) calendar days of the date of receipt of all the required information.

If the provider disagrees with the results of the reconsideration, the provider may request an administrative hearing by the Division of Medicaid as described in Miss. Admin. Code Part 300, within thirty (30) calendar days of the receipt date of the final reconsideration letter.

Unless a timely and proper request for an administrative hearing is received by the Division of Medicaid from the provider, the findings of the Division of Medicaid shall be considered a final and binding administrative determination. Any administrative hearing will be conducted in accordance with the procedures for administrative hearings as adopted by the Division of Medicaid.

G. Final Cost Reports

The final cost reports received from Medicare intermediaries will be used as received from the intermediary to adjust rates. Providers may not appeal to the Division of Medicaid regarding the results of final cost reports. Appeals should be made to the Medicare intermediary under the procedures established by the

OF CARE**

---

intermediary. Once appealed adjustments have been resolved by the Medicare intermediary, the provider's rates will be adjusted if necessary, based on the amended final cost report.

**III. Allowable Costs**

Allowable costs will be determined using Title XVIII (Medicare) Principles of Reimbursement and the guidelines in the Provider Reimbursement Manual except as modified by Title XIX of the Act, the State Plan, requirements of licensure and certification, and the duration and scope of benefits provided under the Mississippi Medicaid Program.

A. Allowable costs include all expense items that home health agencies incur in meeting:

1. The definition of a home health agency as described in Section 1901(a)(13) of the Social Security Act.
2. Requirements established by the State Agency responsible for establishing and maintaining health standards.
3. Any other requirements for licensing under the state law which are necessary for providing home health services.

B. Implicit in any definition of allowable costs is that those costs should not exceed what a prudent and cost conscious buyer pays for a given service or item. If costs are determined to exceed the level that a prudent buyer would incur, then the excess costs would not be reimbursable under the State Plan.

C. A proportion of costs incurred by a home health agency for services to an eligible Medicaid beneficiary for whom payments are received from third parties are not reimbursable under the State Plan. Appropriate adjustments shall be made.

D. Cost reports for years ended within a calendar year will be used to establish the class ceilings and home health agency rates beginning the following October 1. For example cost reports ended during 1996 will be used to compute the rate effective October 1, 1997. If a provider experiences a change of ownership and files two cost reports during the calendar year, the last filed cost report will be used. Providers will be notified of their respective rates by type of visit and rate ceilings by type of visit prior to implementation of the rates. Any provider of home health services under the Medicaid Program may appeal its prospective rates in accordance with Attachment 4.19-B, Exhibit A, Section VI of the State Plan.

E. The Division of Medicaid shall maintain any responses received on the State Plan, subsequent changes to the State Plan, or rates for a period of five (5) years from the date of receipt. Such comments shall be available to the public upon request.

F. A home health agency may offer to the public new or expanded services or may drop a service. Within sixty (60) days after such an event, the home health agency may submit a budget which shall take into consideration new and expanded services or dropped services. Such budgets will be subject to desk review and audit by the Division of Medicaid. Upon completion of the desk review, new reimbursement rates will be established. Failure to submit budgets within sixty (60) days shall require disallowance of all expenses, direct and indirect, associated with the service. Overpayments as a result of the differences between budget and

actual costs shall be refunded to the Division of Medicaid. New reimbursement rates shall not exceed the established class ceilings.

- G. Type of visit ceilings and individual provider's reimbursement rates will not include amounts representing growth allowances.
- H. Payment by type of visit and type of visit ceilings will be established prospectively.
- I. The prospectively determined individual home health agency's rate will be adjusted under the following circumstances:
  - 1. Administrative errors on the part of the Division of Medicaid or the home health agencies that result in erroneous payments. Overpayments or underpayments resulting from errors will be corrected when discovered. Overpayments will be recouped by the Division of Medicaid and underpayments will be paid to the home health agency. In no case will payment adjustments be made for administrative error or audit findings prior to notifying the appropriate agency and affording an opportunity to present facts and evidence to dispute the exception.
  - 2. The amendment of a previously submitted cost report. Such amendments must be submitted within eighteen (18) months following the close of the cost report period that is being amended. If an increase or decrease in the rate is computed as a result of the amended cost report, claims history will be adjusted retroactive to the effective date of the original rate.
  - 3. The information contained in the cost report is found to be intentionally misrepresented. Such an adjustment shall be made retroactive to the date of the original rate. At the discretion of the Division of Medicaid, this shall be grounds to suspend the home health agency from the Mississippi Medicaid Program until such time as an administrative hearing is held, if requested by the home health agency.
  - 4. The home health agency experiences extraordinary circumstances which may include, but are not limited to riot, strike, civil insurrection, earthquakes or flood.
  - 5. Under no circumstances shall such adjustment exceed the class ceiling established for the respective classes.
  - 6. The receipt of the final or amended final cost report from the Medicare intermediary.
  - 7. Resolution by the Medicare intermediary of a provider appealed adjustment on a previous year final cost report that was applied to an original desk review. The rates for all years affected by the appealed adjustment for which the final cost report has not been received will be recalculated and claims history adjusted retroactive to the effective date of the original rate.
- J. Costs incurred for the acquisition of durable medical equipment, appliances and supplies related to the use of durable medical equipment are non-allowable costs since they are reimbursed outside of the home health agency visit rate.

**IV. Rate Methodology**

State of Mississippi

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES  
OF CARE**

- A. The Division of Medicaid will utilize a prospective rate of reimbursement and will not make retroactive adjustments except as specified in the State Plan. The prospective rates will be determined from cost reports, set on a federal fiscal year (October 1-September 30) basis, and applicable to all facilities with a valid provider agreement. Total payments per month for each home health beneficiary may not exceed the average Medicaid nursing facility rate per month as determined based on the nursing facility rates computed July 1 of each year. The average Medicaid Nursing Facility rates are posted on the Mississippi Division of Medicaid's website at <https://medicaid.ms.gov/providers/fee-schedules-and-rates/#>.

Providers will be paid the lower of their prospective rate as computed in accordance with the State Plan or their usual and customary charge.

- B. Payments of medical supplies which are directly identifiable supplies furnished to individual beneficiaries and for which a separate charge is made will be reimbursed as described in Section IV. D. 5., of this plan. Payments of durable medical equipment, appliances and supplies are reimbursed as described In Section VIII, of the State Plan.

Prospective rates and ceilings will be established for the home health visits.

- C. Trend Factor

In order to adjust costs for anticipated increases or decreases due to changes in the economy, a trend factor is computed using the Centers for Medicare and Medicaid Services (CMS) Home Health Market Baskets that are published in the Integrated Healthcare Strategies (HIS) Economic Healthcare Cost Review, or its successor, in the fourth (4<sup>th</sup>) quarter of the previous calendar year, prior to the start of the rate period. The moving averages for the following market basket components are used: Wages and Salaries, Benefits, Utilities, Malpractice Insurance, Administrative Support, Financial Services, Medical Supplies, Rubber Products, Telephone, Postage, Other Services, Other Products, Transportation, Fixed Capital, and Movable Capital. Relative weights are obtained from the same period National Market Basket Price Proxies-Home Health Agency Operating Costs.

- D. Rate Setting

1. Home health agencies are reimbursed for skilled nursing visits at the lower of the following:

- (a) trended cost, plus a profit incentive, but not greater than 105% of the median, which is computed as follows:

- (1) determine the cost per visit as computed on the desk review of each home health agency cost report for the period ended in the calendar year prior to the start of the standard rate year of October 1 through September 30;

- (2) trend the costs, using the trend factor determined in paragraph C, above, to account for the time difference between the midpoint of the cost report period and the midpoint of the rate period;

State of Mississippi

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES  
OF CARE**

---

- (3) array the trended costs from the lowest to the highest with the total number of skilled nursing visits and determine the cost associated with the median visit (interpolate, if necessary);
    - (4) multiply the median visit trended cost by 105% to determine the ceiling;
    - (5) for agencies with trended cost below the 105% of the median amount, compute 50% of the difference between the ceiling and the higher of their trended cost or the median trended cost to determine the profit incentive;
    - (6) sum the lesser of each home health agency's trended cost or the 105% of the median ceiling and the profit incentive determined in (5), above; or,
  - (b) the sum of the following:
    - (1) the ceiling for direct care and care related costs for nursing facilities at a case mix score of 1.000 as determined each July 1 prior to the start of the October 1 through September 30 home health agency rate period; and
    - (2) the ceiling for administrative and operating costs for Large Nursing Facilities as determined each July 1 prior to the start of the October 1 through September 30 home health agency rate period.
  - (c) plus the medical supply add-on as computed in Section IV. D. 5.
2. Physical therapy visits for Early and Periodic Screening, Diagnosis, and Treatment (EPSDT)-eligible beneficiaries are reimbursed on a fee-for-service basis at an all-inclusive, per visit rate of \$65.00 plus the medical supply add-on as computed in Section IV. D. 5.
  3. Speech therapy visits for Early and Periodic Screening, Diagnosis, and Treatment (EPSDT)-eligible beneficiaries are reimbursed on a fee-for-service basis at an all-inclusive, per visit rate of \$65.00 plus the medical supply add-on as computed in Section IV. D. 5.
  4. Home health agencies are reimbursed for home health aide visits based on the following methodology:
    - (a) trended cost, plus a profit incentive, but not greater than 105% of the median, plus the medical supply add-on, which is computed as follows:
      - (1) determine the cost per visit as computed on the desk review of each home health agency cost report for the period ended in the calendar year prior to the start of the standard rate year of October 1 through September 30;
      - (2) trend the costs, using the trend factor determined in paragraph C, above, to account for the time difference between the midpoint of the cost report period and the midpoint of the rate period;
      - (3) array the trended costs from the lowest to the highest with the total number of home health aide visits and determine the cost associated with the median visit (interpolate, if necessary);

**State of Mississippi**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE**

- (4) multiply the median visit trended cost by 105% to determine the ceiling;
  - (5) for agencies with trended cost below the 105% of the median amount, compute 50% of the difference between the ceiling and the higher of their trended cost or the median trended cost to determine the profit incentive;
  - (6) sum the lesser of each home health agency's trended cost or the 105% of the median ceiling and the profit incentive determined in (5), above, plus the medical supply add-on as computed In Section IV. D. 5.
- 5. The Medical Supply payment amount that will be added on to each discipline will be reimbursed at the lower of the following:
  - (a) trended medical supply cost per visit computed as follows:
    - (1) determine the medical supply cost per visit as computed on the desk review of each home health agency cost report for the period ended in the calendar year prior to the start of the standard rate year of October 1 through September 30 (divide total medical supply cost per the desk review by total medical supply charges; multiply this ratio times Medicaid medical supply charges per the desk. review; divide this number by total Medicaid visits);
    - (2) trend the costs, using the trend factor determined in paragraph C, above, to account for the time difference between the midpoint of the cost report period and the midpoint of the rate period; or
  - (b) 105% of the median medical supply trended cost, which is computed as follows:
    - (1) determine the medical supply cost per visit as computed on the desk review of each home health agency cost report for the period ended in the calendar year prior to the start of the standard rate year of October 1 through September 30 (divide total medical supply cost per the desk review by total medical supply charges; multiply this ratio times Medicaid medical supply charges per the desk review; divide this number by total Medicaid visits);
    - (2) trend the costs, using the trend factor determined in paragraph C, above, to account for the time difference between the midpoint of the cost report period and the midpoint of the rate period;
    - (3) array the trended costs from the lowest to the highest with the total number of Medicaid visits per the desk review and determine the cost associated with the median visit (interpolate, if necessary);
  - (4) multiply the median visit trended cost by 105% to determine the ceiling.

**V. New Providers**

- 1. Changes of Ownership

**State of Mississippi**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES  
OF CARE**

---

For purposes of this plan, a change of ownership of a home health agency includes, but is not limited to, inter vivos gifts, purchases, transfers, lease arrangements, cash, transactions or other comparable arrangements whenever the person or entity acquires a majority interest of the agency. The change of ownership must be an arm's length transaction consummated in the open market between non-related parties in a normal buyer-seller relationship.

A home health agency which undergoes a change of ownership must notify the Division of Medicaid in writing of the effective date of the change of ownership. The new owner will be assigned the previous owner's rate. The Division of Medicaid will update the provider's information in the Medicaid Management Information System (MMIS).

The new owner, upon consummation of the transaction affecting the change of ownership, shall as a condition of participation, assume liability, jointly and severally, with the prior owner for any and all amounts that may be due or become due to the Medicaid Program, and such amounts may be withheld from the payment of claims submitted when determined. However, the new owner shall not be construed as relieving the prior owner of his liability to the Division of Medicaid.

**2. New Home Health Agencies**

When new providers are established that are not changes of ownership, the provider shall be reimbursed at the maximum rate for each type of home health visit pending the receipt of the initial cost report. After receipt of the initial cost report, a rate will be determined that is retroactive to the date of the establishment of the provider.

**VI. Provider Participation**

Payments made in accordance with the standards and methods described in this attachment are designed to enlist participation of a sufficient number of home health agencies in the program, so that eligible beneficiaries can receive the medical care and services included in the State Plan at least to the extent these services are available to the general public. Providers must be certified to participate as a home health agency under Title XVIII (Medicare) of the Social Security Act, and meet all applicable state laws and requirements.

**VII. Payment in Full**

Participation in the program shall be limited to home health agencies who accept, as payment in full, the amount paid in accordance with the State Plan.

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE**

---

**VIII. Durable Medical Equipment**

- A. The payment for the purchase of new Durable Medical Equipment (DME) is the lesser of the provider's usual and customary charge or a fee from the statewide uniform fee schedule effective as of October 1, 2022 and updated July 1 of each year thereafter and effective for services provided on or after those dates. The Mississippi statewide uniform fee schedule will be calculated using eighty percent (80%) of the Medicare rural rate, if available, or the non-rural rate if there is no rural rate, on the Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Fee Schedule in effect on January 1 of each year.

If there is no DMEPOS fee, the provider will be reimbursed a fee determined by the Division of Medicaid, as needed, based on the lower of the Division of Medicaid's average/established fee or the average of the fees from other states, when available, or determine the fee from cost information from providers and/or manufacturers, survey information from national fee analyzers, or other relevant fee-related information.

- B. If there is no DMEPOS fee or a fee determined by the Division of Medicaid, the provider will be reimbursed a fee calculated through the following manual pricing:
1. Manufacturer's Suggested Retail Price (MSRP) minus twenty percent (20%), or
  2. If there is no MSRP, then the provider's invoice received from a wholesaler or manufacturer plus twenty percent (20%).
- C. The payment for rental of DME is made from a Mississippi statewide uniform fee schedule based on ten percent (10%) of eighty percent (80%) of the Medicare DMEPOS in effect January 1 of that year or Mississippi Medicaid established fee as described in letter A or B not to exceed ten (10) months. After rental benefits are paid for ten (10) months, the DME becomes the property of the Mississippi Medicaid beneficiary unless otherwise authorized by the Division of Medicaid through specific coverage criteria.
- D. The payment for purchase of used DME is made from a Mississippi statewide uniform fee schedule based on fifty percent (50%) of eighty percent (80%) of the Medicare DMEPOS in effect January 1 of that year or Mississippi Medicaid established fee as described in letter A or B.
- E. The payment for repair of DME is the cost of the repair, not to exceed fifty percent (50%) of eighty percent (80%) of the Medicare DMEPOS in effect January 1 of that year or Mississippi Medicaid established fee as described in letter A or B.
- F. Any durable medical equipment not listed on the fee schedule may be requested for coverage by submitting documentation to the Division of Medicaid's UM/QIO who will determine medical necessity on a case-by-case basis.

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE**

---

DME for Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) beneficiaries, if medically necessary, which exceed the limitations and scope for Medicaid beneficiaries, as covered in this Plan, are reimbursed according to the methodology in the above paragraphs.

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of DME. All rates are published at [www.medicaid.ms.gov/providers/fee-schedules-and-rates/#](http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/#).

**Medical Supplies**

- A. The payment for the purchase of Medical Supplies is the lesser of the provider's usual and customary charge or a fee from a Mississippi statewide uniform fee schedule effective as of October 1, 2022 and updated July 1 of each year thereafter and effective for services provided on or after those dates. The statewide uniform fee schedule will be calculated using eighty percent (80%) of the rural rate, if available, or the non-rural rate if there is no rural rate, on the Medicare Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Fee Schedule in effect on January 1 of each year.
- B. If there is no DMEPOS fee, the provider will be reimbursed a fee determined by the Division of Medicaid, as needed, based on the lower of the Division of Medicaid's average/established fee or the average of the fees from other states, when available, or determine the fee from cost information from providers and/or manufacturers, survey information from national fee analyzers, or other relevant fee-related information.
- C. If there is no DMEPOS fee or a fee determined by the Division of Medicaid, the provider will be reimbursed a fee calculated through the following manual pricing:
  - 1. Manufacturer's Suggested Retail Price (MSRP) minus twenty percent (20%), or
  - 2. If there is no MSRP, then the provider's invoice received from a wholesaler or manufacturer plus twenty percent (20%).
- D. Any medical supplies not listed on the Mississippi Medicaid fee schedule may be requested for coverage by submitting documentation to the Division of Medicaid's UM/QIO who will determine medical necessity on a case-by-case basis.

Medical Supplies for EPSDT beneficiaries, if medically necessary, which exceed the limitations and scope for Medicaid beneficiaries, as covered in this Plan, are reimbursed according to the methodology in the above paragraphs.

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of medical supplies. All rates are published at [www.medicaid.ms.gov/providers/fee-schedules-and-rates/#](http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/#).

REIMBURSEMENT FOR INDIAN HEALTH SERVICES  
AND TRIBAL 638 HEALTH FACILITIES

Services provided by or through facilities of the Indian Health Services (IHS) which includes, at the option of the tribe, facilities operated by a tribe or tribal organization and funded by Title I or V of the Indian Self Determination and Education Assistance Act, also known as Tribal 638 facilities, are paid at the most current rates published in the Federal Register.

The most current published outpatient per visit rate, also known as the outpatient all-inclusive rate, is paid for up to five (5) outpatient visits per beneficiary per calendar day for professional services.

An outpatient visit is defined as a face-to-face or telemedicine contact between any health care professional, at or through the IHS facility as described above, authorized to provide services under the State Plan and a beneficiary for the provision of Title XIX defined services, as documented in the beneficiary's medical record.

To be included in the outpatient per visit rate are certain pharmaceutical/drugs, dental services, rehabilitative services, behavioral health services, any and all ancillary services, and emergency room services provided on-site and medical supplies incidental to the services provided to the beneficiary.
