9b. Clinic Services-End-Stage Renal Dialysis (ESRD) Services

The Division of Medicaid covers all end-stage renal dialysis (ESRD) services and items used to furnish outpatient maintenance dialysis in an ESRD facility. ESRD facilities are classified as either:

- (a) Hospital-Based ESRD Facilities, or
- (b) Freestanding ESRD Facilities.

There is no distinction between the two facility types for the purposes of payment under the ESRD Prospective Payment System (PPS).

A renal dialysis facility or renal dialysis center must provide dialysis services, as well as adequate laboratory, social, and dietetic services to meet the needs of the ESRD beneficiary. The Division of Medicaid covers for all medically necessary services for EPSDT-eligible beneficiaries without regard to service limitations and with prior authorization.

Dialysis Center Services

A. Payment Methodology

Effective January 1, 2014, dialysis centers shall be reimbursed at a bundled end-stage renal disease (ESRD) prospective payment system (PPS) rate. The ESRD PPS rate is equal to the Medicare ESRD bundled PPS rate as of January 1 published in the Federal Register in the fourth (4th) quarter of the preceding calendar year. The ESRD PPS rate provides a single payment to freestanding and hospital-based dialysis centers covering all resources used in providing dialysis treatment in the centers, including supplies, equipment, drugs, biologicals, laboratory services, and support services. A complete listing of drugs, biologicals and lab services included in the ESRD PPS rate can be viewed at www.medicaid.ms.gov/FeeScheduleLists.aspx.

B. Rate Setting

New dialysis centers are assigned an ESRD PPS rate equal to the prevailing Medicare bundled ESRD base PPS rate in effect the year of the Medicaid Provider Application approval, adjusted by the ESRD PPS Wage Index for the provider's Core-Based Statistical Area (CBSA) labor market area in effect that same year.

For each subsequent year, the dialysis center's ESRD PPS rate shall be equal to the bundled ESRD base PPS rate established by Medicare as of January 1 for that year and adjusted by the ESRD PPS Wage Index.
