(42 CFR 440.169(e))

If another case manager is involved upon release or for case management after the 30-day post release mandatory service period, states should ensure a warm hand off to transition case management and support continuity of care of needed services that are documented in the person-centered care plan. A warm handoff should include a meeting between the eligible juvenile, and both the pre-release and post-release case manager. It also should include a review of the person-centered care plan and next steps to ensure continuity of case management and follow-up as the eligible juvenile transitions into the community.
