

## MS Medicaid Covered Over-the-Counter (OTC) Drugs

Medicaid covers these over-the-counter (OTC) drugs pursuant to a written/verbal/electronic prescription.

Covered OTC products must be manufactured by pharmaceutical companies participating in the Federal Drug Rebate Program.

OTC prescriptions are included in the monthly drug benefit limit but all count as generics.

Nonrebated OTCs & OTC products not listed *may* be covered for beneficiaries under 21 with a 'Children's Medical Necessity' Prior Authorization as part of the expanded EPSDT coverage.

**Prior authorization is required for drugs with cup packaging.**

**Pharmacies that provide medications to members in LTC settings are reminded that OTC products are included in the LTC facility per diem and should not be billed as pharmacy claims.**
