Appendix A

The expenditure amounts included in this report are presented on a cash basis. Medical service and administrative expenditures reflect the date of payment rather than the date of service or the date goods or services are received. The report reflects all payments made during the reporting period, and will include funds spent from both SFY-25 and SFY-26 budgets.

(Note 1) *Administrative expenditures include agency salaries, fringe, travel, commodities, and equipment. They also include contractual services, which account for approximately 68% of total administrative expenditures. The majority of these contracts are related to the administration and monitoring of the agency's medical service claims payments. Specific planning and implementation administrative expenditures are paid with 90% federal funds. Administrative expenditures related to claims processing, survey and certification activities of long term care facilities, quality improvement organizations, skilled professional medical personnel, eligibility determination personnel, and MMIS personnel are paid with 75% federal funds. The remainder of DOM administrative expenditures are paid with 50% federal funds. Also, the YTD amounts reflected were paid from either the SFY25 or SFY26 budget depending upon when goods and services were received.*

(Note 2) *The public health emergency (PHE) ended on May 11, 2023. The 2023 Consolidated Appropriation Act (CAA) provided an enhanced FMAP step down during calendar year 2023. Specifically, the FMAP increase is scheduled to decline to 5 percentage points for April-June 2023, decline to 2.5 percentage points for July-September 2023 and then fall to 1.5 percentage points for October-December 2023. The CAA also removed the continuous coverage requirement required during the PHE. Disenrollments due to eligibility redeterminations are being processed monthly. The disenrolled members have an additional 90 days to send in their eligibility paperwork and their membership may be retroactively reinstated. After that time, they must reapply for benefits. The Division completed redeterminations for all members in June 2024.*

(Note 3) *The MTD and YTD expenditures for Other Medical Services increased due to an increase in CY2026 premiums for Part A and Part B Buy-In .*

(Note 4) *The MTD and YTD expenditures for DSH/MHAP/UPL/ GME/TREAT decreased due to Health Information Network (HIN) quarterly payments being omitted from the January 2026 MHAP payments, unlike in January 2025 when they were included.*

(Note 5) *Administrative monthly expenditures decreased as a result of contractual payments.*

(Note 6) *The MTD Medical Services and Other Detail expenditures are higher in FY2026 due to a timing adjustment in implementation of the FY2025 capitation rates. Pharmacy Benefit Administration (PBA) payments were included in the initial SFY2025 capitation payments; these amounts were adjusted in September 2025.*

Narrative:
The Capitation Payments are paid to the MCOs on a monthly basis at a state-wide rate to cover the following components of each beneficiaries medical care based on rates as determined by DOM's actuaries:

- Targeted Medical Loss Ratio	86.33%
- Administrative Expenses	8.87%
- State of Mississippi Premium Tax	3.00%
- Targeted MCO Margin	1.80%
Total	100.00%

The Per Member Per Month (PMPM) rate is calculated based on the Year To Date SFY 26 Total Capitation divided by the total Member Months for each MCO during that YTD period.

The above Capitation Payments do not include state directed payment expenditures which include the Mississippi Hospital Access Program (MHAP), Mississippi Medicaid Access to Physician Services (MAPS), Transforming Reimbursement for Emergency Ambulance Transportation (TREAT), Mississippi Outcomes for Maternal Safety (MOMS) Program and the Rural Hospital APC Opt-Out Program. These programs are paid to hospitals and other providers through the MCOs.

In addition to the basic PMPM capitation payment, the capitation payment amounts above may include necessary adjustments, including: retro-rate adjustments, and liquidated damages assessed against the MCOs.

Pharmacy Benefit Services	\$ (749)	\$ (2,177)
Total	\$ 127,548,579	\$ 960,830,282

Narrative:
DOM utilizes the MCO monthly Cash Disbursements Journal (CDJ) to track the different types of medical services paid by the MCO's on a cash basis. The MCO's have subcontractors that pay for Behavioral Health Services, Dental Services, and Vision Services. The remainder of their medical payments are included in the MCO Fee-for-Service amounts above. Beginning with SFY 25, the Pharmacy expenditures were transferred to the DOM PBA.

The MCOs are contractually required to pay out not less than 91.3% of capitation rates in medical expenditures. This was revised up from 87.5% due to the inclusion of MHAP, MAPS and TREAT directed payments into the MLR report as required by CMS.

DOM monitors these payments to providers both monthly in the CDJ amounts shown above and in the Medical Loss Ratio (MLR) Reports that are provided by each MCO on a quarterly and annual basis.

For the most recent period ended June 30, 2025, the MSCAN MLR rates, per the MCO submitted reports, were:

Magnolia Health	95.5%
United Healthcare	95.7%
Molina Healthcare	91.7%
Total	94.2%

Note: These are Reporting MLR Rates per the MSCAN Contract which include HCQI, HIT eligible expenses.

**CASHFLOW PROJECTION
Month Ended February 28, 2026
FY 26**

The Division of Medicaid's Cashflow Projections represent the agency's best predictor of future cash requirements based on current and estimated future expenditure trends. Expenditures for medical services are highly volatile in nature and control by our agency is limited. These expenditures are components of rates and utilization of services that are dictated by state and federal legislation, as well as economic changes. Predicting cashflow outcomes into the future is not possible with 100% accuracy, and these projections will change on a monthly basis.
