History: Revised to correspond with SPA 14-003 (eff. 01/01/2014) eff. 05/01/2014.

Rule 1.5: Documentation Requirements

- A. Dialysis providers must maintain auditable records that substantiate the dialysis services provided.
- B. The physician or qualified healthcare professional's documentation in the medical record must include, but not limited to, the following:
 - 1. Dates of service,
 - 2. Monthly face-to-face evaluation of the beneficiary's current health status, medical condition, provider findings and appropriateness of the treatment plan,
 - 3. Mode of dialysis and treatment plan,
 - 4. All treatments, medications, biologicals, lab tests and other studies both included and excluded in the ESRD PPS rate, and
 - 5. A legible signature of the physician or qualified healthcare professional with documented credentials to support the service rendered and date of entry.
- C. If more than one (1) face-to-face physician or qualified healthcare professional visit is required within a month the:
 - 1. Physician or qualified healthcare professional's documentation must support the medical necessity for the visit.
 - 2. Interdisciplinary team documentation cannot be used to substantiate billing a physician or qualified healthcare professional's face-to-face visit.
- D. The dialysis facility's record must include, but not limited to, the following:
 - 1. Dates of service,
 - 2. Current annual evaluation including age and gender-appropriate history and physical examination documented by a physician including all pertinent lab and diagnostic procedures,
 - 3. Individualized treatment notes which must include documentation verifying each face-to-face physician visit,
 - 4. Beneficiary assessment in accordance with 42 CFR § 494.80,

5. Mode of dialysis and treatment plan,
6. All treatments, medications, biologicals, lab tests and other studies both included and excluded in the ESRD PPS rate,
7. A written plan of care prepared and reviewed monthly by an interdisciplinary team that includes the beneficiary's physician and other healthcare professionals, as appropriate, familiar with the beneficiary's condition, and
8. A legible signature of the physician or healthcare professional with documented credentials to support the service rendered and date of entry.
