

Provider Recredentialing

gainwell

- The Mississippi Division of Medicaid is responsible for credentialing/recredentialing all providers that participate in the Managed Care programs (Mississippi Coordinated Access Network, **MSCAN**) and (Mississippi Children's Health Insurance Program, **MSCHIP**). During the 2021 Mississippi Legislative Session, Senate Bill 2799 was enacted into law requiring the Medicaid Coordinated Care Organizations (CCOs) to follow a uniform credentialing process for provider enrollment in the Managed Care Programs.
- Recredentialing is required every three years. Information on file should be reviewed for accuracy.
- A provider must be enrolled in **MSCAN** and/or **MSCHIP** to recredential.
- Providers will receive a letter **180** days prior to their recredential due date and their recredentialing link will be available on the Home Page of the MESA Provider Portal.
- **You will have 60 days to submit your recredentialing application.**
- The process incorporates a reverification and identification of changes to a provider's licensure, sanctions and certifications to ensure you still meet the National Committee on Quality Assurance (NCQA) standards.
- There is a list of providers that are due for recredentialing on the Division Of Mississippi Medicaid website. See link under Providers>Provider Six-Month License Due List: [Home - Mississippi Division of Medicaid \(ms.gov\)](#)
- **Providers that fail to recredential or submit supporting documentation by the deadline will be terminated and will no longer be able to participate in a Coordinated Care Organization (CCO) network.**
- **Ordering Referring Prescribing (ORP) providers** are not able to enroll in Managed Care Programs therefore do not require credentialing.

Application Tips

- Fields that are **grayed-out** cannot be updated. If any updates are needed for the grayed-out fields you can send a **Secure Correspondence** with proof of changes needed or contact Customer Service at 1-800-884-3222.
- By selecting the “+” sign, you can view or update that specified row.
- To remove a row, select the **Remove** link located in that specific row.
- If the disclosing provider is an **individual** or **sole proprietor**, the application must be signed by the individual or sole proprietor.
- If the disclosing provider is a **group/organization**, the signature should be by the person legally authorized to sign on behalf of the group/organization.
- All application attachments must be in PDF format.

Sample Recredentialing Notice

- You will receive a letter 180 days prior to your recredentialing due date.
- The submission date noted in the body of the letter is the **recommended submission date** to allow time for processing before the deadline date. This date is the date you will see on the Provider Portal.
- **The final due date** is shown at the top of this letter.
- The letter contains important information regarding recredentialing.
- Also, the letter includes a link to the secure Provider Portal.

Mississippi Medicaid Provider Recredentialing Deadline: 02/12/2024

Dear Provider:

Our records indicate that [REDACTED] is due to be recredentialing with Mississippi Division of Medicaid (DOM) by 02/12/2024. Federal Regulation requires States to complete recredentialing of providers that participate with Coordinated Care Organizations at least every 3 years, unless otherwise required by regulatory or accrediting bodies or a shorter term as determined by Credentialing Committee.

You are encouraged to begin the recredentialing application as soon as possible. To allow processing time with the Credentials Verification Organization (CVO), the application must be submitted by 10/15/2023. The process will be similar to a revalidation and will fulfill revalidation requirements at the same time. You will need to have up-to-date information submitted with a Delegated Agency or CAQH prior to submitting the application.

Note that facilities with multiple service locations are required to recredential each facility individually. If recredentialing is either denied or not completed by the Recredential due date, all of the facility enrollments at that location will be terminated and claims can no longer be paid. A new application for each taxonomy at that service location will be required to re-enroll in the Mississippi Medicaid program.

For individual providers, recredentialing from one service location satisfies the requirement for all locations. If recredentialing is either denied or not completed by the Recredential due date, all of the individual provider's service location enrollments will be terminated and claims can no longer be paid. A new application for each service location will be required to re-enroll in the Mississippi Medicaid program.

Sample Recredentialing Notice cont'd

To expedite the process, follow the instructions below to access the provider recredentialing page through the web portal on or before 10/15/2023. If you are not a registered user, you can find the registration instructions for becoming a web portal user by clicking the "Web Registration" link on the site.

To submit the recredentialing/revalidation, providers should do the following:

- Log onto the secure Portal at <https://portal-mod.msxix.net/ms/provider>
- Select the "Recredential Your Provider Enrollment" link under the 'Upcoming Actions' section on the left side of the secure log-in Home page.
- Follow the instructions to complete the Recredential application.

In accordance with Federal Regulation at 42 CFR 455.460 and 42 CFR 424.514, certain providers applying to participate in the Medicaid program are required to pay an application fee unless you meet one of the exemptions.

Additionally, if the recredentialing is not completed in the allotted time and the provider is also enrolled with one or all Mississippi Coordinated Care Organizations (CCO), Magnolia Health, United Healthcare Community Plan, and Molina Healthcare, enrollment with the CCO(s) will be terminated.

Providers are able to track the status of their recredentialing application after the materials are submitted by doing the following:

- Access Provider Portal at <https://portal-mod.msxix.net/ms/provider>
- Select Provider Enrollment Access link from the left-hand side of the page.
- Select Enrollment Status link under the Online Provider Enrollment section on the left-hand side of the Provider Enrollment page.
- Enter Application Tracking Number (provided after submitting the recredentialing application) to view the status of the application.

Thank you for your prompt response to this request. Please contact Provider Services staff at 1-800-884-3222 with any inquiries between the hours of 8:00 a.m. and 5:00 p.m. CST, Monday through Friday.

Sincerely,

Provider Services

Provider Enrollment

Thank you for your interest in becoming a provider in the Mississippi Medicaid program. You can enroll as a Mississippi Medicaid fee-for-service (FFS) provider, an ordering, referring, and prescribing (ORP) provider, as well as a managed care contracted provider in the Mississippi Coordinated Access Network (MississippiCAN) and the Children's Health Insurance Program (CHIP) network. Please note that a provider taxonomy code is required for whichever program/application type you choose.

Medicaid Fee-for-Service Providers

Medicaid Fee for Service (FFS) providers are all health care entities including physicians or other professionals, institutions, groups, and organizations that are enrolled in the Medicaid program. FFS providers must complete the full enrollment form to submit claims for reimbursement of services provided for Medicaid members. Group providers must ensure that each of their individual practitioners/providers are enrolled, and the individual providers have the same servicing address as the affiliated group. If a FFS provider submits a claim for a referred service for a Medicaid member, the NPI of the ordering, referring, or prescribing (ORP) provider of the service must be included on the claim.

Ordering, Referring, & Prescribing (ORP) Providers

Federal regulation at 42 CFR 455.410 requires the enrollment of physicians or other professionals who only order, refer or prescribe (ORP) services for Medicaid members. Physicians and other eligible practitioners, who order, refer, or prescribe items or services for Medicaid members are referred to as "ORP" providers. ORP providers will not be included in the listing to receive referrals to provide direct services to Medicaid members. Medicaid claims submitted listing an ORP provider as the billing or rendering provider will not be reimbursed. To receive payment from Medicaid for any services provided, the ORP provider must enroll as a FFS provider.

Managed Care Providers

Managed Care includes healthcare plans that are used to manage cost, utilization, and improve quality and health outcomes for their membership. This is accomplished by providing care to members and contracting with health care providers and medical facilities.

- Mississippi Coordinated Access Network (MississippiCAN) Providers**

The Mississippi Coordinated Access Network (MississippiCAN) is a Medicaid managed care program, which includes three Coordinated Care Organizations (CCOs). More than half of the Mississippi Medicaid members are enrolled in the MississippiCAN program. For providers to be reimbursed for MississippiCAN member services by these CCOs, they must be enrolled as a Medicaid FFS provider and be contracted with the CCOs. If providers are not contracted and not in same program and CCO network as member receiving services, then the providers are reimbursed at the reduced out-of-network rate.
- Children's Health Insurance Program (CHIP) Providers**

CHIP provides health coverage for uninsured children up to age 19 years old. All children enrolled in the Mississippi Separate CHIP program are enrolled with a CCO. For providers to be reimbursed for CHIP member services by these CCOs, they must be enrolled through Medicaid and be contracted with the CCOs. If providers are not contracted and not in same program and CCO network as member receiving services, then the providers are reimbursed at the reduced out-of-network rate.

Credentialing/Recredentialing

The State of Mississippi is responsible for Credentialing/Recredentialing its providers that participate in the Managed Care programs (Mississippi Coordinated Access Network (MSCAN) and/or Mississippi Children's Health Insurance Program (MSCHIP)). Credentialing/Recredentialing standards are set by national accrediting agencies and state and federal regulating bodies.

State regulation Mississippi Code 43-13-117 requires that the Division develop a single, consolidated credentialing process for providers, and requires managed care entities to accept the Division credentialing for managed care enrollment. Credentialing will be conducted when the provider selects MississippiCAN and/or CHIP. Upon completion of Division credentialing, providers may voluntarily contract with Coordinated Care Organizations (CCOs) in the...

Revalidation Information

Federal Regulation at 42 CFR 455.414 requires the State Medicaid Agency to revalidate the enrollment of all providers regardless of provider type at least every 5 years. As part of this required revalidation process, providers that are due for revalidation will be required to review, update application information, and electronically sign the Mississippi Medicaid Provider Agreement and Acknowledgement of Terms of Participation. All required documents must be uploaded. Providers are subject to additional screening activities based on their risk level. A revalidation notice letter will initiate the process with each provider. The letter will provide instructions for completing the revalidation and will indicate the due date.

Enrollment will be terminated for any provider who does not comply with revalidation requirements. A new application will then be required for the provider to re-enroll in the Mississippi Medicaid program. Providers are required to establish a Provider Portal account to compete the revalidation process.

340B Program

The 340B program is a Drug Pricing Program established by the Veterans Health Care Act of 1992, which is Section 340B of the Public Health Service Act (PHSA). Section 340B limits the cost of covered outpatient drugs to certain federal grantees, federally qualified health center look-alikes, and qualified hospitals. These providers purchase, dispense and/or administer pharmaceuticals at significantly discounted prices. The significant discount applied to the cost of these drugs makes these drugs ineligible for the Medicaid drug rebate. State Medicaid programs are mandated to ensure that rebates are not claimed on these drugs thereby preventing duplicate discounts for these drugs.

Health Resources and Services Administration (HRSA) is specifically responsible for the enforcement of covered entity compliance with the duplicate discount prohibition. More information regarding eligibility and program logistics can be found on HRSA's website at www.hrsa.gov/gpa.

The screenshot displays a web application interface with the following elements:

- Buttons:** At the top, there are three buttons: "Continue", "Finish Later" (highlighted with a red border), and "Cancel". A callout box points to the "Finish Later" button with the text "Finish Later = Save". At the bottom right, there are "Submit" and "Cancel" buttons.
- Error Message:** A red "Error" message is displayed at the top left, stating: "A failure occurred during a database insert. Contact Name is required. Email is required. Ownership Type Code is required. Percent Ownership must be greater than or equal to 5.00."
- Navigation Menu:** On the left side, there is a vertical menu with the following items: "Welcome", "Request Information", "Credentialing Information", "Provider Identification", "Addresses", "Languages", "Other Information", "Applicant History", "Disclosure", "Supporting Documentation / Attachments and Fees", and "Facility Attestation /".
- Password Assistance:** A section titled "Password Assistance" is located in the middle. It contains a list of six rules for password creation:
 1. A password cannot be reset more than once in a 24 hour period.
 2. Passwords will expire every 60 days.
 3. The minimum password length is 14.
 4. The password cannot repeat any of the previous 24.
 5. Passwords must be complex, containing 3 of the following 4 items:
 - Upper case letters (A, B, C...)
 - Lower case letters (a, b, c...)
 - Numbers (1, 2, 3...)
 - Special characters (!, \$, *...)
 6. User ID cannot be part of your password.
- Text and Fields:** On the right side, there is text explaining that the enrollment application will be suspended for a certain number of days. Below this, there are fields for "Tax ID" (with a mask "###-##-####"), "*Password", and "*Confirm Password". A note indicates that an asterisk (*) denotes a required field.

- Because of the system change, Providers Profile is missing some of the required data in the new system that was not collected in the previous system. which, the application cannot be saved partially (finish later) until all the required data is provided. There could be some circumstances which might call for suspending an application midway because some information needs to be gathered or the person filling out the application needs to step away. If the missing data is not provided, then all the information filled in so far will get lost.

- Therefore, to avoid those situations it is recommended that providers should try to click on Finish Later as soon as they are in their application and once all the missing information has been saved, they can take time filling in and updating the remainder of the application.

- Upon clicking on Finish Later, the Credentials page will display, then you will create a password and select Submit. If any information is missing it will be shown in the top left corner. You will go through each page correcting/updating the required data, the error is also displayed on the top of the respective page. The application is not saved until the errors are corrected.

- Once all of the missing data is provided, create a password to save the application and select the Submit button.

- If no errors are displayed, then all of the required information is present, and you can log in and continue with the recredential application.

SECTION H

Attestation and Signature of the Disclosing Provider

I certify that the information on this form, and any submitted statement(s) that I have provided, has been reviewed and signed by me, and is true, accurate, and complete, to the best of my knowledge. I understand that I sign under penalty of perjury, and may be subject to civil penalties or criminal prosecution for any falsification, omission, or concealment of any material fact contained herein.

In addition, I understand that:

- In accordance with 42 CFR § 455.104(e), federal financial participation (FFP) is not available in payments made to a disclosing entity that fails to disclose ownership or control information as required.
- In accordance with 42 CFR § 455.106(c), DOM may refuse to enter into or renew an agreement with a provider if any person who has an ownership or control interest in the provider, or who is an agent or managing employee of the provider, has been convicted of a criminal offense related to that person’s involvement in any program established under Medicare, Medicaid or the Title XX Services Program. Further, DOM may refuse to enter into or may terminate a provider agreement if it determines that the provider did not fully and accurately make any disclosure required under 42 CFR § 455.106(a).
- In accordance with Miss. Code Ann. § 43-13-121, Medicaid enrollment may be denied or revoked when providers or their agents, managing employees, or those with minimum ownership interests are convicted of certain crimes and other circumstances. These circumstances include failure to truthfully or fully disclose any and all information required on this form, or making a false or misleading statement to DOM relative to the Medicaid program.
- In accordance with 42 CFR § 455.436, the State Medicaid agency and all Medicaid contractors shall do the following:
 1. Confirm the identity and determine the exclusion status of providers and contractors/subcontractors and any person with an ownership or control interest or who is an agent or managing employee of the provider or contractor/subcontractor through routine checks of federal databases; and,
 2. Consult appropriate databases to confirm identity of the above-mentioned persons and entities by searching the List of Excluded Individuals/Entities (LEIE) and the System for Award Management (SAM) upon enrollment, re-enrollment, revalidation, and no less frequently than monthly thereafter, to ensure that the State does not pay federal funds to excluded persons or entities.

NOTE: If the disclosing provider is an individual or a sole proprietor, the application must be signed by the individual provider or sole proprietor. If the disclosing provider is a group/organization, the signature should be that of the person legally authorized to sign on behalf of the group/organization.
